**II. FORWARD BY THE HONORABLE ATTORNEY GENERAL**

The mandate of State Law Office and Department of Justice (SLO & DOJ) is derived from Article 156 of The Constitution of Kenya, 2010, The Office of the Attorney General Act, 2012 and Executive Order No. 1 of 2018. The office has undertaken various activities and made tremendous achievement in the last one year despite low budget provision to undertake its mandate. The achievements under the three budgeted programmes implemented by the office were managed through departmental responsibilities with clear strategic objectives and expected outputs. There have also been various emerging issues and challenges that called for change of tact to ensure success in our undertaking. We have been operating with a lean budget of Kes. 4.7 Billion where we managed to execute Kes. 4.3 Billion being an absorption rate of more 92% of the budget. We have devised the way forward to ensure greater success in our mandates and achieve higher budget absorption rate. The details of these issues can be demonstrated by the following sections.

**DETAIL OF KEY ACHIEVEMENTS**

**P.1 Legal Services Programme**

Under the **Civil Litigation Department** contracted to conclude 1,000 cases filed against the Government. The Department concluded 1,570 cases representing an achievement score of 157%. As a result, several cases against the government with claims in the Billions were successfully defended. Because of the successful defence of the claims, the government saved Kshs.34.7 Billion arising from dismissed cases and the reduction of compensatory damages sought by Claimants. The Department has enabled several government projects under the Big Four Agenda by successfully defending applications for stay and conservatory orders of the projects and the applicable laws.

The **Assets Recovery Agency** successfully identified, traced, seized and recovered proceeds of crime pursuant to its mandate under the Proceeds of Crime and Anti Money Laundering Act, 2016 (POCMLA). The Agency initiated investigations and successfully identified, traced, seized, preserved and forfeited assets worth Kshs.3.5 billion from proceeds of crime. The Agency prepared intelligence reports and received 72 cases from the Financial Reporting Centre and the Directorate of Criminal Investigations to pursue proceeds of crime. Out of the intelligence reports received the Agency filed 300 cases for search and seizure warrants before the Magistrates' Courts. Further 77 cases were filed at the High Court for preservation and forfeiture of proceeds arising from high profile cases such as NYS II Kenya Pipeline Corporation, Kenya Power, NHIF, KEBS among others. The Agency managed all seized assets including motor vehicles, land parcels, bank accounts, houses and other properties in collaboration with relevant stakeholders and partner Law Enforcement agencies.

The **Advocates Complaints Commission** conducted and facilitated ADR sessions in 13 Counties; 270 disputes were subjected to ADR mechanism out of which 127 were amicably settled and more than Kes.39 million was realized by complainants; 20 advocates were suspended whereas 6 were struck off the Roll of Advocates having filed Charges at the Disciplinary Tribunal within 3 days of completion of investigations against the set target of 4 days. To enhance Investigations, collection of evidence was done in 6 Counties (Kajiado, Mombasa, Garissa, Uasin Gishu, Kisumu and Kakamega) thereby reducing the number of days taken to conduct preliminary investigations from 100 days to 90 days. The ACC managed to digitize 5343 complaint files thus enhancing efficiency in record management. During the year 1,185 complaints were resolved and files closed.

The **International Law Division** During the FY 2018/2019, the International Law Department reviewed and vetted 970 bilateral, regional and international Memoranda and Agreements submitted by Ministries, Departments and Agencies within 6 working days, defended the Republic of Kenya in 5 International arbitration and litigation matters, provided legal advice in 112 regional and international meetings and provided legal advice in matters on Judicial cooperation and international criminal justice within 6 working days of receipt of all information and documentation.

The **Legal Advisory and Research Division**, issued 924 legal opinions to the relevant MDAs and 40 legal opinions were issued to the County Governments within seven (7) days. We conducted research on E-learning and digitization of library activities from the date of receipt of the required documentation. We reviewed the Law of Contract, Cap 23 Laws of Kenya as well as the Sexual Offences Policy and the Sexual Offenses Act, No. 3 of 2006. The Division continuously issues legal advisories to MDAs on matters related to the Big Four Agenda, in projects such as the Early Oil Pilot Scheme (EOPS), International Arbitration, Maritime Law, Trade and Investment, Sea Bed Mining etc. The Division reviewed the response time for issuance of legal advisories from three (3) days to seven (7) days due to its expanded mandate arising from the promulgation of the new Constitution, complexity of the tasks, high work volumes and time required for research particularly in the specialized emerging areas of the law such as Oil and Gas Law, De-limitation of International Maritime Boundaries, Joint Development Zones Framework, the Blue Economy and Public Private Partnerships.

