FORWARD BY THE CABINET SECRETARY

The Tourism Sector was created vide the Executive Order No. 1 of 11th May 2020. The overall mandate of the Sector is to develop tourism policy and standards; develop and promote tourism; undertake tourism research and monitoring; tourism regulation; tourism financing; training on tourism services; and market Kenya for local and International tourists. There were ten (10) SAGAs overseen by the Sector: Kenya Tourism Board; Tourism Regulatory Authority; Tourism Fund; Kenyatta International Convention Centre; Tourism Finance Corporation; Bomas of Kenya; Kenya Utalii College, Tourism Research Institute, Tourism Promotion Fund and Kenya National Convention Bureau.

The Sector's direct contribution to the Country's GDP is estimated at 4.4% while the total contribution to GDP and employment is estimated at 8.2% and 9.2% respectively. It is also the 3rd largest contributor to foreign exchange earnings after agriculture (tea, coffee and horticulture) and diaspora remittances.

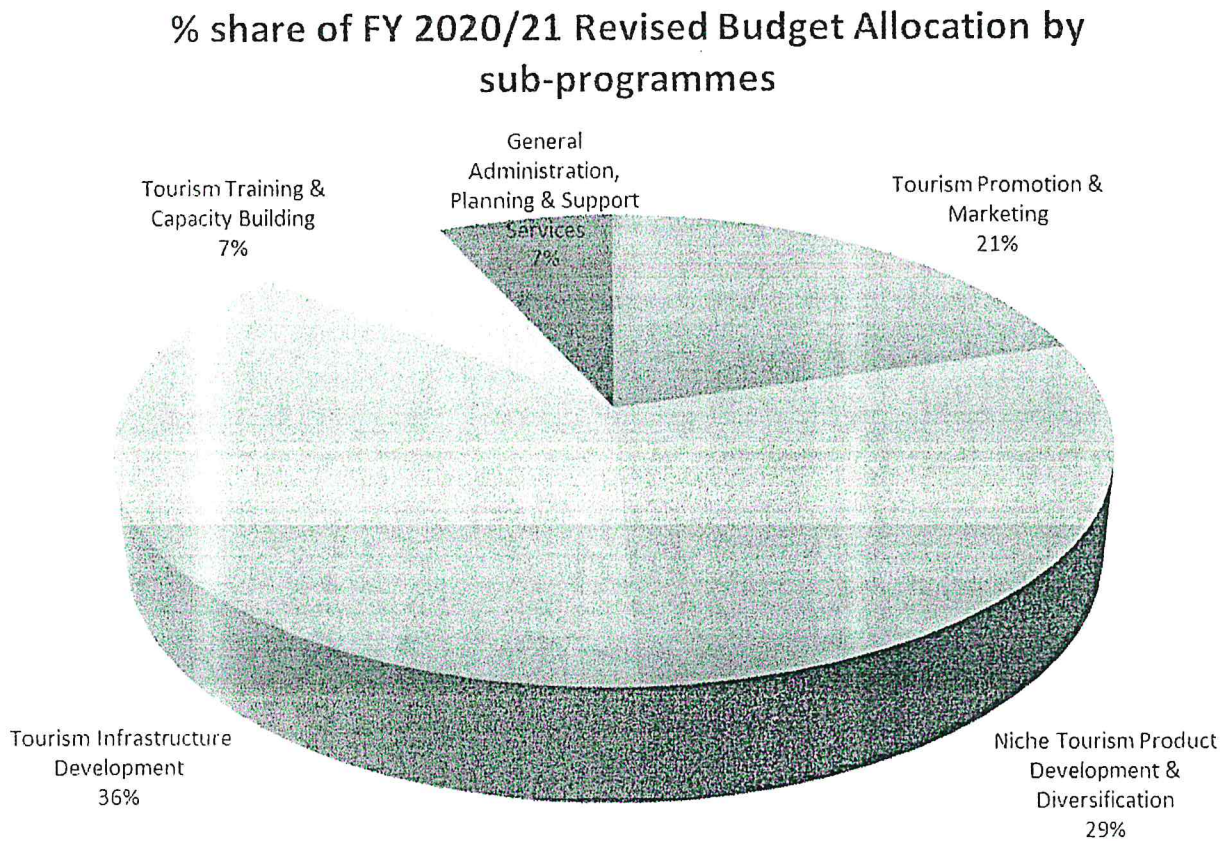

To attain the Vision 2030 aspiration of achieving and sustaining more than 10% economic growth annually, the sector plans to increase tourist arrivals, grow domestic tourism and tourism earnings as well as diversifying tourist products and source markets. This will be actualized through implementation of the National Tourism Blue Print 2030 and The Remodeling Tourism in Kenya Strategy.

Budget Performance against actual.

The total revised estimates for the State Department for Tourism in the 2020-2021 Financial year was Kshs. **9.56** Billion of which Kshs. **6.09** Billion was Recurrent and Kshs. **3.46416** Billion being Development. Of this amount, KShs **3.58222** Billion was A.I.A to Semi-Autonomous Government Agencies (SAGAs) in the state department while the net allocation was KShs **5.9731** Billion.

**STATE DEPARTMENT FOR TOURISM
Annual Reports and Financial Statements
For the year ended June 30, 2021**

Figure 1 below shows the percentage share of revised net budgetary allocation to each sub-programme.

