1. KEY NAROK COUNTY GOVERNMENT INFORMATION AND MANAGEMENT

a) Background information

The County is constituted as per the constitution of Kenya is headed by the County Governor, who is responsible for the general policy and strategic direction of the County.

Narok County is constituted as per the Constitution of Kenya, 2010. It is charged with the responsibility of providing a variety of services to residents within its area of jurisdiction. These include the services that were hitherto provided by the defunct Town Council of Narok, defunct County Council of Narok and defunct County Council of TransMara. It also provides the services that have been transferred from the national government. The county is headed by the County Governor, who is responsible for the general policy and strategic direction of the County. The Governor is supported by an Executive Committee in carrying out the mandate as stipulated in the Constitution. The County Executive Committee Member for Finance and Economic Planning is in charge of the County Treasury. One of the functions of the CEC – Finance is financial reporting at the County level.

Vision

“Economic Transformation for a Shared Prosperity.”

Mission

“To enhance sustained socio-economic growth through optimal utilization of resources to improve the quality of life for County residents.”

Core Values

Narok County upholds the values of accountability, transparency, excellence, accessibility, integrity, responsiveness, equity, professionalism and team work.

b) Key Management

The County’s day-to-day management is under the following key organs:

	Name	Designation	Date of holding office
1.	H.E. Samuel Kuntai Tunai	Governor	3 March 2013
2.	H.E. Everlyne Chepkurui Aruasa	Deputy Governor	3 March 2013
3.	Hon. Morgan M. Siloma	CEC, Finance and Economic Planning	Transferred to Finance on 5 August 2015 (from Roads, Transport and Public works) Re appointed for the second term 11 th

I. KEY MANAGEMENT

NAROK COUNTY GOVERNMENT
Reports and Financial Statements
For the year ended June 30, 2019

The County Executive team during the financial year consisted of:

H.E. Samuel Kuntai Tunai – Governor

H.E. Samuel K. Tunai, EGH was elected the first Governor of Narok County on 3 March 2013. The governor was elected on an agenda of uplifting the living standards of the people of Narok County residents, improving the county roads, boosting agricultural output, improving the health sector and uplifting the people of Narok County from poverty. It is on these key pillars that the government of H.E. Samuel Tunai has been working on since coming into power.

Governor Tunai holds a Bachelor's Degree from the University of Nairobi. Before his election as the governor, he served as the Director of Intelligence for National Intelligence Service.

H.E. Evalyn Chepkirui Aruasa – Deputy Governor

H.E. Evalyn Chepkirui Aruasa was elected as the first Deputy Governor of Narok County. She has an LLB from Moi University and LLM from Indiana States University. She also has a Diploma from the Kenya School of Law.

The Deputy Governor is passionate with girl child empowerment and she is keen on enhancing such programs throughout the county.

NAROK COUNTY GOVERNMENT
Reports and Financial Statements
For the year ended June 30, 2019

Mr. Morgan M. Siloma - CEC, Finance and Economic Planning

Mr. Morgan M. Siloma was appointed as the CEC, Finance and Economic Planning on 5th August 2013. He has been in the same role and has been driving the financial management agenda in the county.

Before his appointment, he served as the CEC, Roads, Transport and Public works. He also served as CEC, lands Housing and urban Planning,

Ms Vivian Mpeti Sereti - CEC, Health Services

Ms Vivian was appointed the CEC, Health services in Feb 2015. Ms Vivian graduated from the University of Nairobi in 2011 with a Bachelor of Arts with a double major in Geography and Tourism. Until her appointment, she served as the Reservation manager.

NAROK COUNTY GOVERNMENT
Reports and Financial Statements
For the year ended June 30, 2019

Mrs. Cicilia W. Wuapari - CEC, Trade, Tourism and Industry

Mrs Cicilia Wuapari was appointed CEC Education in 2017. She has a Bachelors degree in Education

Mr. Ezekiel Rono - CEC, Administration, Coordination of Decentralized Serevices, Disaster and Public Service Management

Mr. Ezekiel Rono was appointed as the CEC, Transport and Infrastructure on 5th April 2013 to October 2018 after which he was designated to Public Service Management. He holds a BEd degree from Kenyatta University. He also has a Master of Education from Maasai Mara University.

Mr. Julius Tompo Momposhi - CEC, Lands, Housing and Physical Planning

Mr Tompo Momposhi was appointed CEC in 2017.

Prior to his appointment he served as a bank manager.

He holds a bachelors degree in Finance and Banking.

NAROK COUNTY GOVERNMENT

Reports and Financial Statements

For the year ended June 30, 2019

Miss Everline K. Cherotich - CEC, Agriculture Livestock and Fisheries

Miss Everline K. Cherotich was appointed CEC for Agriculture in Dec 2017. Prior to her appointment she served as Chief officer for Livestock and Veterinary services in the County Government of Narok between 2016 and 2017. She also served as Director Administration in Beseki Group of Companies.

Ms Everlyne holds an MA in foreign Relations and a bachelor degree in public Relations and Electronic Media communications.

She enjoys reading, travelling and motivating.

Mr. Job Ole Kiyapi -CEC Environment and Natural Resources

Mr. Job L. Kiyapi was appointed CEC for Environment, water, energy and Natural Resources in March 20, 2018. Before his appointment he was serving as a teacher.

He holds a Bachelors degree in Education majoring in Geography and religion.

Mr. Kiyapi likes fostering environmental activities like tree planting which he promotes across the County

Mr. John Marindany - CEC, Education, Youth Affairs, Sports and Culture

Mr. Marindany was appointed to head the Department of **Education, Youth Affairs, Sports and Culture** in February 2016, after serving in the department of health and Roads.

He holds a Master of Arts (Basic Education) and a Bachelor of Education from Moi University

He has previously served as a teacher and Principal in various schools. He brings into the position over 10 years' experience in Education Management.

II.

