8*. MOTION – ESTABLISHMENT OF DATABASE CENTRES IN ALL CIVIL REGISTRATION CENTRES IN THE COUNTRY

(The Hon. Mary Wamaua, M.P.)

THAT, aware that the Constitution and the Kenya Citizenship and Immigration Act, 2011 provide that every citizen is entitled to any document of registration or identification issued by the State to citizens including a birth certificate; further aware that, Article 53(2) of the Constitution of Kenya provides that a child's best interests are of paramount importance in every matter concerning the child; cognizant of the fact that, issuance of birth certificates during civil registration associated with children is a challenge across the country due to among other issues, missing information for the parents and children as a result missing and improper documentations, damaged manual documents, and lack of registration of children born outside hospital environments; deeply concerned over the delays and long queues at civil registration centres and the challenges affecting registration of children by the Ministry of Education using the National Education Management Information System (NEMIS) in the Country; **this House urges** the Government to establish database centres in all Civil Registration Centres for purposes of storing all the necessary information required for issuance of birth certificates to all children and puts in place administrative mechanisms to ensure that every child is automatically issued with a birth certificate before the child attains the age of three years.

9*. MOTION – PROVISION OF ASSISTIVE DEVICES AND REQUIRED MEDICAL ITEMS FREE OF CHARGE TO PERSONS WITH DISABILITIES

(The Hon. Dennitah Ghati, M.P.)

THAT, aware that according to the World Health Organization, an estimated 15 percent of the world's population live with some form of disability or different ability, with 80 percent of them living in developing countries; further aware that in Kenya, approximately 6.5 million people live with some form of disability out of whom, nearly 3.8 million are women and girls, while approximately 85 percent of the total number live in abject poverty; concerned that a majority of Persons with Disabilities (PWDs) face numerous challenges including being denied their fundamental rights and freedoms including the right to education and opportunities to work, virtually guaranteeing that they will live their lives in poverty which often exacerbates their vulnerability and dependency on other people, assistive devices and critical medical items and requirements; deeply concerned that lack of these devices, medical items and requirements makes it impossible for PWDs to live normal and dignified lives; this House **urges** the National Government to provide assistive devices and required medical items and requirements free of charge to Persons with Disabilities at the Constituency level through government hospitals or any other government body and to put in place mechanisms for replacement of worn-out devices to enable them live a dignified life, be more productive and to coexist with other people in the society.

10*. MOTION – CONTINUATION OF THE KAZI MTAANI PROGRAMME

(The Hon. Mishi Mboko, M.P.)

THAT, aware that the National Hygiene Programme (NHP), dubbed *Kazi Mtaani*, is a national initiative that was designed to cushion the most vulnerable but able-bodied citizens living in informal settlements from the effects and response strategies of the COVID-19 pandemic; acknowledging that the first phase of the programme started in April 2020 covering eight counties employing over 26,000 workers, while the second phase which began in July 2020 was expanded to cover 34 counties employing over 200,000 workers and is expected to run for six and a half months; appreciating that the programme continues to gradually achieve most of its objectives which include, amongst others, provision of economic empowerment to the youth, prioritization of labour-intensive approaches to Extended Public Works Projects (EPWPs) and utilization of local suppliers while giving preference to locally manufactured goods and services; cognizant of the fact that the programme has greatly assisted in the reduction of social vices that arise as a result of poverty and idleness such as drug abuse and emergence of criminal

gangs; concerned that the effects of the COVID-19 pandemic are still prevalent and the country will take a long time for the economy to restabilize; **this House therefore resolves that** the National Government rolls out subsequent phases of the *Kazi Mtaani* Programme to cover all the 47 counties to address youth unemployment and further cushion the vulnerable members of society, and reviews the current remuneration of the workers in accordance with the Wage Order of 2018.