The **Government Transactions Division** is an enabler of the Big Four Agenda and the Vision 2030 Flagship projects. The Division vetted procurement contracts of MDAs and State Corporations and provided timely legal advice and opinions on commercial transactions to MDAs and State Corporations. The Division undertook legal due diligence on some of the contractors engaged in major infrastructure projects in the country. The Division negotiated, vetted and interpreted bilateral

and multilateral finance agreements for and on behalf of MDAs and State Corporations to finance infrastructure projects and participated in loan and grant negotiations between the Government and Development Partners. The Division engaged stakeholders on emerging issues such as review of the Government Contracts Act. The commercial matters include infrastructural projects such as roads, ports, health, pipelines, railways (SGR), energy, ICT, among others.

The **Legislative Drafting Department** under the Big 4 Agenda drafted 1 Bill and 6 pieces of subsidiary legislation; attended to passage of the Statute law (Miscellaneous Amendments) Bill 2018 and the Health Laws (Amendment) Bill 2018 through which amendments were made to 53 Acts and 11 Acts respectively. The office further inspected 12 Public Trustee regional offices for quality assurance and compliance with the Public Trustee Act and the Law of Succession Act and the Trustee Act. Following the review of the Public Trustee Act, the Office embarked on a Rapid Result Initiative (RRI) resulting to enhancement of revenue collection from 68Million to 76Million. In the FY 2018/2019, the Public Trustee enhanced access to justice by reducing the time taken to draw final distribution accounts of estates. A total of 5225 files were finalized at an average of 15 days thereby transmitting assets in these estates to beneficiaries.

Under the **Registrar General**, Marriages division inspected and sensitized 8 regional and 26 county offices in compliance with the Marriage Act, 2014. The inspection and sensitization were necessary to increase access to marriage services in the counties and to ensure compliance with the Marriage Act, 2014. In the same year, the Registrar of Marriages sensitized two (2) Kenyan missions in South Africa and Germany with a view of enhancing capacity building. Some 4,452 civil marriages were performed in the Nairobi office and 7,755 church marriages were approved. Further, 1,350 ministers of faith were licensed. The review of the Societies Act was finalized culminating into a draft Association Bill, 2019. The Coat of Arms division commenced review of the College of Arms Act, Cap 98 resulting in a layman's draft, Heraldry Bill, 2019. The review of the College of Arms Act is essential to realign Kenya's laws with international best practices.

So far approximately 80% of the processes at BRS are on a digital platform thus enabling the delivery of services to the public at the comfort of their offices or homes. The **Administration** also provided internship/ industrial attachment/ apprenticeship to 153 applicants representing 14% of the total in-post of staff strength of 850.

**LIST OF EMERGING ISSUES**

**a. Demand for legal services**

In implementing the Big Four Agenda, SLO & DOJ will be required to vet all contracts and agreements to ensure they are legally compliant and in conjunction with MDAs negotiate various financing agreements to enable the implementation of the Big Four and render legal opinions to MDA's and all implementers of Big Four Agenda. The SLO & DOJ has experienced an increase in number of litigation against the government post 2010 constitution with huge monetary claims against the MDAs which has now increased the demand for legal services to defend the government policies, programs, actions and laws. These cases will have increased with the implementation of the Big Four agenda both in various courts across the country, Tribunals and cross border litigation. Over the years there has been high turnover of legal staff to other sectors hence there is need to recruit more state counsel for the SLO & DOJ to fulfil the intended mandate and achieving the Big Four agenda.

**STATE LAW OFFICE AND DEPARTMENT OF JUSTICE  
Reports and Financial Statements  
For the year ended June 30, 2019**

---

**b. Cross border legal practice**

The lack of a harmonized accreditation criterion within the regulatory bodies for legal education in the East African Community Partner States, and the difficulties occasioned by the different legal systems in the region has hampered cross border legal practice. Kenya requires to negotiate a framework for legal practitioners to operate across other regional jurisdictions.