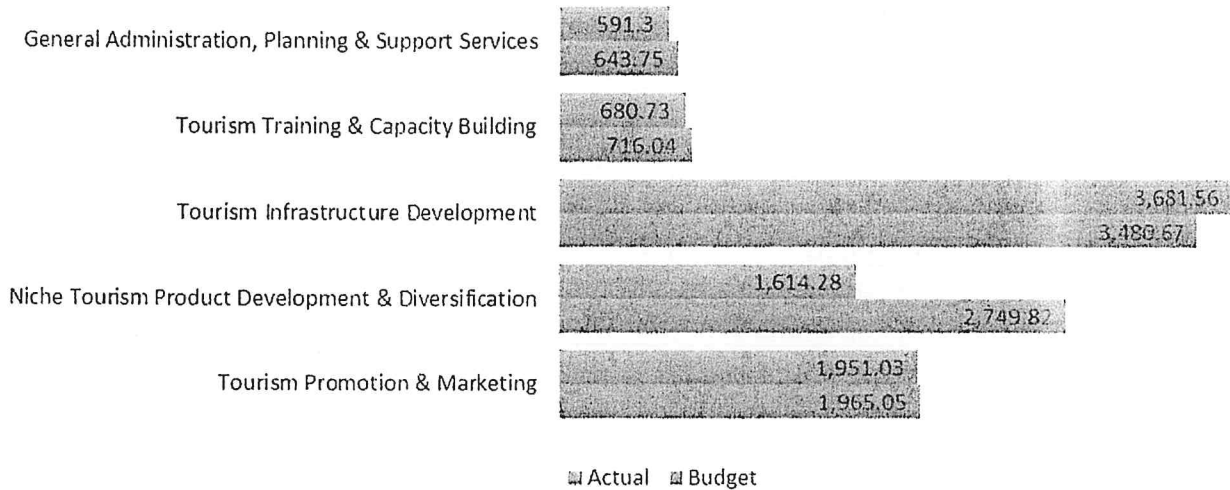

Net allocation by sub-programme: Niche tourism product development and diversification received 29%, Tourism Infrastructure Development 36%, Tourism Promotion and marketing 21%, while both General Administration Planning and Support services % and Tourism Training & Capacity Building share the balance equally.

Figure 2 below present's comparison between revised budgetary allocations versus the actual expenditure by sub- programmes.

Fig.2:Revised Budget allocation Vs Actual Expenditure by Sub-Programme

The State department's actual expenditure amounted to Kshs. **8.51889** Billion translating to an absorption rate of 89.2%.

The performance of the budget against actual amounts based on economic classification is provided in table 1 below. The bulk of the State department's budget and expenditure is on transfer to government agencies. This is explained by the fact that the Ministry's role is largely on tourism policy management, promotion and development while SAGAs execute the policy interventions/strategies on its behalf.

Key Achievements

The COVID-19 pandemic severely affected the tourism industry with a significant drop in visitor's arrivals resulting in a number of tourism ventures closing down and heavy staff retrenchments. Tourist arrivals for 2020/21 shrunk by 72.3% to 567, 848 while earnings dipped by 45.9% to KShs 88.57 billion respectively. Domestic tourism activity measured through bed-nights declined by 61.7% to 1.845Million during the same period.

To mitigate against the adverse effects of COVID-19 pandemic, the state department was allocated KShs.874 Million under the Economic Stimulus Programme for aggressive marketing and Kshs.2.024Bn for Provision of soft loans for renovation/refurbishment of hotels. To this end, the sub-sector undertook targeted marketing initiatives to source markets namely: UK market; Rest of Europe; Domestic Tourism; North America market; China; India. The sub-sector also engaged in Customer Relationships Management (CRM) and Partnerships, Digital marketing Programs, as well as PR and Communication Programs.

To aid recovery of the tourism industry, the state department in collaboration with key stakeholders developed the 'Remodelling of Kenyan Tourism' Strategy. The strategy has four components (Brand, Marketing, Experiences and Enablers) and nine initiatives (Brand repositioning, International source markets, domestic market, Parks and reserves, coastal beach tourism, niche experiences, digital marketing, sustainability and financing). Implementation of these initiatives will see the country tourism recover to 2019 levels by the year 2024 with domestic tourism leading the way. Leisure travel is also expected to recover fast because it is less substitutable. Business travel is however expected to be the hardest hit with slower recovery time. The strategy also identifies the need to take advantage of opportunists created by increased demand for open air and nature based tourism where Kenya has abundant nature based attractions.

For the year ended June 30, 2021

Other notable achievements included:

- a) Development and implementation of Magical Kenya, health and safety protocols
- b) Routine quality audits of 5,575 regulated tourism enterprises
- c) Reviewed and validated five (5) minimum standards developed in the previous financial year by incorporating health, safety and hygiene aspects. The five standards are: Hotel Safety and Security Standards; Conference and Conventions; Extreme and Adventure Sports; Food Safety and Hygiene and Halal Compliance Standards.
- d) Reviewed and validated the six (6) developed drafts of EAC classification criteria for Lodges, Tented camps, Motels, Restaurants, Homestay and Villas, Cottages and Serviced Apartments to incorporate health, safety and hygiene protocols
- e) Finalized Kenya Tourism Satellite Account (TSA) 2019
- f) Conducted research studies on tourism namely: Kenya Domestic Tourism Survey 2020 and Assessing the Impact of Covid-19 on Kenya's Tourism and the Multiplier Effects on the Country's Economy, 2020 & 2021.
- g) Review and validation of the Revised National Tourism Policy 2020
- h) Twelve (12) cultural dances were researched and or re-choreographed,
- i) Forty-six (46) applicants were issued with Offer letters worth KShs 1,379, 137, 50.30 and loans worth KShs 427,473,456.74 disbursed to 21 applicants based on the drawdown schedules against a total of 65 approved applications worth KShs 2.274 Billion
- j) Formulated key instruments to strengthen the Tourism Police Service (TPS), namely: -A Memorandum of understanding between Cabinet Secretary in charge of Tourism and Inspector General of Police, Structures for TPS and a Transition Framework.
- k) Twenty-four (24) traditional villages rehabilitated biennially and maintained
- l) Modernization and expansion of KICC ongoing - 34.34% complete
- m) Construction of Ronald Ngala Utalii college – 60% complete
- n) Mama Ngina Waterfront rehabilitated – 100% complete
- o) Repair and rehabilitation of Farm Murera – Meru Access road completed
- p) Open Space Office Modelling and Security System Fitting project is ongoing (55%).

Emerging issues and Challenges

Key challenges faced include:

- i. **The Covid-19 global pandemic:** underperformance attributed to the onset of Covid-19 pandemic in the source markets, Covid-19 containment measures interrupted tourism activity. Gains made in the preceding years have been lost and the sector will require substantial investments in order to recover lost ground.
- ii. **Inadequate Funding:** The development funding for the Sector in the FY 2020/21 was KShs. 3.2bn. This is not adequate to implement development projects and sustain the operations of MDAs in the sector in discharging their mandates/functions especially in the wake of declining internally generated funds.
- iii. **Low product quality, diversity and innovation:** The destination is well known for its Wildlife and beaches which forms the core Kenya's tourism experience. This experience offers a narrow product range coupled with a limited number of star rated facilities (only 18% Kenyan hotels are 4-5 star).