NAROK COUNTY GOVERNMENT
Reports and Financial Statements
For the year ended June 30, 2019

2. FORWARD BY THE CEC

It is my pleasure to present the County Government of Narok financial statements for the year ended 30th June 2019. The financial statements present the financial performance of the County Government over the past year.

The promulgation of the Constitution of Kenya, 2010 under Chapter 11 ushered Kenya into a new system of governance, replacing the centralised system with a devolved system of governance. The devolved system of governance consists of the National Government and 47 County Governments.

Financing of the County Governments

Article 202 of the Constitution of Kenya provides that revenue raised nationally shall be shared equitably among the National Government and the County Governments. Each County Government's equitable share of revenue raised nationally, is determined yearly through the County Allocation of Revenue Act (CARA). The revenue sharing formula is developed by the Commission on Revenue Allocation and approved by Parliament in accordance with Article 217 of the Constitution.

The County also finances its operations through own generated revenues. These are revenues collected within the County. The key local revenue sources for Narok County included business permits, land rates, business plan approval, advertising fees, cess and various other administrative charges.

The County continues to explore new and innovative ways of increasing its local revenue collections. Some of the steps that the County has taken towards improving its revenue collections include:

- 1) Automation of revenue collection system and
- 2) Hiring a reputable revenue collection agent

Financial Performance

a) Revenue

In the year ended 30th June 2019, the County had projected revenues of KShs 10,058,319,427 consisting of KShs 2,726,103,248, from own sources, KShs 6,374,200,000 from the National Government as equitable share and KSh 958,016,178. other sources.

A graphical representation of the revenue budget is as shown below:

Figure 1: NAROK County revenue sources in FY 2018/2019

CARA revenues continue to form the largest part of our revenue budget, contributing 64% towards our budget. Our own generated revenues formed 30% of our budget. The remaining 6% is covered by conditional grants from Government and other agencies. Out of the projected revenue, the County was able to realise KShs 10,086,257,376 in actual revenues, representing 100% performance. This performance was as a result of realization of the own generated revenues whose performance was at 111%. In the table below, we present an analysis of revenue performance during the year.

Table 1: Revenue performance in FY 2018/2019

Revenue classification	Revenue budget (KShs)	Actual (KShs)	Realisation (%)
CARA	6,374,200,000	6,374,200,000	100%
Other transfers	958,016,178	638,713,762	67%
Own generated revenues	2,726,103,248	3,073,343,614	113%
Total	10,058,319,426	10,086,257,376	100%

b) Payments

Our total expenditure for the year amounted to KShs 10,263,414,980. KShs 3,217,414,219 was spent on development while KShs 7,037,005,185 was spent on recurrent expenditure representing a ratio of 30:70 respectively. This is in line with the fiscal responsibility requirement, that each government entity should apply a minimum of 30 per cent on development.

NAROK COUNTY GOVERNMENT
Reports and Financial Statements
For the year ended June 30, 2019

In FY 2018/19, the County Government has opened over 700km of rural access roads. Further, the County has hired more ECD teachers to bridge the gaps as well as developed educational infrastructure. This includes development of various vocational training centres.

The county government is in the process of expanding level four hospitals. This is for the sole reason of enhancing health care for the people residing in Narok county.

The County Government applied force account on most of the road works which resulted in saving costs with a greater achievement in the roads sector.

Much of the recurrent budget was spent on compensation for employees. This was as a result of salary increments awarded to Doctors and Nurses over the past year. However, we appreciate that a well remunerated workforce is necessary for service delivery. As such, we are committed to improving the welfare of our staff.

c) Cash flows

In the FY 2018/2019, we have not had many liquidity disruptions. This was as a result of proper planning by the County and timely disbursements by the National Treasury. The cash and cash equivalents decreased from 775,608,590 as at 30th June 2018 to KShs 598,450,987 on 30th June 2019

d) Accounts receivables

Imprest management is a critical area of focus in Narok County. Our aim is to adhere to the PFM regulations on imprest management. We appreciate that there is still room for improvement in this area. The main challenge has been to get staff and the Members of County Assembly to account for their imprests on time. Going into FY 2019/2020, we will place more emphasis on complying with the PFM regulations with regards to imprest management.

e) Pending bills

We have decreased the pending bills from KShs **1,858,297,237.00** to KShs. 1,195,236,019. These bills largely relate to works which were carried out in the past years. Our focus as a County is to settle the bills fully within the financial year. In our budget cycle, we ensure that part of the allocations is towards settlement of old outstanding pending bills.

f) Fixed assets

Narok County has made significant investments in fixed assets since coming into office in 2013. Further, we inherited some assets from the defunct local Authorities. We are nearing completion in development of comprehensive asset management policy, which we hope to finalize in FY 2018/2019. The policy will among other things incorporate physical verification of all assets, valuation of assets, tagging of assets and proper maintenance of an asset register.

NAROK COUNTY GOVERNMENT
Reports and Financial Statements
For the year ended June 30, 2019

Operational performance

The County's operations are structured in terms of departments which are headed by a County Executive Committee member. For seamless service delivery, all departments have to work in unison and synergize. In the table below, we summarize the key activities carried out by each department during the year:

Department	Key activities
Health Services	<ul style="list-style-type: none"> • New health facilities were constructed • Universal health coverage through livestock auction • Expansion and rehabilitation of level four hospitals • Dialysis machines maintained • ICU health machinery
Trade, Tourism and Industry	<ul style="list-style-type: none"> • Maasai Mara unfrastructure rehabilitation • Marketing Narok County as a key tourist destination • Automation of business permit issuance
Transport and Infrastructure	<ul style="list-style-type: none"> • Opening of access roads • Gravelling of Rural roads • Tarmacing a section of Narok Town Roads
Lands, Housing and Physical Planning	<ul style="list-style-type: none"> • Initiated process of Narok Town plots Title issuance • Automation of business permit approval process
Agriculture and Water	<ul style="list-style-type: none"> • Livestock Show • Supply of certified seeds to farmers • Educating Farmers to farmers on profitable farming • Livestock health programmes
Education, Youth Affairs, Sports and Culture	<ul style="list-style-type: none"> • Completion of stadium • Narok County cultural day • Construction of classrooms

Table 2: Departmental performance in FY 2018/2019

Despite the notable achievements, we have experienced some challenges during the year. These include:

- 1) Under-collection of own revenue collection – the actual revenue collected during the year was 100% of the projected revenues. We are exploring ways of boosting revenue collection further so as to achieve better results.
- 2) We have also experienced challenges with IFMIS as a result of down times and poor internet connectivity. This has in some instance delayed payments to suppliers.

