PREFACE

Mandate and Functions of the Committee

Article 124 of the Constitution of Kenya, provides for the establishment of Committees by either House of Parliament. Committees are central to the workings, roles and functions of Parliament as set out in Article 94 and more specifically in Article 96 of the Constitution on the specialised role of the Senate. Article 96 (3) Senate exercises oversight over national revenue allocated to the county governments.

Senate Committees consider policy issues, scrutinize the workings and expenditure of the national and county governments and examine proposals for legislation. In carrying out their mandates, committees may conduct inquiries and the end result of such processes are reports which are presented to the House for adoption.

The Standing Committee on Finance and Budget is established pursuant to standing order 218(3) of the Senate Standing Orders and is mandated –

- a) *To investigate, inquire into and report on all matters relating to coordination, control and monitoring of the county budgets and to examine –*
 - i) *the Budget Policy Statement presented to the Senate;*
 - ii) *report on the Budget allocated to Constitutional Commissions and independent offices;*
 - iii) *the Division of Revenue Bill, County Allocation of Revenue Bill, and cash disbursement schedule for county governments; and*
 - iv) *to consider all matters related to resolutions and Bills for appropriations, share of national revenue amongst the counties and all matters concerning the National Budget, including public finance and monetary policies and public debt, planning and development policy;*
- b) *pursuant to Article 228 (6) of the Constitution, to examine the report of the Controller of Budget on the implementation of the budgets of county governments.*

Membership of the Committee

The Committee was constituted by the House on Thursday 14th December, 2017, during the First Session of the Twelfth (12th) Parliament. The Committee, as currently constituted, comprises the following Members-

BACKGROUND AND EXECUTIVE SUMMARY

Article 96 (1) of the Constitution provides that the Senate represents the counties, and serves to protect the interests of the counties and their governments. Further, under Article 96(3) the Senate determines the allocation of national revenue among counties.

The Second Schedule of the Senate Standing Orders mandates the Standing Committee on Finance and Budget to investigate, inquire into and report on all matters relating to coordination, control and monitoring of the county budgets.

Article 201 (d) of the Constitution, on the Principles of public finance, provides that public money shall be used in a prudent and responsible way. Further, Article 10(2)(d) on national values and principles of governance demands for sustainable development. This is tied to principles and requirement of efficient, effective and economic use of resources.

Pursuant to its mandate under Article 216 (2) of the Constitution, at a meeting held on 27th June, 2018, the Commission on Revenue Allocation drew the attention of the Committee to the issue of ongoing county governments' infrastructure projects which included construction of County Executive Headquarter Offices, Assembly Chambers & Offices and County State Officers' Residences Projects by County Governments. The residence projects include: construction of residences of county governors, deputy governors and speakers. Noteworthy, were counties which were receiving conditional grants on "Supplement for construction of county headquarters", where the projected costs had almost doubled.

Article 216 (2) of the Constitution sets out the functions of the Commission on Revenue Allocation (CRA). The Commission is, among others, mandated to make recommendations on other matters concerning the financing of, and financial management by, county governments, as required by the Constitution and national legislation.

The Committee resolved to deliberate and interrogate the matter with a view to provide guidelines.

Consequently, the Committee invited stakeholders. Several meetings were held with various stakeholders including the Salaries and Remuneration Commission (SRC), Controller of Budget (COB), Commission on Revenue Allocation (CRA) and the Ministry of Transport, Infrastructure, Housing, Urban Development and Public works. The Committee held a total of seven sittings.

Summary Committee Observations

- (a) The timeframe provided by SRC was not adequate since county governments had only one fiscal year to initiate and complete the residential projects. The circular by SRC giving the 30th June, 2019 deadline should be rescinded.
- (b) The outcry by residents in different counties in protest of the excessive budgetary provisions for residences was an indication that the projects were not within the immediate needs of the people.
- (c) There was need for design standardisation and capping of maximum expenditure on the projects to ensure adherence to the principles of public finance management as enshrined in the Constitution.
- (d) For the counties which had already commenced the construction projects, there was need for works appraisal with view to modify the designs and scaling down the costs to allowable limits.
- (e) The five counties receiving the conditional grant of Ksh. 363 million (70% of the cost of the facility) spread over 3 years for headquarters should contribute the balance 30% of the cost. The total cost of construction translates to Kshs. 518 million ceiling set for county executive headquarters considering the technical and market forces, costs beyond this limit defeats the purpose or justification of conditional grant.

Summary Committee's Recommendations

The Committee recommends that county governments should consider prioritising the matters that are of service delivery nature and that -

- a) The SRC circulars and communication dated 24th October, 2016 to county governments giving the 30th June, 2019 as deadline for option of paying rent for residence of the designated county governments' state officers should be rescinded.
- b) The County governments should customise the prototype designs attached for respective projects.
- c) The county governments should ensure their estimated costs of construction of executive offices does not exceed Kshs 500,000,000.00.
- d) The county governments should ensure that the cost of construction of County Assemblies' chambers are within the limits provided.

Acknowledgements

The Committee acknowledges the Commission on Revenue Allocation for their commitment and continued partnership with the Senate. Further, acknowledges the office of Controller of Budget, Salaries and Remuneration Commission and Ministry of Transport, Infrastructure, Housing, Urban Development and Public Works for their cooperation and contribution during the Committee's deliberations.

Further, the Committee thanks the Offices of the Speaker and Clerk of the Senate for the support extended to the Committee in execution of its mandate.

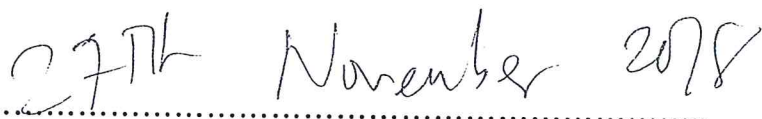

Appreciations to all Members of the Committee for their patience, sacrifice and commitment to public service, which enabled the Committee complete the assigned task within the stipulated time.

It is now my pleasant duty and privilege, on behalf of the Standing Committee on Finance and Budget, to present to the Senate, this Report of the Committee on the matters of County Governments' Infrastructure Projects comprising County Executive Headquarter Offices, Assembly Chambers & Offices and County State Officers' Residences.

Chapter One

1.0 Introduction and Background

The Salaries and Remuneration Commission (SRC) through Kenya *Gazette* Notice, dated 1st March, 2013, required that the State should provide housing benefits to designated State officers including governors and the speakers of county assemblies.

In the *Gazette* Notice, it was stipulated that the benefit would not be provided in form of house allowance but as housing benefit/residence. However, the Commission noted that most counties did not have official residences to house the afore-mentioned State officers and therefore, allowed for the leasing of residential houses for governors and speakers.

To ascertain the rental value of the houses, SRC directed that counties should be guided by the Department of Public Works. The SRC further advised that rental payments be made directly to the house owners.

The Commission further, undertook a study to obtain the market rental prices of houses befitting the Governors and Speakers across counties. The study informed the setting of rent ceilings payable for governors and County Assemblies office facilities and Speakers' residential houses.

Through a communication made on 24th October, 2016, the SRC issued a directive on the ceiling for the Governors and Speaker's official residence as follows:

- i. Governors-Rental ceiling of Kshs. 200,000 per month for Nairobi, Mombasa, and Kisumu County Governors; and Kshs. 100,000 per month for governors in other counties;
- ii. Speakers-Rental ceiling of Kshs. 150,000 per month for Nairobi, Mombasa and Kisumu county speakers; Kshs. 75,000 per month for speakers in other counties.

Further, the Commission advised counties to prioritize construction of official residences for the two offices in the 2018/2019 fiscal year. The Commission directed that the option of paying rent for official residence of the Governor and County Assembly Speaker would cease by 30th June, 2019.

The Commission on Revenue Allocation (CRA), on the other hand, through Circular No.5 of 2015, dated 19th May, 2015, advised counties to focus on the core area of development and to make budgetary provisions for non-core projects over a period of 5-10 years. The advisory, however, encouraged renovation of existing infrastructure for county executive offices and the county assembly chambers while residential accommodation would be rented.

The CRA expressed displeasure with the SRC directive, as it was of the view that such immediate budgetary provisions and expenditure on offices and residential buildings was not in line with the principles of public finance which require that public money be used in a prudent and responsible way.

Secondly, the counties earmarked and benefitting from conditional grant on *Supplement for construction of county headquarters* (70% of the total construction cost) had designed construction plans which were far above the projected costs. These counties had been identified by Senate for supplement financing for construction of headquarters since they had not inherited adequate offices and the cost of constructing would be a burden to the counties reducing their capacity on service delivery.

Further, there was public outcry on the exorbitant budgetary provisions for construction of residences of county governors, deputy governors and assembly speakers.

Chapter Two

2.0 Submissions from Stakeholders

In consideration of the matter, the Committee invited the concerned parties which made submissions as follows:

2.1 Commission on Revenue Allocation

The Committee invited Commission on Revenue Allocation (CRA) to provide further information and CRA reported as follows-

The Commission on Revenue Allocation (CRA) is established under Article 215 of the Constitution. One of its mandates under Article 216(2) is to make recommendations on the financing of, and financial management by, county governments, as required by the Constitution and other national legislations.

Pursuant to its mandate, the CRA had monitored use of funds by the counties on certain long term infrastructure projects, particularly-

- i) County Headquarters;
- ii) Governor and Deputy Governors Residences;
- iii) County Assembly Chambers;
- iv) County Assembly Office Blocks; and
- v) Speakers Residences.

That through Gazette Notice No.6518 and Circular No. SRC/TS/CGOVT/3/61 dated 24th October 2016 and SRC/TS/CGPVT/3/61 VOL.IV (45) dated 25th August 2015 the Salaries and Remuneration Commission (SRC) had issued guidelines on rent for residential houses for Governors, Deputy Governors and County Assembly Speakers.

In addition, the SRC provided that all counties must have constructed residences for the above state officers by 30th June, 2019

It is upon this directive by SRC, that county governments had prioritised the construction of residences, and provided inordinately high budget allocations in Financial Year 2018/2019, to meet the SRC deadline of 30th June, 2019.

Concerned by the high allocations, the CRA requested the Ministry of Transport, Infrastructure, Housing, Urban Development and Public Works with view of establishing estimates for the projects. The Ministry provided the following estimates:

- i. County Assembly chambers - Kshs. 727,739,000
- ii. County offices/headquarters - Kshs 424, 539,000
- iii. Governor's residence - Kshs 267, 980,000
- iv. Deputy Governor's residence - Kshs 174,250,000
- v. Speaker's residence - Kshs 174,250,000

A sample study showed diverse budgetary provisions on these non-core projects as follows-

County	Governor's Residence (in Millions)	Deputy Governor's Residence (in Millions)	Executive Head Quarters (in Millions)	Speaker's Residence (in Millions)	Assembly Offices (in Millions)
Kirinyaga	100				
Embu	75				335
Isiolo	60				
Kilifi		214		200	500
Nyandarua			800		442
Nairobi				130	400
Uasin Gishu				80	850
Garissa				75	
Bungoma					400
Samburu					320

The CRA engaged the Ministry further and after a series of meetings, it was resolved that the project estimates revised downwards as follows:

- (a) County offices\Headquarters - Kshs 500 million

- (b) Governor's residence – Kshs 45 million
- (c) Deputy Governor's residence – Kshs. 35 million
- (d) Speaker's residence - Kshs. 35 million
- (e) The County Assembly chambers - the assemblies could be categorised into four based on the number of members namely and estimated cost was to be provided -

- (i) Type I (1-30 MCAs)
- (ii) Type II (31-60MCAs);
- (iii) Type III (61-90MCAs);
- (iv) Type IV (91-150MCAs)

The Committee was informed that all the earlier designs could be modified to suit the specific area but within the set project estimates. A tenant purchase financing model, which involves counties working with the National Housing Corporation or the County Pension Schemes would also be proposed.