Recommendation and way forward

To address these concerns, the state department will continue to ensure compliance to covid-19 guidelines by closely monitoring the implementation of the Magical Kenya Tourism and Travel health and safety protocols.

In addition, the state department will priorities the implementation of Re-modelling Kenya's Tourism Strategy to hasten the recovery of the tourism industry in the medium term. It is our expectation that the implementation of these initiatives will see the country tourism recover to 2019 levels by the year 2024 with domestic tourism leading the way followed by leisure travel.

STATEMENT OF STATE DEPARTMENT FOR TOURISM MANAGEMENT RESPONSIBILITIES

Section 81 (1) of the Public Finance Management Act, 2012 requires that, at the end of each financial year, the accounting officer for a National Government entity shall prepare financial statements in respect of that entity. Section 81 (3) requires the financial statements so prepared to be in a form that complies with relevant accounting standards as prescribed the Public Sector Accounting Standards Board of Kenya from time to time.

The Accounting Officer in charge of the State Department for Tourism is responsible for the preparation and presentation of the State Department for Tourism's financial statements, which give a true and fair view of the state of affairs of the State Department for Tourism for and as at the end of the financial year (period) ended on June 30, 2021. This responsibility includes: (i) maintaining adequate financial management arrangements and ensuring that these continue to be effective throughout the reporting period; (ii) maintaining proper accounting records, which disclose with reasonable accuracy at any time the financial position of the State Department for Tourism; (iii) designing, implementing and maintaining internal controls relevant to the preparation and fair presentation of the financial statements, and ensuring that they are free from material misstatements, whether due to error or fraud; (iv) safeguarding the assets of the State Department for Tourism; (v) selecting and applying appropriate accounting policies; and (vi) making accounting estimates that are reasonable in the circumstances.

The Accounting Officer in charge of the State Department for Tourism accepts responsibility for the State Department for Tourism's financial statements, which have been prepared on the Cash Basis Method of Financial Reporting, using appropriate accounting policies in accordance with International Public Sector Accounting Standards (IPSAS). The Accounting Officer is of the opinion that the State Department for Tourism's financial statements give a true and fair view of the state of State Department for Tourism's transactions during the financial year ended June 30, 2021, and of the State Department's financial position as at that date. The Accounting Officer charge of the State Department for Tourism further confirms the completeness of the accounting records maintained for the State Department for Tourism, which have been relied upon in the preparation of the State Department for Tourism's financial statements as well as the adequacy of the systems of internal financial control.

The Accounting Officer in charge of the State Department for Tourism confirms that the State Department for Tourism has complied fully with applicable Government Regulations and the terms of external financing covenants (where applicable), and that the State Department's funds received during the year under audit were used for the eligible purposes for which they were intended and were properly accounted for. Further the Accounting Officer confirms that the State Department for Tourism's financial statements have been prepared in a form that complies with relevant accounting standards prescribed by the Public Sector Accounting Standards Board of Kenya.

Approval of the financial statements

The State Department for Tourism's financial statements were approved and signed by the Accounting Officer on 28th September, 2021.

REPORT OF THE AUDITOR-GENERAL ON STATE DEPARTMENT FOR TOURISM FOR THE YEAR ENDED 30 JUNE, 2021

PREAMBLE

I draw your attention to the contents of my report which is in three parts:

- A. Report on the Financial Statements that considers whether the financial statements are fairly presented in accordance with the applicable financial reporting framework, accounting standards and the relevant laws and regulations that have a direct effect on the financial statements.
- B. Report on Lawfulness and Effectiveness in Use of Public Resources which considers compliance with applicable laws, regulations, policies, gazette notices, circulars, guidelines and manuals and whether public resources are applied in a prudent, efficient, economic, transparent and accountable manner to ensure government achieves value for money and that such funds are applied for intended purpose.
- C. Report on Effectiveness of Internal Controls, Risk Management and Governance which considers how the entity has instituted checks and balances to guide internal operations. This responds to the effectiveness of the governance structure, the risk management environment, and the internal controls developed and implemented by those charged with governance for orderly, efficient and effective operations of the entity.

An unmodified opinion does not necessarily mean that an entity has complied with all relevant laws and regulations, and that its internal control, risk management and governance systems are properly designed and were working effectively in the financial year under review.

The three parts of the report are aimed at addressing the statutory roles and responsibilities of the Auditor-General as provided by Article 229 of the Constitution and the Public Audit Act, 2015. The three parts of the report, when read together constitute the report of the Auditor-General.

REPORT ON THE FINANCIAL STATEMENTS

Qualified Opinion

I have audited the accompanying financial statements of State Department for Tourism set out on pages 1 to 24, which comprise of the statement of assets and liabilities as at

30 June, 2021, and the statement of receipts and payments, statement of cash flows and summary statement of appropriation-recurrent and development combined for the year then ended and a summary of significant accounting policies and other explanatory information in accordance with the provisions of Article 229 of the Constitution of Kenya and Section 35 of the Public Audit Act, 2015. I have obtained all the information and explanations which, to the best of my knowledge and belief, were necessary for the purpose of the audit.

In my opinion, except for the effect of the matters described in the Basis for Qualified Opinion section of my report, the financial statements present fairly, in all material respects, the financial position of State Department for Tourism as at 30 June, 2021, and of its financial performance and its cash flows for the year then ended, in accordance with International Public Sector Accounting Standards (Cash Basis) and comply with the Public Finance Management Act, 2012.

Consequently, the accuracy of cash and cash equivalents balance of Kshs.138,581,930 as at 30 June ,2021 could not be confirmed.

The audit was conducted in accordance with International Standards of Supreme Audit Institutions (ISSAIs). I am independent of the State Department for Tourism Management in accordance with ISSAI 130 on Code of Ethics. I have fulfilled other ethical responsibilities in accordance with the ISSAI and in accordance with other ethical requirements applicable to performing audits of financial statements in Kenya. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my qualified opinion.