Conclusion

FY 2018/2019 was a good year in general. Good progress was made and the momentum has been created to enable the County Government of Narok continue on a trajectory into prosperity. We have identified gaps and areas to improve on in the subsequent years.

I take this opportunity to thank H.E. the Governor and the Deputy Governor for their support. I would also want to thank my colleagues, the County Executive Committee Members in charge of other departments who we have worked hand in hand to ensure that Narok County achieves its mission.

I thank all staff in the entire County for their continued commitment and dedication through hard work in delivering services to the people of Narok County.

Morgan M. Siloma

**County Executive Committee Member for Finance and Economic
Planning,
County Government of Narok.**

NAROK COUNTY GOVERNMENT

Reports and Financial Statements

For the year ended June 30, 2019

3. STATEMENT OF MANAGEMENT RESPONSIBILITIES

Sections 163, 164 and 165 of the Public Finance Management Act, 2012 requires that, at the end of each financial year, the County Treasury shall prepare financial statements of each County Government entity, receiver of receipts and consolidated financial statements for all County Government entities in accordance with the standards and formats prescribed by the Public Sector Accounting Standards Board.

The County Executive Committee (CEC) member for finance of the County Government is responsible for the preparation and presentation of the County Government's financial statements, which give a true and fair view of the state of affairs of the County Government for and as at the end of the financial year ended on June 30, 2019. This responsibility includes: (i) maintaining adequate financial management arrangements and ensuring that these continue to be effective throughout the reporting period; (ii) maintaining proper accounting records, which disclose with reasonable accuracy at any time the financial position of the County Government; (iii) designing, implementing and maintaining internal controls relevant to the preparation and fair presentation of the financial statements, and ensuring that they are free from material misstatements, whether due to error or fraud; (iv) safeguarding the assets of the County Government; (v) selecting and applying appropriate accounting policies; and (vi) making accounting estimates that are reasonable in the circumstances.

The CEC member for finance accepts responsibility for the County Government's financial statements, which have been prepared on the Cash Basis Method of Financial Reporting, using appropriate accounting policies in accordance with International Public Sector Accounting Standards (IPSAS). The CEC member for finance is of the opinion that the County Government's financial statements give a true and fair view of the state of the County Government's transactions during the financial year ended June 30, 2019, and of its financial position as at that date. The CEC member for finance further confirms the completeness of the accounting records maintained for the County Government which have been relied upon in the preparation of the its financial statements as well as the adequacy of the systems of internal financial control.

The CEC member for finance confirms that the County Government has complied fully with applicable Government Regulations and the terms of external financing covenants (where applicable), and that the County Government's funds received during the year under audit were used for the eligible purposes for which they were intended and were properly accounted for. Further the CEC member for finance confirms that the County Government's financial statements have been prepared in a form that complies with relevant accounting standards prescribed by the Public Sector Accounting Standards Board of Kenya.

Approval of the financial statements

The County Government's financial statements were approved and signed by the CEC member for Finance on **26, September 2019**.

Morgan M. Siloma,
County Executive Committee member – Finance and Economic Planning.

REPORT OF THE AUDITOR-GENERAL ON COUNTY EXECUTIVE OF NAROK FOR THE YEAR ENDED 30 JUNE, 2019

REPORT ON THE FINANCIAL STATEMENTS

Qualified Opinion

I have audited the accompanying financial statements of County Executive of Narok set out on pages 1 to 46, which comprise of the statement of assets and liabilities as at 30 June, 2019, statement of receipts and payments, statement of cash flows and the summary statement of appropriation: recurrent and development combined for the year then ended, and a summary of significant accounting policies and other explanatory information in accordance with the provisions of Article 229 of the Constitution of Kenya and Section 35 of the Public Audit Act, 2015. I have obtained all the information and explanations which, to the best of my knowledge and belief, were necessary for the purpose of the audit.

In my opinion, except for the effects of the matter described in the Basis for Qualified Opinion section of my report, the financial statements present fairly, in all material respects, the financial position of the County Executive of Narok as at 30 June, 2019, and of its financial performance and its cash flows for the year then ended, in accordance with International Public Sector Accounting Standard (Cash Basis) and comply with the County Governments Act, 2012 and the Public Finance Management Act, 2012.

Basis for Qualified Opinion

1. Accuracy of The Financial Statements - Accounts Payables – Deposits and Retentions

The statement of assets and liabilities reflects nil balances in respect of accounts payables - deposits and retentions as at 30 June, 2018 and 2019 respectively. However, the corresponding Note 23 to the financial statements reflects retention monies balances of Kshs.3,611,361 and Kshs.2,606,022 as at 30 June, 2018 and 2019 respectively. The resulting differences has not been explained or reconciled.

In the circumstances, the accuracy and completeness of the financial statements as prepared and presented for the year ended 30 June, 2019 could not be confirmed.

2. County Own Generated Receipts

As disclosed under Note 9 to the financial statements, the statement of receipts and payments reflects own generated receipts balance of Kshs.3,073,343,614. The following observations were made:

2.1. Unbanked Receipts

The balance includes receipts from health facilities amounting to Kshs.19,802,829 which were not deposited to the county revenue collection account but were instead used directly. Management did not give any explanations for not banking the revenue as provided under Section 80 of the Public Financial Management (County Governments) Regulation, 2015 and Section 82 of the Public Finance Management Regulations, 2015.

