## **EXECUTIVE SUMMARY**

---

This is the 7th Annual report for the National Police Service Commission prepared following the closure of FY 2019-2020. This report is prepared in accordance with Article 254 (1) of the Constitution of Kenya and Section 26 of the NPSC Act, 2011 that requires NPSC to prepare an annual report to be presented to the President and the National Assembly by the end of September of each financial year. This report captures all the programmes, operations and activities the Commission undertook in executing its mandate during the year under review and any other information relating to its functions that it considers relevant. Financial reports and statements are also attached to the report showing the resources allocated to the Commission and how they were utilized.

This report is segmented into six chapters with each chapter addressing a specific thematic area. Subsequently, the chapters have been broken down into subchapters that delineate various activities the Commission endeavored to implement during the financial year. The first chapter gives background information on establishment and mandate of the Commission. The chapter also captures the composition of the Commission and its current membership.

The second chapter chronicles the critical transformation journey the Commission embarked on and the reforms and corporate governance structures that have been implemented to streamline NPSC processes. This included the restructuring of the Committees of the Commission, restructuring of the Organizational Structure of the Commission and setting the Commission priority areas through strategic planning.

Chapter three presents the performance evaluation of the Commission and the achievements that were realized. The Commission delinked NPS non-uniformed staff in accordance with the provisions of the Constitution. The Commission is also on path to Decentralization of the Police Human Resource Services to the regions, enhance its institutional capacity and re-engineer efficiency and effectiveness in NPS Human Resource Services through Automation. Additionally, the Commission is committed to improving the welfare, wellness and professional development of officers. As well as establish Synergy and good relationships with its primary stakeholders.

The fourth chapter underpins the good relationships NPSC is cultivating with its stakeholders and implementation of its outreach programs. The chapter highlights the various forums and engagements through which the

Commission met with its stakeholders.

The fifth chapter captures the financial reports and statements tying the resources allocated with the activities undertaken.

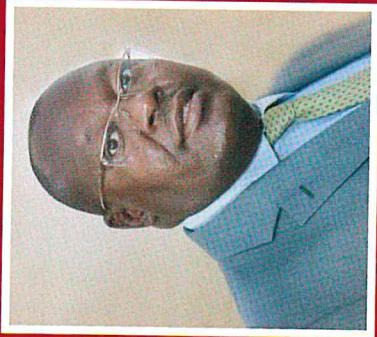

Chapter Six encapsulates the challenges the Commission experienced in this financial year and the mitigation measures that will be employed moving forward. The chapter also captures the priority areas the Commission is going to focus on both in the near future and in the long run.

The Commission appreciates and acknowledges the support it has received from the National Assembly, the National Treasury, Government institutions and other stakeholders for their continued support and collaboration in the implementation of its mandate.

## **FOREWORD**

BY THE COMMISSION CHAIRPERSON

The National Police Service Commission has continued to discharge its mandate diligently and conscientiously as stipulated in Article 234 read together with Article 246(1) and 246(3) of the Constitution of Kenya 2010. During this financial year the Commission continued to implement policies and various reform frameworks within the broader scope of whole of Government approach to service delivery.

The leadership of the Commission is crystal clear on the path NPSA should forge and reform programme actions that should be implemented to reposition the Commission's management of the human resource of the National Police Service to be efficient and effective. This has been clearly articulated in the NPSA 2019-2021 Strategic Plan which is in its second year of implementation with the underlying theme being to transform the Commission to better serve the human resource and welfare needs of Police Officers.

The transformative journey of the Commission is tied on five pillars. The first pillar is the transformation of the Commission by restructuring its structure, system, strategies, people and work environment for proficient service delivery.

The second is the delinking of NPS civilian staff from the Public Service Commission to the National Police Service commission and the decentralization of the Commission's services to regional, county and sub-county levels. This will be done in accordance with Article 234 of the Constitution of Kenya.

The third pillar is automation of systems and processes for Police recruitments, appointments, confirmation, promotions, transfers and disciplinary

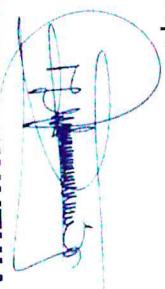

control.

The fourth is review of the present Police welfare and professional development through negotiating for better terms and conditions of service and psychosocial support.

The fifth pillar will revolve around the Commission building synergy through working together with other security agencies, Government institutions, other stakeholders and the general mwanainchii.

The Commission is committed to streamlining its structures and drive security reforms by formulating and implementing various policies and regulations for the National Police Service. In order to transform the human resource management of NPS, the Commission has embarked on the process of reviewing the exiting legal and policy frameworks to align them to the existing security sector structures and the emerging trends in policing work. The Commission will continue to engage the Police Officers through sensitization and workshops to communicate the new trajectory NPSC is pursuing in improving police welfare and their professional development so as to achieve dignified and professional Police Officers.

The Commission is fully committed to continue cultivating good relationships and working together with all players in the security sector. NPSC appreciates that through collaboration and team work the Police Service will be transformed to be more professional and deliver quality policing services to Kenyans.

## **MESSAGE FROM THE COMMISSION SECRETARY/CEO**

The 2019/20 Financial Year presented yet another opportunity for the Commission to continue with its mandate of implementing strategic initiatives geared towards operational efficiencies in the management of the human resource of the National Police Service. This is in the furtherance of the NPSC contribution to the whole Government approach to delivery of services to Police Officers and the Kenyan citizens and its role as a significant player in the realization of security sector reforms.