**c. Inadequate Legal Framework**

There are new and emerging issues for which there is no legal framework and therefore a lack of precedent to guide the courts. These include extractive industry, nuclear energy, air space, blue economy, recovery of non-monetary assets from proceeds of crime. There is need for legal training in these in these emerging areas so that they can provide technical expertise when required as opposed to engaging private expertise.

**d. Representation in Regional and International Courts, Commissions and Tribunals**

There is an increase in the number of disputes being referred to the regional and international bodies which requires legal support and advice from the SLO&DOJ. These cases have huge monetary implications to Government hence the need to build the capacity of state counsel to represent the country.

**e. Ease of doing business**

SLO&DOJ will review legislation to further improve the ease of doing business ranking specifically in starting a business, getting credit, Protection of Minority investors and resolving insolvency. This will ultimately attract more investors. The funds will also aid in ensuring that all the processes are digitized to help in better service delivery and improved revenue collection.

BRS will delink from the OAG & DOJ to ensure that the Service is fully operationalized. This will ensure that departments as envisioned by SCAC start operating fully making the Services rendered by the Service efficient, this will intern boost the revenue.

**f. Corruption**

The Country continues to face challenges in the fight against corruption. The greatest challenges relate to high levels of corruption awareness which do not translate into behavioral change towards corruption. The growing public apathy perpetuates inadequate public support in the fight against corruption arising from a deeply rooted culture of corruption coupled with the ever-changing nature of corruption limits the impact of the campaign and may affect the implementation of the Big Four Agenda.

**STATE LAW OFFICE AND DEPARTMENT OF JUSTICE**  
**Reports and Financial Statements**  
**For the year ended June 30, 2019**

**g. Law reporting on specialized areas**

The practice of law is increasingly becoming specialized as the legal environment continues to develop and expand and there is a need to provide public legal information that is specific to the various practice areas. SLO&DOJ seeks to enhance the reporting of judicial decisions into specialized practice areas. This will aid in enhancing the access to specialized judicial decisions and will enable the knowledge and practice of the law.

**THE IMPLEMENTATION CHALLENGES**

The progress achieved in implementation of SLO&DOJ's programmes and other activities in the review period was notably positive. However, various challenges and constraints were experienced during implementation, such as:

- Increased work load for state counsel arising from an expansion of jurisdiction and additional courts.
- Employment freeze has created human capacity gaps and therefore affecting efficiency and service delivery particularly the SAGAs e.g. NLAS, KECOBO, BRS, KLRC and NCLR.
- Inadequate funds for training of State Counsel/Lawyers in emerging specialized areas of Law.
- Inability to attract and retain qualified staff due to lack of harmonized terms of services within the law and justice sector.
- Lack of trained legal clerks.
- Lack of a modern functional legal resource centre to facilitate research.
- Limited automation of services hampers operations in key departments.
- Inadequate transport facilities for officers to travel to courts spread in vast counties.
- Inadequate office space, non-conducive working environment and high cost on rent and leases.
- Slow pace of decentralization due to inadequate budgetary provision.
- Compliance challenges for donor supported programmes resulting in non-conformity with the PFM Act 2012.
- Insufficient hosting resources for the system causing unreliable access to the system
- Inadequate public awareness and sensitization on the legal and process reforms related to business registration service.

**RECOMMENDED WAY FORWARD**

To address the identified key emerging issues and challenges and given the unique mandate of SLO&DOJ in the provision of legal services to Government and the public, SLO&DOJ makes the following recommendations:

- Enhance the capacity of state counsel especially in specialized fields to ensure efficiency in legal services.
- Recruitment of additional state counsel and other staff.
- Harmonization of terms and conditions of service within the legal sector institutions.
- Public Service Commission should establish a cadre for Legal Clerks.
- Human Resource restructuring of SLO&DOJ to ensure staff retention.
- Ensuring that the relevant laws are in place, reviewed and updated.
- Establish a modern functional legal resource centre to facilitate research.
- Automation of operations/ digitization of registries.
- Decentralization of services to the counties.
- Enhance the budget to cater for purchase of motor vehicles and acquisition of additional office space.
- Enhance the budget to cater for refurbishment and maintenance of existing facilities.
- Operationalize National Legal Service and Victims Protection Board, fast track delinking of Assets Recovery Agency and Business Registration Service.
- Operationalize the Premium case-law database and the online Laws of Kenya database.
- Accelerated standardization and harmonization of donor supported programme agreements with a view to mainstreaming to national systems of Legal requirements.