The CRA requested the Senate Standing Committee on Finance and Budget to consider these emerging issues and provide a way forward or guidelines for implementation of the development of such county governments infrastructure projects.

2.2 Submission by Salaries and Remuneration Commission

The Committee invited the Salaries and Remuneration Commission for a meeting. The SRC appeared before the Committee and made the following submissions:

That through Kenya gazette dated 1st March, 2013 the Commission directed that the State should provide housing benefit to designated state officers including the Governors and the Speakers of County Assemblies. The benefit should be in form of housing benefit/residence. Further, that where there was no official residence, the county government should lease residential houses.

The county governments were to consult relevant Ministry department to ascertain the market rental value of the houses. The rental payments were to be made directly to the house owner.

The SRC held assumption that the standard of housing that was provided to the former Provincial Commissioners (PCs) was a stately nature befitting the Governor and Speaker. The former PCs official residence had 4-9 rooms that included: a servant quarter, a guest wing, a garage, a meeting room, and the house was on at least two acres. To ascertain market rental values, the Ministry of Land, Housing and Urban Development provided the 2001 rental values of the official residences as provided in the table below. These were adjusted to cater for inflation as at 2014.

No.	County	No. of rooms	Monthly Rental Value Kshs as at 2001	Estimated (Adjusted) Monthly Rental Value Kshs. as at 2014
1.	Embu	4	25,000	65,000
2.	Kakamega	7	28,000	73,000
3.	Nakuru	4	35,000	91,000
4.	Garissa	7	10,000	26,000
5.	Nyeri	9	36,000	94,000
6.	Kisumu	7	48,000	125,000
7.	Mombasa	8	50,000	131,000
8.	Nairobi	4	60,000	157,000

Since most of the counties did not have such residences, the SRC requested the respective county directors of housing to provide market rental values of houses similar to the former PCs official residence in respective counties. Out of 47 Counties, 29 county directors of public housing provided the market rental prices as directed. The county directors also provided the rent paid for governors and speakers housing in their respective county governments by April 2016.

From the information obtained from the county directors, the SRC noted that:

- i. Nandi, Elgeyo Marakwet, West Pokot, Homabay and Tharaka Nithi counties do not have houses comparable to the former PCs' residences. Further that the governors for Nandi and Elgeyo Marakwet resided in Eldoret (Uasin Gishu County), while the governor for West Pokot resides in Kitale, (Trans Nzoia County) and the Governors for Homabay and Tharaka Nithi lived in their own homes;
- ii. Nairobi county had the highest rental rates for both the governor and county speaker (Kshs. 200,000-500,000) followed by Kiambu County (Kshs. 150,000-450,000), Mombasa County (Kshs. 130,000-300,000), Uasin Gishu County (Kshs. 135,000-200,000) and Kwale County (Kshs. 120,000-220,000);
- iii. Lamu County pays the highest rent for its governor at Kshs. 250,000 per month whereas Kirinyaga and Nyamira counties pay the lowest rent for their governors, each paying Kshs. 50,000 per month;
- iv. With respect to Speakers housing, Nandi and Lamu counties pay the highest monthly rent, each paying Kshs. 110,000. Migori County pays the lowest monthly rent for its Speaker at Kshs. 28,000 per month.

Following the above analysis, to promote prudence in financial management, the SRC set the ceilings for the governors and speaker's official residence. The direction was communicated on 24th October, 2016. The ceilings were set as follows:

State Officer	Rental Ceilings	
	Nairobi, Mombasa and Kisumu	Other Counties
Governors	Kshs. 200,000 per month	Kshs. 100,000 per month
Speakers	Kshs. 150,000 per month	Kshs. 75,000 per month

The Commission further advised the counties to prioritize construction of official residences for the two office holders in the 2018/2019 fiscal year. In addition, the Commission directed that the option of paying rent for official residence of the county governors and county assembly speakers to cease by 30th June, 2019.

The SRC through a *Gazette* Notice No. 6518, dated 7th July, 2017, reviewed the remuneration and benefits for state officers in the county governments. Through that review, the Deputy Governors were conferred with official residences as one of their benefits as follows-

State Officer	Rental Ceilings	
	Nairobi, Mombasa and Kisumu	Other Counties
Deputy Governor	Kshs. 185,000 per month	Kshs. 90,000 per month

The Commission further advised that that the direction that the option of paying rent for residence of the deputy governor would cease by 30th June, 2019, would remain in force.

Regarding implementation of housing benefits for Designated County State Officers, the SRC undertook a study on the level of compliance by counties to its circulars. The exercise was conducted between 18th and 28th June, 2018 and it covered 32 county governments. The study established that:

- i) counties had set aside varying budgets for the construction of said official residences. The budget allocations set aside for the construction of the governors' official residence varied from Kshs. 100 million to Kshs. 250 million.
- ii) counties made the budget allocations without the input of the Ministry of Public Works on design and bills of quantities. These projected construction costs without technical inputs from public works was open to abuse.

The SRC thus proposed that the Senate may take up the matter and ensure there were proper guidelines on matters of providing residences to the designated county government state officers and ensure financial prudence in usage of public resources

2.3 Submission by the Ministry of Transport, Infrastructure, Urban Development, Housing and Public Works.

The Committee in its deliberations invited the Ministry of Transport, Infrastructure, urban development, Housing and Public Works.

The ministry appeared before the Committee and made the following submissions.

Following the promulgation of the Constitution, at the initiation of the devolution, the ministry through the department of public works spearheaded the designing and development of county executive offices and assemblies. This was in line with National Government's duty to support county government.

The former county council, municipal and town council halls that existed in all counties were evaluated (March 2011) to ascertain their adequacy in accommodating the anticipated county governments.

For the counties that did not have the facilities or wanted to expand, there was proposed designs (prototype designs) which aimed towards having uniform and similar facilities in all counties. The 2011 infrastructural designs were to be customised for every site, after site identification, investigation and survey works.

Further, arising out of the mandate, the Department of Public Works spearheaded the design and development of the county governor and speakers' residences. Preliminary designs and estimates were developed in 2011 by project manager, and costs were as below-

Facility	Office	Land Requirement	Cost (in '000')
County Assembly		3-4 Acres	727,739
County Offices		2-3 Acres	424,539

County Leadership Residences	Governors	1-2 Acres	267,980
	Deputy Governors		174,250
	County Speaker		174,250
	County Clerk		174,250
Total			1,943,008

Following the release of the above estimates, CRA raised matters related to prudent use of public resources. Several consultative meetings were held between the CRA and the ministry and the estimates were revised downwards as follows-

- (i) Governor's residence Kshs 45,000,000.00
- (ii) Deputy governors Kshs 35,000,000.00
- (iii) Speakers residence Kshs 35,000,000.00
- (iv) County headquarters Kshs 500,000,000.00
- (v) County assemblies were to be in four categories namely:
 - a) Type I(1-30 MCAs)
 - b) Type II(31-60MCAs)
 - c) Type III(61-90MCAs)
 - d) Type IV(91-150MCAs)

Type	Numbers	Estimated Cost (in Millions)		Total Cost in millions (excluding the cost of the land)
		Chambers	MCAs offices	
1	30 and below	200	200	400
11	31- 60	250	250	500
111	Above 60	400	350	750

To ensure uniformity the department of public works was to provide appropriate the prototype designs for development of the county executive offices, county assemblies' chambers and offices, county governors' and county assembly speakers' residences.

Further, the ministry reported that the department had successfully participated in designing, documentation and supervision of three county assembly facilities namely- Bomet, Nyandarua and Marsabit.

The Ministry submitted prototype/ thematic designs for

- a) County executive offices
- b) County assembly chamber and offices
- c) Residences as follows- Governors (800- 750 m²), deputy governors (500- 650 m²) and the speakers (500- 650 m²).

The acreage for the residences would differ depending on the availability of land. However, beyond 2 acres would not be prudent.

Further, according to the Department, if funds would be available, the residences could be completed in twelve months including procurement period of three months. Constructing county headquarters would take 24-32 months (three financial years) including the three months' procurement period.

Conditional grant on *Supplement for construction of county headquarters*

The State Department of public works submitted that the implementation of the project was to be carried out through the Ministry. The National government would contribute 70% of the total cost of construction while the county government was to contribute the 30%. The counties benefiting from the grant were- Tharaka Nithi, Nyandarua, Isiolo, Tana River, and Lamu.

The Department was to develop designs, documentation and supervision of five county headquarters. However, most of the counties had made designs whose cost was above the estimated cost, Kshs. 518 million. The projects were at different stages as shown below.

County	Project Cost (Kshs)	Status	Remarks
Tharaka Nithi	366,823,802.56	54% done The Ministry was engaged at a point when the building was just off the ground	Project was being undertaken at Kathwana. The amount certified was kshs. 142,608,195. The office block was to accommodate between 500-600 officers. Total floor area of 6800m ² .
Nyandarua	617,664,564.15	20% done substructure ongoing	Project was being undertaken at Olkalao. The amount certified was kshs. 28,381,981.15. The total floor area was 8700 M ² to accommodate 500-600 officers. There was a 3 months' delay in starting the project since the contractor could not start works without a letter of comfort.
Isiolo	870,708,404.35	Tendered and awarded	The project was being undertaken in Isiolo town. The total floor area was 9900m ² to accommodate 500-600 officers. The status -awaiting official site handover to the contractor. There were challenges which lead to changes of site.
Tana River	900,000,000	Documentation complete and awaiting tendering	The total floor area was 8700 m2 to accommodate 500-600 officers. The status-.
Lamu	Mokowe – 400 million	Documentation complete to be awarded	Unique nature of the island led to segregation of the county offices.
	Hindi – 200,790,251.36	Tender evaluation ongoing	The floor area- Mokowe 2100m ² . Faza and Hindi each floor area 700m ² to accommodate 50-75 officers each.
	Faza- 211,801,246.36		

It was submitted that the maximum estimated cost of county executive headquarters was Kshs. 500 million. The ministry had completed the prototype designs. However, each county had freedom to add their aesthetic/ cultural values but the cost should not exceed the proposed limits.

Regarding exchequer release of the conditional grant, the Ministry submitted that that

- a) The National Treasury had not released the funds as per the approved county Allocation of Revenue Act for the financial years 2016/2017 and 2017/2018.
- b) Out of the 5 counties which were to receive the funds Tharaka Nithi was the only county whose works had started in time.
- c) Nyandarua and Isiolo counties: the contracts had been awarded and their values were above the proposed limits.
- d) Tana River and Lamu counties documentation was complete and were awaiting award of tenders.
- e) Tharaka Nithi: the building was almost complete. However, the initial designs of the building did not include some structural works. The designs were being altered to provide for essential structures such as water systems.