2.2. Unauthorized Adjustments on Property Rates

Further, the County Executive collected property rates amounting to Kshs.18,526,923. A review of the outstanding balances, revealed that sixty-two (62) plots had credit adjustments which reduced the amounts payable by Kshs.4,813,586 while some properties were exempted from paying property rates. However, no supporting documents such as bank slips or waivers were provided to justify and confirm the adjustments. This may have led to loss of revenue.

2.3. Failure to Safeguard and Retain Accountable Documents

In addition, a review of the accountable documents such as dispatch notes from government press, counter foil receipt book register (CRBR) and annual revenue reports revealed that five hundred and sixty (560) booklets out 5,764 accountable documents, accounting for Kshs.3,300,000 and issued to the revenue clerks during the financial year 2018/2019 were not accounted for. The daily revenue receipts generated by LAIFOMS revealed that a total of 982,734 receipts series were missing as a result of ten (10) receipts ranges that were voided. No satisfactory explanation for these missing receipts and unaccounted for receipt books was provided.

Further, the LAIFOMS system from Kilgoris Town and its environs malfunctioned in the year 2016 and had not been restored. The total revenue collected during the period the LAIFOMS was out of operation could therefore not be ascertained.

In the circumstances, the accuracy, completeness and validity of county own generated receipts of Kshs.3,073,343,614 reflected in the statement of receipts and payments for the year ended 30 June, 2019 could not be confirmed.

3. Irregular Payment for Debt Collection Services

During the year under review, Management paid debt collection commission of Kshs.17,621,331 or 18.9% of the collected amount of Kshs.93,316,124 deposited in the debt collection account. This was contrary to the contract agreement through Tender No. NCG/DEBT/006/2017-2018 which stipulated that commission should be calculated at 6% of the total debt collected which would have amounted to Kshs.5,598,967 resulting to an unexplained overpayment of Kshs.12,022,364 commission.

Further, examination of records and physical verification carried out during the month of September, 2019 revealed that out of the Kshs.93,316,124 collected, an amount of Kshs.89,029,783 deposited in the debt collection account was normal monthly collections of revenue from hotels and lodges in Maasai Mara Game Reserve and not debts. Management did not provide supporting documents to support the computation of the commission.

In the circumstances, the propriety of the payment of Kshs.17,621,331 for the contracted services could not be authenticated.

4. Compensation of Employees

As disclosed under Note 11 to the financial statements, the statement of receipts and payments reflects compensation of employees of Kshs.3,583,236,674. The balance includes Kshs.11,698,911 paid to one hundred and one (101) casual employees as wages. However, Management did not provide, for audit review, supporting documents such as muster rolls, signed payment schedules, approval of the County Public Service Board (CPSB) and letters of engagement.

Further, examination of payroll records revealed that in the year 2018/2019, bank transfers for salaries to twenty-five (25) employees exceeded their net pay by Kshs.2,134,949 and one hundred and four (104) employees with taxable income were not deducted income tax from their emoluments. Management did not provide explanation for the shortcomings.

Consequently, the accuracy, completeness and validity of compensation of employees of Kshs.3,583,236,674 for the year ended 30 June, 2019 could not be confirmed.

5. Unsupported Expenditure - Use of Goods and Services

As disclosed under Note 12 to the financial statements, the statement of receipts and payments reflects a balance of Kshs.2,331,999,808 under use of goods and services. The balance includes an amount of Kshs.9,704,344 relating to imprest paid to members of staff. The payments were made using payment vouchers bearing names of officers who were receiving imprests on behalf of others. However, Management did not provide, for audit review, signed schedules, with personal numbers, as acknowledgement of payment, authorization for travel, purpose of the journey and breakdown of the amount among other supporting documents .

In absence of the supporting documents, the accuracy, completeness and validity of expenditure totalling to Kshs.9,704,344 included under use of good and services in the statement of receipts and payments for the year ended 30 June, 2019 could not be confirmed.

6. Poor Management of Contracts - Acquisition of Assets

The statement of receipts and payments reflects acquisition of assets of Kshs.3,011,614,219 for the year ended 30 June, 2019. However, the following unsatisfactory matters were observed;

6.1 Overpayment of Contract

A review of IFMIS report on payments relating to procurement of earth moving equipment indicated that a contract for a sum of Kshs.62,170,000 was awarded to a local company on 5 September, 2016. The contract was in respect of supply of two (2) bull dozers. The winning bidder was however, paid a total sum of Kshs.132,686,100 or approximately 213% of the contract sum, occasioning an overpayment of Kshs.70,516,100. Management has not explained how and why the overpayment occurred and how it was authorized.

6.2 Irregular Award of Contract

The County Executive entered into a contract on 30 July, 2018 for the upgrading and maintenance of Ngiito-Sigowet-Kapruet Road vide Tender No. NCG/ROADS/O21/2017-2018 at a contract sum of Kshs.19,520,000. Review of the project documents revealed the following: -

- i) A review of the bid documents provided for the contract revealed that out of the ten (10) invited bidders, only three (3) firms were registered with the National Construction Authority (NCA) contrary to the prequalification conditions Section 3.1 of the procurement manual for works, which require a firm to be registered with NCA for prequalification to offer services.
- ii) Further, the contract document did not have a performance security clause contrary to Section 142(1) of the Public Procurement and Asset Disposal Act, 2015 and best practice which require inclusion of performance security in the contract document to mitigate against the risk of failure of executing obligations of the contract by either party.
- iii) The review of progress report dated 3 October, 2018 supporting payment for the works done in the execution indicated a different contractor from the one in the contract agreement.
- iv) A review of payment details dated 31 October, 2018 indicates that the total contract sum amounting to Kshs.19,520,000 was paid in total without deducting the retention money to cushion the Management against any liability arising from poor workmanship which could be exhibited during the defects liability period which was to lapse on 3 March, 2019 six (6) months after completion. The retention monies ought to be paid after the defects liability period lapses to ensure the remaining works are executed.
- v) A review of the Bills of Quantities (BQs) indicated that the contractor was required to carry out gravel patching at a cost of Kshs.14,995,000. However, during the field verification exercise, there was no indication that gravel patching was done as there was no evidence of gravel on the road carriage and inside drains. Again, no site instructions from the County Engineer to the contractor or material testing reports were availed to ascertain that the works were done as per the BQs in the financial year under review. The two publicity sign boards

costing Kshs.250,000 as provided in the contract agreement were not in place at the time of the audit verification.