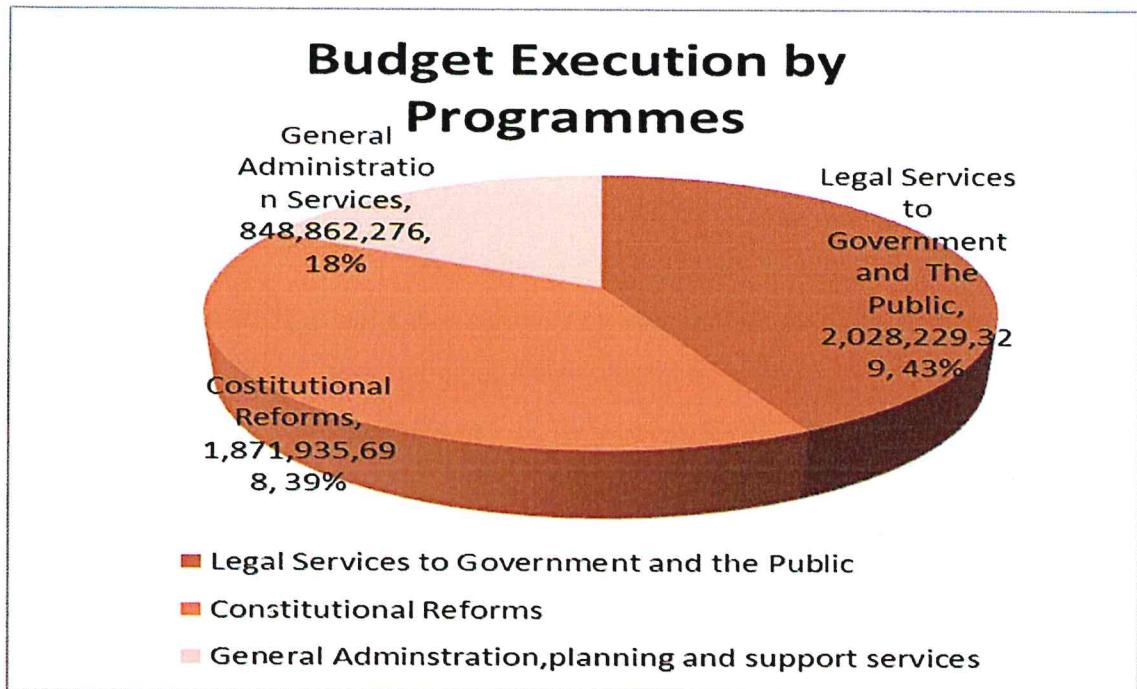

**FINANCIAL PERFORMANCE SUMMARY**

**Budget Allocation and Execution FY2018-2019**

The allocated budget of Kes.4,749,027,303 to the State Law Office and Department of Justice was executed by the three programmes where 43% was under the legal services, 39% under the constitutional reforms and general administration took 18% only. This has been shown by the following figure1.

**STATE LAW OFFICE AND DEPARTMENT OF JUSTICE  
Reports and Financial Statements  
For the year ended June 30, 2019**

**Figure 1: Execution by Budgeted Programmes**

The total budget allocated in the year 2018-2019 was expensed in total as shown by the following table where both total receipts and payments was 92%. The table below shows the estimates and actual total amounts received and paid during the year, and the resultant total variances.

**Table 1: Actual performance against budgets**

Revenue/Expense Item	Printed Estimates Ksh	Actual Ksh	Variance Ksh	% Utilization Variance Ksh
Total Receipts	4,749,027,303	4,381,239,570	367,787,733	92%
Total Payments	4,749,027,303	4,370,952,568	378,074,735	92%
Surplus for the Year	0	10,287,002	(10,287,002)	

The actual receipts were 8% below the expected budget. This was attributed to exchequer releases.