In some cases, the cost had escalated due to additional aesthetics, however, such may be scaled down to ensure the costings were within the recommendations and ensure prudence use of public funds.

The Ministry submitted that they had written letters to the respective county executives informing them of the proposed limits on the total cost of construction. Further, in their communication, the ministry proposed possible areas of adjustments without affecting the overall structure.

Chapter Three

3.0 Committee Observations and Recommendations

3.1 Observations

The Committee observed that-

- (a) The timeframe provided by SRC was not adequate since county governments had only one fiscal year to initiate and complete the residential projects. The circular by SRC giving the 30th June, 2019 deadline should be rescinded.
- (b) The outcry by residents in different counties in protest of the excessive budgetary provisions for residences such as-
 - ✓ Homa Bay County Kshs. 150m was allocated for the for Speakers' House,
 - ✓ Muranga County Kshs. 350m was allocated for residences of Governor, Deputy and Speaker,
 - ✓ Nyeri County Kshs. 200m was allocated for the Governor's residence, and
 - ✓ Kirinyaga County Kshs. 100m was allocated for the Governor's residence.

That was an indication that the projects were not within the immediate needs of the people.

- (c) For the counties where the former county/ municipal council existed, the county ought to have taken over the facilities of the former municipal councils and county councils to ensure they did not suffer from inadequate chambers and offices.
- (d) There was need for design standardisation and capping of maximum expenditure on the projects to ensure adherence to the principles of public finance management as enshrined in the Constitution.

- (e) For the counties which had already commenced the construction projects, there was need for works appraisal with view to modify the designs and scaling down the costs to allowable limits.
- (f) The five counties receiving the conditional grant of Ksh. 363 million (70% of the cost of the facility) spread over 3 years for headquarters should contribute the balance 30% of the cost. The total cost of construction translates to Kshs. 518 million ceiling set for county executive headquarters considering the technical and market forces, costs beyond this limit defeats the purpose or justification of conditional grant.

3.2 Recommendations

The Committee recommends that

- a) The SRC circulars and communication dated 24th October, 2016 to county governments giving the 30th June, 2019 as deadline for option of paying rent for residence of the designated county governments' state officers should be rescinded.
- b) The County governments should customise the prototype designs attached for their respective projects.
- c) The county governments should ensure that the estimated costs of designated county state officers' residences do not exceed the limits as indicated below-

Residence	Maximum Costs
County Governors	Kshs. 45,000,000.00
County Deputy Governors	Kshs 35,000,000.00
County Assembly Speakers	Kshs 35,000,000.00
The size of the land should not exceed two acres and not below a quarter acre

COMMISSION ON REVENUE ALLOCATION

RECOMMENDATIONS ON THE NON-CORE INFRASTRUCTURE PROJECTS IN THE COUNTIES

The Commission on Revenue Allocation (CRA) is established under Article 215 of the Constitution of Kenya 2010. One of its mandates under Article 216(2) is to make recommendations on the financing of, and financial management by, County Governments, as required by the Constitution and other national legislation.

Pursuant to this mandate we have monitored use of funds by the counties for long term infrastructure projects which includes the following:-

- County Headquarters
- Governor and Deputy Governors residences
- County Assembly Chambers'
- County Assembly Office blocks
- Speakers' residences

On 19th May 2015 through CRA circular No. 5 of 2015, counties were advised to focus on the core area of development and to make budgetary provisions for non-core projects over a period of 5-10 years. The advisory however encouraged renovation of existing infrastructure for offices and the assembly while residential accommodation would be rented.

Towards this end, the Senate through the Infrastructure Committee reviewed the adequacy of County Headquarters in various counties and

identified five counties (Nyandarua, Tharaka Nithi, Isiolo, Tana River and Lamu) as being in dire need for county headquarters and recommended funding to construct headquarters through a conditional grant from the national government. This has been done.

Through Gazette Notice No.6518 and circular No: SRC/TS/CGOVT/3/61 dated 24th October 2016 (**Annexe. 1 & 2**) and SRC/TS/CGPVT/3/61 VOL.IV (45) dated 25th August 2015 (**Annexe 3**) the Salaries and Remuneration Commission (SRC) issued guidelines on rent for residential houses for Governors, Deputy Governors and County Assembly Speakers. In addition the SRC provided that all counties must have constructed residences for the above State Officers by 30th June 2019.

Our review of the current status shows that counties are at various stages of implementing these projects and at hugely varying costs. A sampling review of the county budgets for 2018/2019 financial year as per the attached (**Table 1**) confirms the same. Our initial engagement with the Ministry of Transport, Infrastructure, Housing and Urban Development established the following estimates developed in 2011 before the onset of devolution. (**Annexe 4**)

County Assembly Chambers – Kshs 727,739,000.00
County Offices/Headquarters - Kshs 424,539,000.00
Governor’s Residence - Kshs 267,980,000.00
Deputy Governors’ residence - Kshs. 174,250,000.00
Speakers’ residence – Kshs. 174,250,000.00

It was the opinion of the Commission that such expenditure on offices and residential buildings was not in line with the principles of public finance which require that, “*public money shall be used in a prudent and responsible way*”. Further engagement with the Ministry culminating to a meeting between the Chairperson of CRA and the Principal Secretary Ministry of Transport, Infrastructure, Housing and Urban Development has led to development of generic designs (**Annexe 5**) at reduced costs as follows: -

County Offices/Headquarters - Kshs 500,000,000.00
Governor's Residence - Kshs 45,000,000.00
Deputy Governors' residence - Kshs. 35,000,000.00
Speakers' residence – Kshs. 35,000,000.00

County Assemblies could be in four categories based on the number of members namely: -

- a) Type I (1-30 MCAs)
- b) Type II (31-60 MCAs)
- c) Type III (61-90 MCAs)
- d) Type IV (91-150 MCA's)

All these designs could be modified to suit the specific area but within the set budgetary provision. A Tenant purchase financing model, which involves counties working with the National Housing Corporation or the Pension Schemes, has also been proposed.

The commission wishes to work with the Senate to issue recommendations, backed by the relevant legislation and technical input from the Ministry of Transport, Infrastructure, Housing and Urban Development on the permissible threshold and financing model for the same as the counties work towards meeting the SRC deadline of 30th June 2019.

CRA requests the Senate Standing Committee on Finance and Budget to consider the above finding as a basis for developing enabling legislation which would enable the Commission to issue guidelines the development of county infrastructure.

HOUSING BENEFIT FOR SPEAKERS

The Kenya Gazette Notice of 1st March, 2013 by the Salaries and Remuneration Commission (SRC) advised that the state should provide an official residence for His Excellency the President, the Chief Justice, Governors and Speakers of National and County Assemblies. It stipulated that the benefit would not be provided in form of house allowance but as housing benefit (official residence).

The Commission however, noted that most Counties did not have houses within the Counties befitting the status of Speakers. The Counties were therefore, advised to enter into lease agreements. In ascertaining the rental value of the houses to be leased, SRC advised that Counties be guided by the Ministry Transport, Infrastructure, housing and Urban Development.

In 2015, The Commission collected data on prevailing market rents for houses across the Counties suitable for Speakers. Analysis from available data indicated that rents currently being paid were way above market rates. Consequently, the Commission advises that the monthly rent payable for a Speaker's official residence should not exceed:

- (a) Kshs. 150,000 per month for Nairobi, Mombasa and Kisumu Counties; and
- (b) Kshs. 75,000 per month for other Counties.

The rental payments should be made directly to the owner of the house.

The Commission further advises that Counties to prioritize funds for construction of Speakers' official residences in the 2018/19 budget cycle. The option for County governments paying rent for Governors' residential houses shall cease by 30th June, 2019.

HOUSING BENEFIT FOR GOVERNORS

The Kenya Gazette Notice of 1st March 2013 by the Salaries and Remuneration Commission (SRC) made a provision for housing benefit by the State for the President, Chief Justice, Governors and Speakers. It stipulated that the benefit would not be provided in form of house allowance but as housing benefit (official residence).

The Commission however, noted that most Counties did not have houses within the Counties befitting the status of Speakers and Governors. The Counties were therefore, advised to enter into lease agreements. In ascertaining the rental value of the houses to be leased, SRC advised that Counties be guided by the Ministry of Transport, Infrastructure, Housing and Urban Development.

In 2015, The Commission collected data on prevailing market rents for houses across the Counties suitable for Governors and Speakers. Analysis from available data indicated that rents currently being paid were way above market rates. Consequently, the Commission advises that the monthly rent payable for a Governor's official residence should not exceed:

- (a) Kshs. 200,000 per month for Nairobi, Mombasa and Kisumu Counties; and
- (b) Kshs. 100,000 per month for other Counties.

The Commission further advises that Counties to prioritize funds for construction of Governors' official residences in the 2018/19 budget cycle. The option for County governments paying rent for Governors' residential houses shall cease by 30th June, 2019.

HOUSING BENEFIT FOR DEPUTY GOVERNORS

Reference is made to the Special Issue of the Kenya Gazette Notice Vol.CXIX-N0.89 of 7th July, 2017 and specifically Gazette Notice No.6518 on Remuneration and Benefits for State Officers in the County Government.

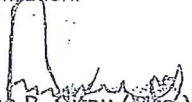

As you are aware, the Salaries and Remuneration Commission (SRC) in exercise of the powers conferred by Article 230(4) (a) of the Constitution of Kenya 2010, set the remuneration and benefits for State Officers in the County Government as communicated via the referred Gazette Notice. Among the benefits set is the provision for a Housing Benefit by the County for the Governor, Deputy Governor and the Speaker of the County Assembly. The benefit is not provided in the form of house allowance but as a Housing Benefit (official residence).

The Commission would like to advice Counties on the Housing Benefit for designated State Officers in the County as follows:

- (a) The provision of this benefit for the Governor and the Speaker of the County Assembly is as stipulated in the letter Ref No: SRC/TS/CGOVT/3/61 dated 18th December, 2013 and Ref. No: SRC/TS/CGOVT/3/61 dated 24th October 2016 (Copies attached).
- (b) In case a County does not currently have a house within the County befitting the status of the designated State Officers, the County should enter into a lease agreement. This should be after ascertaining the rental value of the house to be leased guided by the Ministry of Transport, Infrastructure, Housing and Urban Development. In this regard, the monthly rent payable for a Deputy Governor's official residence should not exceed:
 - (i) Kshs.185,000 per month for Nairobi, Mombasa and Kisumu Counties; and
 - (ii) Kshs.90,000 for other Counties

The Commission further advises that Counties prioritize funds for the construction of such official residences in the 2018/19 Budget Cycle. The option for County Governments paying rent at the stipulated rates for the designated State Officers residential houses in the County shall cease by 30th June 2019.

The Commission appreciates your continued support and is available for any further clarification.

**COUNTY INFRASTRUCTURE: COUNTY EXECUTIVE OFFICE, COUNTY
ASSEMBLY FACILITIES. GOVERNOR AND SPEAKER'S RESIDENCE CONSULTATIVE
MEETING**

Reference is made to your letter Ref No. CRA/R&P/14/Vol.II (65) dated 23rd January 2018, requesting for a meeting to discuss County Infrastructure.