The Commission realized several milestones in building its institutional capacity and introduction of critical reforms and this was only made possible through the able leadership, valuable and strategic policy direction provided by the NPSC Chairperson, Mr. Eliud N. Kiruthia, CBS, OGW, HSC; Vice-Chairperson, Dr. Alice A. Otwala, CBS; and Commissioners: Mr. Naphtali K. Rono, MBS, HSC; Mr. Eusebius K. Laibuta, MBS, OGW, HSC, ndc(K); Ms. Lilian Kiamba, MBS, OGW and Mr. John Ole Moyaki, MBS. Through their utter dedication, programmatic guidance and immense efforts the Commission was able to develop the NPSC 2019-2022 Strategic Plan which is the blue print of the new path NPSC will embark on in the next foreseeable three years.

During this period, the secretariat focused on accomplishing ongoing programmes and activities with a special emphasis on implementation of its SP and realignment of its governance structures. The Commission has kick-started the process of acquiring an ERP system in order to leverage on technology and enhance its internal processes and service delivery. The Commission is also committed towards decentralization of its human resource services to the regions in order to serve the officers efficiently. NPSC has set up a Counselling

and Wellness Center to cater for the psychological needs of Police Officers and will decentralize its services to the regions to enhance accessibility. The Commission has finalized the delinking of 1,500 NPS non-uniformed staff which has created need for more space and as such commenced the process of acquiring new offices in order to favorably accommodate its growing number of staff.

This financial year presented a rare opportunity that tested the Commission's resilience to deliver on its mandate and functions under daunting challenges. The Novel Corona Virus (COVID-19 Pandemic) highly disrupted the Commission activities since only a lean number of staff could be actively engaged while most staff worked from home. The Commission has continued to enforce the COVID-19 mitigation protocols as issued by the Ministry of Health and the Post Covid-19 recovery strategies issued by the Government. Furthermore, despite suffering deficits occasioned by budget rationalization and cuts, the Commission undertook programme reprioritization while leveraging on support by partners to implement its crucial programmes.

The Commission as a whole wishes to extend sincere gratitude to the Government for the support it has received through allocation of resources by the National Treasury. This has enabled the Commission to implement its programmes and activities and further discharge its mandate as envisaged by the Constitution. In the next financial year, the Commission is committed to continue to implement its Strategic Plan; NPS set priorities and activities furthering the Government development agenda.

In conclusion, we are greatly indebted to all our stakeholders who have continued to support the Commission in the implementation of its programmes and activities. Thank you very much.

## **ESTABLISHMENT AND MANDATE OF THE COMMISSION**

## **1.1. Establishment of the Commission**

The National Police Service Commission is one of the Constitutional Commission listed under Chapter 15, Article 248(2) of the Constitution of Kenya, 2010. NPSC is established under Article 234(3)(c)(iv), Article 246(1) and operationalized NPSC Act, 2011 CAP.185C amendment 2014 to perform, among other functions, the human resource management of the National Police Service.

## **1.2. Mandate of the Commission**

The mandate of the National Police Service Commission is drawn from Article 246 (3) (a-c) of the Constitution of Kenya 2010. It includes:

- a) Recruit and appoint persons to hold or act in offices in the service, confirm appointments and determine promotions and transfers within the National Police Service;
- b) Observing due process, exercise disciplinary control over and remove persons holding or acting in offices within the service; and,
- c) Perform any other functions prescribed by national legislation.

The mandate of the NPSC is further articulated in Article 234 of the Constitution which provides for the functions of the Public Service Commission to manage the Human Resource Functions of the Public Service. Under article 234 (3), the NPSC is mandated to perform similar functions as the PSC for the National Police Service and therefore, offices and positions that are subject to the National Police Service Commission are not to be managed or have their matters handled by the Public Service Commission.

Article 239 (5) provides that the national security organs are subordinate to civilian authority. Further, the Fourth Schedule of the Constitution on Distribution of Functions between the National Government and the County Governments designates the function of National Government to be police services, including the setting of standards of recruitment, training of police and use of police services, criminal law and correctional services.