**Budget Execution by Economic Items**

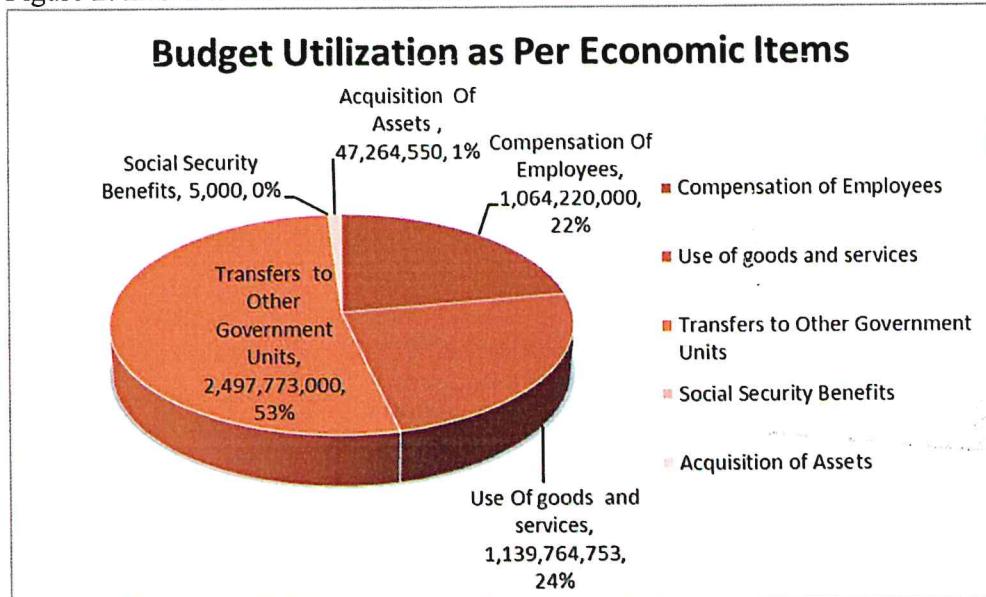

The budget had been allocated under the five economic items shown by the table below. The actual payments were also expensed under the same economic items thus explaining the total variance of unutilized funds. A high percentage of 53% of the total budget was transferred to Semi-Autonomous Government Agencies (SAGAs). This creates a disadvantage to all the other economic activities.

## **REPORT OF THE AUDITOR-GENERAL ON STATE LAW OFFICE AND DEPARTMENT OF JUSTICE FOR THE YEAR ENDED 30 JUNE, 2019**

### **REPORT ON THE FINANCIAL STATEMENTS**

#### **Qualified Opinion**

I have audited the accompanying financial statements of the State Law Office and Department of Justice set out on pages 21 to 40, which comprise the statement of assets and liabilities as at 30 June, 2019, and the statement of receipts and payments, statement of cash flows, the summary statement of appropriation-recurrent and development combined for the year then ended, and a summary of significant accounting policies and other explanatory information in accordance with the provisions of Article 229 of the Constitution of Kenya and Section 35 of the Public Audit Act, 2015. I have obtained all the information and explanations which, to the best of my knowledge and belief, were necessary for the purpose of the audit.

In my opinion, except for the effect of the matters described in the Basis for Qualified Opinion section of my report, the financial statements present fairly, the financial position of the State Law Office and Department of Justice as at 30 June, 2019, and of its financial performance and its cash flows for the year then ended, in accordance with International Public Sector Accounting Standards (Cash Basis) and comply with Public Finance Management Act, 2012.

#### **Basis for Qualified Opinion**

##### **1. Inaccuracies in the Financial Statements**

###### **1.1 Receipts - Other Revenues**

The statement of receipts and payments reflect other revenue receipts of Kshs.435,502,000 which as disclosed in Note 2 to the financial statements represents receipts collected as Appropriations-In-Aid (A-I-A) during the year. However, the supporting documents availed for audit shows that a total of Kshs.533,535,788 was collected as Appropriations-In-Aid from three (3) institutions as detailed below:

<b>Institution</b>	<b>Financial Statement Balance Kshs.</b>	<b>A-I-A Collection Confirmed by Institution Kshs.</b>	<b>Variance Kshs.</b>
Council of Legal Education	160,102,000	175,498,400	(15,396,400)
Kenya Copyright Board	3,000,000	3,228,943	(228,943)

Institution	Financial Statement Balance Kshs.	A-I-A Collection Confirmed by Institution Kshs.	Variance Kshs.
Kenya School of Law	272,400,000	354,808,445	(82,408,445)
<b>Total</b>	<b>435,502,000</b>	<b>533,535,788</b>	<b>(98,033,788)</b>

The resultant difference of Kshs.98,033,788 has not been reconciled or explained.

