15.	<p>THAT, aware that the existing Kenya Diaspora Policy provides for the mainstreaming of the Kenya Diaspora into national development process in line with the aspirations and goals of the Kenya Vision 2030; noting that formal remittance from the Kenya Diaspora accounts for over 3% of the country's GDP channeled by an estimated three million Kenyans; noting that, contribution by the Kenyan Diaspora to the Country's development goes much beyond personal remittances to include increased trade links, better access to foreign capital markets, skills and technology transfer, diaspora investments funds, knowledge exchange among other enormous potential benefits; acknowledging that, the diaspora community continues to contribute immensely to national growth and the economy through increased household investments in education, entrepreneurship, health, finance and housing; concerned that, Kenya ought to formulate practical and incentive-driven policy to harness existing and future diaspora resources for social-economic development; cognizant that Kenya has an obligation to counter the challenges hindering diaspora contribution to national development; this House resolves that the Government, in conjunction with diaspora representation and other key stakeholders, formulates a comprehensive, incentive-driven and affirmative action-based Diaspora Policy together with a corresponding implementation framework and organization structure to harness the ever increasing diaspora resources for national development and that the said policy be presented to the National Assembly within one year for consideration.</p>	11/2/2021	Hon. Godfrey Osotsi, MP (Nominated Member)				Awaiting debate
16.	<p>THAT, aware that Article 43(1)(d) of the Constitution provides for the right to clean and safe water in adequate quantities for every person; further aware that up to 30 percent of Kenyans rely on unimproved water sources, such as ponds, shallow wells and rivers, whereas nearly 45 percent of Kenyans lack access to basic sanitation solutions; noting that proper water management is vital for sustainable development in</p>	11/2/2021	Hon. 	that most of these innovations and artworks are crucial in ideas promotion, intellectual development, creating employment and addressing the problems that affect us as Kenyans on a daily basis; concerned that there is inadequate support and administrative measures in place by the Government to support the artisans; cognizant of the fact that the Kenya Vision 2030 seeks to make our country an industrialized middle-income economy; aware of the immense potential for wealth creation and job opportunities that our own local production can generate if well-developed and commercialized; recognizing that while our imports are well in excess of Kshs.2 billion and are largely composed of non-value adding consumer goods; noting that homegrown technology would be region sensitive and appropriate for the environment, social economic dynamics and suitable for our utility; further concerned that most artisans lack appropriate technological, skills, capital and tools, this House therefore resolves that the National Government through the relevant Ministry formulates a policy which stipulates that at least two per cent (2%) of the National Government Constituencies Fund and <i>Uwezo</i> Fund is allocated for the purpose of equipping artisans with the necessary skills, tools and technology.

	there has been persistent destruction of trees and vegetation along the road reserves and roadsides during road construction leading to adverse effects on the ecosystem; cognizant that , studies have shown that the benefits accumulated from roadside tree planting include better soil formation due to shedding of dead leaves, increased water quality by reducing sediment flow, reduced erosion, road beautification, flood control as the trees slow and absorb water runoff, wind-breaking, providing important pollinator habitats, improving peoples' health, and protecting crops; now therefore , this House resolves that the Government introduces a component of tree planting in all road network designs and also makes it compulsory for road contractors to replace any tree harvested during road construction upon completion of the project.
