	that most of these innovations and artworks are crucial in ideas promotion, intellectual development, creating employment and addressing the problems that affect us as Kenyans on a daily basis; concerned that there is inadequate support and administrative measures in place by the Government to support the artisans; cognizant of the fact that the Kenya Vision 2030 seeks to make our country an industrialized middle-income economy; aware of the immense potential for wealth creation and job opportunities that our own local production can generate if well-developed and commercialized; recognizing that while our imports are well in excess of Kshs.2 billion and are largely composed of non-value adding consumer goods; noting that homegrown technology would be region sensitive and appropriate for the environment, social economic dynamics and suitable for our utility; further concerned that most artisans lack appropriate technological, skills, capital and tools, this House therefore resolves that the National Government through the relevant Ministry formulates a policy which stipulates that at least two per cent (2%) of the National Government Constituencies Fund and <i>Uwezo</i> Fund is allocated for the purpose of equipping artisans with the necessary skills, tools and technology.