Key Audit Matters

Key audit matters are those matters that, in my professional judgment, are of most significance in the audit of the financial statements. I have determined that there were no key audit matters to report in the year under review.

Other Matter

Unresolved Prior Year Matters

In the audit report of the previous year, several issues were raised under the Report on Financial Statements, Report on Lawfulness and Effectiveness in the Use of Public Resources and Report on Effectiveness of Internal Controls, Risk Management and Governance. However, the Management has not resolved the issues or given any explanation for failure to adhere to the provisions of the Public Sector Accounting Standards Board and the National Treasury's Circular Ref.AG.4/16/2 Vol.3(72) dated 30 June, 2021 on Revised Annual Financial Reporting Template.

REPORT ON LAWFULNESS AND EFFECTIVENESS IN USE OF PUBLIC RESOURCES

Conclusion

As required by Article 229(6) of the Constitution, based on the audit procedures performed, except for the matters described in the Basis for Conclusion on Lawfulness and Effectiveness in Use of Public Resources section of my report, I confirm that, nothing has come to my attention to cause me to believe that public resources have not been applied lawfully and in an effective way.

Basis for Conclusion

1. Procurement, Design and Printing Government Calendars

Note 5 to the financial statements for the year under review reflects use of goods and services balance of Kshs.272,705,455 which includes payments of Kshs.30,558,945 in respect of specialized materials which in turn includes payments totaling to Kshs.14,238,106 for design and printing of calendars.

The State Department on 5 October, 2020 requested Kenya Tourism Board (KTB) to undertake the design and printing of Government calendars for the year 2021. Authority to Incur Expenditure amounting Kshs.14,000,000 was issued to KTB in November, 2020.

However, the following anomalies were noted,

- (i) The procurement plan for State Department for the year 2020-2021 reflects planned procurement of wall calendars and desk calendars items to be done using open tender method. The quantities to be procured were 50,000 units of wall calendars at estimated unit cost of Kshs.320 (Total Kshs.16,000,000) and 25,000 units of desk calendars at estimated unit cost of Kshs.300 (Total Kshs.7,500,000).
- (ii) The Management through Kenya Tourism Board (KTB) engaged a procuring agent at an agency commission cost of Kshs.2,045,705 to design and print 90,250 and 42,200 units of desk calendars at a total cost of Kshs.12,192,402.
- (iii) No justification was provided for the use of a procuring agent instead of open tender method contrary to Section 51 of the Public Procurement and Asset Disposal Act, 2015.
- (iv) Procurement documents such as notice of advertisement, evaluation minutes, letter of award and contract agreement between the procuring agent and KTB were not availed for audit review.

Consequently, the Management was in breach of the law and the validity of the expenditure of Kshs.14,238,106 for the year ended could not be confirmed.

2. Repair and Rehabilitation of Farm-Murera Gate Road (Contract No: MOT/02/2016-2017)

As previously reported, the contract for the repair and rehabilitation of approximately 26 kilometers long starting at Farm at the junction with C 91 through to the entrance of Meru National Park was awarded to a local contractor at a contract sum of Kshs.198,799,982. The contract agreement was signed on 27 April, 2017.

The contract commencement date was on 21 May, 2017 for a contract period of twelve (12) months with completion date of 31 May, 2018.

The Kenya Rural Roads Authority wrote to the State Department for Tourism Ref: KeRRA/05/MOT/02/2016-2017/Vol1/ (2519) on project cost appraisal No.1 dated 14 February, 2018 that the variation of the scope of works from 26 kilometers to 11.5 kilometers was recommended by the Chief Engineer (Materials) as per MTRD report No. 1347 Re.M.499/35/M/340 dated 11 October, 2017 that proposed an enhanced pavement structure and hence change of scope of work. The letter further states, that the contract sums would be sufficient to undertake 11.5 kilometers of the road namely repair of the first 8.0 kms and rehabilitation of 3.5 kilometers beyond 8 kilometers as per revised bill of quantities and the evaluation report.

An addendum letter on variation order No.1 was signed on 11 July, 2018 by the State Department for Tourism and the contractor varying the scope of work from 26 kms to 11.5 km as detailed in the summary of appraised bill of quantities, the contract sum was revised to Kshs.198,795,353 and the works were to be executed within the approved contract period.

Construction commenced on 31 May, 2017 for a contract period of 12 months with a completion date of 31 May, 2018. The contractor was awarded the first extension of 146 days which revised the project completion date from 31 May, 2018 to 24 October, 2018. The contractor was granted a second extension of 207 days on 3 February, 2020 which revised the project completion date from 24 October, 2018 to 19 May, 2019.

Audit review of the project revealed the following anomalies;

- i. No evidence was provided to show that feasibility study and design reports were done by engineers to guide in the process of preparation of bills of quantities.
- ii. The revised scope of work was not executed within the contract period as per requirement of the addendum letter on variation order No.1 signed on 11 July, 2018 by the State Department and the contractor varying the scope of work from 26 kilometers to 11.5 kilometers.
- iii. According to minutes for substantial completion inspection meeting held on 11 February, 2021, the inspection committee irregularly agreed to back-date the date for substantial completion to 18 August, 2020 instead of the actual date of carrying out the inspection of 11 February, 2021.

It was also not clear why the takeover certificate was issued and backdated to 18 August, 2020 yet completion inspection was done on 11 February, 2021.

- iv. The defects liability period was backdated to 11 August, 2021 whereas the defects liability period was expected to commence from the date of substantial completion inspection of 11 February, 2021 for a period of six (6) months to 11 August, 2021. In addition, the final inspection on end of defect liability period was done on 25 May, 2021 before the expiry of expected date of defect liability period of 11 August, 2021 as per the site minutes dated 25 May, 2021 on final inspection on end of defects liability period.
- v. As at 30 June, 2021 the contractor had been paid a total of Kshs.197,234,736 as tabulated below:

Interim Payment Certificate (IPC)	Date of Certificate	Amount Certified Kshs.	Date of payments	Amount paid Kshs.
IPC No. 1,2,3 and 4	Various dates	109,239,069	27 December, 2019	102,284,737
IPC No. 5	8 June 2020	51,779,148	15 January, 2021	47,500,000
			30 June, 2021	4,279,148
IPC No. 6	9 May 2021	36,892,815	30 June, 2021	43,170,850
				197,234,735

Review of payments vouchers and supporting documents for Interim payment certificate No. 4 reflects work certified of Kshs.40,184,567.26, out of which a deduction of Kshs.6,000,000 was made relating to liquidated damages charged to the contractor for delay in completing the project. However, the contractor was paid the full amounts of the contract sum of Kshs.197,234,736 without deduction of liquidated damages of Kshs.6,000,000. There is a possibility of loss of public funds since damages have not been deducted/ recovered from the invoiced amount or performance security in contravention of Section 140 of the Public Procurement and Asset Disposal Act, 2015 on interest on overdue amounts and liquidated damages.

