CHAIRMAN'S STATEMENT

On behalf of the Board of Directors, I hereby present to you the Iten Tambach Water & Sewerage Company Limited Annual Report and financial statement for the year ended 30 June, 2019.

The integrity, responsiveness and sheer determination of the company and its employees was integral in meeting water and sewerage services needs of our people. The greatest desire of ITWASCO is the improvement of access to water to the residents of Iten Tambach and its environs. Currently, water demand continued to outstrip supply hence necessitating the continuation of rationing programme. The company in its effort to meet the mandate has put in place plans with a view of increasing the water supply which include:

- i) Water and sewerage infrastructure
- ii) Non-Revenue Water (NRW)
- iii) Operational efficiency / Human Resources Management and Customer
- iv) Financial sustainability
- v) Corporate governance

Our success and many other achievements would not have been possible without the hard work and dedication of the Board of Directors. We are very fortunate to be supported by a strong group of hard-working Members of the Board of Directors. I take great pride in their huge contribution to ITWASCO as they deliver exemplary policy guidance each day. On behalf of the Board, I would like to recognize the efforts of management and each of the partners and stakeholders. Thank you for the determination and spirit of excellence.

We are here to improve water coverage within our area of jurisdiction and wellbeing of Elgeyo Marakwet County. Customers are our most important asset, we are keen to receive customers' feedback and identify opportunities to improve water services.

I am indebted to my fellow Board members for their invaluable insights & support. I wish to acknowledge the individual contribution of senior management staff for their valuable support & dedication in reaching these favourable results. We once again mark another successful year of ITWASCO.

On behalf of the Board I would particularly like to thank the National and County Governments and Regulatory bodies for their continuous guidance, training & support during the period.

Water is an important natural resource to all forms of life and for all mankind. It is the backbone of economic growth, sustainable development and a nation's prosperity. The County Government of Elgeyo Marakwet through Iten Tambach Water are committed to ensuring sustainability of water service delivery in order to realize the vision 2030 and Big Four Agenda of the Jubilee government.

I am confident that with your continued support, we will once again steer the Company through another successful financial year.

While the future is bright, the task ahead is huge and the challenges are enormous. I must, however, say that each new day offers us a chance to work together, pursue new opportunities and improve upon the past. I can confidently say we are up to the task, proud of where we are, and even more optimistic about the future.

Thank you & God bless you all.

**MR. FREDRICK K. KIYENG
CHAIRMAN**

MANAGING DIRECTORS' STATEMENT

I am pleased to present my report for the 2018/2019 financial year which ended on 30th June, 2019. Indeed since the inception of the company in 2008, the Company has been undergoing challenges due to inadequate supply of water within its area of jurisdiction and has continued to sustain the supply throughout the period. However, because of our dedication and commitment with all stakeholders, we have tried to manage despite rationing and high cost of electricity. Initially, the National Government of Kenya had been subsidising but ceased after devolution.

I wish to sincerely appreciate the Board members, Management and the entire staff of the Company for the achievement. I also extend my gratitude to our esteemed consumers and our development partners example the Water Sector Trust Fund, the Elgeyo Marakwet County Government, Water services Regulatory Board and Rift Valley Water works development agency for their continued commitment in the development of the company.

Customer Charter.

During the year, 2012 the Company formulated a Customer Charter, which describes in a clear, concise and simplified way, the service standards customers can expect from us. The formulation of the Charter is a demonstration of the great importance we place on the provision of the highest quality service to customers. The charter expresses ITWASCO commitment to giving a courteous, efficient, professional, high quality customer service.

One of the cornerstones of our company's success is customer satisfaction, continuous improved operational efficiency and effectiveness. This calls for a clear understanding and appreciation of the flow and interaction of the process in our company, together with the outcome and parties involved at each stage.

Zoning Management Systems

The company has developed Zoning System which came in effect in July 2012.

The Zoning Management System is expected to reduce Non Revenue Water, enhance revenue collection, and improve efficiency in delivery of service to the customer in water distribution such as quick leakage repairs, disconnections & reconnections.