State Department of Public Works is charged with the responsibility of providing basic infrastructure facilities to the public. These include the development and maintenance of Government buildings and other public works as per the Presidential Circular No. 1/2008 published in May 2008. Arising out of the mandate, the Public Works spearheaded the design and development of the County Executive Offices, County Assemblies and County Governor and Speaker residence.

Preliminary designs and estimates were developed by Public Works in 2011 as the Project Manager, as listed herein below:

The cost summaries for the County Infrastructure as of 2011 were as follows:

| | |
|-------------------------|-------------------------------|
| a. County Assembly | Kshs. 727,739,000.00 |
| b. County Offices | Kshs. 424,539,000.00 |
| c. Governor's Residence | Kshs. 267,980,000.00 |
| d. Deputy Governor | Kshs. 174,250,000.00 |
| e. Speaker Residence | Kshs. 174,250,000.00 |
| f. Clerk Residence | Kshs. 174,250,000.00 |
| TOTALS | Kshs. 1,943,008,000.00 |

The infrastructural designs were to be customized for every site, after site identification, investigation and survey works are undertaken.

The following Counties, attached Annex 1, have involved State Department of Public Works in implementation of their County Infrastructure.

We propose the consultative meeting to be held on 12th March 2018, Works Building 12th Floor Boardroom at 10:00 am.

We also propose the following discussion points to form the consultative meeting agenda:

1. State Department role in implementing County Infrastructure.
2. Memorandum of Understanding between the National and County Government
3. Current statues of County infrastructure between Public Works and the Counties
4. Way forward
5. Any other business

We shall appreciate your adequate representation and punctuality in the proposed meeting as we look forward to successful implementation of County Infrastructure projects for the social-economic benefits to the country as a whole.

COMMISSION ON REVENUE ALLOCATION

Our Ref: CRA/R&P/14/ Vol. II (65)

DATE: 23rd January, 2018

Professor. Arch. Paul Mwangi
The Principal Secretary,
State Department of Public Works
Ministry of Transport, Infrastructure, Housing and Urban Development
Transom House, Ngong Road
P.O. Box 52692 - 00200
NAIROBI

Dear Prof. Mwangi

REF: REQUEST FOR A MEETING TO DISCUSS COUNTY ASSEMBLY INFRASTRUCTURERS

Article 216 (2) of the Constitution stipulates that the Commission on Revenue Allocation make recommendations on matters concerning the financing of, and financial management by, county governments.

Pursuant to Article 216(2), the Commission is developing a policy to guide on the budget provisions towards construction of the County Assembly Chambers, County Assembly Office Complexes and Speakers/ Governors residences.

We understand that some work was done by the Ministry in this area.

The purpose of this letter is to request for a meeting between Commission on Revenue Allocation and the State Department of Public Works to further develop this so that it can inform current requests and future policy

It is highly appreciated if you kindly expedite the request.

Yours Sincerely

George Ooko

Chaos in assembly as MCAs fight over Sh14.5b budget

Allocation of Sh50 million for construction of governor's homes in Lurambi and Lugari was one of the clauses MCAs opposed.

By Nathan Ochunga
nochunga@standardmedia.co.ke

MCAs engaged in a fist fight after disagreeing over the 2018-2019 budget.

Trouble started soon after Budget and Appropriations Committee chairman Willis Opika (Maramba South MCA) tabled the budget report in the county assembly on Wednesday.

Some of the MCAs wanted sections of the Sh14.5 billion budget they were uncomfortable be amended.

However, Speaker Morris a thwarted their efforts deriding them to sit down. Buluma accused some MCAs of supporting their positions using unverified information.

Because of the standoff, a session that should have lasted two hours stretched to nine hours as MCAs engaged in a shouting match before fighting broke out.

Ward representatives

The budget was later passed after ODM ward representatives voted in favour of the report by 57 votes against 21.

Jubilee, Amari National Congress and Ford Kenya MCAs opposed the budget as ODM ward reps, who support Governor Wycliffe Oparanya, passed it.

The bone of contention was allocation of Sh50 million for construction of Oparanya's residences in Lugari and Lurambi.

"The governor's residence has been allocated Sh50 million every financial year since 2014 which brings the amount to Sh200 million. Yet we don't know where the money has

been going," said Kevin Maelo (Butali/Chepuso MCA).

Maelo, a Jubilee MCA, wondered why the county wants to construct another residence for the governor in Lurambi when another one is already under construction in Lugari.

He demanded an audit to show how the previous allocation was spent.

Maelo also questioned why only Sh1 million had been set aside per ward for bursaries while other counties had allocated over Sh4 million per ward.

But Buluma ordered him to sit down saying the MCA had presented unverified information to the floor of the house.

Five MCAs friendly to Oparanya, including Butso Central's Lyston Ambundo, supported the budget.

Standing on point of order, Shieywe MCA Joab Mvamuto accused the speaker of being biased. He said Buluma should have given those opposed to the budget a chance to make changes.

"The speaker is biased and is

giving more time to ODM MCAs who are being used to rubber stamp the budget without changes," said Mvamuto.

Isukha South MCA Farouk Machanja said: "Any Speaker who takes sides when the house is discussing matters of public interest has no business holding his position and should be impeached."

Machanja wondered why money meant for construction

of roads in wards had been reduced by half from the Sh10 million allocated the previous years.

Nominated MCA Dorice Matele was concerned that the committee had used part of the money meant to facilitate public participation to buy laptops for MCAs.

"It's the duty of a member to catch the Speaker's eye. If you don't want to catch my eye you will not be given a chance to talk. I am not biased but the business of the day must continue," Buluma said as the standoff worsened.

Minority Leader David Ndakwa of ANC said the budget estimates were unrealistic.

However, Majority Leader Joel Ongoro dismissed him saying the budget was a reflection of President Uhuru Kenyatta's Big Four agenda.

At least 48 per cent of the Sh14.5 billion will go to development while the rest to recurrent expenditure.

Also worth noting, the county has adhered to section 107(2) (e) of the Public Finance

Management Act 2012 which requires that at least 30 per cent of the total budget be allocated to development.

The county has only exceeded the 35 per cent ceiling of what should be spent on salaries by two per cent.

Recurrent expenditures of all departments was slashed by 25 per cent and allocated to development.

In the 2017/18 fiscal year, development expenditure took 38 per cent of the budget.

County treasury

Oparanya's office will get Sh391.03 million, the department of Public Service and Administration Sh1.31 billion and county treasury Sh751.2 million.

Environment will get Sh451.86 million and Social Services Sh500.1 million.

Others are Trade (Sh427.5 million), Education (Sh1.29 billion), ICT (Sh225.2 million) and County Public Service Board (Sh72.8 million) while the county assembly will get Sh1.05 billion.

Cost of deputy governor's home slashed by Sh114m

MCA's accuse executive of focusing on non-priority areas at the expense of development.

The County Assembly has slashed the budget of procuring an official residence of the deputy governor from the estimated Sh214 million to Sh100 million.

According to the Budget and Appropriations Committee, the budget for the residence set by the executive was 'outrageous' and 'not a priority' expenditure.

During the submission of its reviewed report on the proposed budget estimates on Wednesday, the chairman of the committee Albert Kiraga told the assembly the executive focused on non-priority areas at the expense of development.

"During the public hearing for the budget, residents wanted the budget for the procurement of the deputy governor's residence be done away with, but as a committee, we opted to reduce the amount to meet the national government's directive that governors and their deputies should have county houses," said Mr

- The new local revenue collection target was pegged at Sh1.3 billion up from Sh929.66 million last year and the committee recommended that executive automates its system to increase revenue collection
- Recurrent expenditure was pegged at Sh8.1 billion, development Sh5.6 billion, ward development programme Sh875 million while cash transfers to the elderly, orphans and vulnerable children was set at Sh35 million

Kiraga.

The move is expected to rub the executive the wrong way and is likely to evoke memories of 2013, when the county spent Sh140 million to purchase a house for Governor Amason Kingi.

The committee presented a scrutinised document, which was approved by the assembly, and is expected to be forwarded to Mr Kingi for approval.

In the report, the committee also reinstated funding for

stalled projects that the executive had sidelined.

The 2018/2019 financial year budget will be Sh13.06 billion up from last year's 11.99 billion. However, the county still faces hurdles as local revenue collection targets have never been met.

"A careful review of recent approved budget revenue estimates and end of period actual revenue, points to systematic overestimation of revenue, and this is despite the fact that forecast errors should be lower if the growth of any given revenue component is stable," said Kiraga.

Local revenue collection target was pegged at Sh1.3 billion up from Sh929.66 million last year, and the committee recommended that the executive automates its system to increase revenue collection.

Recurrent expenditure was pegged at Sh8.1 billion, development Sh5.6 billion, ward development programme Sh875 million while cash transfers to the elderly, orphans and vulnerable children was set at Sh35 million.

The committee also approved the Ward Scholarship Fund (Sh350 million) and Mbegu Fund at Sh30 million while the Kenya Urban Support Programme was slashed from Sh330 million to Sh205 million.

Protest Over SRI 50m Speaker's House Plan

The Florida Bay County assembly's priorities have been questioned after it announced plans to construct a \$150 million house for the speaker.

Home Bay Bunge La Weny-nchi chairman Walter Opiyo yesterday faulted the assembly for not prioritising matters like health, agriculture and roads.

The assembly should focus on fixing our deteriorating health sector and repairing our roads before building a home for the Speaker," said Mr Opiyo.

Although the lobby does not oppose the construction of the house, it says the county has lagged behind in terms of development, which should be a priority. "We are just asking that

taxpayers' money be channelled to important sectors because the county lags behind in terms of development," said Mr Opiyo.

development," said Mr. Opiyo.

According to an advertisement placed on Monday by the assembly clerk Bob Kephers in two newspapers, the assembly is seeking a piece of land from residents of Arujo ward for the construction of the house.

Alhjo is partly located in Honna Bay town.

However, Speaker Elizabeth Ayoo defended the move, explaining that it is a requirement set by the Salaries and Remuneration Commission (SRC) for

all county assembly Speakers to have official residences built for them by June 30, 2019.

"The following are the names of the individuals who were interviewed by June 30, 2019:

all Speakers' residences built because they want to cut the costs of paying our rent. This is not our own creation," said Ms Ayoo.

The Speaker further explained that the assembly is not tasked with executing development projects.

According to a letter by SRC Chairperson Sarah Seem sent to the County Assembly Forum Chairman Johnson Osoi, the county governments were told to prioritise the construction of the official residences for the county assembly Speakers by June 30, 2019.

Speakers' residences in the three cities of Nairobi, Kisumu and Mombasa shall cost Sh250 million while in other towns it shall be Sh150 million.

Earlier this year, Nairobi Speaker Beatrice Elachi had defended herself against claims that she had demanded a bribe. She said the house will be the county's property.

Jail over wheelbarrow scandal

BY BENSON AMADALA
bamadala@kenationmedia.com

Seven former officials of Bungoma County found guilty of inflating the cost of wheelbarrows were on Monday ordered to pay fines or serve jail sentences. Kakamega Senior Principal Magistrate Thomas Mwangi delivered the sentence on behalf of the trial magistrate, Mr Bidad Ocheng, who is reported to be unwell.

John Juma Matsanza, who was the accounting officer to the tender committee, was convicted on two counts. He was charged with failure to comply with the law on management and incurring expenditure illegally.