- vi. Physical verification carried on the project between 18 to 23 November, 2021 revealed that; Section 2- Km 8+000 to Km 11+500: pot hole patching had already deteriorated, with no road markings and the road surface damaged with pot holes less than six (6) months since the final inspection.
- vii. Item No. 1 in the Bill of Quantities relates to preliminaries and general items that the contractor was to provide and maintain. Laboratory equipment for use by engineers' representatives, Engineer's office furniture and Survey equipment, all worth Kshs.13,800,000, which were to revert to the employer (State Department) at the close of the contract as detailed below;

Item	Description	Amount-Kshs.
1.05	Provide and maintain laboratory equipment, reagents and other items as priced in appendix A in the BQ for use by Engineer's representative for the duration of the contract. Ownership to revert to the employer at the end of the contract	7,800,000
1.06	Provide and maintain furniture, tools and other items for the engineer's office as priced in appendix B for the duration of the contract ownership to revert to the employer at the end of the contract	4,000,000
1.07	Provide and maintain survey equipment as priced in appendix C for the duration of the contract, ownership to revert to the employer at the end of the contract.	2,000,000
	Total	13,800,000

No evidence was provided to indicate that the preliminary and general items worth Kshs.13,800,000 were transferred to the State Department for Tourism.

Under the circumstances, it was not possible to confirm that resources of the State Department were used in an effective, efficient and economical and transparent manner as required under Section 68(1) of the Public Finance Management Act, 2012.

3. Proposed Regeneration of Mama Ngina Drive Water Front and Cultural District in Mombasa - Contract No. MOT/01/2018-2019

The contract was awarded to a local contractor on 14 December, 2018 and agreement was signed on 2 January, 2019 at a contract sum of Kshs.433,929,098. The contract period was 150 days and completion date set on 1 June, 2019.

The main works involved, Kilindini culture centre, amphitheater, gateways (2 No.), ablution block (2No.), enabling works for kiosk (100 No.), pigeon towers (3 No.), waterfront walkway, parking and driveways, squares and court yards, footpaths, restoration of existing tarmac road, external works, day works, prime costs and provisional sums.

Review of project records and physical inspection carried out on 10 November, 2021 revealed the following anomalies;

- i. Itemized works in the Bills of Quantities for the amphitheater Bill No.3 amounted to Kshs.7,945,710 while final account reflects Kshs.3,955,565. However, the works had not been executed by the contractor in November, 2021 as tabulated below:

Element	Particulars	Page No	BQ Amount (Kshs)	Final Account Amount (Kshs)
B	Frame	3/5	854,000	2,049,100
D	Roof finishing and rain water disposal	3/8	1,195,100	638,700
E	Windows	3/10	248,350	174,965

Element	Particulars	Page No	BQ Amount (Kshs)	Final Account Amount (Kshs)
F	Doors	3/13	1,116,000	387,500

L	Joinery fitting	3/20	4,105,560	88,500
	Total		7,945,710	3,955,565

No explanation has been provided for the payment of works not done.

- ii. Bill No.6 reflects outstanding enabling works for kiosks amounting to Kshs.802,272 while final account reflects Kshs.1,359,276. The works were not executed although payments had been made as tabulated below;

	Works Tended (Kshs.)	Works Verified (Kshs.)	Outstanding Works (Kshs.)
Item	100(No.) Food Kiosks along the walkway	76 (No.) Food Kiosks along the walkway	24 (No) Food Kiosks along the walkway

Final Account	5,663,650	4,304,374	1,359,276

- iii. Bill No.7 reflects outstanding pigeon towers works amounting to Kshs.2,757,200 while final account reflects Kshs.1,710,050 were not executed, although payments had been made as tabulated below:

	Works Tended (Kshs.)	Works Verified (Kshs.)	Outstanding works (Kshs.)
Item	3(No.) Pigeon towers	2 (No.) Pigeon towers	1 (No.) Pigeon towers
Pigeon towers -Bill No.7	8,271,600.00	5,514,400	2,757,200
Final Account	8,458,662.50	6,748,612.50	1,710,050

No explanation was provided for payment of works not executed which contravenes Section 150(1)(3) and Section 154(b) of the Public Procurement and Asset Disposal Act, 2015 on contract administration and contract close respectively.

The audit was conducted in accordance with ISSAI 4000. The standard requires that I comply with ethical requirements and plan and perform the audit to obtain assurance about whether the activities, financial transactions and information reflected in the financial statements are in compliance, in all material respects, with the authorities that govern them. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

REPORT ON EFFECTIVENESS OF INTERNAL CONTROLS, RISK MANAGEMENT AND GOVERNANCE

Conclusion

As required by Section 7(1)(a) of the Public Audit Act, 2015, based on the audit procedures performed, except for the matters described in the Basis for Conclusion on Effectiveness of Internal Controls, Risk Management and Governance section of my report, I confirm that, nothing else has come to my attention to cause me to believe that internal controls, risk management and governance were not effective.

Basis for Conclusion

Overpayment on Foreign Travel Allowance

Note 5 to the financial statements reflects Kshs.28,104,355 as payments for foreign travel and subsistence and other transport costs. Audit review of payment voucher No. 2900 dated 30 June, 2021 of Kshs.745,498 incurred for foreign travel subsistence allowance revealed that one officer was paid per diem for thirteen (13) days while other officers travelling on the same trip were paid per diem for eight (8) days.

No explanation has been provided for the extra five (5) days paid to one officer that occasioned an overpayment of Kshs.286,730.