WSTF Grants

Water Sector Trust Fund (WSTF) has been in progress since the start of 3rd Call whereby in the year 2012 for the last financial was kshs 17,149,407 2014/15 FY for the last financial year; we did not receive any funding from Water Sector Trust Fund. We expect to receive for this subsequent financial year.

The New Sabor Water Project

The company received the completion of the Iten Tambach Sabor Water project phase I and II in December 2017. This enhanced a continual supply of water in Iten. At the completion of this project later this year, the Company managed to increase water production from 900 m³ to 3,000 m³ daily. The management through the Board of Directors employed extra security water quality personnel and water operator who were

Iten Tambach Water and Sewerage Company Limited
Annual Reports and Financial Statements
For the year ended 30 June 2019

deployed to Sabor Treatment plant, Sabor intake and water tank opposite the Kenya Police post County Headquarters Iten

ICT Environment

In the year under review, the company implemented the software solutions in an effort to automate its internal processes:

- Pickpay ERP Software for billing and customer relationship management purpose.

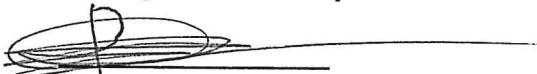

Outstanding water debts

The net outstanding water debts stood at kshs 16,886,528 during the reporting period compared to kshs 12,782,005 in the last financial year. This rise in the debt portfolio was mainly due double billing in April 2019 following introduction of new billing system. Previously the company was billing two months in arrears but with the transition to the new system, this gap was closed. Billing is done one month in arrears as is conventional. However, much effort has been put in place with aim of reducing these outstanding debts. Various strategies have developed including enhancement of collection efforts, exploring more innovative approaches. Uncollected debts are being provided at 10% of outstanding debts

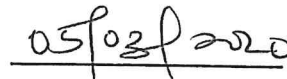

CONCLUSION

As we look into the future, our resolve is to continually strive to enhance shareholder's value, expand our customer base and improve the quality of supply to our customers. To the Board of Directors, Management Team, all Staff and Esteemed Customers I wish to sincerely thank them for their continued support exhibited throughout the year.

I wish to recognize the role of the County government of Elgeyo/Marakwet, Board of Directors, and ITWASCO Management and staff members for their contribution in making the financial year a successful one.

PAUL YATOR
MANAGING DIRECTOR

DATE

CORPORATE GOVERNANCE STATEMENT

Corporate governance is the process and structure used to direct and manage the business affairs of the Company towards enhancing prosperity and corporate accounting with the ultimate objective of realising shareholders' long term value while taking into account the interest of other stakeholders. Directors are responsible for corporate governance practices of the Company. This statement sets out the main practices in operation during the year under review, unless otherwise indicated.

Directors and Management of the Company regard corporate governance as pivotal to the success of the business and are unreservedly committed to ensuring that good governance is practiced so that the company remain sustainable and viable business of the community stature. As part of this commitment, the Board fully supports best practices in corporate governance and has adhered to the Guideline Governance.

BOARD OF DIRECTORS

The Board consists of five Directors and a Managing Director. The Directors' biographies are on page 4. Directors possess a broad range of skills, qualifications and experience required to direct the Company.

At least one third of the Board members are required to submit them for re-election each year during the Annual General Meeting. Any Director appointed by the Board during the year is required to retire and seek re-election at the next Annual General Meeting.

Business transactions with all parties, Directors or their related parties are carried out at arm's length.

RESPONSIBILITIES

The primary responsibilities of the Board include: establishment of short and long-term goals of the Company and strategic plans to achieve those goals; ensuring preparation of the annual financial statements; approval and review of the annual budgets; setting and periodically reviewing key performance indicators and management performance; managing risks by ensuring that the Company has adequate systems of internal controls together with appropriate monitoring of compliance activities; and working with management to realise shareholders' value.

