Order for Second Reading read;

Motion made and Question proposed –

THAT, the Traffic (Amendment) Bill (National Assembly Bill No.33 of 2014) be now read a Second Time

(Hon. Joseph Lekuton)

Debate arising;

Rising in his place on a Point of Order, the Member for Rarieda (Hon. (Eng.) Nicolas Gumbo) claimed to move that “the Mover be now called upon to reply”;

And the Fourth Chairperson acceding to the claim;

Question put and agreed to;

Thereupon Mover replied;

Question of the Motion deferred.

6. MOTION – DEVELOPMENT OF RENEWABLE/GREEN ENERGY

Motion made and Question proposed –

THAT, aware that the Kenya Nuclear Electricity Board (KNEB) was created and tasked with spearheading the development of nuclear energy in the country; deeply concerned that the construction and maintenance of a nuclear plant is a highly technical, expensive and risky undertaking that potentially exposes a country to the threat of nuclear radiation and the challenge of disposal of radioactive nuclear waste; further aware that due to these inherent risks in nuclear energy production, many of the developed countries like Germany, India, Japan and South Africa amongst others have increasingly embarked on the systematic shut-down of their nuclear plants and instead are promoting the development of clean renewable energy, especially wind and solar energy; this House resolves that the Government stops any further investment in the development of nuclear energy and instead invests in the development of renewable or green energy which is safe and abundant in the country.

(Hon. (Dr.) Wilbur Ottichilo – 19.11.2014)

Debate interrupted on Wednesday, November 19, 2014 – Morning Sitting- resumed;

And the time being One O'clock, the Fourth Chairperson interrupted the proceedings and adjourned the House without Question put pursuant to the Standing Orders.