## **1.3. Composition of the Commission**

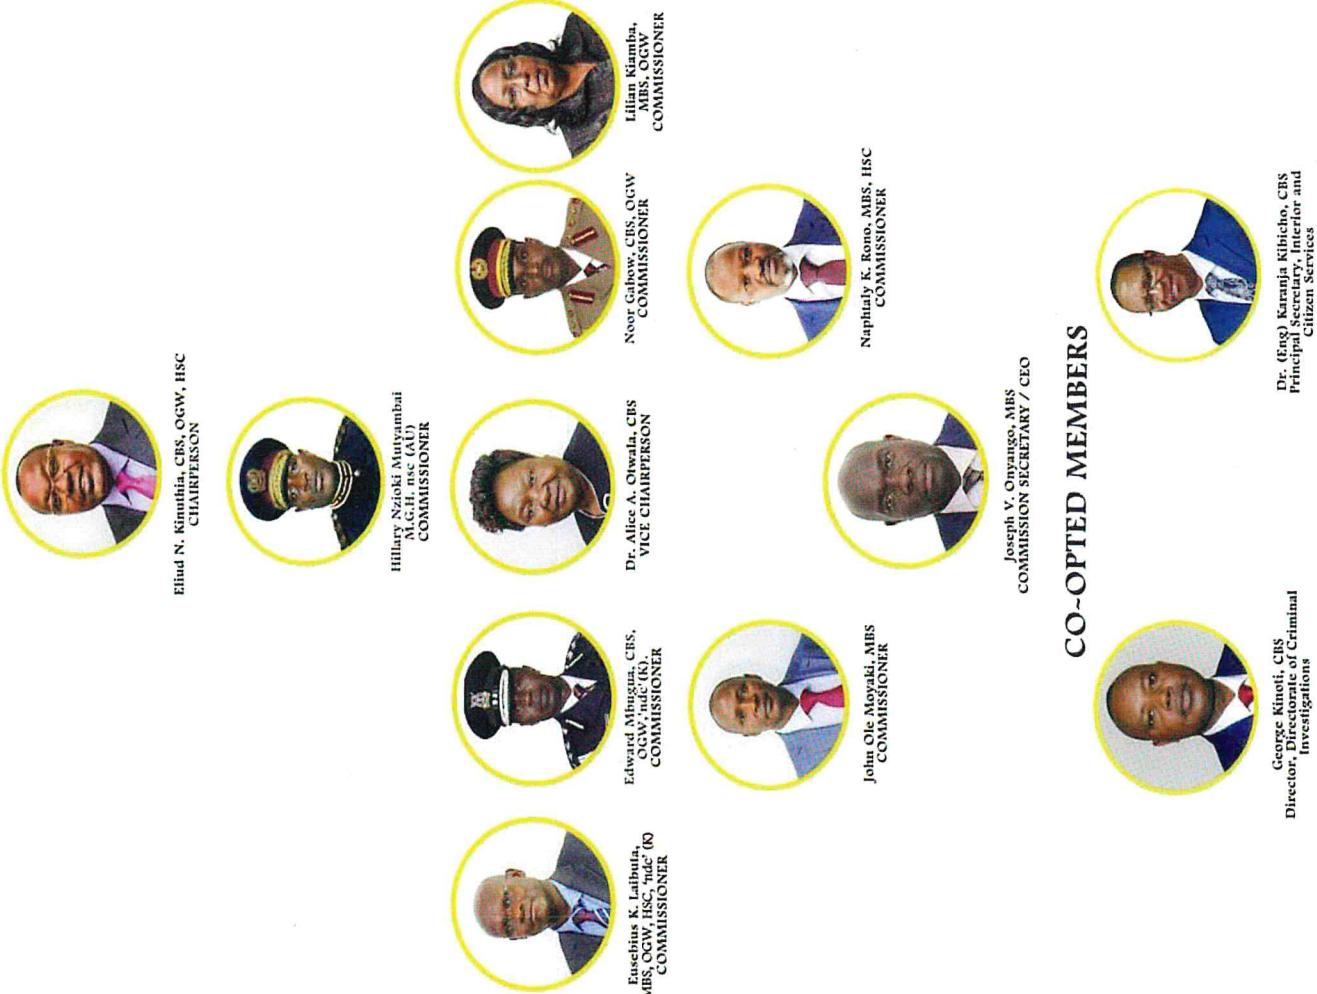

As spelt out in Article 246 (2) of the Constitution of Kenya, the Commission comprises of the following persons, each appointed by the President;

- a) A person who is qualified to be appointed as a High Court Judge;
- b) Two retired senior police officers;
- c) Three persons of integrity who have served the public with distinction;
- d) The Inspector General of the National Police Service; and
- e) Both Deputy Inspectors General of the National Police Service.

### **REORGANISATION AND CORPORATE GOVERNANCE STRUC-**

## **2.1. Introduction**

This chapter captures the reorganization framework that has been adopted and implemented by the new Commissioners as part of their road map geared towards transforming the Commission to effectively discharge its mandate as contemplated in Article 246 of the Constitution. This transformation agenda was geared towards repositioning the Commission to make a difference in the service delivery targeting our key consumers who are the Police Officers, the civilian staff working with the NPS as well as the general public.

## **2.2. Committees of the Commission**

In order to effectively discharge on its mandate and functions, the Commission has restructured its operations to be executed through five Committees as delivery units each headed by a Commissioner. Under this governance Committee framework, Committees are supposed to deliberate on matters before them and prepare a Commission Memorandum as the transmittal instrument to the full Commission meeting.

The Committees are as listed below:-

- i Recruitment, Appointment and Welfare Committee  
The Committee coordinates overall recruitment of uniformed and non-uniformed staff, develops their employment terms and conditions, generates policies on Police recruitment, appointment and welfare and oversees their implementation, while initiating research areas and forming recommendations in their scope.
- ii Promotions and Transfers Committee  
This Committee initiates and oversees the implementation and review of the promotions and transfers policies and regulations, and exercises oversight over transfers and promotions in the NPS for uniformed and non-uniformed staff. It also maintains a skills inventory and conducts promotional interviews for NPS members.
- iii Appeals, Policy and Legal Affairs Committee  
The Committee coordinates research and surveys for policy development and are on the forefront of development and review of policies, regulations and guidelines for implementation of the NPSC mandate. It additionally provides leadership on legal affairs, legal review, complaints management, case management and litigation involving the NPSC. The Committee also conducts hearings and recommends determination on appeals.
- iv Discipline and HR Audit Committee  
This Committee recommends review of the policies, regulations,

guidelines and procedures on Discipline matters in the NPS, oversees and promotes compliance with the disciplinary procedures in the Service, recommends disciplinary action against an officer, and conducts audit on both implementation of the Commission's decisions by the NPS and human resource management of civilians in NPS.