To enable the Board to function effectively the Board is given full and timely access to relevant information. New Directors are also inducted through provision of necessary information pertinent to the Company's business, meetings with Management and training so as to enhance their understanding of the Company's legislative framework, its governance processes and the nature of the business and operations of the Company. Continuous training is provided. Towards this, nine Directors have been trained on corporate governance by the Rift Valley Water works development agency. The Board meets at least once a quartly or more often in accordance with requirements of the business.

BOARD WORK PLAN AND MEETINGS

The Board work plan and calendar of meetings is prepared annually in advance. Adequate notice is given for each Board meeting and Directors receive detailed papers on issues to be discussed in good time before the meeting. The Board held a total of 4 meetings during the year, which were very well attended.

Board Committees

A number of standing committees exist in order to assist the Board and management fulfil their responsibilities. Each committee operates within the ambit of defined terms of reference assigned to it by the Board.

During the year, the Board had the following standing committees.

Finance/ Technical and General purpose committee.
Audit committee.

CORPORATE SOCIAL RESPONSIBILITY STATEMENT

In recognition of its obligations as a responsible corporate entity, the Board of Directors and management sustained the Company's participation in corporate activities that enhance the social, economic and environmental interests that affect its internal stakeholders.

The Environment Our business has been a major beneficiary of wood products. We have, therefore, undertaken to contribute towards national afforestation initiatives in collaboration with the Forest Department. Since 2012, the Company has sustained a tree-planting programme at Kamariny water catchment area and Yokot Water catchment Forest where our main source of water is coming with seedlings propagated at Singore Zonal office tree nursery of Kenya forest service (KFS). Also, further encouragement to individual farmers to planted trees along the upstream.

Stakeholder Awareness.

Operate and, consequently, we have endeavoured to contribute to initiatives that impact on improvement of their social well-being.

In order to facilitate awareness and understanding of various aspects and nature of our service, we carried out various awareness campaigns through print and electronic media and also organised face-to-face meetings with a view to reach a wide cross section of our customers and other stakeholders.

Our Human Capital

It is in our interest to continue investing in the development of our human capital as a prerequisite to meeting expectations of our employees and customers. Consequently, we continued to offer various groups of our employees training opportunities to learn new skills and develop careers, locally. All employees also undergo an annual performance appraisal, which includes identification of training and development needs.

Stakeholders

As a service provider that is well aware of its obligations to its customers, we drafted a Customer Charter detailing our obligations to them. We invited customers under the umbrella of resident associations and other interest groups to a meeting to debate and suggest how to enhance our services. Consequent to this interaction and in recognition of the value of partnerships and dialogue in order to better understand the needs of our customers. Also we paid kshs 50,000 to Kaptarakwa community water project in respect to payment of electricity as part of stakeholder's contributions.

Education

Our support to education-related initiatives stems from the fact that the pool of skilled manpower that help to drive the success of our Company are a product of the country's education system. We, therefore, continued to provide opportunities for attachment for Kenya Water Institute, Rift valley Technical institute of science and Technology students and those from tertiary institutions, to enable them acquire a hand- on experience and fulfil a requirement for graduation. During the year under review, 20 students went through the attachment programme at ITWASCO.

STATEMENT OF DIRECTORS' RESPONSIBILITIES

Section 149 (2) k of the Public Finance Management Act, 2012 and section 194 of the State Corporations Act, require the Directors to prepare financial statements in respect of that *company*, which give a true and fair view of the state of affairs of the company at the end of the financial year/period and the operating results of the company for that year/period. The Directors are also required to ensure that the company keeps proper accounting records which disclose with reasonable accuracy the financial position of the company. The Directors are also responsible for safeguarding the assets of the company.

The Directors are responsible for the preparation and presentation of the company financial statements, which give a true and fair view of the state of affairs of the company for and as at the end of the financial year (period) ended on June 30, 2019. This responsibility includes: (i) maintaining adequate financial management arrangements and ensuring that these continue to be effective throughout the reporting period; (ii) maintaining proper accounting records, which disclose with reasonable accuracy at any time the financial position of the entity; (iii) designing, implementing and maintaining internal controls relevant to the preparation and fair presentation of the financial statements, and ensuring that they are free from material misstatements, whether due to error or fraud; (iv) safeguarding the assets of the *company*; (v) selecting and applying appropriate accounting policies; and (vi) making accounting estimates that are reasonable in the circumstances.