Matsanza was consequently fined Sh400,000 or serve a two-year jail sentence in default for each of the counts.

The other accused, Ayub Tuvuka China, Howard Lukadith, Oscar Oryango Ojwang, Arlington Shi-

ricka Onusient, Jacqueline Nanjala Namukati and Rehben Rutto were each convicted on two counts.

They were charged with wilful failure to comply with procedures and guidelines relating to procurement and tendering of contracts illegally. They were each fined Sh300,000 or serve one-and-a-half years in prison in default for each of the counts.

The court dismissed an application by lawyers for the accused to have them released on bail pending lodging of an appeal.

The magistrate said although the accused were first offenders without previous records of conviction, they had failed to take individual responsibility as accounting officers and tender committee members of the county government.

Consequently, the court noted that their actions had led to loss of public funds.

"Waste and plunder of public resources, which is rampant in

a firm message that the culture of fraud and theft in the public sector does not pay."

While declining the plea for bail application, the magistrate said the defence ought to have filed and served a formal application supported by an affidavit.

"This would have assisted the court to consider the application in its merit. As matters stand now, I feel the material placed before me by the defence is insufficient to enable me to make an informed decision in their favour," ruled the magistrate.

The magistrate further said the defence must demonstrate to the satisfaction of the court that the appeal had overwhelming chances of success.

"As matters stand, my hands are tied and I have no choice but to uphold the law. The application to release the accused on bail pending filing of an appeal is declined," said the magistrate.

Tea farmers to pay cess if bill sails through

BY DAVID MUCHU

Farmers in Meru will part with up to one per cent of their earnings once the 2018 County Tea Cess Bill is passed.

The bill seeks to establish a Tea Cess Development Fund to improve roads, bridges and other infrastructure. According to the bill, the cess will be determined by the Finance and Agriculture ministers and managed by a committee comprising county officials, ward

representatives and factory directors. Meru County Assembly finance committee chairman Julius Mbiye said loss of the cess has led to the poor state of roads in tea-growing areas.

Kenya Tea Development Agency Zone Seven Chairman Paul Ringera said the tax was long overdue and would help factories cut down on vehicle repair expenses.

"The tea cess is beneficial to the farmer because it will improve efficiency in the delivery of tea to the factories. Since the last rains, our

roads have been impassable due to lack of money to repair them," Mr Ringera said.

He said they expected the bill will be enacted into law by the end of this financial year to enable the factories to get money from July.

Igaji West MCA Jasper Mbiti said the bill, once enacted, will help factories to repair roads in their catchment areas. "Despite the government dispersing levy cash to the counties, this money has not helped in improving roads in tea-growing areas," he said.

Assembly approves construction of top leaders' homes at Sh350m

The construction of houses for the Murang'a governor, his deputy and the speaker has been approved at a cost of Sh350 million. According to the County Integrated Development Plan, which was approved by the assembly on Monday afternoon, the move to construct the houses was informed by the Salaries and Remuneration Commission's circular saying that county officials will not be receiving house allowances. The report, tabled by Gatuni MCA Kiiru Mbenbe, is to guide development projects between 2018 and 2022. However, the document, which was scheduled to be tabled during the morning session, was tabled in the afternoon after efforts to present it flopped with Mr Mbenbe claiming it was tailor-made to suit interests of the executive. Mr Mbenbe's faction and the rest of the members were engaged in a war of words.

Plans are underway by Kirinyaga County Government to construct a Sh100 million residence for Governor Anne Waiguru this financial year.

The move to construct an official residence for the governor is contained in the 2018/19 budget which was approved by the County Assembly, with the executive being allocated funds to carry out the works.

Currently, the governor has no official residence and operates from her home in Nairobi.

Former governor Joseph Ndathi also used to operate from his rural home in Kiung'u and the budget committee has now said the governor must have

official residence.

But the matter has ignited an uproar from residents who are questioning the county government's priorities.

Some of the residents interviewed said allocating Sh100 million for residence was a waste of funds considering there are many pressing issues in the county.

A tea farmer, Naftaly Mathenge, questioned the rationale of the county spending such an amount to accommodate the governor and asked the Assembly to reallocate the funds to important programmes.

He said, for instance, roads are in poor condition, hospitals have no drugs and many villages are yet to get clean drinking water which he proposed as some of the key projects for the county as opposed to constructing a residence.

The Assembly has also approved Sh50 million for car loans and mortgage for MCAs and Sh200 million for a similar cause for members of the Executive.

The county has also allocated Sh100 million to pay pending bills which currently stand to more than Sh500 million.

In a budget presented to the Assembly by budget committee chairman David Mathenge the House directed Finance executive to submit a detailed report on pending bills/creditors that were cleared through audit to be paid with this allocation.

The Speaker said his main task to "heal the wounds and help e assembly forge ahead" adding that he was proud with the way and Reps conducted themselves.

Meeting leaders

He said he had initiated the process of uniting the assembly and met Deputy Speaker Samuel Onui, Majority Leader Stanley aranja, Chief Whip Irene Che- uiyot and Minority Leader Peter alanga in his office.

"Our biggest task is to unite the assembly and that's why I called he leaders but I want to assure ou that nobody will be victim- sed," he said.

Sources within the assembly however, told the *People Daily* that the battle was far from over indi- cating that the fight had moved to the departmental committees where another political duel is ex- pected in the next few days.

RE: CONSTRUCTION OF THE SPEAKER'S RESIDENCE - NANDI COUNTY ASSEMBLY

The above matter refers.

The Government through the Salaries and Remuneration Commission (SRC), National Treasury and the CRA gave a clear policy direction on the need of constructing Speaker's residence by the respective County Assemblies by June, 2019.

The Nandi County Assembly is keen to enforce the above policy within the stated period. Subsequently, the Assembly seeks to engage with our pension partners in undertaking this project.

The Assembly has its voluntary pension contribution and gratuity administered by LAPTRUST. Part of the benefits for such a partnership includes undertaking infrastructural development.

We therefore seek the approval of the Commissioner on Revenue Allocation in entering into a tenant purchase contract with LAPTRUST in the undertaking of the construction of the Speaker's residence.

The County Assembly will avail a deposit and subsequently phase out payments within the remaining four years. This will ensure that the slow release of the Development cash to the Assembly does not affect the compliance in terms of meeting the deadline to have the construction completed.

We believe that such an arrangement will offer best value for money as well as guaranteeing timely conclusion of the project.

We look forward to your kind consideration.

Thank you and all the best in your endeavours.

RE: DATA ON THE COUNTY ASSEMBLIES INFRASTRUCTURE

The above subject refers,

Reference is made to the Consultative meetings between the County Assemblies Forum (CAF) and the Commission on Revenue Allocation (CRA) held on 15th and 30th January, 2018. The meetings discussed several areas of partnership between the two institutions. The Forum presented the challenges experienced by the County Assemblies in discharging their mandate due to lack of necessary infrastructure.

The meetings resolved among other things that the Commission develops a policy on the budgetary allocation for the construction of the County Assemblies infrastructures. The forum was then tasked to provide the status report on infrastructure to facilitate realization of the resolution and uniformity.

Following the above mentioned kindly find attached the matrix containing the said data for 40 County Assemblies.

The Forum appreciates your continued support.

Thank you.
Yours faithfully.

PROPOSED COUNTY INFRASTRUCTURE FACILITIES

The promulgation of the new Constitution on the 27th August 2010 laid the foundation for the rebirth of the Kenyan nation based on accountable, responsive and democratic Government. The constitution recognizes that there shall be County Government for each county consisting of a County assembly and County executive [Chapter 11 Part 2]

Hence, the Public Works is spearheading the design and development of the county offices and assemblies in line with the constitution in preparing to support County government by: among others item Designing and developing the infrastructure and machinery for the functioning of the County Governments.

The existing, County Council, Municipal and Town Council Halls in all the counties were evaluated/inspected to ascertain their adequacy in accommodating the anticipated Count Governments.

By the time we suspended the county accommodation, activities 35 No. counties had identified and concurred on their County Headquarters – both for the Assembly and Government. The proposed designs of the County Assembly is geared towards having uniform and equal facilities in all the counties irrespective of the financial standing of any.

The following is a summary of milestones that have been made since 2011 with regard to the following county infrastructure are the steps that have been

| Item | Activity | Description | Remarks/Way forward |
|--|------------------------------|---|---|
| 1. | Prototype Design As of 2011 | <p>FACILITY</p> <p>1 County Assembly
2 County Offices
3 County leadership Residence:</p> <p>LAND REQUIREMENT</p> <p>3 - 4 Acres 727,739,000.00
2 - 3 Acres 424,539,000.00</p> <p>a. Governor's 1 - 2 Acres 267,980,000.00
b. Deputy Governor 174,250,000.00

d. County Clerk 174,250,000.00</p> <p>1,943,008,000.00</p> | The infrastructural designs were to be customized for every site, after site identification, investigation and survey works are undertaken. |
| | EXISTING PHYSICAL FACILITIES | Mapping and evaluation exercise on the existing facilities in all the Counties, mainly so, the County Council, Municipal and Town Council Halls/Chambers and offices was undertaken from 22nd February to 5 th March, 2011. | Due to the inadequate time to design, procure and erect up the intended /proposed physical Facilities. Existing facilities in the Counties was considered as a slip Gap measure |
| | CANCELLATION | After several consultative meetings with the C.I.C, we were informed that our activities were not in the spirit and letter to the constitution; and it was agreed that we stop any further engagement on the same. Consequent to that, we cancelled the request for the consultancy services and so it stands to date. | 35 No. counties had been identified and concurred on their County Headquarters – both for the Assembly and Government |
| ROLE OF PUBLIC WORKS IN DEVELOPING COUNTY INFRASTRUCTURE AFTER DEVOLUTION (ANNEX I) | | | |

Dear

PROPOSED COUNTY INFRASTRUCTURE EXPENDITURE LIMITS

Following a meeting on 11th July, 2018, with the Standing Senate Committee on Finance and Budget on County Infrastructure facilities, expenditure limits for County Headquarters, Governor's, Deputy Governor's and Speaker's Residence were agreed upon. This decision was also arrived at upon reflecting on the earlier guidelines of the Select Committee of Senate and Budgetary guidelines from the National Treasury.

A further meeting with the Commission on Revenue Allocation (CRA) on 30th July, 2018 at their offices on the County Chambers and Offices also set the limits for the three (3) types of County Chambers and Offices.

The proposed expenditure limit will accommodate the total built up area, mechanical and electrical works and external facilities i.e. perimeter fence, civil works, public toilet block, and are tabulated herein below:

| S. No. | Project | Estimated Cost (Kshs) | |
|-----------------|-----------------------------|-----------------------|--------------|
| 1. | County Headquarters | 500,000,000 | |
| 2. | Governor's Residence | 45,000,000 | |
| 3. | Deputy Governor's Residence | 35,000,000 | |
| 4. | Speaker's Residence | 35,000,000 | |
| County Assembly | | | |
| Category | Chambers | MCA Offices | Total (Kshs) |
| Type 1 | 200,000,000 | 200,000,000 | 400,000,000 |
| Type 2 | 250,000,000 | 250,000,000 | 500,000,000 |
| Type 3 | 400,000,000 | 350,000,000 | 750,000,000 |

As per the signed Memorandum of Understanding (MOU), the cost will be shared in the ratio of 70:30 whereby the County Government of Nyandarua will cater for 30% and the National Government, through State Department of Public Works will cater for 70% of the total cost for the County Headquarters.