6.3 Overpayment on Contract for the Construction

Audit review confirmed that the County Executive entered into a contract with the construction firm of Isokon twin-culvert at a contract sum of Kshs.15,441,463. However, examination of expenditure records indicated that the firm was paid a total of Kshs.21,193,217 resulting to an overpayment of Kshs.5,751,754 and whose propriety could not be ascertained. Further, a physical verification of the project on 11 September, 2019 at the site, revealed evidence of poor workmanship as the bridge had already started developing cracks and pot holes, and exposed metal bars could be seen, an indication that the concrete was not properly reinforced and cast. Further, there were noticeable cracks on the sides of the bridge and the contractor was not on site although the works had not been completed.

6.4 Irregular Procurement of Vehicles

The County Government entered into a contract for the supply and delivery of twelve (12) tipper trucks on 5 September, 2016 at a contract sum of Kshs.118,200,000. A review of the documents availed for audit, revealed that bidding documents for the unsuccessful bidders were not availed for audit examination. Further, payment vouchers in respect of Kshs.55,000,000 were not availed for audit verification as indicated below;

Payment Date	Amount (Kshs.)
2 October, 2018	15,000,000
3 October, 2018	20,000,000
18 September, 2018	20,000,000
Total	55,000,000

Consequently, the accuracy, completeness and validity of acquisition of assets of Kshs.3,011,614,219 reflected in the statement of receipts and payments for the year ended 30 June, 2019 could not be confirmed.

7. Lack of Ownership Documents

During the year under review, the County Executive made payments amounting to Kshs.333,370,000 in respect of procurement of Earth Moving Equipment (EME). The payments were made to three (3) suppliers. However, ownership documents for two (2) bull dozers and six motor graders were not availed for audit verification as at the time of audit contrary to the provisions of Section 104(1) of the Public Finance Management Act, 2012. Further, the fixed assets register was not provided for audit verification.

In the circumstances, the propriety, existence and ownership of the Earth Moving Equipment worth Kshs.215,170,000 could not be confirmed.

8. Unsupported Cash and Cash Equivalents

As disclosed under Note 21A to the financial statements, the statement of financial assets and liabilities reflects bank balances of Kshs.596,396,386. However, Management did not provide supporting documents such as bank reconciliation statements, board of survey reports and certificates of bank balances as at 30 June, 2019 for audit review.

In view of the above, the accuracy, completeness and validity of bank balances of Kshs.596,396,386 reflected in the statement of assets and liabilities as at 30 June, 2019 could not be confirmed.

9. Unsupported Outstanding Imprest

As disclosed under Note 22 to the financial statements, the statement of assets and liabilities reflects temporary imprests totaling Kshs.2,054,600. However, supporting documents such as imprest register and warrants were not availed for audit review.

In the circumstances, the completeness, accuracy and validity of outstanding imprest balance of Kshs.2,054,600 reflected in the statement of assets and liabilities as at 30 June, 2019 could not be confirmed.

The audit was conducted in accordance with International Standards of Supreme Audit Institutions (ISSAIs). I am independent of the County Executive of Narok Management in accordance with ISSAI 130 on Code of Ethics. I have fulfilled other ethical responsibilities in accordance with the ISSAI and in accordance with other ethical requirements applicable to performing audits of financial statements in Kenya. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my qualified opinion.

Key Audit Matters

Key audit matters are those matters that, in my professional judgment, are of most significance in the audit of the financial statements. There were no key audit matters to report in the year under review.

Other Matter

1. Outstanding Pending Bills

Note 5.10 (1) on other important disclosures reflects pending bills balance of Kshs.1,195,236,019 with an opening balance of Kshs.1,858,297,237. However, Management did not provide adequate supporting documents such as invoices, delivery notes, contract documents and local purchase/service orders.

Failure to settle bills in the year to which they relate will adversely affect the implementation of the subsequent year's budgeted programs as the pending bills form a first charge to that year's budget provision.

2. Prior Year Matters

In the audit report of the previous year, several issues were raised under the Report on Financial Statements, Report on Lawfulness and Effectiveness in Use of Public

Resources, and Report on Effectiveness of Internal Controls, Risk Management and Governance. However, although the Management has indicated that the issues have been responded to, the matters have remained unresolved as the Senate and the County Assembly have not deliberated on the issues.

REPORT ON LAWFULNESS AND EFFECTIVENESS IN USE OF PUBLIC RESOURCES

Conclusion

As required by Article 229(6) of the Constitution, based on the audit procedures performed, except for the matters described in the Basis for Conclusion on Lawfulness and Effectiveness in Use of Public Resources section of my report, I confirm that, nothing else has come to my attention to cause me to believe that public resources have not been applied lawfully and in an effective way.

Basis for Conclusion

1. Failure to Prepare and Submit the Receiver of Revenue Statement

Management did not provide evidence that the revenue statement was prepared and submitted to the County Executive Committee Member for Finance or Receiver of Revenue in line with the provisions of Section 63 (2) of the Public Finance Management (County Governments) Regulations, 2015.

Consequently, the Management is in breach of regulations.

2. Irregular Expenditure on National Government Functions

Review of available records revealed that the Management disbursed Kshs.125,601,393 to various public schools during the year under review. However, Management did not explain the reasons or the obligations for carrying out National Government functions contrary to Schedule 4 of the Constitution of Kenya, 2010 which details the functions of National and County Governments.