The Directors accept responsibility for the *company's* financial statements, which have been prepared using appropriate accounting policies supported by reasonable and prudent judgements and estimates, in conformity with International Financial Reporting Standards (IFRS), and in the manner required by the PFM Act and the State Corporations Act. The Directors are of the opinion that the *company's* financial statements give a true and fair view of the state of *company's* transactions during the financial year ended June 30, 2019, and of the *company's* financial position as at that date. The Directors further confirm the completeness of the accounting records maintained for the *company*, which have been relied upon in the preparation of the *company's* financial statements as well as the adequacy of the systems of internal financial control.

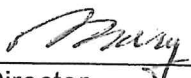

Nothing has come to the attention of the Directors to indicate that the *company* will not remain a going concern for at least the next twelve months from the date of this statement.

Approval of the financial statements

The *company's* financial statements were approved by the Board on 05/03/2020 2019 and signed on its behalf by:

Chairman

Director.

Director.

REPORT OF THE AUDITOR-GENERAL ON ITEN TAMBACH WATER AND SEWERAGE COMPANY LIMITED FOR THE YEAR ENDED 30 JUNE, 2019

REPORT ON THE FINANCIAL STATEMENTS

Qualified Opinion

I have audited the accompanying financial statements of Iten Tambach Water and Sewerage Company Limited set out on pages 14 to 44, which comprise the statement of financial position as at 30 June, 2019, and the statement of comprehensive income, statement of changes in equity, statement of cash flows and statement of comparison of budget and actual amounts for the year then ended, and a summary of significant accounting policies and other explanatory information in accordance with the provisions of Article 229 of the Constitution of Kenya and Section 35 of the Public Audit Act, 2015. I have obtained all the information and explanations which, to the best of my knowledge and belief, were necessary for the purpose of the audit.

In my opinion, except for the effects of the matter described in the Basis for Qualified Opinion section of my report, the financial statements present fairly, in all material respects, the financial position of Iten Tambach Water and Sewerage Company Limited as at 30 June, 2019, and of its financial performance and its cash flows for the year then ended, in accordance with International Financial Reporting Standards and comply with the Companies Act, 2015 and the Water Act, 2016.

Basis for Qualified Opinion

1.0 Undisclosed Land

The statement of financial position reflects property, plant and equipment with an aggregate historical value of Kshs.5,430,721 which includes a building valued at Kshs.1,391,841, as disclosed in Note 7(a) to the financial statements. However, the balance does not include the value of the plot of land measuring one (1) acre on which the building stands.

In view of the omission, the property, plant and equipment balance totalling Kshs.5,430,721 as at 30 June, 2019 is not fairly stated.

2.0 Unconfirmed Payables Provision and Accruals

The statement of financial position reflects payables, provisions and accruals totalling Kshs.21,456,0777 as further disclosed in Note 12 to the financial statements. The balance

includes regulatory levies totalling Kshs.14,918,620 out of which Kshs.10,694,910 relate to 2017/2018 and earlier financial years.

Records on the levies indicated that they were owed to the Rift Valley Water Works Development Agency. Management did not explain the failure to pay the levies which may attract penalties.

Further, the reported balance was higher by Kshs.7,440,137 from the sum of Kshs.7,478,483 reported as owed by the Company in the books of the Agency. No explanation was provided by Management for the anomaly.

In the circumstances, the accuracy and validity of the regulatory levies balance totalling Kshs.14,918,620 included in the payables, provisions and accruals balance as at 30 June, 2019 could not be confirmed.