We do note that the contract sum for your County Headquarter is Kshs. 617,644,564.15 (as awarded) which is beyond the set guidelines as given by the Select Committee of Senate. We recommend that you adjust the contract sum by omitting the items/works as given in the attached schedule (Financial Appraisal No. 2 - Sheet A3/1). The omission of the above works will bring the revised contract sum to Kshs. 495,759,442.03 in conformity with the said guidelines.

In accordance with the recommended expenditure ratio of 70:30 between National Government and County Government this translates to Kshs. 333,031,609.42 from the National Government and Kshs. 142,727,832.61 from the county Government.

You are therefore required to adjust your expenditure for the facilities to fit within the above indicated budgets by re-negotiating your existing contract with the contractor to reflect the changes as indicated in Sheet A3/1.

Yours

SALARIES AND REMUNERATION COMMISSION (SRC)

HOUSING FOR GOVERNORS, DEPUTY GOVERNORS AND SPEAKERS OF COUNTY ASSEMBLY

BACKGROUND/ISSUE

The Kenya Gazette Notice of 1st March 2013 by the Salaries and Remuneration Commission (SRC) made provision that the State should provide housing benefit to designated State Officers including the Governors and Speakers of County Assemblies. It was stipulated that the benefit will not be provided in form of house allowance but as housing benefit/official residence. However, the Commission noted that most Counties do not have official residences to house the two state officers, and therefore residential houses for Governors and Speakers have to be leased by respective County Governments.

In ascertaining the rental value of the houses, SRC advised that Counties should be guided by the Ministry of Public Works. The Commission further advised that rental payments should be made directly to the house owner.

The requirement for Counties to lease houses for their Governor and Speaker is prone to abuse and exaggeration of rental values beyond the prevailing market rental rate. The Commission undertook a study to obtain the market rental prices of houses befitting the Governors and Speakers across counties. The study informs the setting of rent ceilings payable for Governors' and County Assemblies Speakers' residential houses.

SITUATION ANALYSIS

The Commission assumed that the standard of housing provided to the former Provincial Commissioners (PC) is of a stately nature befitting the Governor and Speaker. The Ministry of Land, Housing and Urban Development provided the 2001 rental values of the official residences occupied by the former Provincial Commissioners as shown in table 1.

Table 1: Rental Value of the Official Residence for Former Provincial Commissioners

| No. | County | No. of Rooms | Monthly Rental Value in Kshs. As at 2001 | Estimated Monthly Rental Value in Kshs. As at 2014 ¹ |
|-----|----------|--------------|--|---|
| 1. | Embu | 4 | 25,000 | 65,000 |
| 2. | Kakamega | 7 | 28,000 | 73,000 |
| 3. | Nakuru | 4 | 35,000 | 91,000 |
| 4. | Garissa | 7 | 10,000 | 26,000 |
| 5. | Nyeri | 9 | 36,000 | 94,000 |
| 6. | Kisumu | 7 | 48,000 | 125,000 |
| 7. | Mombasa | 8 | 50,000 | 131,000 |

¹ The 2001 prices adjusted for inflation to 2014

|-----|---------|--------------|--|---|
| 8. | Nairobi | 4 | 60,000 | 157,000 |

Source: Ministry of Land, Housing and Urban Development; and SRC's Computation, 2015

From table 1, the following observed:

1. The former PCs' official residents have 4-9 rooms that includes: a servant quarter, a guest wing, a garage, a meeting room, and the house sits on at least two acres;
2. The rental value as at 2001 varies from County to County, with the least expensive being Kshs.10,000/= in Garissa and the most expensive being Kshs.60,000 in Nairobi; and
3. The rental value adjusted for inflation to 2014 varies from a minimum of Kshs.26,000 for Garissa to a maximum of Kshs.157,000 for Nairobi.

Respective County Directors of Housing provided market rental values of houses similar to former PCs official residence in respective Counties. Twenty Nine (29) County Directors provided the market rental prices. The County Directors of Housing also provided the rent paid for Governors' and Speakers' housing in their respective counties.

From the analysis, the following observations were made:

1. Nandi, Elgeyo Marakwet, West Pokot, Homabay and Tharaka Nithi Counties do not have houses comparable to the former Provincial Commissioners' residences. The Governors for Nandi and Elgeyo Marakwet reside in Eldoret (Uasin Gishu County), while the Governor for West Pokot resides in Kitale, Trans Nzoia County. The Governor for Homabay and Tharaka Nithi live in own homes.
2. Nairobi County has the highest rental prices for houses befitting both the Governors and County Speakers (Kshs.200,000-500,000) followed by Kiambu County (Kshs.150,000-450,000), Mombasa County (Kshs.130,000-300,000), Uasin Gishu County (Kshs.135,000-200,000) and Kwale (Kshs.120,000-220,000).
3. Lamu County pays the highest rent for its Governor at Kshs.250,000 per month whereas Kirinyaga and Nyamira Counties pay the lowest rent for its Governor, each paying Kshs.50,000 per month.
4. With respect to Speakers' housing, Nandi and Lamu Counties pay the highest monthly rent, each county paying Kshs.110,000. Migori pays the lowest monthly rent for its speaker at Kshs.28,000 per month.

LESSONS LEARNT FROM OTHER COUNTRIES

The Commission reviewed practices of other countries in regard to housing for Governors and Speakers as follows:

a) United States

The United States provide official residence to Governors. Currently, 44 out of 50 States have official gubernatorial residences.

b) Canada

Speaker of the Senate is paid \$3,000 as residence allowance while the Speaker of House of Commons does not receive such benefit.

c) Rwanda

Speakers and Governors of Provinces receive an accommodation allowance and a once-off grant for home equipment.

Rental ceiling for the Governor and Speakers' Residential House

On 24th October 2016, the Commission communicated rental ceiling for the Governor's and speaker's official residence as follows:

Governors

- i) Rental ceiling of Kshs. 200,000 per a month for Nairobi, Mombasa and Kisumu County Governors; and
- ii) Rental ceiling of Kshs. 100,000 per a month for Governors in other Counties.

Speakers

- i) Rental ceiling of Kshs. 150,000 per a month for Nairobi, Mombasa and Kisumu County Speakers; and
- ii) Rental ceiling of Kshs. 75,000 per a month for Speakers in other Counties.

The Commission advised Counties to prioritize construction of official residences for the two officers in the 2018/2019 fiscal year. The commission directed that the option of paying rent for official residence of the Governor and County Assembly Speaker to cease by **30th June 2019**.

DEPUTY GOVERNORS

On 7th July 2017, the Commission reviewed the remuneration and Benefits for State Officers in County Governments through a gazette notice No. 6518. The County Governor and the Deputy Governor were each conferred with official residence as one of their benefits. The Commission advised that the contents of the letter communicated on 24th October 2016 about the Governors' rent ceiling to continue being observed.

The rent ceiling for the Deputy Governors' residence were communicated in a letter dated 25th August 2017 as follows:

Rental Ceiling for Deputy Governors

- i) Rental ceiling of Kshs. 185,000 per a month for Nairobi, Mombasa and Kisumu County Deputy Governors; and
- ii) Rental ceiling of Kshs. 90,000 per a month for Deputy Governors in other Counties.

The Commission advised Counties to prioritize construction of official residences for the Deputy Governor in the 2018/2019 fiscal year. The Commission directed that the option of paying rent for official residence of the Deputy Governor to cease by **30th June 2019**.

Implementation of Housing Benefits for Designated County State Officers

The Commission undertook a study on Wage Bill Management and the level of compliance by Counties to SRC circulars. The exercise was conducted between 18th June 2018 and 28th June 2018 and it covered 32 County Governments.

The study established that Counties had set aside varying amounts of budget for the construction of official residents for the said State Officers. For example the amount set aside for the construction of the Governors' official residence varies **from Kshs. 100 million to Kshs. 250 million**. The Counties had set aside these funds without input from the Ministry of Public works on design and bills of quantities. These projected construction costs without technical inputs from public works is open to abuse.

Conclusion

- i) The incoming Commission to consider removing the option of construction of house for the said state officers so that counties can continue leasing houses for Governors,

Deputy Governors and Speakers, at the prevailing market rate, within the SRC set ceiling;

- ii) Counties to consult the Ministry of Public Works to develop a standard design and estimated cost for constructing the said houses. This is the Process the Commission expected Counties to take before setting aside funds for constructing the houses.

MIN.NO. 167/6/2018:

ADOPTION OF THE AGENDA

The agenda of the meeting was adopted after it was proposed by Sen. CPA Farhiya Haji and seconded by Sen. Sen. Boniface Mutinda Kabaka.

MIN. NO. 168/6/2018: CONFIRMATION OF MINUTES

- a) The minutes of the 30th meeting held on Tuesday, 15th May, 2018 at 10.00 am were confirmed as a true record of the proceedings of the Committee after they were proposed by Sen. CPA Farhiya Haji and seconded by Sen. Boniface Mutinda Kabaka.
- b) The minutes of the 31st meeting held on Wednesday, 16th May, 2018 at 10.00 am were confirmed as a true record of the proceedings of the Committee after they were proposed by Sen. Boniface Mutinda Kabaka and seconded by Sen. CPA Farhiya Haji.
- c) The confirmation of Minutes of the 32nd 34th and 35th meetings was deferred.

MIN. NO. 169/6/2018: MEETING WITH COMMISSION ON REVENUE ALLOCATION (CRA)

The Chairperson welcomed the CRA and allowed a round of introductions. Thereafter, he welcomed the Commission to make the presentation.