The Management is therefore in breach of the Constitution.

3. Non-Compliance with the One Third Basic Salary Rule

During the year under review, an analysis of the payrolls revealed that four hundred and forty-seven (447) employees each earned a net salary of less than a third (1/3) of their respective basic salary contrary to Section C.1(3) of the Public Service Commission (PSC) Human Resource Policies, 2016 and the County Human Resource Manual, 2013. Management has not given any explanation for failure to comply with the policy as this may expose the staff to pecuniary embarrassment.

Management therefore, contravened the PSC Human Resource Policies, 2016 and the County Human Resource Manual.

4. Irregular Inter Vote and Re-Allocation of Recurrent Funds

A review of the payment details under the Ministry of Transport and Public Works recurrent expenditure, indicated that a total of Kshs.740,275,121 was paid during the year under review. Out of this balance, an amount of Kshs.177,220,785 or approximately 24% were expended on development related payments to various contractors' contrary to the provisions of Section 154(2) of the Public Finance Management Act, 2012. No re-allocation approvals were provided or reasons why the development expenditures were paid through recurrent votes.

In the circumstances, the Management is in breach of the law.

5. Lack of Fundamental Contract Documents and Records

Examination of records reveal that Tender No.NCG/TECH/001/2018-19 for construction and upgrading of Emurua Dikirr Health Centre to a standard Level IV Hospital Phase 1, was awarded to M/s Brima Contractors Ltd at a contract sum of Kshs.128,295,605. The contractor was to take possession of site on 9 November, 2018 and commence the works by 23 November, 2018 with the expected contract duration being 18 months. However, the following unsatisfactory matters were noted;

- i) Payment records revealed that a total of Kshs.61,955,800 was paid during the year under review. However, there were no supervisory reports and progress certificates from the County Engineers to support the payments.
- ii) A physical verification carried out during the month of September, 2019 at the construction site indicated that the works were ongoing. However, we could not confirm the level of completion as there were no progress certificates from the Department of Public Works.
- iii) The procurement records for the works were not availed for audit review. We could not therefore, confirm that the laws and regulations were followed and that the contract was awarded transparently.

In the circumstances, I am unable to confirm whether the residents of County of Narok will receive value for money spent on the projects.

The audit was conducted in accordance with ISSAI 4000. The standard requires that I comply with ethical requirements and plan and perform the audit to obtain assurance about whether the activities, financial transactions and information reflected in the financial statements are in compliance, in all material respects, with the authorities that govern them. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

REPORT ON EFFECTIVENESS OF INTERNAL CONTROLS, RISK MANAGEMENT AND GOVERNANCE

Conclusion

As required by Section 7(1)(a) of the Public Audit Act, 2015, based on the audit procedures performed, except for the matters described in the Basis for Conclusion on Effectiveness of Internal Controls, Risk Management and Governance section of my report, I confirm that, nothing else has come to my attention to cause me to believe that internal controls, risk management and overall governance were not effective

Basis for Conclusion

1. Lack of Fixed Assets Register

Annex 5 reflects a summary of fixed assets at the beginning of the financial year of Kshs.37,573,561,199 and the additions during the year of Kshs.3,011,614, resulting in total assets of Kshs.40,585,175,418.

However, Management did not provide a fixed asset register to confirm the existence, value and completeness of all the assets owned by the County Executive.

Consequently, I cannot confirm the existence and ownership of the assets as reflected in Annex 5 to the financial statements.

2. Property Rates

Review of the property rates' register for parcels of land with outstanding balances list revealed that one thousand seven hundred and seventy-five (1775) plots had not been captured in the register. The property rates' register reflected ten (10) plots without land rates indicated on them while the outstanding balances list reflected five thousand five hundred and ninety-five (5,595) plots with outstanding arrears. Further, the application system, LAIFOMs and manual property rates register however, indicate arrears totalling to Kshs.447,275,078 as at 30 June, 2019.

Further, the County Executive did not have an updated valuation roll and was instead using a draft valuation roll which was prepared in 2008 by the defunct Town Council of Narok. Failure to have an updated and approved valuation roll may have led to loss of revenue due to use of an obsolete and old rates.

In the circumstances, I am unable to confirm existence of effective controls and governance on revenue by Management.

3. Lack of Audit Committee

During the year under review, Management did not provide documents supporting existence of an Audit Committee at the County Executive. Therefore, the roles and responsibilities of an Audit Committee which is to offer oversight and guidance was deficient.

Consequently, I am unable to confirm effectiveness of the overall governance at the Assembly.

4. Lack of Risk Management and Information Communication Technology Policies

The Management did not have risk management and ICT policies to provide guidance on confidentiality, integrity and availability of reliable data. Failure to develop the policies meant that the Management did not have a framework for identification, assessment, control and management of risk.

Consequently, I am unable to confirm existence of effective risk management environment

The audit was conducted in accordance with ISSAI 2315 and ISSAI 2330. The standards require that I plan and perform the audit to obtain assurance about whether effective processes and systems of internal control, risk management and overall governance were operating effectively, in all material respects. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

Responsibilities of Management and those Charged with Governance

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Public Sector Accounting Standards (Cash Basis) and for maintaining effective internal control as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error and for its assessment of the effectiveness of internal control, risk management and overall governance.

In preparing the financial statements, Management is responsible for assessing the County Executive's ability to continue to sustain its services, disclosing, as applicable, matters related to sustainability of services and using the applicable basis of accounting unless Management is aware of the intention to dissolve the County Executive or to cease operations.

Management is also responsible for the submission of the financial statements to the Auditor-General in accordance with the provisions of Section 47 of the Public Audit Act, 2015.

In addition to the responsibility for the preparation and presentation of the financial statements described above, Management is also responsible for ensuring that the activities, financial transactions and information reflected in the financial statements are in compliance with the authorities which govern them, and that public resources are applied in an effective way.