The audit was conducted in accordance with International Standards of Supreme Audit Institutions (ISSAIs). I am independent of Iten Tambach Water and Sewerage Company Limited Management in accordance with ISSAI 130 on Code of Ethics. I have fulfilled other ethical responsibilities in accordance with the ISSAI and in accordance with other ethical requirements applicable to performing audits of financial statements in Kenya. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my qualified opinion.

Other information

The Directors are responsible for the other information. The other information comprises the report of Directors as required by the Companies Act, 2015, and the statement of the Directors' responsibilities which are obtained prior to the date of this report, and the annual report which is expected to be made available after that date.

My opinion on the financial statements does not cover the other information and I do not express an audit opinion or any form of assurance thereon.

In connection with the audit of the financial statements, my responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or the knowledge obtained in the audit, or otherwise appears to be materially misstated. Based on the work I have performed on the other information obtained prior to the date of this auditor's report, if I conclude that there is material misstatement of this other information, I am required to report that fact. I have nothing to report in this regard.

Key Audit Matters

Key audit matters are those matters that, in my professional judgment, are of most significance in the audit of the financial statements. There were no key audit matters to report in the year under review.

Other Matter

1.0 Budgetary Control and Performance

The statement of comparison of budget and actual amounts indicates that the Company's budgeted revenue totaled Kshs.28,200,000 and actual revenue totaled Kshs.28,568,492 resulting in a revenue surplus of Kshs.368,492. The budgeted recurrent expenditure totaled Kshs.29,813,190 against Kshs.24,864,856 resulting in under-expenditure of Kshs.4,948,334 or 16.5%. The capital expenditure budget was Kshs.2,130,000 against Kshs.112,206 spent resulting in under-expenditure of Kshs.2,017,794.

2.0 Unresolved Prior Year Issues

The audit report for the year ended 30 June, 2018 highlighted several unsatisfactory issues among them unconfirmed balances, Non-Revenue Water, and irregularities in use of resources. The report of Management on progress made in resolving the issues, which is attached to the financial statements for the year under review, indicates that all the matters had not been resolved as at 30 June, 2019. No explanation has been provided for delay in resolving the issues.

REPORT ON LAWFULNESS AND EFFECTIVENESS IN USE OF PUBLIC RESOURCES

Conclusion

As required by Article 229(6) of the Constitution, based on the audit procedures performed, except for the matters described in the Basis for Conclusion on Lawfulness and Effectiveness in Use of Public Resources section of my report, I confirm that, nothing else has come to my attention to cause me to believe that public resources have not been applied lawfully and in an effective way.

Basis for Conclusion

1.0 Non-Revenue Water

The statement of comprehensive income indicates that revenue from sale of water totalled Kshs.25,905,988 in the year under review. However, water production records indicated that the Company produced 978,721 cubic metres of water out of which only 645,489 cubic metres were billed to consumers. The unbilled balance totalling 313,192 cubic metres designated as Non-Revenue Water was equivalent to 32% of the total volume produced and had a value of Kshs.8,289,879 at the average selling price of Kshs.26.469 per cubic meter charged by the Company to its customers.

At 32%, the NRW was seven (7) percentage points above the allowable loss of 25% of the total production prescribed in guidelines published by the Water Services Regulatory Board (WSRB). Therefore, a significant amount of water produced by the Company was lost before it was billed, or a large number of consumers were able to access the Company's water without paying for it. This indicates that the Company's water

distribution system is inefficient and could, if not rectified, pose a major risk to sustainability of the Company's operations.

2.0 Delay in Collection of Trade Receivables

Examination of records on trade receivables revealed receivables totalling Kshs.1,335,018 which had been outstanding for more than two months. Failure to collect the debts contravened Section 60 of the Model Water Services Regulations, 2007 which provides that accounts receivable shall not be more than two (2) months of monthly billing for any consumer's account.

Management has not provided evidence of the measures taken to ensure that the long outstanding debts are recovered.