Consequently, the effectiveness of internal controls on the management of imprests could not be confirmed.

The audit was conducted in accordance with ISSAI 2315 and ISSAI 2330. The standards require that I plan and perform the audit to obtain assurance about whether effective processes and systems of internal control, risk management and overall governance were operating effectively, in all material respects. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

Responsibilities of Management and those Charged with Governance

The Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Public Sector Accounting Standards (Cash Basis)] and for maintaining effective internal control as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error and for its assessment of the effectiveness of internal control, risk management and overall governance.

In preparing the financial statements, Management is responsible for assessing the State Department's ability to continue to sustain its services, disclosing, as applicable, matters related to sustainability of services and using the applicable basis of accounting unless Management is aware of the intention to terminate the State Department or to cease operations.

Management is also responsible for the submission of the financial statements to the Auditor-General in accordance with the provisions of Section 47 of the Public Audit Act, 2015.

In addition to the responsibility for the preparation and presentation of the financial statements described above, Management is also responsible for ensuring that the activities, financial transactions and information reflected in the financial statements are in compliance with the authorities which govern them, and that public resources are applied in an effective way.

Those charged with governance are responsible for overseeing the State Departments financial reporting process, reviewing the effectiveness of how the Management monitors compliance with relevant legislative and regulatory requirements, ensuring that effective processes and systems are in place to address key roles and responsibilities in relation to governance and risk management, and ensuring the adequacy and effectiveness of the control environment.

Auditor-General's Responsibilities for the Audit

The audit objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion in accordance with the provisions of Section 48 of the Public Audit Act, 2015 and submit the audit report in compliance with Article 229(7) of the Constitution. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISSAIs will always detect a material misstatement and weakness when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

In addition to the audit of the financial statements, a compliance audit is planned and performed to express a conclusion about whether, in all material respects, the activities, financial transactions and information reflected in the financial statements are in compliance with the authorities that govern them and that public resources are applied in an effective way, in accordance with the provisions of Article 229(6) of the Constitution and submit the audit report in compliance with Article 229(7) of the Constitution.

Further, in planning and performing the audit of the financial statements and audit of compliance, I consider internal control in order to give an assurance on the effectiveness of internal controls, risk management and overall governance processes and systems in accordance with the provisions of Section 7(1)(a) of the Public Audit Act, 2015 and submit the audit report in compliance with Article 229(7) of the Constitution. My consideration of the internal control would not necessarily disclose all matters in the internal control that might be material weaknesses under the ISSAIs. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may

occur and not be detected within a timely period by employees in the normal course of performing their assigned functions.

Because of its inherent limitations, internal control may not prevent or detect misstatements and instances of non-compliance. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies and procedures may deteriorate.

As part of an audit conducted in accordance with ISSAIs, I exercise professional judgement and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management.
- Conclude on the appropriateness of the Management's use of the applicable basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the State Department's ability to continue to sustain its services. If I conclude that a material uncertainty exists, I am required to draw attention in the auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my audit report. However, future events or conditions may cause the State Department's to cease to continue to sustain its services.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information and business activities of the to express an opinion on the financial statements.
- Perform such other procedures as I consider necessary in the circumstances.

I communicate with the Management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that are identified during the audit.

I also provide Management with a statement that I have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships

and other matters that may reasonably be thought to bear on my independence, and where applicable, related safeguards.

STATE DEPARTMENT FOR TOURISM
Annual Reports and Financial Statements
For the year ended June 30, 2021

SIGNIFICANT ACCOUNTING POLICIES

The principle accounting policies adopted in the preparation of these financial statements are set out below:

1. Statement of Compliance and Basis of Preparation

The financial statements have been prepared in accordance with Cash-basis International Public Sector Accounting Standards (IPSAS) as prescribed by the Public Sector Accounting Standards Board (PSASB) and set out in the accounting policy note below. This cash basis of accounting has been supplemented with accounting for; a) receivables that include imprests and salary advances and b) payables that include deposits and retentions.

The financial statements comply with and conform to the form of presentation prescribed by the PSASB. The accounting policies adopted have been consistently applied to all the years presented.

2. Reporting State Department for Tourism

The financial statements are for the State Department for Tourism. The financial statements encompass the reporting State Department for Tourism as specified under section 81 of the PFM Act 2012 and also comprise of the following development projects implemented by the State Department for Tourism:

- i. Mama Ngina Beach Management
- ii. Repair & Rehabilitation of Farm Murera Gate Road
- iii. Open Space Office Modelling and Security System Fitting

3. Reporting Currency

The financial statements are presented in Kenya Shillings (KShs), which is the functional and reporting currency of the Government and all values are rounded to the nearest Kenya Shilling.

4. Significant Accounting Policies

The accounting policies set out in this section have been consistently applied by the State Department for Tourism for all the years presented.

a) Recognition of Receipts

The State Department for Tourism recognises all receipts from the various sources when the event occurs and the related cash has actually been received by the State Department for Tourism.

• Tax Receipts

Tax receipts are recognized in the books of accounts when cash is received. Cash is considered as received when notification of tax remittance is received.

• Transfers from the Exchequer

Transfers from the exchequer are recognized in the books of accounts when cash is received. Cash is considered as received when payment instruction is issued to the bank and notified to the receiving State Department for Tourism.

Other receipts

These include Appropriation-in-Aid and relates to receipts such as proceeds from disposal of assets and sale of tender documents. These are recognized in the financial statements the time associated cash is received.

SIGNIFICANT ACCOUNTING POLICIES

b) Recognition of payments

The State Department for Tourism recognises all payments when the event occurs, and the related cash has been paid out by the State Department for Tourism.

- **Compensation of Employees**
Salaries and wages, allowances, statutory contribution for employees are recognized in the period when the compensation is paid.
- **Use of Goods and Services**
Goods and services are recognized as payments in the period when the goods/services are paid for. Such expenses, if not paid during the period where goods/services are consumed, shall be disclosed as pending bills.
- **Acquisition of Fixed Assets**
The payment on acquisition of property plant and equipment items is not capitalized. The cost of acquisition and proceeds from disposal of these items are treated as payments and receipts items respectively. Where an asset is acquired in a non-exchange transaction for nil or nominal consideration and the fair value of the asset can be reliably established, a contra transaction is recorded as receipt and as a payment.

