5. **SUPPORT FOR YOUTH INNOVATIONS BY THE GOVERNMENT**

Motion made and Question proposed –

**THAT**, aware that there are many talents amongst the youth of this country; having noted that this talents have been severally displayed through various inventions and innovations by the youth in platforms such as the Science Congress and the Annual Youth Innovation Week; concerned, that most of these discoveries do not go beyond making sensational newspaper and electronic media stories; noting that most of these innovations are aimed at addressing the problems that afflict us as Kenyans on a daily basis; further concerned that there is inadequate enabling legislation and administrative measures to support these

innovations; cognizant of the fact that the Kenya Vision 2030 seeks to make our country an industrialized middle-income economy in the next 14 years; aware of the immense potential for wealth creation and job opportunities that such innovations would generate if well-developed and commercialized; also recognizing that our imports are well in excess of Kshs. 1.3 billion shillings, a gap that would be narrowed if we had our own local production, this House **urges** the Government to support youth innovations by creating an innovation fund and a national incubation system, among other measures.

*(The Hon. Isaac Mwaura, M.P.)*