The Commission informed the Committee that-

- a) the purpose of the meeting was to draw the attention of the Committee to the ongoing non-core infrastructure projects in the counties. The commission had noted that counties were concentrating their funds on infrastructure projects such as:
 - i) County headquarters
 - ii) Governors and deputy governors' residences
 - iii) County assembly chambers and office blocks
 - iv) Speakers residences
- b) The county governments' action was informed by Gazette Notice No. 6518 and circulars no. SRC/TS/CGOVT/3/61 dated 24th October 2016 and SRC/TS/CGOVT/3/61 VOL.IV (45) dated 25th August, 2017 from Salaries and Remuneration Commission (SRC),
- c) The gazette issued guidelines on the housing benefit for County Assembly Speakers, County Governors and their deputies. Further, the circular directed all counties to ensure they have constructed residences for these state officers by 30th June, 2019,
- d) The SRC Gazette notice contradicted the CRA circular No. 5 of 2015 dated 19th May, 2015 which advised the county governments to focus on the core area of development and make budgetary provisions for non-core projects over a period of 5-10 years,
- e) The projected cost estimates for the projects as provided by the Ministry of Transport, Housing and Urban Development were as follows-

- i) County Assembly Chambers – Kshs. 727,739,000.
 - ii) County Offices/ headquarters – Kshs. 424,539,000
 - iii) Governor’s residence – Kshs. 267,980,000
 - iv) Deputy Governor’s residence Kshs. 174,250,000
 - v) Speaker’s residence – Kshs. 174,250,000
 - vi) Clerks’ residence – Kshs. 174, 250,000
- Total 1,943,008,000 expenditures per county

f) The CRA engaged the ministry on the estimates provided and adjustments were made to the cost as follows-

- i) County Offices/ headquarters – Kshs. 500,000,000
- ii) Governor’s residence – Kshs. 45,000,000
- iii) Deputy Governor’s residence Kshs. 35,000,000
- iv) Speaker’s residence – Kshs. 35,000,000

g) The county Assemblies would be categorized into four based on the numbers as below-

- i) Category I - Ranging 1-30 Members
- ii) Category II - Ranging 31-60 Members
- iii) Category III - Ranging 61-90 Members
- iv) Category IV - Ranging 91-150 Members

h) Proposed designs were developed which would be modified to suit the specific area but within the budgetary provisions,

i) However, some counties had budgetary provisions for the projects using the earlier projected costs.

j) For the FY 2018/19 some of counties with extreme provisions were as follows-

| County | Governor’s Residence (in Millions) | Deputy Governor’s Residence (in Millions) | Executive Head Quarters (in Millions) | Speaker’s Residence (in Millions) | Assembly Offices (in Millions) |
|------------|------------------------------------|---|---------------------------------------|-----------------------------------|--------------------------------|
| Kirinyaga | 100 | | | | |
| Embu | 75 | | | | 335 |
| Isiolo | 60 | | | | |
| Kilifi | | 214 | | 200 | 500 |
| Nyandarua | | | 800 | | 442 |
| Nairobi | | | | 130 | 400 |
| UasinGishu | | | | 80 | 850 |
| Garissa | | | | 75 | |
| Bungoma | | | | | 400 |
| Samburu | | | | | 320 |

- k) The directive to initiate and complete the projects within one (1) financial year was not prudent financially,
- l) Residents of different counties had raised concerns over the budgetary provisions meant for construction of county state officers' residences and
- m) The CRA requested the Senate through the Committee to provide guidelines/recommendations on the matter since resources meant for service delivery in FY 2018/2019 would be utilized in non-core infrastructure projects.

The Committee observed that-

- a) The timeframe provided was not adequate and County budgets provided a lump sum budget for the projects yet it was difficult to complete them in 12 months,
- b) The protest by residents in different counties over proposed huge budgetary provisions for residences like Homa Bay Kshs. 150 m for Speakers House, Muranga Kshs. 350m for Governor, Deputy and Speaker's residences, Nyeri Kshs. 200m for Governors house, Kirinyaga Kshs. 100m for Governor's residence,
- c) Counties ought to have taken over the facilities of the former municipal councils and county councils to ensure they did not suffer from inadequate chambers and offices,
- d) There was need to catalogue the available facilities in the counties and the necessary gaps,
- e) It was noted that some counties had constructed their headquarters and the cost was far below the estimates provided by other counties and
- f) The nature of the projects (structural and scheme designs) needed to be scrutinised to ensure only the important facilities were provided.

The Committee resolved to have a joint consultative meeting with CRA and SRC on Friday, 29th June, 2018 at 9:00am.

MIN. NO. 170/6/2018: CORRESPONDENCE

The Committee considered the following letters and made resolutions as follows-

- a) Kenya Association of Manufacturers (KAM) requesting for a meeting with the Committee – Harmonization of taxation in counties.

The Committee resolved that the meeting be postponed until the time the Committee will be deliberating on the proposed Own Source Revenue bill,

- b) The National Treasury and Ministry of Planning - on collaboration towards achieving sustainable Development Goals,

The Committee resolved that communication be done to the ministry indicating that matters under ministry of planning were within the mandate of the Committee

- c) Mr. Roy Tanga requesting for a meeting with the Committee on Developing a policy on Sovereign debt.

The Committee resolved to advise him to send a petition to Parliament in order to address the matter adequately.

MIN. NO. 171/6/2018:

ANY OTHER BUSINESS

The following issues were discussed under any other business-

A. Participation in International Conferences-

The Committee raised concern on non-participation in international conferences during the financial year 2017/2018.

The Committee resolved to participate and conduct foreign study visits on budgeting for devolved governments and formulae for allocation of revenue.

B. Consideration of the County Statistics Bill-

Concern was raised over the pending completion of consideration of stakeholders' submissions on County Statistics Bill, 2018 yet the bill was scheduled for Second (2nd) Reading.

The Committee resolved to complete the consideration on Thursday, 28th June, 2018 at 9:00am thereafter, conduct the public hearing on Salaries and Remuneration Commission (Amendment) bill, 2018 on the same day at 10 am.

C. Consultative Meeting on Ward Development Fund Bill 2018-

The Committee was informed that there was a half day meeting on Wednesday, 4th July, 2018 called by the sponsor of the bill to consider County Wards Development Fund Bill, 2018.

The Committee raised concern on why the sponsor had organized the meeting inviting the same stakeholders who the Committee had invited during the public hearing. The Committee indicated that they were not privy to the agenda of the meeting and had no interest in attending since the report on the Bill was presented to the Senate.

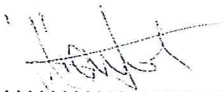

MIN. NO. 172/6/2018:

DATE OF THE NEXT MEETING & ADJOURNMENT

The Committee scheduled its meeting for the following week as follows

- i) Tuesday, 3rd July, 2018 deliberate on proposed amendments on County Wards development fund bill,
- ii) Wednesday, 4th July, 2018 consider the Controller of Budget report on Budget Implementation Review Report for the first half of Financial Year 2017/18,
- iii) Thursday, 5th July, 2018 consider stakeholders' submissions on the Salaries and Remuneration Commission (Amendment) Bill, 2018

There being no any other business for consideration, the meeting was adjourned at 12:40 pm. The date of the next meeting was set for Thursday, 28th June, 2018 at 9.00 am.

MIN.NO. 184/7/2018:

ADOPTION OF THE AGENDA

The agenda of the meeting was adopted after it was proposed by Sen. (Dr.) Ali Abdullahi Ibrahim and seconded by Sen. CPA Farhiya Haji.

MIN. NO. 185/7/2018: MEETING WITH SALARIES AND REMUNERATION
COMMISSION (SRC) AND COMMISSION ON
REVENUE ALLOCATION (CRA)

The Chairperson, welcomed the representatives from the two commissions and allowed around of introductions. He further made remarks that the meeting was a continuation of the earlier meeting (36th Meeting) with CRA which deliberated on non-core infrastructure projects by the county government.

The representative from CRA summarized the presentation they had made earlier before the Committee (36th meeting).

Thereafter, the Chairperson welcomed the representatives from SRC

The representative from SRC informed the Committee that the term of 1st Commission had expired and the new commission was not yet in place. However, they had information on the matter of deliberation and would like to inform the Committee as follows:

- a) Through Kenya Gazette Notice of 1st March, 2013 by SRC the County Governors, Speakers of County Assembly were entitled to housing benefit /official residence but not house allowance.
- b) Later the Commission noted that most counties did not have official residence to house the state officers rather counties leased residential houses.
- c) Since leasing residence was prone to abuse, the commission undertook a study to establish the market rental prices of the houses. The study, informed the setting of rent ceilings payable for the residential houses.
- d) The Commission assumed that the standard of housing provided to the former Provincial Commissioner (PC) was of a stately nature befitting the state officers.
- e) The Ministry of Land, Housing and Urban development was consulted to provide 2001 rental values of the official residences which were used by the former PCs. The values provided were adjusted using the approved Consumer Price Index (CPI) over the years as shown in the table below-

| County | No. of Rooms | 2001 Monthly rental value (Kshs.) | Adjusted monthly value as at 2014 (Kshs) |
|----------|--------------|-----------------------------------|--|
| Embu | 4 | 25,00 | 65,000 |
| Kakamega | 7 | 28,000 | 73,000 |
| Nakuru | 4 | 35,000 | 91,000 |
| Garissa | 7 | 10,000 | 26,000 |
| Nyeri | 9 | 36,000 | 94,000 |
| Kisumu | 7 | 48,000 | 125,000 |
| Mombasa | 8 | 50,000 | 131,000 |
| Nairobi | 4 | 60,000 | 157,000 |

- f) Further, County Directors were consulted to provide market rental values of houses similar to former PCs official residence in their counties and provide the rent paid for governors in respective counties.
- g) Out of the 29 County Directors who responded the Commission noted that:
 - i) Counties with the highest rental for Governor and County Assembly Speaker were Nairobi City County ranging from Ksh. 200,000-500,000, Kiambu County ranging from Ksh. 150,000-450,000, Uasin Gishu County ranging from Ksh. 135,000 -200,000 and Kwale County ranging from Ksh. 120,000-220,000.
 - ii) For some counties' State Officers were residing in other counties like Nandi, Elgeyo Marakwet, West Pokot. While others were residing in their homes like Homa bay and Tharaka Nithi counties.
 - iii) Lamu County paid rent for governors at Ksh. 250,000 monthly while Kririnyaga and Nyamira counties paid lowest at Ksh. 50,000 monthly.
 - iv) Lamu and Nandi paid highest for Speakers house at Ksh. 110,000 while Migori County paid the lowest at Ksh. 28,000 per month.
- h) On noting the disparities, the Commission on 24th October, 2016 provided guidelines on rental ceiling which were as follows:
 - i) Maximum of Ksh. 200,000 monthly for Nairobi, Mombasa and Kisumu county governors
 - ii) Maximum of Ksh. 100,000 monthly for governors in other counties.
 - iii) Maximum of Ksh. 150,000 monthly for Nairobi, Mombasa and Kisumu county Assembly Speakers.
 - iv) Maximum of Ksh. 75,000 monthly for other county assemblies Speakers
- i) The Commission further directed the counties to prioritise construction of official residences in 2018/2019 financial year since the option of paying rent would cease by 30th June, 2019.
- j) On 7th July, 2017 the Commission reviewed the benefits of state officers in county government and introduced the housing benefit for deputy governors.
- k) The rental ceiling provided was as follows-
 - i) Maximum of Ksh. 185,000 monthly for Nairobi, Mombasa and Kisumu county deputy governors
 - ii) Maximum of Ksh. 90,000 monthly for deputy governors in other counties.
- l) The Commission further reiterated that counties should prioritise construction of official residences in 2018/2019 financial year since the option of paying rent would cease by 30th June, 2019.
- m) The representatives of the Commission noted that-
 - i) Counties had varying budget provisions ranging from Ksh. 100 million to Ksh. 250 million for construction of each state officer residence.

- ii) The budget provisions were made without consulting the State Department of Public Works on designs and bill of quantities
- iii) There was need to develop standard designs and expected maximum costs for such projects.
- n) That the incoming commission may be advised to consider the matter and provide the way forward on the matter of deadline of 30th June, 2019.

Deliberations ensued.

The Committee noted that:

- a) There was need for design standardisation and capping of maximum expenditure on the projects.
- b) The circular by SRC giving the 30th June, 2019 deadline should be receded.
- c) For the purpose of the counties which had initiated the projects there was need for works appraisal.
- d) Special audit would assist in establishing the extent to which counties had expended their budgets on the projects.
- e) The acreage within which the residence should be housed need to be set.
- f) All the stakeholders should be consulted on the matter to ensure the guidelines issued were acceptable and achievable and do not compromise service delivery.