- v Finance, Planning, Administration and Professional Development Committee

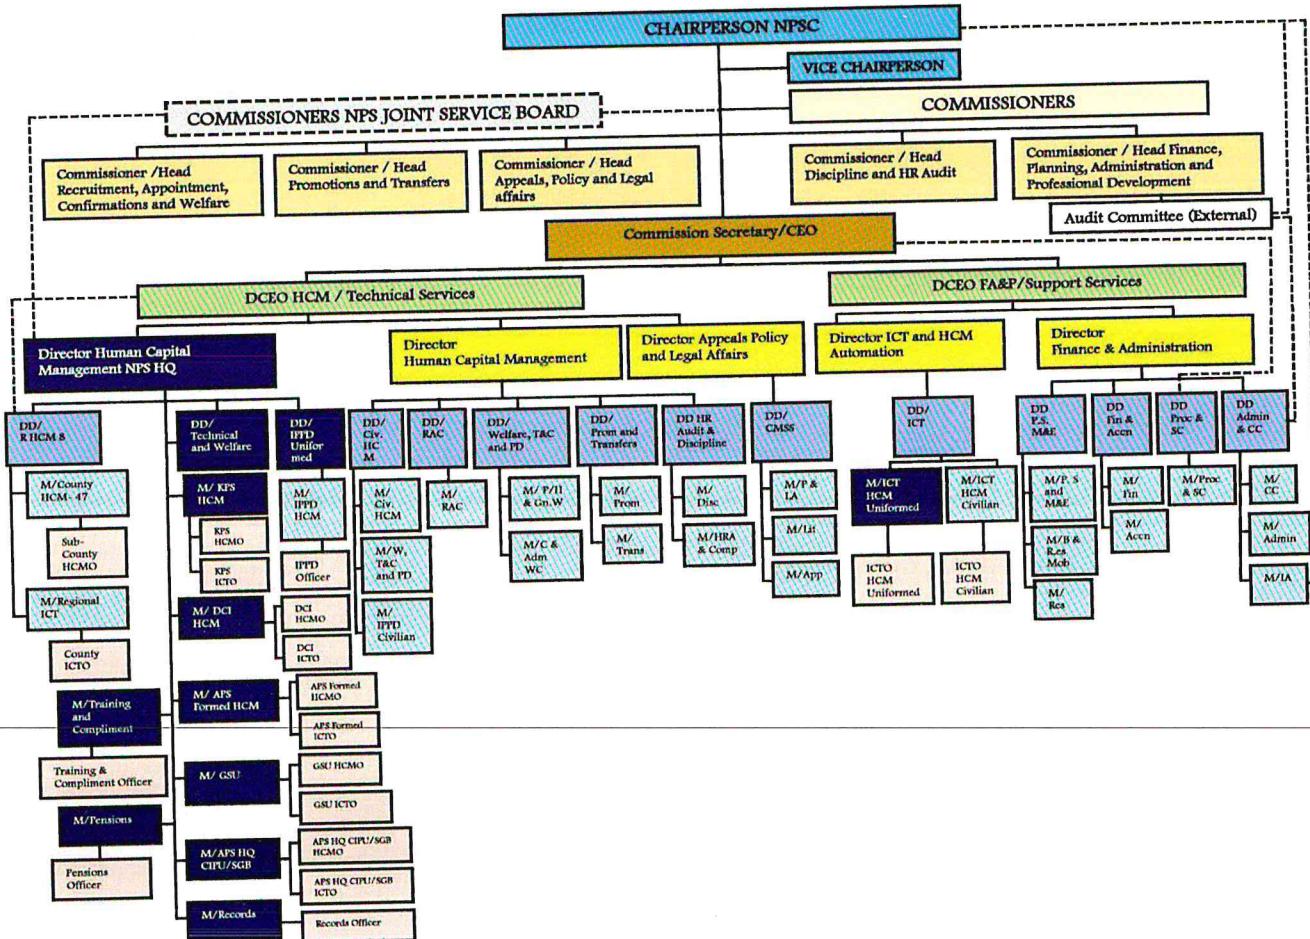

The Committee coordinates and oversees change management and implementation reforms of the NPSC Secretariat, exercises oversight on budget implementation and resource mobilization and over administration and management of the NPSC, monitors and evaluates the NPSC Strategic Plan, and oversees implementation of integrity and corruption prevention, policies and standards for both NPS and NPSC.

### **2.3. Organizational Structure of the Commission**

The Commission has an established secretariat that is headed by the Commission Secretary who is also the Commission's Chief Executive Officer. The Commission's new structure is modeled along its technical and support functions. The technical function of the Commission serves to facilitate transformation of the human resource management of the National Police Service, while the support function is structured to offer administration and support to all Commission's departments and sections. The new structure has introduced two positions of Deputy Chief Executive Officers to head each functional unit and five directors as shown below:-

- 1.DCEO HCM/Technical Services
  - i. Director, Human Capital Management NPS Headquarters
  - ii. Director, Human Capital Management
  - iii. Director, Appeals, Policy and Legal Affairs
2. DCEO FA&P/Support Services
  - i. Director, ICT and HCM Automation
  - ii. Director, Finance and Administration

## **2.4. Strategic Planning and Governance**

The Commission just concluded its first year of implementation of the NPSC 2019-2022 Strategic Plan which succeeded the 2014-2018 plan. The SP was prepared through stakeholder engagement and launched in September 2019. The launch was jointly done with the NPS 2018-2022 Strategic Plan to ensure the two plans were in sync since the relationship between the NPSC and NPS is one that is linear in nature. Additionally, key areas of collaboration were mapped out for successful implementation of the two plans. The underpinning theme of this NPSC SP is; ‘a strategy for transformation of the Commission to better serve the Human Resource and Welfare needs of Police Officers.’