Those charged with governance are responsible for overseeing the financial reporting process, reviewing the effectiveness of how the County Executive monitors compliance with relevant legislative and regulatory requirements, ensuring that effective processes and systems are in place to address key roles and responsibilities in relation to overall

governance and risk management, and ensuring the adequacy and effectiveness of the control environment.

Auditor-General's Responsibilities for the Audit

The audit objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion in accordance with the provisions of Section 48 of the Public Audit Act, 2015 and submit the audit report in compliance with Article 229(7) of the Constitution. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISSAIs will always detect a material misstatement and weakness when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

In addition to the audit of the financial statements, a compliance audit is planned and performed to express a conclusion about whether, in all material respects, the activities, financial transactions and information reflected in the financial statements are in compliance with the authorities that govern them and that public resources are applied in an effective way, in accordance with the provisions of Article 229(6) of the Constitution and submit the audit report in compliance with Article 229(7) of the Constitution.

Further, in planning and performing the audit of the financial statements and audit of compliance, I consider internal control in order to give an assurance on the effectiveness of internal controls, risk management and overall governance processes and systems in accordance with the provisions of Section 7(1)(a) of the Public Audit Act, 2015 and submit the audit report in compliance with Article 229(7) of the Constitution. My consideration of the internal control would not necessarily disclose all matters in the internal control that might be material weaknesses under the ISSAIs. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions.

Because of its inherent limitations, internal control may not prevent or detect misstatements and instances of non-compliance. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies and procedures may deteriorate.

As part of an audit conducted in accordance with ISSAIs, I exercise professional judgement and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for

my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management.
- Conclude on the appropriateness of the Management's use of the applicable basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the County Executive's ability to continue to sustain services. If I conclude that a material uncertainty exists, I am required to draw attention in the auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my audit report. However, future events or conditions may cause the County Executive to cease to continue to sustain its services.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information and business activities of the County Executive to express an opinion on the financial statements.
- Perform such other procedures as I consider necessary in the circumstances.

I communicate with the Management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that are identified during the audit.

I also provide the Management with a statement that I have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on my independence, and where applicable, related safeguards.

Nancy Gathungu
AUDITOR-GENERAL

Nairobi

30 April, 2021

(a) The difference in exchequer releases is as a result of unspent funds from the previous year which were swept back to CRF.

(b) The budget on finance costs was low as a result of lower interest rates in the year.

(c) The underperformance of other receipts was as a result of low actual revenue collections in key local revenue streams such as land rates, business permits and cesses.

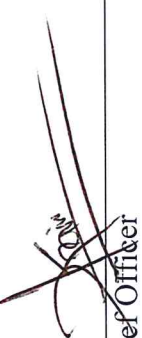

(d) The budget on other payments, particularly on settling pending bills, was also underutilised as a result of slow progress by the suppliers to complete the contracted works. As such, not all the pending bills were not fully settled.

(e) Utilisation of finance costs budget was also lower than expected due to low interest rates which came up as a result of interest rates capping in 2016.

(f) The low utilization of the development budget was as a result of delays in approving the budget. As a result, commencement of some projects delayed.

**NAKOK COUNTY GOVERNMENT
Reports and Financial Statements
For the year ended June 30, 2019**

The entity financial statements were approved on 30 July 2019 and signed by:

Chief Officer

Name: CPA Dennis P. Lett
ICPAK Member Number: 23406

Head of Treasury
Name: CPA Walter O. Chanua
ICPAK Member Number: 14877

5.8. SIGNIFICANT ACCOUNTING POLICIES

The principle accounting policies adopted in the preparation of these financial statements are set out below:

1. Statement of compliance and basis of preparation

The financial statements have been prepared in accordance with Cash-basis IPSAS financial reporting under the cash basis of Accounting, as prescribed by the PSASB and set out in the accounting policy notes below. This cash basis of accounting has been supplemented with accounting for; a) receivables that include imprests and salary advances and b) payables that include deposits and retentions.

The receivables and payables are disclosed in the Statement of Assets and Liabilities.

The financial statements are presented in Kenya Shillings, which is the functional and reporting currency of the entity all values are rounded to the nearest Kenya Shilling. The accounting policies adopted have been consistently applied to all the years presented.

The financial statements comply with and conform to the form of presentation prescribed by the PSASB.

2. Reporting entity

The financial statements are for the Narok County Government. The financial statements encompass the reporting entity as specified under section 164 of the PFM Act 2012.

3. Recognition of receipts and payments

a) Recognition of receipts

The County Government recognises all receipts from the various sources when the event occurs and the related cash has actually been received by the Government.

Tax receipts

Tax Receipts is recognized in the books of accounts when cash is received. Cash is considered as received when notification of tax remittance is received.

Transfers from the Exchequer

Transfer from Exchequer is recognized in the books of accounts when cash is received. Cash is considered as received when payment instruction is issued to the bank and notified to the receiving entity.

SIGNIFICANT ACCOUNTING POLICIES (Continued)

External Assistance

External assistance is received through grants and loans from multilateral and bilateral development partners.

Donations and grants

Grants and donations shall be recognized in the books of accounts when cash is received. Cash is considered as received when a payment advice is received by the recipient entity or by the beneficiary. In case of grant/donation in kind, such grants are recorded upon receipt of the grant item and upon determination of the value. The date of the transaction is the value date indicated on the payment advice.

Proceeds from borrowing

Borrowing includes Treasury bill, treasury bonds, corporate bonds; sovereign bonds and external loans acquired by the entity or any other debt the County Government may take on will be treated on cash basis and recognized as receipts during the year of receipt.

Undrawn external assistance

These are loans and grants at reporting date as specified in a binding agreement and relate to funding for projects currently under development where conditions have been satisfied or their ongoing satisfaction is highly likely and the project is anticipated to continue to completion. During the year ended 30th June 2019, there were no instances of non-compliance with terms and conditions which have resulted in cancellation of external assistance loans.