### 1.2 Discrepancies between Balances in the Financial Statements and the Integrated Financial Management Information System (IFMIS)

The following discrepancies were noted between balances in the financial statements and balances generated by IFMIS:

Item Description	Financial Statements Balance Kshs.	IFMIS Balance Kshs.	Variance Kshs.
Recurrent Account	144,210	3,214,441,458	(3,214,297,248)
Development Account	5,736,008	76,000,000	(70,263,992)
Deposit Account	822,541,728	414,050	822,127,678
Adjustment on bank Balances	155,196,834	-	155,196,834
<b>Total</b>	<b>983,618,780</b>	<b>3,290,855,508</b>	<b>(2,307,236,728)</b>

The resultant difference of Kshs.2,307,236,728 has not been reconciled or explained.

In the circumstances, the accuracy of the financial statements for the year ended 30 June, 2019 could not be confirmed.

### 2. Unreconciled Cash and Bank Balances

The statement of assets and liabilities reflects a bank balance of Kshs.828,421,946 which as disclosed under Note 8A to the financial statements is made up of bank balances of Kshs.144,210 in the recurrent account, Kshs.5,736,008 in the development account and Kshs.822,541,728 held in the deposits accounts. However, no explanation was provided for failure to clear long outstanding reconciling items under both the recurrent and deposits accounts as indicated below:

Description	Recurrent Account Kshs.	Deposits Account Kshs.
Payments in cashbook not in bank	2,368,832	989,454
Payments in bank not in cashbook	2,039,086	0
<b>Total</b>	<b>4,407,918</b>	<b>989,454</b>

Under the circumstances, the accuracy of the bank balance of Kshs.828,421,946 as at 30 June, 2019 could not be confirmed.

### **3. Use of Goods and Services**

The statement of receipts and payments reflect an expenditure of Kshs.870,125,594 under use of goods and services which as disclosed at Note 4 to the financial statements includes an amount of Kshs.103,490,681 incurred on rentals of produced assets. However, no reconciliation between the amounts payable and actual payments for the leased premises was availed for audit verification. Further, included in the total expenditure of Kshs.870,125,594 under use of goods and services is an amount totalling to Kshs.84,273,146 incurred in regional offices. The expenditure of Kshs.84,273,146 though captured in the ledger was however, not supported by detailed expenditure returns from the regional offices.

In addition, lease agreements for offices rented in Malindi, Meru, NSSF Mombasa, Cooperative House Nairobi and Embu were not fully executed and registered with the Ministry of Public Works in line with Section 47 of the Registered Land Act Cap 300.

In the circumstances, the accuracy of use of goods and services expenditure of Kshs.870,125,594 for the year ended 30 June, 2019 could not be confirmed.

### **4. Transfers to Other Government Entities**

Note 5 to the financial statements indicates that a total of Kshs.2,409,719,913 was transferred to eleven (11) entities during the year under review. However, confirmations from the beneficiary institutions as at 30 June, 2019 reflected variances totalling Kshs.571,992,962 from five (5) institutions as detailed below:

<b>Institution</b>	<b>Amount Transferred Kshs.</b>	<b>Amount Confirmed by Recipient Kshs.</b>	<b>Variance Kshs.</b>
1. Council of Legal Education	370,566,800	210,464,800	160,102,000
2. Kenya School of Law	562,298,200	289,898,200	272,400,000
3. Kenya Copyright Board	124,580,000	121,580,000	3,000,000
4. National Centre for International Arbitration	113,415,500	113,415,400	100
5. Business Registration Service	312,914,993	176,424,131	136,490,862
<b>Total</b>	<b>1,483,775,493</b>	<b>911,782,531</b>	<b>571,992,962</b>

In the circumstances, the accuracy of transfers to other Government entities of Kshs.2,409,719,913 for the year ended 30 June, 2019 could not be confirmed.