A fixed asset register is maintained by each public State Department for Tourism and a summary provided for purposes of consolidation. This summary is disclosed as an annexure to the financial statements.

5. In-kind contributions

In-kind contributions are donations that are made to the State Department for Tourism in the form of actual goods and/or services rather than in money or cash terms. These donations may include vehicles, equipment or personnel services. Where the financial value received for in-kind contributions can be reliably determined, the State Department for Tourism includes such value in the statement of receipts and payments both as receipts and as payments in equal and opposite amounts; otherwise, the contribution is not recorded.

6. Third Party Payments

Included in the receipts and payments, are payments made on its behalf to third parties in form of loans and grants. These payments do not constitute cash receipts and payments and are disclosed in the payment to third parties in the statement of receipts and payments as proceeds from foreign borrowings.

7. Cash and Cash Equivalents

Cash and cash equivalents comprise cash on hand and cash at bank, short-term deposits on call and highly liquid investments with an original maturity of three months or less, which are readily convertible to known amounts of cash and are subject to insignificant risk of changes in value. Bank account balances include amounts held at the Central Bank of Kenya and at various commercial banks at the end of the financial year.

Restriction on Cash

Restricted cash represents amounts that are limited/restricted from being used to settle a liability for at least twelve months after the reporting period. This cash is limited for direct use as required by stipulation. Amounts maintained in deposit bank accounts are restricted for use in refunding third party deposits. As at 30th June 2020, this amounted to Kshs 157,517,473.05 compared to Kshs 141,561,057.90 in prior period as indicated on note 13.

There were no other restrictions on cash during the year.

SIGNIFICANT ACCOUNTING POLICIES

8. Accounts Receivable

For the purposes of these financial statements, imprests and advances to authorised public officers and/or institutions which were not surrendered or accounted for at the end of the financial year are treated as receivables. This is in recognition of the government practice where the imprest payments are recognized as payments when fully accounted for by the imprest or AIE holders. This is an enhancement to the cash accounting policy. Other accounts receivables are disclosed in the financial statements.

9. Accounts Payable

For the purposes of these financial statements, deposits and retentions held on behalf of third parties have been recognized on an accrual basis (as accounts payables). This is in recognition of the government practice of retaining a portion of contracted services and works pending fulfilment of obligations by the contractor and to hold deposits on behalf of third parties. This is an enhancement to the cash accounting policy adopted by National Government Ministries and Agencies. Other liabilities including pending bills are disclosed in the financial statements.

10. Pending Bills

Pending bills consist of unpaid liabilities at the end of the financial year arising from contracted goods or services during the year or in past years. As pending bills do not involve the payment of cash in the reporting period, they recorded as 'memorandum' or 'off-balance' items to provide a sense of the overall net cash position of the State Department for Tourism at the end of the year. When the pending bills are finally settled, such payments are included in the Statement of Receipts and Payments in the year in which the payments are made.

11. Budget

The budget is developed on a comparable accounting basis (cash basis except for imprest and deposits, which are accounted for on an accrual basis), the same accounts classification basis, and for the same period as the financial statements. The original budget was approved by Parliament on June 2019 for the period 1st July 2019 to 30th June 2020 as required by Law and there were two supplementary adjustments to the original budget during the year.

A comparison of the actual performance against the comparable budget for the financial year under review has been included in the financial statements.

Government Development Projects are budgeted for under the MDAs but receive budgeted funds as transfers and account for them separately. These transfers are recognised as inter-State Department for Tourism transfers.

12. Comparative Figures

Where necessary, comparative figures for the previous financial year have been amended or reconfigured to conform to the required changes in presentation.

SIGNIFICANT ACCOUNTING POLICIES

13. Subsequent Events

There have been no events subsequent to the financial year end with a significant impact on the financial statements for the year ended 30th June 2021

14. Errors

Material prior period errors shall be corrected retrospectively in the first set of financial statements authorized for issue after their discovery by: i. restating the comparative amounts for prior period(s) presented in which the error occurred; or ii. If the error occurred before the earliest prior period presented, restating the opening balances of assets, liabilities and net assets/equity for the earliest prior period presented.

During the year, errors that have been corrected are disclosed under note 16 explaining the nature and amounts.

15. Related Party Transactions

Related party relationships are a normal feature of commerce. Specific information with regards to related party transactions is included in the disclosure notes.

1.0 Presentation of Financial Statements – Follow up Issues	The note to the financial statements on progress on follow up of prior years' auditor's recommendations has not been updated to include the status of audit issues raised in financial years 2017/2018 and 2018/2019. The reporting and disclosure requirements prescribed by the Public Sector Accounting Standards Board have therefore not been met	The State Department notes the omission and the error has since corrected in the FY 2020/21 financial statements. The outstanding audit matters for FY 2018/19 and prior years have since been resolved	Mr. Richard Mwangi	Not resolved	
2.1 Unreconciled cash and cash equivalents	The statement of assets and liabilities reflects a cash and cash equivalent of Kshs. 656,487,652 while the supporting trial balance reflected an amount of Kshs. 656,487,652 resulting in a difference of Kshs. 498,866,239 which has not been reconciled	The cash and cash equivalents as reported in the trial balance and statement of assets and liabilities as at 30 th June varied due to unreconciled items in the system, resulting from incomplete bank statements. The transactions have since been reconciled and the trial balance and statement of assets and liabilities are now in agreement.	Mr. Richard Mwangi	Not resolved	
2.2 Deposits Account	The bank reconciliation statement for deposits accounts reflects payments in the bank statement not in cash book of Kshs. 5,125,837 as at 30 th June, 2020. However,	The cash book was updated with the unreconciled items in the bank reconciliation statement of Ksh. 5,125,837 and the supporting	Mr. Richard Mwangi	Not resolved