In preparing the NPSC 2019-2022 SP, policy direction and the new path to be forged was provided by the 2nd term Commission where their leadership vision is clearly articulated and mainstreamed in the strategic objectives of the final plan. This plan will span a 3-year cycle to avail enough time to roll over to the next Strategic Plan the strategies that will not have been achieved. The plan underscores five pillars in a pentagonal framework as illustrated below:-

*Figure 3: Illustration of the Pillars of the NPSC Strategic Plan*

These pillars will reinforce the Commission's pursuit to facilitate the transformation of human resource management in the National Police Service for efficiency and effectiveness. The Commission introduced transformation and reorganisation of the secretariat through adoption of 'Whole of Government' approach to service delivery as well as enhancing governance structure all which are aimed at injecting new impetus for service delivery. To impeccably achieve this, the plan will employ the following strategic objectives:-

The successful implementation of this SP is anchored on six key thematic areas of intervention and they include the following;

- i Delinking and taking over the PE budget of NPS civilian staff excluding PFM staff.
  - ii Harmonization of Terms and Conditions of NPS civilian staff and NPSC staff.
  - iii Decentralization of NPSC HCM services to the Regions, Counties and Sub-counties.
  - iv Automation of HCM processes through acquisition of an ERP System.
  - v Operationalization of the Psychosocial Support and Wellness Centre at HQ and Regions.
  - vi Relocation of NPSC HQ offices and proposed plan for acquisition of new HQ building.

## **PERFORMANCE EVALUATION AND NPSC MILESTONES**

### **3.1. Introduction**

The National Police Service Commission realized significant achievement on its mandate and functions in the financial year 2019-2020. In managing the human resource of the National Police Service, the Commission has initiated a number of strategic interventions aimed at improving the welfare needs of Police Officers including their psychological well-being and streamline processes in recruitment, remuneration, promotions and transfers. This section presents theme-based policy and programmatic milestones achieved in the period under review.

### **3.2. Key Milestones of the Commission**

#### **1. Governance**

- i. Established and Recruited members of External Auditor Committee to oversight on financial management and accountability.
- ii. Enhanced anti-corruption strategy through introduction of gift registers, automation and prequalification of new suppliers for goods and services for the Commission as well as display of banners in strategic areas of the Commission offices declaring NPSC a corruption free zone.
- iii. Restructured the Communication channels both inbound and outbound.
- iv. Identification of new Commission offices at CBK Pension Towers and commencement of relocation processes to be finalized by December 2020.

#### **v. Introduction of financial oversight Committee to oversight Procurement, Corporate Communication and Internal Audit.**

- vi. Sensitization of Police Officers on Commissions functions and the ongoing reforms in the Commission through field visits to Coast, Central and Rift Valley regions.

### **2. Recruitment, Appointment, Confirmation and Welfare**

The activities that the Committee has undertaken during the 2019/2020 financial include:-

#### **1. Salary Review for the NPS;**

The National Police Service Commission undertook the implementation of phase three of uniformed officers' salaries adjustment as part of the implementation of the job evaluation for the larger public service. This was after the Commission engaged the National Treasury to provide funding of Kshs.1.01 billion to cater for salary adjustment as part of phase three salary implementation.

## **2. Development of an Endowment Fund**

The Commission developed a framework for the establishment of an endowment fund of police and prison officers' widows, widowers and orphaned children. The specific objectives of the fund were to pool, attract and accumulate adequate resources;

- a) To provide a post-retirement medical cover for retired officers;
  - b) To provide medical support and cover for those injured/disabled officers;
  - c) To provide psychosocial support to the legal dependents of fallen officers;
  - d) To provide financial support and independence post retirement;
  - e) To provide educational support for the children of those deceased/injured/disabled and
  - f) To build a savings base for post-retirement sustainability and investment.
- The implementation of the scheme is underway and will help the widowers, widows and orphaned children during the demise of their loved ones.

## **3. De-linking of Non -Uniformed officers from the Public service**

### **Commission.**

The NPS consists of non -uniformed officers who offer support to the police officers in the management of the Human Resource matters. The NPSC de-linked these officers from the Public service Commission to bring harmony in the management of Human Resource Function of the Police. This has enabled the Commission identify, and develop the technical/ professional skills in the service to build capacity in these areas of expertise for effective succession management and also, the NPSC is now at liberty to promote officers and even develop their terms and conditions of service for purposes of career progression.

4. Operationalisation of the Counselling Centre and Mapping of Counselors.  
The commission established a counseling centre to assist the NPS in addressing psychological stress related problems affecting officers. The alarming rise in cases of suicide among members of the Service, and in particular, the uniformed members, has caused great concern and need to develop a responsive mechanism.
- To achieve this, the Commission is in the last stage of operationalizing the Counselling Centre with recruitment of counsellors in progress. We have begun the process of mapping of counselors from the service to ensure that the counseling services have been established in all counties where all officers are capable of reaching the service. Continuous training has also been projected for the counselors and peer support teams that will build capacity in the management of psychological issues affecting police officers.
5. Management of Persons with Disability in the NPS;  
The Commission embarked on the process of developing a policy for the management of Persons Living with Disability in the service to ensure that there is fairness and equality in treatment of all officers in the service.  
The Commission appointed Doctors from the Ministry of Health to form a Special Medical Board that will assess the sick officers with a view to determine their fitness to continue serving or be retired on medical grounds.

### 5.7. Budget Execution by Programmes and Sub-Programmes

## **5.8. Significant Accounting Policies**

The principle accounting policies adopted in the preparation of these financial statements are set out below:

### **1. Statement of Compliance and Basis of Preparation**

The financial statements have been prepared in accordance with Cash-basis International Public Sector Accounting Standards (IPSAS) as prescribed by the Public Sector Accounting Standards Board (PSASB) and set out in the accounting policy note below. This cash basis of accounting has been supplemented with accounting for;

a) Receivables that include imprests and salary advances

b) Payables that include deposits and retentions  
The financial statements comply with and conform to the form of presentation prescribed by the PSASB. The accounting policies adopted have been consistently applied to all the Years presented.