County Own Generated Receipts

These include Appropriation-in-Aid and relates to receipts such as trade licences, cess, fees, property income among others generated by the County Government from its citizenry. These are recognised in the financial statements the time associated cash is received.

Returns to CRF Issues

These relate to unspent balances in the development, recurrent and deposit accounts at the end of the year which are returned to the County Revenue Fund (CRF) and appropriated through a supplementary budget to enable the County to spend funds. These funds are recognised once appropriated through a supplementary budget process.

b) Recognition of payments

The entity recognises all expenses when the event occurs and the related cash has actually been paid out by the entity.

SIGNIFICANT ACCOUNTING POLICIES (Continued)

Compensation of employees

Salaries and Wages, Allowances, Statutory Contribution for employees are recognized in the period when the compensation is paid.

Use of goods and services

Goods and services are recognized as payments in the period when the goods/services are consumed and paid for. Such expenses, if not paid during the period where goods/services are consumed, shall be disclosed as pending bills.

Interest on borrowing

Borrowing costs that include interest are recognized as payment in the period in which they incurred and paid for.

Repayment of borrowing (principal amount)

The repayment of principal amount of borrowing is recognized as payment in the period in which the repayment is made. The stock of debt is disclosed as an annexure to the County consolidated financial statements.

Acquisition of fixed assets

The payment on acquisition of property plant and equipment items is not capitalized. The cost of acquisition and proceeds from disposal of these items are treated as payments and receipts items respectively. Where an asset is acquired in a non-exchange transaction for nil or nominal consideration and the fair value of the asset can be reliably established, a contra transaction is recorded as receipt and as a payment.

A fixed asset register is maintained by each public entity and a summary provided for purposes of consolidation. This summary is disclosed as an annexure to the consolidated financial statements.

4. In-kind contributions

In-kind contributions are donations that are made to the *entity* in the form of actual goods and/or services rather than in money or cash terms. These donations may include vehicles, equipment or personnel services. Where the financial value received for in-kind contributions can be reliably determined, the *entity* includes such value in the statement of receipts and payments both as receipts and as an expense in equal and opposite amounts; otherwise, the contribution is not recorded.

SIGNIFICANT ACCOUNTING POLICIES (Continued)

5. Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and cash at bank, short-term deposits on call and highly liquid investments with an original maturity of three months or less, which are readily convertible to known amounts of cash and are subject to insignificant risk of changes in value. Bank account balances include amounts held at the Central Bank of Kenya and at various commercial banks at the end of the financial year.

Restriction on cash

Restricted cash represents amounts that are limited /restricted from being used to settle a liability for at least twelve months after the reporting period. This cash is limited for direct use as required by stipulation.

Amounts maintained in deposit bank accounts are restricted for use in refunding third party deposits. As at 30th June 2019, this amounted to KShs 2,606,022 compared to KShs 3,611,361 in prior period as indicated on note 23.

There were no other restrictions on cash during the year

6. Accounts Receivable

For the purposes of these financial statements, imprests and advances to authorised public officers and/or institutions which were not surrendered or accounted for at the end of the financial year is treated as receivables. This is in recognition of the government practice where the imprest payments are recognized as payments when fully accounted for by the imprest or AIE holders. This is an enhancement to the cash accounting policy. Other accounts receivables are disclosed in the financial statements.

7. Accounts Payable

For the purposes of these financial statements, deposits and retentions held on behalf of third parties have been recognized as accounts payables. This is in recognition of the government practice of retaining a portion of contracted services and works pending fulfilment of obligations by the contractor and to hold deposits on behalf of third parties. This is an enhancement to the cash accounting policy adopted and prescribed by the Public Sector Accounting Standards Board. Other liabilities including pending bills are disclosed in the financial statements.

8. Non-current assets

Non-current assets are expensed at the time of acquisition while disposal proceeds are recognized as receipts at the time of disposal. However, the acquisitions and disposals are reflected in the entity fixed asset register a summary of which is provided as a memorandum to these financial statements.

SIGNIFICANT ACCOUNTING POLICIES (Continued)

9. Pending bills

Pending bills consist of unpaid liabilities at the end of the financial year arising from contracted goods or services during the year or in past years. As pending bills do not involve the payment of cash in the reporting period, they are recorded as 'memorandum' or 'off-balance' items to provide a sense of the overall net cash position of the *Narok County government* at the end of the year. Pending bill form a first charge to the subsequent year budget and when they are finally settled, such payments are included in the statement of receipts and payments in the year in which the payments are made.

10. Budget

The budget is developed on the same accounting basis (cash basis), the same accounts classification basis, and for the same period as the financial statements. The *Narok County Government's* budget was approved as required by Law and as detailed in the County Revenue Allocation Act. The original budget was approved by the County Assembly on 25th June, 2018 for the period 1st July 2018 to 30 June 2019 as required by law. There were two (number) of supplementary budget passed in the year. A high-level assessment of the *Narok County government's* actual performance against the comparable budget for the financial year under review has been included in an annex to these financial statements.

11. Comparative figures

Where necessary comparative figures for the previous financial year have been amended or reconfigured to conform to the required changes in presentation.

12. Subsequent events

Events subsequent to submission of the financial year end financial statements to the National Treasury and other stakeholders with a significant impact on the financial statements may be adjusted with the concurrence of National Treasury.

13. Errors

Material prior period errors shall be corrected retrospectively in the first set of financial statements authorized for issue after their discovery by: i. restating the comparative amounts for prior period(s) presented in which the error occurred; or ii. If the error occurred before the earliest prior period presented, restating the opening balances of assets, liabilities and net assets/equity for the earliest prior period presented.

14. Related party transactions

Related party transactions involve cash and in kind transactions with the National Government, National Government entities and County Government entities. Specific information with regards to related party transactions is included in the disclosure notes.

5.9. NOTES TO THE FINANCIAL STATEMENTS