3.0 Lack of Ethnic Diversity in Staff Establishment

An audit review of personnel records indicated that as at 30 June, 2019, the Water Company had a staff establishment of seven (7) permanent staff, two (2) officers on contract and thirty-six (36) temporary employees all of whom were from the same ethnic community. This was contrary to Section 7 of the National Cohesion and Integration Act, 2008 which requires all public entities to represent the diversity of the people of Kenya in their staff establishments.

Management is therefore, in breach of the law.

The audit was conducted in accordance with ISSAI 4000. The standard requires that I comply with ethical requirements and plan and perform the audit to obtain assurance about whether the activities, financial transactions and information reflected in the financial statements are in compliance, in all material respects, with the authorities that govern them. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

REPORT ON EFFECTIVENESS OF INTERNAL CONTROLS, RISK MANAGEMENT SYSTEMS AND GOVERNANCE

Conclusion

As required by Section 7(1)(a) of the Public Audit Act, 2015, based on the audit procedures performed, I confirm that, nothing has come to my attention to cause me to believe that internal controls, risk management and overall governance were not effective.

The audit was conducted in accordance with ISSAI 2315 and ISSAI 2330. The standards require that I plan and perform the audit to obtain assurance about whether effective processes and systems of internal control, risk management and governance were operating effectively, in all material respects. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

As required by the Companies Act, 2015, I report based on my audit, that:

- i. I have obtained all the information and explanations which, to the best of my knowledge and belief, were necessary for the purpose of the audit;
- ii. in my opinion, adequate accounting records have been kept by the Water Company, so far as appears from the examination of those records; and,
- iii. the Company's financial statements are in agreement with the accounting records and returns.

Responsibilities of Management and the Board of Directors

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Financial Reporting Standards and for maintaining effective internal control as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error and for its assessment of the effectiveness of internal control, risk management and governance.

In preparing the financial statements, Management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Management is aware of the intention to liquidate the Company or cease operations.

Management is also responsible for the submission of the financial statements to the Auditor-General in accordance with the provisions of Section 47 of the Public Audit Act, 2015.

In addition to the responsibility for the preparation and presentation of the financial statements described above, Management is also responsible for ensuring that the activities, financial transactions and information reflected in the financial statements are in compliance with the authorities which govern them, and that public resources are applied in an effective way.

The Board of Directors is responsible for overseeing the Company's financial reporting process, reviewing the effectiveness of how the entity monitors compliance with relevant legislative and regulatory requirements, ensuring that effective processes and systems are in place to address key roles and responsibilities in relation to governance and risk management, and ensuring the adequacy and effectiveness of the control environment.

Auditor-General's Responsibilities for the Audit

The audit objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion in accordance with the provisions of Section 48 of the Public Audit Act, 2015 and submit the audit report in compliance with

Article 229(7) of the Constitution. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISSAIs will always detect a material misstatement and weakness when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

In addition to the audit of the financial statements, a compliance audit is planned and performed to express a conclusion about whether, in all material respects, the activities, financial transactions and information reflected in the financial statements are in compliance with the authorities that govern them and that public resources are applied in an effective way, in accordance with the provisions of Article 229(6) of the Constitution and submit the audit report in compliance with Article 229(7) of the Constitution.

Further, in planning and performing the audit of the financial statements and audit of compliance, I consider internal control in order to give an assurance on the effectiveness of internal controls, risk management and governance processes and systems in accordance with the provisions of Section 7(1)(a) of the Public Audit Act, 2015 and submit the audit report in compliance with Article 229(7) of the Constitution. My consideration of the internal control would not necessarily disclose all matters in the internal control that might be material weaknesses under the ISSAIs. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions.

Because of its inherent limitations, internal control may not prevent or detect misstatements and instances of non-compliance. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the Company's policies and procedures may deteriorate.

As part of an audit conducted in accordance with ISSAIs, I exercise professional judgement and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management.
- Conclude on the appropriateness of the Management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material

uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern or to sustain its services. If I conclude that a material uncertainty exists, I am required to draw attention in the auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my audit report. However, future events or conditions may cause the Company to cease to continue as a going concern or not to sustain its services.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information and business activities of the Company to express an opinion on the financial statements.
- Perform such other procedures as I consider necessary in the circumstances.