### **2. Reporting Entity**

The financial statements are for the National Police Service Commission. The financial statements encompass the reporting entity as specified under section 81 of the PFM Act 2012.

### **3. Reporting Currency**

The financial statements are presented in Kenya Shillings (KShs), which is the functional and reporting currency of the Government and all values are rounded to the nearest Kenya Shilling.

### **4. Significant Accounting Policies**

The accounting policies set out in this section have been consistently applied by the National Police Service Commission for all the years presented.

#### **a) Recognition of Receipts**

The National Police Service Commission recognises all receipts from the various sources when the event occurs and the related cash has actually been received by the Entity.

- Transfers from the Exchequer

Transfers from the exchequer are recognized in the books of accounts when cash is received. Cash is considered as received when payment instruction is issued to the bank and notified to the receiving entity.

- External Assistance

External assistance is received through grants and loans from multilateral and bilateral development partners.  
Grants and loans shall be recognized in the books of accounts when

cash is received. Cash is considered as received when a payment advice is received by the recipient entity or by the beneficiary. In case of grant/loan in kind, such grants are recorded upon receipt of the grant item and upon determination of the value. The date of the transaction is the value date indicated on the payment advice. A similar recognition criteria is applied for loans received in the form of a direct payment.

During the year ended 30th June 2020, there were no instances of non-compliance with terms and conditions which have resulted in cancellation of external assistance loans.

- Other receipts
  - These include Appropriation-in-Aid and relates to receipts such as proceeds from disposal of assets and sale of tender documents. These are recognised in the financial statements the time associated cash is received.

b) Recognition of payments

The Entity recognises all payments when the event occurs, and the related cash has been paid out by the Entity.

- Compensation of Employees

Salaries and wages, allowances, statutory contribution for employees are recognized in the period when the compensation is paid.

- Use of Goods and Services

Goods and services are recognized as payments in the period when the goods/services are paid for. Such expenses, if not paid during the period where goods/services are consumed, shall be disclosed as pending bills.

- Interest on Borrowing

Borrowing costs that include interest are recognized as payment in the period in which they are paid for.

- Repayment of Borrowing (Principal Amount)

The repayment of principal amount of borrowing is recognized as payment in the period in which the repayment is made.

- Acquisition of Fixed Assets

The payment on acquisition of property plant and equipment items is not capitalized. The cost of acquisition and proceeds from disposal of these items are treated as payments and receipts items respectively. Where an asset is acquired in a non-exchange transaction for nil or nominal consideration and the fair value of the asset can be reliably established, a contra transaction is recorded as receipt and as a payment. A fixed asset register is maintained by each public entity and

a summary provided for purposes of consolidation. This summary is disclosed as an annexure to the financial statements.

#### 5. In-kind contributions

In-kind contributions are donations that are made to the National Police Service Commission in the form of actual goods and/or services rather than in money or cash terms. These donations may include vehicles, equipment or personnel services. Where the financial value received for in-kind contributions can be reliably determined, the Entity includes such value in the statement of receipts and payments both as receipts and as payments in equal and opposite amounts; otherwise, the contribution is not recorded.

#### 6. Third Party Payments

Included in the receipts and payments, are payments made on its behalf to third parties in form of loans and grants. These payments do not constitute cash receipts and payments and are disclosed in the payment to third parties in the statement of receipts and payments as proceeds from foreign borrowings.

#### 7. Cash and Cash Equivalents

Cash and cash equivalents comprise cash on hand and cash at bank, short-term deposits on call and highly liquid investments with an original maturity of three months or less, which are readily convertible to known amounts of cash and are subject to insignificant risk of changes in value. Bank account balances include amounts held at the Central Bank of Kenya and at various commercial banks at the end of the financial year.

#### Restriction on Cash

Restricted cash represents amounts that are limited / restricted from being used to settle a liability for at least twelve months after the reporting period. This cash is limited for direct use as required by stipulation.

Amounts maintained in deposit bank accounts are restricted for use in refunding third party deposits. As at 30th June, 2020, this amounted to Kshs 2,542,338.95 compared to Kshs 1,549,829.15 in prior period. There were no other restrictions on cash during the year.

#### 8. Accounts Receivable

For the purposes of these financial statements, imprests and advances to authorised public officers and/or institutions which were not surrendered or accounted for at the end of the financial year are treated as receivables. This is in recognition of the government practice where the imprest payments are recognized as payments when fully accounted for by the imprest or

AIE holders. This is an enhancement to the cash accounting policy. Other accounts receivables are disclosed in the financial statements.

#### 9. Accounts Payable

For the purposes of these financial statements, deposits and retentions held on behalf of third parties have been recognized on an accrual basis (as accounts payables). This is in recognition of the government practice of retaining a portion of contracted services and works pending fulfilment of obligations by the contractor and to hold deposits on behalf of third parties. This is an enhancement to the cash accounting policy adopted by National Government Ministries and Agencies. Other liabilities including pending bills are disclosed in the financial statements.

#### 10. Pending Bills

Pending bills consist of unpaid liabilities at the end of the financial year arising from contracted goods or services during the year or in past years. As pending bills do not involve the payment of cash in the reporting period, they recorded as ‘memorandum’ or ‘off-balance’ items to provide a sense of the overall net cash position of the Entity at the end of the year. When the pending bills are finally settled, such payments are included in the Statement of Receipts and Payments in the year in which the payments are made.

#### 11. Budget

The budget is developed on a comparable accounting basis (cash basis except for imprest and deposits, which are accounted for on an accrual basis), the same accounts classification basis, and for the same period as the financial statements. The original budget was approved by Parliament on June 2019 for the period 1st July 2019 to 30th June 2020 as required by Law and there were two supplementary adjustments to the original budget during the year.