3.1 Unsupported pending bills	<p>the supporting schedule and the dates when the reconciling items were subsequently cleared were not provided for audit review. Further, the deposits account balance of Kshs. 157,517,473 reflected in the financial statements differ with the deposits cash book of Kshs. 151,877,286 resulting to unexplained balance of Ksh. 5,640,187</p> <p>The state department had pending bills totalling Kshs. 193,492,683 as at 30th June, 2020. Management has not explained why the bills were not settled during the year when they occurred.</p>	<p>schedule submitted for audit</p> <p>The cash book was updated with the unposted credit entries in the bank statement bringing the cashbook balance to Ksh 157,517,473.05 which is in agreement with the deposit amount reported in the financial statements.</p> <p>The pending bills were occasioned by insufficient exchequer funding in the period when they occurred. The pending bills were however verified and paid in the subsequent period.</p>	Mr. Richard Mwangi	Not resolved

<p>3.2 Wasteful Expenditure and Non-disclosure of pending bills</p> <p>The Ministry made a payment of Kshs.150 million to a local law firm in respect of pending bill from the former Ministry of Trade. Available information indicates that the payment was in respect of an initial bill of Kshs.12 million payable to Tele News Africa and Atlantic Region but which was in contention as the contract for advertising services by the firm had expired in June in 2004 but the firm continued to render the service. The Attorney General vide letter Ref. A.G/CIR/3016/04 in 2006 observed that the Ministry was obligated to settle the claim since the Ministry agreed to participate in disputed third phase of the programme. Consequently, there is risk of further loss of public funds through continued accumulated interest and penalties as a result of continued delay in payment.</p>	<p>It is true that the payments to Tele News Africa and Atlantic Region have delayed. However in an endeavor to expeditiously clear this bill, the ministry undertook a payment of Kshs.150 million in June, 2017 to curb the accrual of interest, based on advice from the solicitor General vide his letter to the Principal Secretary dated 17th January, 2017 Ref:AG/GC/MOC/124/</p> <p>The amount of Kshs. 85,735,950 which includes accrued interest was settled in June, 2021 as a final payment</p>	<p>Dr. Peter Chemwile</p>	<p>Not resolved</p>

Similarly, the statement reflects final expenditure budget and actual on comparable basis of Kshs.8, 849, 2398,810 and Kshs. 6,419,524,424 respectively, resulting to an under expenditure of LKshs. 2,249,715,386 which occurred mainly under transfers to other government units. The underfunding and under expenditure affected the planned activities and may have impacted negatively on service delivery to the public.</p>	<p>The statement of appropriation on recurrent and development combined reflects receipts budget and actual on comparable basis of Kshs. 8,849,239,810 and Kshs. 6,420,260,067 respectively, resulting to an under- funding of Kshs. 2,428,979,743. 2.0 Late Exchequer releases	The state Department for Tourism received exchequer releases from the National Treasury totalling Kshs. 2,126,754,160 for the year under review, However, Exchequer releases totalling Kshs.294, 983,890.45 were received in the month of June. The delay in Exchequer release may have resulted in low absorption of the budget thus negatively affecting timely implementation of the programmes of the State Department and provision of services to the public	The late exchequer release was occasioned by late submission of invoices by suppliers and also, the supplementary budget II was approved towards the end of the financial year hence delayed exchequer requisition and release	Mr. Richard Mwangi	Not resolved

<p>1.0 Office lease agreements and partitioning of Tourism Trust Fund Building</p>	<p>On 11 October, 2017, the state engaged a contractor to carry out partitioning of offices works at the Tourism Trust Fund Building at a contract dated 28 August, 2017 stated that the contract would be signed not later than 30 days from the date of the letter. However, the contract was signed on 11 October, 2017 and no explanation was provided for the delay. Further, the State Department paid the contractor an amount of Kshs. 24,000,000 on 14 May, 2020 even though the performance bond of Kshs. 6,925,033 had expired on 7 February, 2020. In addition, although the State Department also occupied offices at NSSF building and Utalii House, the lease agreements were not provided for audit and the terms of occupation could not therefore be confirmed</p>	<p>The State Department for Tourism is accommodated at both NSSF building and Utalii House. Offices previously housed at Teleposta Towers moved to NSSF to be accommodated by the State Department for Wildlife. The lease agreement for NSSF space is therefore administered and paid for by State Department for Wildlife. Negotiations are ongoing between State department, ministry of housing and Tourism Fund in order to finalize the lease agreement.</p>	<p>Mr. Paul Anyumba</p>	<p>Not resolved</p>

<p>2.0 Repair and Rehabilitation of Farm Murera Gate Road</p>	<p>The contract was awarded for repair and rehabilitation of 26 kilometres of road. However, the scope of the works was changed to construction of 11 kilometres under unclear circumstances.</p> <p>The contract was awarded on 22 March, 2017 and commenced on 21 May, 2017 for contract period of twelve months with a completion date of 31 May, 2018. Thereafter, the contractor was awarded 146 days extension thereby revising the completion date to 24 October, 2018. However, an audit review of the status in October, 2020 revealed that there was no valid performance security in place and works were still ongoing although no evidence was provided that the employer had approved a second extension of time or started charging liquidated damages in accordance with conditions of contract</p> <p>Further, it was also observed that some certificates were paid beyond the stipulated time such as certificate No. 4 signed on 21 June, 2018 paid on 24 December, 2019 and certificate No. signed on 14 February, 2018 and paid on 24</p>	<p>The road project to be repaired and rehabilitated was approximately 26km and after appraising the bills of quantities, the available contract sum provided was only sufficient to repair and rehabilitate 11.5km. This is because the road was at different levels of deterioration and part of the road section required reconstruction.</p> <p>The State Department for Tourism charged the contractor Kshs. 6 Million for liquidated damages. The contractor has since completed the works and handed over.</p>	<p>Ms. Grace Kariuki</p>	<p>Not resolved</p>

The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry should be supported by a valid receipt or invoice. This ensures transparency and allows for easy verification of the data.

In the second section, the author details the various methods used to collect and analyze the data. This includes both manual and automated processes. The goal is to ensure that the data is as accurate and reliable as possible.

The third part of the document focuses on the results of the analysis. It shows that there is a clear trend in the data, which is consistent with the initial hypothesis. This finding is significant and warrants further investigation.

Finally, the document concludes with a summary of the findings and a list of recommendations. It suggests that the current methods are effective but could be improved in certain areas. The author also notes that the data is still being analyzed and that a final report will be published in the near future.