The audit was conducted in accordance with International Standards of Supreme Audit Institutions (ISSAIs). I am independent of State Law Office and Department of Justice Management in accordance with ISSAI 130 on Code of Ethics. I have fulfilled other ethical responsibilities in accordance with the ISSAI and in accordance with other ethical requirements applicable to performing audits of financial statements in Kenya. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my qualified opinion.

## **Key Audit Matters**

Key audit matters are those matters that, in my professional judgment, are of most significance in the audit of the financial statements. There were no key audit matters to report in the year under review.

## **Other Matter**

### **1. Budgetary Performance**

During the year under review, the State Law Office and Department of Justice had actual receipts totalling to Kshs.4,381,239,570 against estimated receipts of Kshs.4,749,027,303 resulting in a shortfall of Kshs.367,787,733. Further, actual expenditure for the year amounted to Kshs.4,370,952,568 against a budget of Kshs.4,749,027,303 resulting in an under expenditure of Kshs.378,074,735 or 8%.

The under expenditure occurred in all expense components. The management has attributed the under expenditure to non-release of all exchequer allocations by the National Treasury which impacted negatively on service delivery to the citizens of Kenya.

### **2. Pending Bills**

As disclosed at note 14.1, 14.2 and 14.3, the State Law Office and Department of Justice reported pending bills of Kshs.44,394,205 as at 30 June, 2019, which were not settled during the year but were instead carried forward to 2019/2020 financial year. Had the bills been paid and the expenditure charged to the respective accounts in 2018/2019, the statement of receipts and payments for the year would have reflected a deficit of Kshs.34,107,203 instead of the reflected surplus of Kshs.10,287,002 for the year ended 30 June, 2019.

## **REPORT ON LAWFULNESS AND EFFECTIVENESS IN USE OF PUBLIC RESOURCES**

### **Conclusion**

As required by Article 229(6) of the Constitution, based on the audit procedures performed, except for the matters described in the Basis for Conclusion on Lawfulness and Effectiveness in Use of Public Resources section of my report, I confirm that, nothing else has come to my attention to cause me to believe that public resources have not been applied lawfully and in an effective way.

### **Basis for Conclusion**

#### **Accounts Receivable – Outstanding Imprests**

Note 9 to the financial statements reflect accounts receivable-outstanding imprest balance of Kshs.4,406,717 which includes Government imprests of Kshs.4,231,029 which ought to have been surrendered or accounted for on or before 30 June, 2019. This is contrary to Section 93 (5) of the Public Finance Management (National Government) Regulations, 2015 which requires a holder of a temporary imprest to account or surrender the imprest

within 7 working days after returning to the duty station. Section 93(6) further provides that in the event of the imprest holder failing to account for or surrender the imprest on the due date, the Accounting Officer shall take immediate action to recover the full amount from the salary of the defaulting officer with an interest at the prevailing Central Bank Rate. No recoveries had been made.

Consequently, it has not been possible to confirm the recoverability of the Government imprest balance of Kshs.4,231,029 as at 30 June, 2019.

The audit was conducted in accordance with ISSAI 4000. The standard requires that I comply with ethical requirements and plan and perform the audit to obtain assurance about whether the activities, financial transactions and information reflected in the financial statements are in compliance, in all material respects, with the authorities that govern them. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

## REPORT ON EFFECIVENESS OF INTERNAL CONTROLS, RISK MANAGEMENT AND GOVERNANCE

### Conclusion

As required by Section 7(1)(a) of the Public Audit Act, 2015, based on the audit procedures performed, except for the matters described in the Basis for Conclusion on Effectiveness of Internal Controls, Risk Management and Governance section of my report, I confirm that, nothing else has come to my attention to cause me to believe that internal controls, risk management and overall governance were not effective.

### Basis for Conclusion

#### 1. Lack of an Audit Committee

In 2018/2019 financial year, the State Law Office and Department of Justice did not have an independent Audit Committee as required by Section 73(5) of the Public Finance Management Act, 2012. In the absence of a functioning Audit Committee, monitoring and review of the effectiveness of the internal audit process, review of internal controls and risk management systems of the Office could not be undertaken.