A comparison of the actual performance against the comparable budget for the financial year under review has been included in the financial statements.

#### 12. Comparative Figures

Where necessary, comparative figures for the previous financial year have been amended or reconfigured to conform to the required changes in presentation.

#### 13. Subsequent Events

There have been no events subsequent to the financial year end with a

significant impact on the financial statements for the year ended 30th June 2020.

#### 14. Errors

Material prior period errors shall be corrected retrospectively in the first set of financial statements authorized for issue after their discovery by:

- Restating the comparative amounts for prior period(s) presented in which the error occurred
- If the error occurred before the earliest prior period presented, restating the opening balances of assets, liabilities and net assets/equity for the earliest prior period presented.

During the year, errors that have been corrected are disclosed under note 26 explaining the nature and amounts.

#### 15. Related Party Transactions

Related party relationships are a normal feature of commerce. Specific information with regards to related party transactions is included in the disclosure notes.

**Airtime Overpayment:**

This was paid to members of the Commission. The Commission wrote to the National Treasury to recover the overpayment and remit it to the Commission's Recurrent Bank Account. However, the Vice Chairperson Ms. Esther Chui passed on before full recovery of the amount, and the balance is expected from the final dues. The balance is also expected from the final dues of Rtd. Mr. Muiu whose salary was stopped before full recovery of the amount due to long period of sickness in accordance with government regulations.

**Government Imprests**

This includes an amount of Kshs.7, 438,937 for both standing imprest and temporary imprest that was processed after 30th June, 2020 due to IFMIS system closure hence it is reflected in the financial statements as outstanding. The actual outstanding balance is Nil

**Salary advance**

This represents Ksh. 1,330,000 advanced to the Commission members before their salaries were processed to avoid pecuniary embarrassment. The Commission wrote to the National Treasury to have the money recovered and remitted to the Commission's Recurrent Bank Account. The entire amount was recovered; however, it was never remitted to the Commission as requested. This is being followed up with the National Treasury in order to close the issue.

## 6.2. Looking Ahead: 2021 and Beyond

Below are the major key issues the Commission will be focusing on moving forward:-

### 1. Implementation of the NPSC Strategic Plan;

The Commission will continue to implement its 2019-2022 SP in order to reposition the Commission to better serve the human resource and welfare needs of Police Officers. A mid-term review of the plan will be undertaken in the next financial year and map out any gaps between the set objectives and the actual results achieved. This will inform the new priorities to be pursued and goals that need to be recast by looking at the time frame, management, budget and other factors to determine where shortcomings lay.

### 2. Performance Measurement;

NPSC will continue to implement performance contracting as the key accountability framework in its quest to improve service delivery in the Commission. The contracts will help establish consensus on activities to be undertaken, core business, financial and human resources, emerging issues and other factors that may affect performance. The PCs will be used as a yard stick in ensuring the NPSC Strategic Plan targets are successfully implemented and the performance targets are in line with the set priorities of

the Commission and the Government. Consequently, these contracts will be cascaded to all the staff linking specific deliverables and targets to individual officers through work plans and the staff performance appraisal tool.

### **3. Decentralization of the Commission HR Services;**

The National Police Service Officers are spread across the country; it has been observed that some of the Officers who require Commission services are unable to access them due to long distance. Decentralizing NPSC HR Services will ensure that the NPSC services are taken closer to the Police Officers.