I communicate with Management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that are identified during the audit.

I also provide Management with a statement that I have complied with relevant ethical requirements regarding independence, and communicate with them all relationships and other matters that may reasonably be thought to bear on my independence, and where applicable, related safeguards.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES FOR THE YEAR

The principle accounting policies adopted in the preparation of these financial statements are set out below:

1. A) Statement of compliance and basis of preparation

The financial statements have been prepared on a historical cost basis. The preparation of financial statements in conformity with International Financial Reporting Standards (IFRS) allows the use of estimates and assumptions. It also requires management to exercise judgement in the process of applying the *company's* accounting policies.

The financial statements have been prepared and presented in Kenya Shillings, which is the functional and reporting currency of the *company*.

The financial statements have been prepared in accordance with the PFM Act, the State Corporations Act, and International Financial Reporting Standards (IFRS). The accounting policies adopted have been consistently applied to all the years presented.

B) New and revised standards

i).Adoption of new and revised standards

IAS 19-Defined benefits plan-employee contributions

IAS 32- Offsetting of Financial Assets and Financial Liabilities

IAS 36- Recoverable amount disclosures for non-financial assets

IAS 39- Novation of derivatives and continuation of hedge accounting

IFRS 10, IFRS 27 and IAS 27- Definition of investment entities.

The above revised standards and interpretations have become effective for the first time on Financial Period beginning on or after 1st January 2014 and have been adopted by the company where relevant to its operations.

ii).New and revised standards and interpretations which have been issued but are not effective yet

The following revised standards and interpretations have been published and will be effective for the first time in the years after the current Financial Year (31st December 2014). The Company has not early adopted any of these amendments or interpretations.

**Iten Tambach Water and Sewerage Company Limited
Annual Reports and Financial Statements
For the year ended 30 June 2019**

Effective for annual periods beginning on or after 1st July 2014 issued 12 December 2013

IAS 40- Investment Property
IAS 16- Property Plant and Equipment

IAS 24- Related Party Disclosures

IAS 38- Intangible Assets
IFRS 1- First-time adoption of IFRS

IFRS 2- Share-based combinations (with consequential amendments to other standards)

IFRS 3- Business Combinations
IFRS 8- Operating Segments
IFRS 13- Fair Value Measurement

IFRIC 21- Levies

Effective for annual periods beginning on or after 1st July 2016 issued 25th September 2014

IFRS 5- Non- current Assets held for sale and discontinued operations.

IFRS 7- Financial Instruments disclosures

IAS 39- Employee Benefits
IAS 34- Interim Financial Reporting

New Standards

IFRS 9- Financial Instruments. Effective on or after 1st January 2018

IFRS 14- Regulatory deferred accounts. Effective on or after 1st January 2016

IFRS 15- Revenue from contracts with customers. Effective on or after 1st January 2017

iii) Change in Presentation

The Company reviewed the Presentation of the Financial Statements from its previous format for better understanding by the Stakeholders. The reclassification has been effected on both the current and comparative amounts. No loss in monetary value for the comparative amounts has occurred during reclassification.

This disclosure is as required by IAS 1

(C) Revenue recognition

Revenue is recognised to the extent that it is probable that future economic benefits will flow to the *company* and the revenue can be reliably measured. Revenue is recognised at the fair value of consideration received or expected to be received in the ordinary course of the *company's* activities, net of value-added tax (VAT), where applicable, and when specific criteria have been met for each of the *company's* activities as described below.

- i) **Revenue from the sale of water** is recognised in the year in which the *company* delivers products to the customer, the customer has accepted the products and collectability of the related receivables is reasonably assured.
- ii) **A government grant income** is recognised when there is reasonable assurance that the entity will comply with the conditions attaching to it, and that the grant will be received also grants are recognised in the statement of comprehensive income on systematic basis over the period in which the entity recognises as expenses the related cost for which the grants are intended to compensate
- iii) **Other income** is recognised on accrual basis.