#### 2. Lack of an Approved Enterprise Risk Management Process and IT Strategic Committee

During the year under review and as previously reported, the State Law Office and Department of Justice did not have an approved well-documented enterprise wide risk management process and policies in place to effectively guide the enterprises risk management processes. This is contrary to Section 165 of Public Finance Management (National Government) Regulations, 2015.

Further, Treasury Circular No. 03/2009; Ref: MOF/IAG/033(75) requires that government entities/agencies should, among other things, develop and establish Risk Management Policy and Framework (RMPF) to guide its strategic and operational activities. However,

the Office did not have an IT Strategic Committee, an IT Strategic Plan that supports business requirements and ensures that IT spending remains within the approved IT strategic plan, formally approved IT security policy to ensure data confidentiality, integrity and availability, documented and tested emergency procedures, copies of the IT continuity plan and disaster recovery plan kept off-site.

The audit was conducted in accordance with ISSAI 2315 and ISSAI 2330. The standard requires that I plan and perform the audit to obtain assurance about whether effective processes and systems of internal control, risk management and overall governance were operating effectively, in all material respects. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

### **Responsibilities of Management and those Charged with Governance**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Public Sector Accounting Standards (Cash Basis) and for maintaining effective internal control as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error and for its assessment of the effectiveness of internal control, risk management and governance.

In preparing the financial statements, Management is responsible for assessing the State Law Office and Department of Justice's ability to continue to sustain services, disclosing, as applicable, matters related to sustainability of services and using the applicable basis of accounting unless Management is aware of the intention to terminate the State Law Office and Department of Justice or to cease operations.

Management is also responsible for the submission of the financial statements to the Auditor-General in accordance with the provisions of Section 47 of the Public Audit Act, 2015.

In addition to the responsibility for the preparation and presentation of the financial statements described above, management is also responsible for ensuring that the activities, financial transactions and information reflected in the financial statements are in compliance with the authorities which govern them, and that public resources are applied in an effective way.

Those charged with governance are responsible for overseeing the financial reporting process, reviewing the effectiveness of how the entity monitors compliance with relevant legislative and regulatory requirements, ensuring that effective processes and systems are in place to address key roles and responsibilities in relation to governance and risk management, and ensuring the adequacy and effectiveness of the control environment.

### **Auditor-General's Responsibilities for the Audit**

The audit objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion in accordance with the provisions of Section 48 of the Public Audit Act, 2015 and submit the audit report in compliance with

Article 229(7) of the Constitution. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISSAIs will always detect a material misstatement and weakness when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

In addition to the audit of the financial statements, a compliance audit is planned and performed to express a conclusion about whether, in all material respects, the activities, financial transactions and information reflected in the financial statements are in compliance with the authorities that govern them, and that public resources are applied in an effective way, in accordance with the provisions of Article 229(6) of the Constitution and submit the audit report in compliance with Article 229(7) of the Constitution.

Further, in planning and performing the audit of the financial statements and audit of compliance, I consider internal control in order to give an assurance on the effectiveness of internal controls, risk management and governance processes and systems in accordance with the provisions of Section 7(1)(a) of the Public Audit Act, 2015 and submit the audit report in compliance with Article 229(7) of the Constitution. My consideration of the internal control would not necessarily disclose all matters in the internal control that might be material weaknesses under the ISSAIs. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions.

Because of its inherent limitations, internal control may not prevent or detect misstatements and instances of non-compliance. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies and procedures may deteriorate.

As part of an audit conducted in accordance with ISSAIs, I exercise professional judgement and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management.
- Conclude on the appropriateness of the Management's use of the applicable basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on

the State Law Office and Department of Justice's ability to continue to sustain its services. If I conclude that a material uncertainty exists, I am required to draw attention in the auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my audit report. However, future events or conditions may cause the State Law Office and Department of Justice to cease to continue to sustain its services.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information and business activities of the Office to express an opinion on the financial statements.
- Perform such other procedures as I consider necessary in the circumstances.

I communicate with the Management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that are identified during the audit.

I also provide Management with a statement that I have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on my independence, and where applicable, related safeguards.