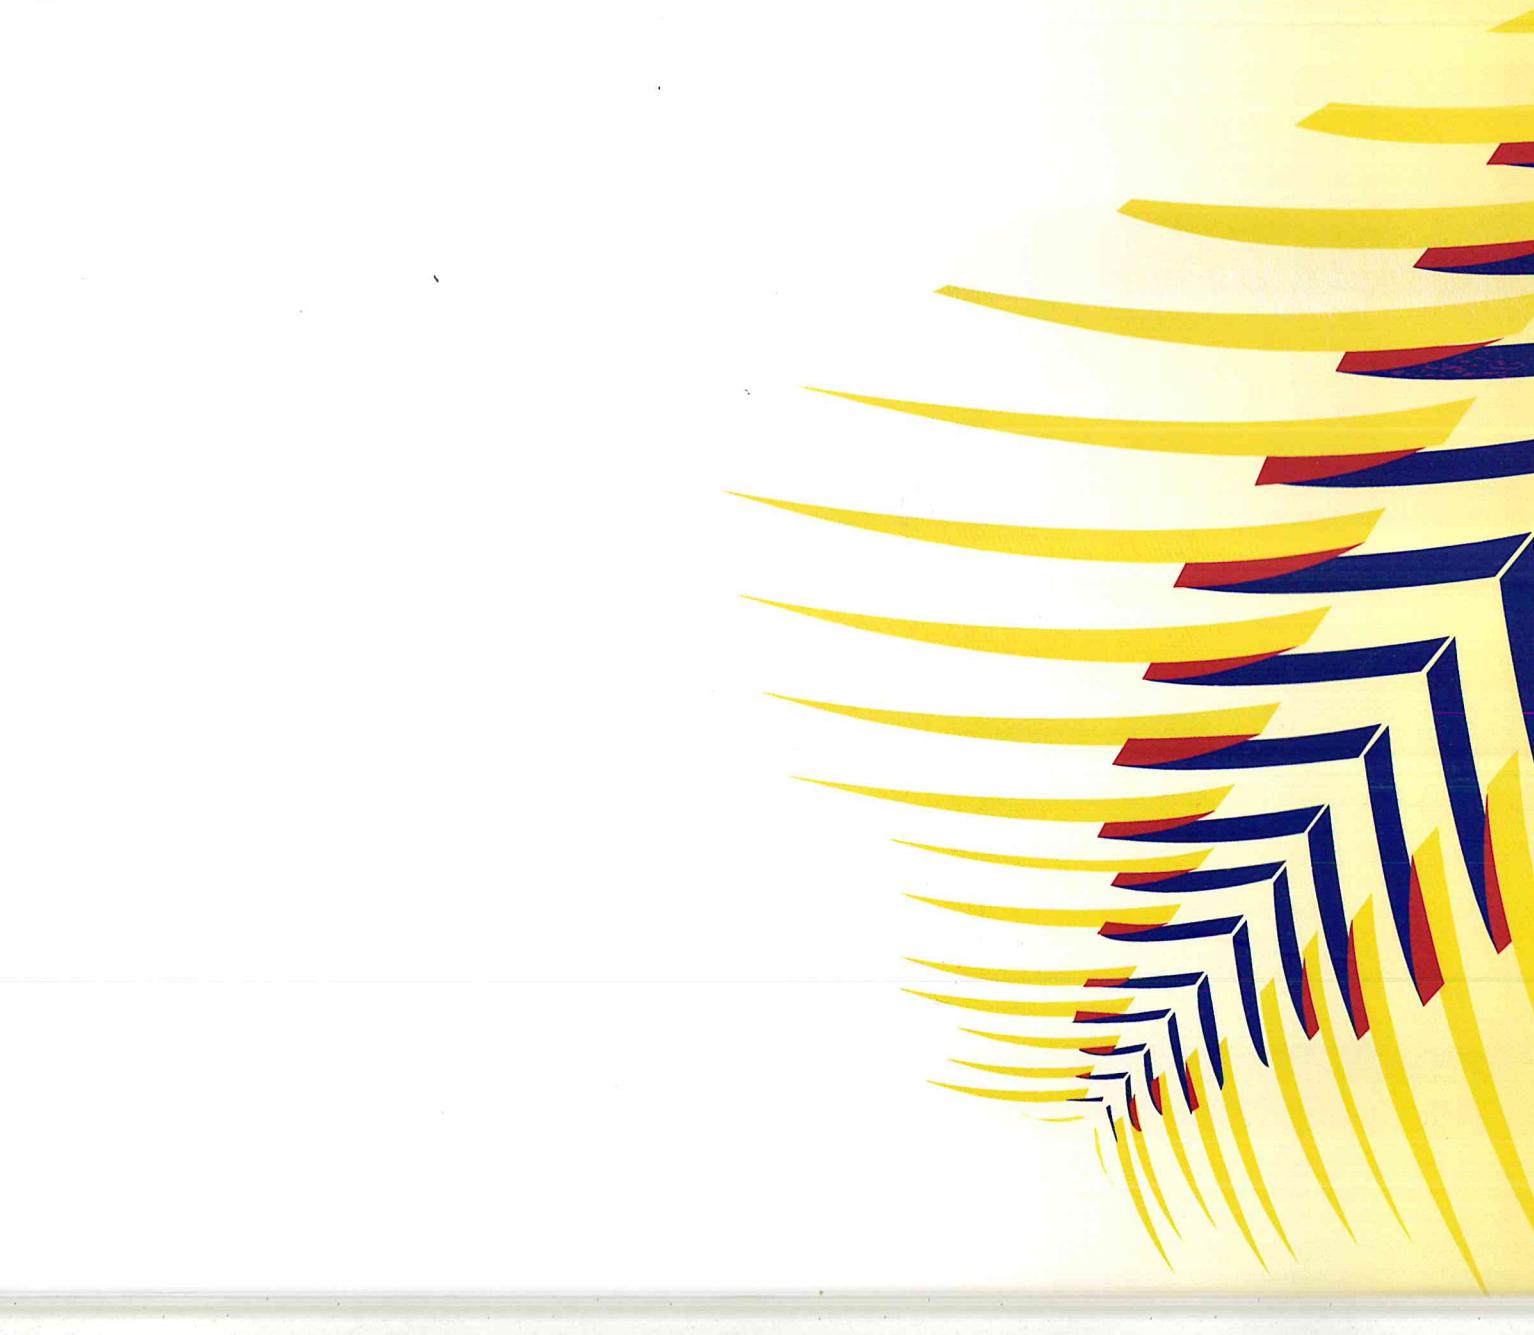

### **4. Operationalization of the Counselling and Wellness Center and decentralization of its services;**

Health care is one of the Government ‘BIG FOUR’ Agenda and as such a healthy Police Service will ensure security thus enabling a conducive environment that will eventually boost the manufacturing initiatives. The Commission in the next financial year will operationalize the Counselling center in Nairobi through recruitment of staff and equipping and ensure the psychological health of NPS Officers is managed efficiently and effectively. Furthermore, the Commission has earmarked to decentralize the Counselling and Wellness services in a phased approach and will start with Mombasa, Nyeri and Kisumu in order to reach most Police Officers.

### **5. Relocation of the Commission Offices to CBK Pension Towers;**

The Commission in its endeavors to be close to the NPS officers has identified a new office block at CBK Pension Towers. It is envisaged that the offices will be more secure, cheaper in terms of rent, strategic and accessible to all Police Officers and other stakeholders. Additionally, the Commission’s Strategic Plan 2019-2022 envisages a significant growth in the staff establishment following the new organizational structure that will include delinked civilian staff of the National Police Service. This is set to take off at the beginning of the financial year 2020/2021. Due to the projected growth of the Commission, there is need for acquisition of adequate office space which will be sufficient to accommodate this projected increase.
