

**REPUBLIC OF KENYA**

**TWELFTH PARLIAMENT – THIRD SESSION**

**THE NATIONAL ASSEMBLY**

**VOTES AND PROCEEDINGS**

**THURSDAY, FEBRUARY 28, 2019**

1. The House assembled at thirty minutes past Two O'clock
2. The Proceedings were opened with Prayer
3. **Presiding** –the Honourable Speaker
4. **COMMUNICATION FROM THE CHAIR**

The Speaker conveyed the following Communications –

(i) **Delegation from Parliament of Malawi**

“Honourable Members,

I wish to introduce to you a delegation of Members of Parliament and Staff from the Parliament of Malawi seated at the Speaker’s Row. The delegation comprises-

- (i) The Rt. Hon. Richard Msowoya, MP - Speaker and Leader of Delegation;
- (ii) The Hon. Lobin Lowe, MP – Chief Whip, Malawi Congress Party and,
- (iii) The Hon. Raphael Mhone, MP - Leader of the People’s Party.

The delegation is accompanied by: -

1. Mr. Joseph Manzi - Senior Assistant Clerk of Parliament;
2. Mr. Leonard Mungezi - Assistant Clerk of Parliament (Protocol); and
3. Mr. Vitumbiko Chitaya - Personal Assistant to the Speaker.

Honourable Members, the delegation, which is drawn from the Membership of the House Business Committee, is in the country on a benchmarking visit to our Parliament, specifically to share experiences and learn good practices with our counterpart Committee and other offices.

On my own behalf and that of the House, I wish to welcome them to the National Assembly and wish them fruitful engagements during their stay in the Country.

Thank you.”

(ii) **Guidance On Consideration Of The President’s Reservations to the Health Laws (Amendment) Bill (National Assembly Bill No.14 of 2018)**

“Honourable Members,

Before the House resolves into Committee of the Whole House to Consider the President’s Reservations to the Health Laws (Amendment) Bill (National Assembly Bill No. 14 of 2018), I wish to provide guidance on the procedure of considering amendments thereto.

Honourable Members, as you are aware, consideration of the President’s Memorandum to any Bill is guided by the provisions of the Constitution, the Standing Orders as well as the *Communication* I issued on 28<sup>th</sup> July 2015 which refined the procedure more empirically and specifically. It is within this context and background that I wish to guide the House on the amendments proposed by the Departmental Committee on Health to the President’s Memorandum, which are appearing on the Order Paper.

Honourable Members, the Departmental Committee on Health proposes that the Presidential Memorandum be amended–

- 1) in section 3(1) of the proposed amendments to the Pharmacy and Poisons Act, Cap. 244, by deleting paragraph (e); and
- 2) in the proposed amendments to the Nurses Act, Cap. 257–
  - (a) in section 4(1), by deleting the word “two” appearing in paragraph (h) and substituting therefor the word “one”; and
  - (b) by deleting the proposed amendment to section 9(1)(i).

Honourable Members, the proposed further amendment to section 3(1) of the Pharmacy and Poisons Act, Cap. 244 deletes paragraph (e), which provides for two persons representing training institutions as members of the Pharmacy and Poisons Board. The new paragraph (f) as contained in the Presidential Memorandum also provides for the appointment of two representatives of training institutions into the Pharmacy and Poisons Board. This new paragraph (f) introduces the appointment of a pharmacist representing institutions of higher learning as well as a pharmaceutical technologist representing mid-level colleges. The Committee therefore proposes to delete paragraph (e) so as to avoid the over-representation of training institutions in the Board.

Honourable Members, the Committee’s recommendation is therefore in keeping with the principle underlying the President’s reservation, which is to align the Act with the current government policy of limiting the membership of Boards to manageable numbers for effectiveness and efficiency. This amendment therefore fully accommodates the President’s reservations, and the provision of Article 122(1) will apply.

Consequently, a simple majority will suffice to consider the proposed amendment by the Departmental Committee of Health to the Pharmacy and Poisons Act, Cap. 244.

Honourable Members, the effect of the proposed further amendment to section 4(1)(h) of the Nurses Act, Cap. 257 is to reduce the number of persons nominated by the Cabinet Secretary to represent the public in the Nursing Council, from two to one. The President's Memorandum introduces the Director General of Health in the membership of the Nursing Council, thereby increasing the total membership of the Council. The Committee propose to retain the membership of the Council at nine members (excluding the *ex officio* member) by reducing the number of persons nominated by the Cabinet Secretary. The Committee in doing this concurs with the President's reservation on the need to include the Director General for Health as a member of the Council, in keeping with the current government policy of including the Director General for Health as a member of the regulatory bodies within the health sector. This amendment therefore fully accommodates the President's reservations, and the provision of Article 122(1) of the Constitution will apply. Consequently, a simple majority will suffice to consider the proposed amendment by the Departmental Committee of Health to Section 4(1) of the Nurses Act, Cap. 257.

Finally, Honourable Members, the proposed Committee amendment to section 9(1)(i) of the Nurses Act, Cap. 257 deletes the President's proposed text to delete the regulation of the standards of nursing commodities as a function of the Nursing Council. The Committee seems to be of the view that the regulation of the standards of nursing commodities is a function that should be retained by the Nursing Council until such time as Parliament enacts a single regulatory body for the regulation of health products and health technologies, as provided in section 62 of the Health Act, No. 21 of 2017. This amendment therefore does not accommodate the President's reservations and is indeed a direct negative. In this case, the provisions of Article 115(4)(a) of the Constitution will apply. Consequently, passage of Section 9(1)(i) of the Nurses Act, Cap. 257 will require support of at least two-thirds of the membership of this House.

In summary, Honourable Members, as regards the amendments proposed to the President's Memorandum by the Departmental Committee on Health, I wish to guide the House -

- 1) THAT, the passage of the Committee's amendment to section 3(1) of the proposed text to the Pharmacy and Poisons Act, Cap. 244 shall require a simple majority;
- 2) THAT, the passage of the Committee's amendment to section 4(1) of the proposed text to the Nurses Act, Cap. 257 shall require a simple majority; and
- 3) THAT, the passage of the Committee's amendment to section 9(1)(i) of the Nurses Act, Cap. 257 shall require support of at least two thirds of the membership of the House as it proposes to negate the reservations of the President; and,

With regard to the text of the amendments recommended by the President, which will essentially be moved by the Leader of the Majority Party, the guidance contained in my *Communication* of 28<sup>th</sup> July 2015 will apply. Indeed, I have reiterated the contents of that Communication severally, particularly on –

- (i) the simple majority requirements for agreement with the text proposed in the President's reservations; and,
- (ii) the two-thirds voting requirements in respect of any proposal to negate the text proposed in the President's reservations.

Please be advised accordingly”.

I thank you.”
