A. **MOTION – (Dr. Joyce Laboso)

THAT, aware that since the signing of the Cotonou Agreement in the year two thousand, the government has been negotiating Economic Trade Agreements (EPAs) with the European Union (EU) together with other member states of the Eastern African Region; further aware of the concerns raised by the Eastern African Region on the contentious aspects of the EPAs, including offering undue advantage to products from other markets at the expense of growth of local and regional industries; further taking cognizance of the adverse effects that the EPAs are projected to have on Kenya's economy particularly on agriculture and manufacturing sectors; aware of an imminent amendment of the European Union Market Access Regulations, whose effect is that the 18 countries which have not signed or ratified the full EPAs, most of which are from Sub-Sahara Africa, Kenya included, will henceforth be removed from duty free access to the EU Markets;

further aware that once removed, Kenyan products will, from, 2016, cease to access the EU markets without paying duty and that the national economy is estimated to lose more than Kshs. 10 billion in that year alone, this House urges the government not to sign the EPAs in their current form until all contentious issues raised by the Eastern African Region, and Kenya, in particular, are addressed and that the government continues to explore trade negotiations with the European Union.

B. *MOTION – (The Hon. Zuleikha Hassan Juma)

THAT, aware that the National Youth Council was established by the National Youth Council Act 2009; further aware that the Council was gazetted in November 2012; concerned that the Treasury is yet to release the required funds to establish the Council Secretariat as provided by Section 10 of the Act. Noting that the council is unable to perform its functions as stated in Section 4 of the Act due to lack of funds thus disadvantaging the youth of this country; this House urges the Government to immediately allocate and release funds to the Council for it to discharge its mandate.

C. *MOTION – (The Hon. Hassan Dukicha)

THAT, aware that the number of girls dropping out of school is very high in the Arid and semi-arid areas (ASAL) because of the limited number of schools in these areas; concerned that most of the girls dropping out of school opt for early marriages, thus affecting the education standards of the girl child; noting that lack of boarding schools in most of these areas has greatly contributed to increased number of school drop outs, this House urges the Government to establish girl boarding schools for both primary and secondary in all ASAL areas.

D. *MOTION – (The Hon. Wesley Korir)

THAT, noting the tragic events that occurred at the Boston Marathon where two bombs went off, killing and injuring a number of people; aware that there were Kenyan athletes also present at the event who had no established network of reporting in to confirm their status; deeply concerned that there was no mechanism available to account for the safety and well-being of each member of the Kenyan athletic delegation, this House urges the Government to establish a register or other mode of tracking and accounting for all athletes who leave the country to attend various international athletic events, to ensure their safety at all times.

WEDNESDAY: Communication from the Chair, Petitions, Papers Laid, Notices of Motions, Messages and Statements.

THAT, aware that the now dissolved local authorities across the country were owed huge debts by government agencies and departments; further noting that the Government has not remitted payments in lieu of rent, water, way leaves, among others; deeply concerned that these debts were amounting to approximately Kshs 3 billion as at 2011, with no payments forthcoming; also aware that the new county governments are expected to take over these debts, and most of the expected revenue allocations they receive could go towards payment of these historical debts, this House urges the National Government to speedily pay outstanding rates, rents, water and other arrears owed to the county governments, to prevent resources meant for development being used to pay off outstanding debts.

THAT, aware that bright students from poor family backgrounds who score seventy percent or more of the total marks in the Kenya Certificate of Primary Education (KCPE) fail to join form one in every year for lack of school fees; noting that if such trend is not checked, bright students from poor families will be left out of the learning process hence ruining their future; aware that Article 53 (I) (b) of the Constitution guarantees every child the right to free and compulsory basic education; recognizing the need to identify bright students from poor backgrounds and support them in pursuing and completing their studies in public secondary schools, this House urges the government, to establish a public databank of all bright and poor students to be in the custody of the County Director of Education, and such information be disseminated and made available to the public including the respective Constituency Development Fund Committees and such other institutions that may be willing to support such students.

THAT, aware that the country produces only about a third of its annual rice demand of 300,000 tonnes with a bulk of the shipments to fill the deficit imported from Pakistan according to a research done by the Ministry of Agriculture on National Rice development strategy; further aware that locally produced rice is of high quality compared to imported rice and is preferred by consumers; and further appreciating that with improved water harvesting and innovative management technologies, the current irrigation potential of about 540,000 hectares irrigable can be increased by a further 800,000 hectares to 1.3 million hectares, this House urges the Government to consider

increasing the acreage of both the irrigated and rain-fed rice production by 800,000 ha in order to promote increased production of rice which will ensure food security and save the much needed foreign exchange.

D*. MOTION – (The Hon. Jude Njomo)

THAT, aware that the Industrial Training Act, 2007 provides for the deduction and submission of levy from each employee by the employer to the Industrial Training Levy Fund to facilitate the training of persons involved in the industry; concerned with the increasingly high number of apprentices engaging in drug and alcohol abuse after the programme due to lack of employment; noting further that the youth continue to have limited access to training and employment opportunities, this House urges the Government to enforce compliance with Article 55 of the Constitution and Vision 2030 in regard to the youth by expanding the structure of the Fund to include SMEs and setting up a Fund for the purposes of utilizing part of the Training Levy Fund to provide capital for the apprentices who have undergone instruction using the Training Levy to start businesses.

B*. MOTION – (The Hon. Francis Chachu Ganya)

THAT, aware that good health to the people is crucial for the development of their livelihood; noting that North Horr constituency with an area of 38,572 square kilometers and a diameter of 800 kms lacks a single referral hospital; further noting that residents of the constituency have to travel for over 600 kilometers to access the services of the nearest government hospital in Marsabit town; concerned that the impact of lack of access to health care impedes people's ability to reach their full potential and negatively affect their quality of life which in turn affects the economy of the country; convinced that unless health care is made available to the people their development and livelihood will continue to be affected immensely, this House urges the Government to establish health centres and hospitals where such facilities are lacking in all the 290 constituencies across the country.

C*. MOTION**– (The Hon. Hassan Dukicha)**

THAT, aware that the National Irrigation Board of Kenya (NIB) has utilized only 5,000 hectares for crop production in Hola Irrigation Scheme; further aware that there is a lot of land available in Galole which can be put into use; noting that River Tana passes through Galole; cognizant that food production is critical in ensuring food security in the country, this House urges the Government through the National Irrigation Board to expand the acreage of land from the current 5,000 hectares to 25,000 hectares to enhance food production in Galole, Tana River County and in the country at large.

D*. MOTION**– (The Hon. Tiyah Galgalo)**

THAT, aware that dozens of families in the country especially in Isiolo County have been marooned by floods; concerned that the flooding menace has led to immense negative impact on the economy which *inter alia* include widespread destruction of property, crops and infrastructure such as bridges and roads hence curtailing the movement of people and goods from one place to another; deeply concerned that flooding has led to outbreak of waterborne diseases in some parts of the county; this House urges the Government to speedily establish a Disaster Preparedness Authority to handle issues of such magnitude, and hasten the rehabilitation of all the infrastructure destroyed by the floods.