The Committee resolved as follows:

- a) The SRC circular be revoked forthwith;
- b) Invite Ministry of Transport, Housing and Urban development to a meeting on 11 July, 2018 at 11:00am to deliberate on the matter of designs and costings.
- c) The discuss the matter with Controller of Budget with view of not approving withdrawal of funds meant for the non-core infrastructure projects.

MIN. NO. 186/7/2018: ANY OTHER BUSINESS AND ADJOURNMENT

There being no any other business the meeting was adjourned at 12:30 pm. The date of the next meeting was set for Wednesday, 11th July, 2018 at 11.00 am.

MIN. NO. 187/7/2018:

PRAYERS

The Chairperson called the meeting to order at 11.05 a.m and welcomed the members. This was followed with a word of prayer.

MIN.NO. 188/7/2018:

ADOPTION OF THE AGENDA

The agenda of the meeting was adopted after it was proposed by Sen. Rose Nyamunga and seconded by Sen. Farhiya Haji.

MIN. NO. 189/7/2018: MEETING WITH MINISTRY OF TRANSPORT,
INFRASTRUCTURE, HOUSING AND URBAN
DEVELOPMENT

The Chairperson, welcomed the representatives from the ministry and after introduction he briefed the purpose of the consultative meeting. He indicated that the aim was to consult on the ongoing constructions of county headquarters, Assembly chambers, Governors' deputy governors and County Assembly speakers' residences.

He thereafter welcomed the ministry to make representations.

The Committee was informed as follows:

- a) At the initiation of the devolution, the ministry through the department of public works was spearheading the designing and development of county offices and assemblies. This was in line with preparing to support county government.
- b) The county council, municipal and town council halls that existed in all counties were evaluated (March 2011) to ascertain their adequacy in accommodating the anticipated county governments.
- c) By the time of suspension of the exercise, 35 counties had identified and concurred on their county headquarters (both the Assembly and Executive).
- d) For counties which did not have the facilities or wanted to expand, there was proposed designs (prototype designs) which aimed towards having uniform and similar facilities in all counties.
- e) The 2011 infrastructural designs were to be customised for every site, after site identification, investigation and survey work.
- f) The costing of 2011 designs were as follows:

| Facility | | Land Requirement | Cost (in '000') |
|------------------------------|------------------|------------------|-----------------|
| County Assembly | | 3-4 Acres | 727,739 |
| County Offices | | 2-3 Acres | 424,539 |
| County Leadership Residences | Governors | 1-2 Acres | 267,980 |
| | Deputy Governors | | 174,250 |
| | County Speaker | | 174,250 |
| | County Clerk | | 174,250 |
| Total | | | 1,943,008 |

- g) After several consultative meetings, the ministry was advised by defunct Constitution Implementation Commission (CIC) to stop the exercise as it were not in the spirit and letter of the constitution.
- h) Implementation of county infrastructure for counties allocated conditional grant for construction of county headquarters the status was as follows:

| County | Project Cost (Kshs) | Status | Remarks |
|---------------|-------------------------|--|---|
| Tharaka Nithi | 366,823,802.56 | 54% done

The ministry engaged at appoint where the building was just off the ground | The facility was not adequate and the county had to provide additional facility to accommodate the offices. |
| Nyandarua | 617,664,564.15 | 20% done | The contract sum was far above the recommended cost.

The contractor could not start works without letter of comfort but the exchequer challenges led to 3 months delay |
| Isiolo | 870,708,404.35 | Tendered and awarded | Site challenges. Changed several times and after a lot of consultations. |
| Tana River | 900,000,000 | To be tendered | - There was no land and county government was not ready to procure (wanted the national government to acquire land for them)
- May take the next two years |
| Lamu | Mokowe – 400 million | Documentation complete to be awarded | Unique nature of the island led to segregation of the county offices. |
| | Hindi
200,790,251.36 | Tender evaluation ongoing | Initial contract sum was very high, retendering had to be done. |
| | Faza-
211,801,246.36 | | |

- i) There other county Assemblies like Bomet, Nyandarua and Marsabit who had initiated the construction of the Assembly and offices. Designs, documentation and supervision had been done.
- j) Regarding the county non-core infrastructure -residences of the county state officers, headquarters and assembly chambers - the ministry and the Commission on Revenue Allocation (CRA) had consultations, the standardisation of designs and estimated costs were reviewed as outlined below. The benchmark for residences was the former Provincial Commissioner's (PCs).

| Project | Estimated maximum cost (Kshs) | |
|--|---|--|
| Governor's residence | 45 million | Prototype designs were complete.

Alternative building technologies to be adopted. |
| Deputy Governor's residence | 35 million | |
| Speaker's residence | 35 million | |
| County Headquarters | 500 million | |
| Assembly chambers and offices (to be in four categories) | 1-30 MCAs
31- 60 MCAs
61- 90 MCAs
91- 150 MCAs | Designs were yet to be completed.

Thereafter costing would be done |

- k) If funds would be available, the residences can be done in 12 months including procurement period of 3 months. Constructing county headquarters would take 24-32 months (3 financial years) including the 3 months procurement period.
- l) The ministry proposed-
 - a) to continue engaging the CRA to finalise the process of designing and costing
 - b) present the proposed final designs and cost estimates to the Committee.

The Committee made the following observations and recommendations:

- a) The ministry to expedite consultations with CRA and submit final designs for all the infrastructure and estimated costs within 2 weeks.
- b) The standards and prototype designs for the structures should be the same for all the counties.
- c) The 5 counties getting the conditional grant of Ksh. 363 million (70% of the cost of the facility) spread over 3 years for headquarters should contribute the rest 30% of the cost. That total cost of construction translate to approximately Kshs. 500 million.
- d) Considering the technical and market forces the maximum cost of headquarters should not exceed Ksh. 500 million.

- e) The case of Nyandarua headquarters which the tender had been awarded may be varied since lowering the contract sum to 500 million would not be beyond the allowable threshold of 25%.
- f) The design for assembly chambers should include MCAs' offices

The meeting had a consensus that the next meeting be held Tuesday, 24th July, 2018 at 11:00 am.

MIN. NO. 190/7/2018: CORRESPONDENCE

- a) Letter from County Assembly Forum (CAF) on submissions on the County Ward Development Equalisation Fund Bill, 2018

The Committee noted that though public hearings were conducted and report tabled, the submission may be considered during the ongoing further consultation with key stakeholders in formulation of the legal national framework on county ward-based development projects.

- b) Letter from Commission on Revenue Allocation (CRA) requesting for a meeting on 26th July, 2018 to discuss the review of the second basis and preparation of the third basis for revenue sharing among the county governments.

The Committee deliberated on the request and resolved that the meeting proceed as requested.

- c) Letter from office of the Governor, County Government of Elgeyo Marakwet requesting for appointment with Committees of finance & Budget and Devolution & Intergovernmental Relations on 24th July, 2018.

The Committee deliberated on the matter and resolved to have the meeting the same day between 10 am- 11 am.

- d) Letter from Council of governors with annexed gazette notice indicating that the county equitable share was reduced from Ksh. 302 billion to Ksh. 288 billion.

The Committee deliberated on the matter and resolved to invite the Cabinet Secretary, National Treasury to its meeting scheduled for Tuesday, 17th July, 2018 at 11:00am to brief the Committee on the contents of the gazette notice. Further on the delayed disbursement of funds to county government.

MIN. NO. 191/7/2018: ANY OTHER BUSINESS AND ADJOURNMENT

There being no any other business the meeting was adjourned at 12:30 pm. The date of the next meeting was set for Wednesday, 11th July, 2018 at 11.00 am.

MIN. NO. 229/8/2018:

PRAVERS

The Chairperson called the meeting to order at 11.05 a.m and welcomed the members. This was followed with a word of prayer.

MIN.NO. 230/8/2018:

ADOPTION OF THE AGENDA

The agenda of the meeting was adopted after it was proposed by Sen. Mutula Kilonzo Junior and seconded by Sen. CPA Farhiya Haji

MIN. NO. 231/8/2018: MEETING WITH CONTROLLER OF BUDGET, COMMISSION ON REVENUE ALLOCATION AND MINISTRY OF TRANSPORT, INFRASTRUCTURE AND PUBLIC WORKS TO DELIBERATE ON NON-CORE INFRASTRUCTURE PROJECTS BY COUNTY GOVERNMENTS

The Chairperson welcomed the members and government officials presented. After introductions, he made remarks that the meeting was a follow up meeting on matters relating to the non-core infrastructure projects by county governments. Thereafter, he welcomed officials to make their briefs. The Committee was briefed as follows:

- a) The ministry had completed the prototype designs for modern county state officers' residences, modern county executive headquarters, county assembly chambers and offices for MCAs;
- b) The acreage for the residences would differ depending on the availability of land. However, beyond 2 acres would not be prudent.
- c) The residences were comparable to the former provincials Commissioners' residences which existed in every provincial headquarters.
- d) The designs for residences were as follows-
 - i. Governors House- area space between 800- 750m³ at a cost of 45 million
 - ii. Deputy Governor and County Assembly Speakers' – Area space of 500- 600 m³ at a cost of 35 million.
- e) The county assembly chambers were categorised into three depending on the number of members as shown below-

| Type | Numbers | Estimated Cost (in Millions) | | Total Cost |
|------|--------------|------------------------------|--------------|------------|
| | | Chambers | MCAs offices | |
| I | 30 and below | 200 | 200 | 400 |
| II | 31- 60 | 250 | 250 | 500 |
| III | Above 60 | 400 | 350 | 750 |

- f) The cost of land was not included in the figures provided in the above table.
- g) The estimated cost of county executive headquarters was Kshs. 500 million. The ministry had completed the prototype designs. However, each county had freedom to add their aesthetic/ cultural values but the cost should not exceed the proposed limits.
- h) The ministry tabled before the Committee the proposed prototype designs.

Regarding the conditional grant on supplement for construction of county headquarters, the committee was informed that

- a) The National Treasury had not released the funds as per the approved county Allocation of Revenue Act for the financial years 2016/2017 and 2017/2018.
- b) Out of the 5 counties which were to receive the funds Tharaka Nithi was the only county that had works started in time.
- c) Nyandarua and Isiolo counties the contracted had just been awarded and its value was above the proposed limits
- d) Tana River and Lamu counties document was complete and were awaiting award of tenders.
- e) Tharaka Nithi had the building almost complete. However, the initial designs of the building did not include some structural works. Alteration of designs was being done to provide for important structures such as water systems
- f) The ministry had written letters to the respective county governors informing them of the proposed limits on the total cost of the constructing the buildings. In some cases, the cost had escalated due to addition of aesthetics. Such may be scaled down to ensure the costings were within the recommendations and ensure prudence use of public funds.

The Committee observed that the counties benefiting from the conditional grant had their budgets far above the initial proposed budgets estimates of Kshs 518 million. Defeating the justification of the affirmative action.

The Committee resolved -

- a) to prepare a report and table to the House with recommended limits on the costing of the infrastructure.
- b) The ministry to provide information on the funds which National Treasury may have released on conditional grant meant to supplement for construction of county headquarters in the last two financial years

MIN. NO. 232/8/2018: ADJOURNMENT DATE OF THE NEXT MEETING

A Member observed that the House was to proceed on recess for almost one month. After consideration, the Committee resolved to take a break for one week and resume meetings later in the month.

There being no other business the meeting was adjourned at 1:05 pm.
