(The Hon. William Cheptumo, M.P.)

...../14\*(cont'd)

continue to be lost due to lack of adequate emergency health care and poor response to emergencies in the country; noting that only 13% of public health facilities in the Country have basic components to support emergency cases; deeply concerned that emergency patients are exposed to untrained personnel and/or good Samaritans who in most cases worsen the situation; cognizant of the need for the Country to have a well-coordinated emergency care system; this House **resolves** that the Government immediately develops and implements a national curriculum for emergency training of all medical personnel in the Country.