D) Property Plant and Equipment.

All categories of Property Plant and Equipment (*PPE*) are initially recorded at cost less accumulated depreciation and impairment losses.

Certain categories of property, plant and equipment are subsequently carried at re-valued amounts, being their fair value at the date of re-valuation less any subsequent accumulated depreciation and impairment losses. Where re-measurement at re-valued amounts is desired, all items in an asset category are re-valued through periodic valuations carried out by independent external valuers.

Increases in the carrying amounts of assets arising from re-valuation are credited to other comprehensive income. Decreases that offset previous increases in the carrying amount of the same asset are charged against the revaluation reserve account; all other decreases are charged to profit or loss in the income statement.

Gains and losses on disposal of items of property, plant and equipment are determined by comparing the proceeds from the disposal with the net carrying amount of the items, and are recognised in profit or loss in the income statement.

E) Depreciation and impairment of property, plant and equipment

Freehold land and capital work in progress are not depreciated. Capital work in progress relates mainly to the costs of on-going but incomplete works on buildings and other civil works and installations.

Depreciation on property, plant and equipment is recognised in the income statement on a straight-line basis to write down the cost of each asset or the re-valued amount to its residual value over its estimated useful life. The annual rates in use are:

Furniture	12.5% (8 years)
Computers and Printers	33.3% (3 years)
Motor cycle	25 % (4 years)
Network extension	2.5% (40 years)
Tools	33.3% (3 years)
Meters & Equipment	12.5% (8years)
Graded Filter	10% (10 years)
Building	2.5% (40 years)

A full year's depreciation charge is recognised in the year of asset purchase but not in the year of asset disposal.

full life of computer software of three years.

Items of property, plant and equipment are reviewed annually for impairment. Where the carrying amount of an asset is assessed as greater than its estimated recoverable amount, an impairment loss is recognised so that the asset is written down immediately to its estimated recoverable amount.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

F) Intangible assets

Intangible assets comprise purchased computer software licences, which are capitalised on the basis of costs incurred to acquire and bring to use the specific software. These costs are amortised over the estimated useful life of the intangible assets from the year that they are available for use, usually over three years.

G) Inventories

Inventories are stated at the lower of cost and net realisable value. The cost of inventories comprises purchase price, import duties, transportation and handling charges, and is determined on the moving average price method.

H) Trade and other receivables

Trade and other receivables are recognised at fair values less allowances for any uncollectible amounts. These are assessed for impairment on a continuing basis. An estimate is made of doubtful receivables based on a review of all outstanding amounts at the year end. Bad debts are written off after all efforts at recovery have been exhausted.

I) Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and cash at bank, short-term deposits on call and highly liquid investments with an original maturity of three months or less, which are readily convertible to known amounts of cash and are subject to insignificant risk of changes in value. Bank account balances include amounts held at the Central Bank of Kenya and at various commercial banks at the end of the financial year. For the purposes of these financial statements, cash and cash equivalents also include short term cash imprests and advances to authorised public officers and/or institutions which were not surrendered or accounted for at the end of the financial year.

J) Trade and other payables

Trade and other payables are non-interest bearing and are carried at amortised cost, which is measured at the fair value of contractual value of the consideration to be paid in future in respect of goods and services supplied, whether billed to the *company* or not, less any payments made to the suppliers.

K) Comparative figures

Where necessary comparative figures for the previous financial year have been amended or reconfigured to conform to the required changes in presentation.

L) Subsequent events

There have been no events subsequent to the financial year end with a significant impact on the financial statements for the year ended June 30, 2019

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

O) Risk Management Policies

The financial risk management objectives and policies are as outlined below:

- **Credit risk**

The Company's credit risk is primarily attributable to its trade receivable and bank deposits. The amounts presented in the balance sheet are net of allowances for doubtful receivables, estimated by the Company's management based on prior experience and their assessment of the current economic environment.

In addition, the Company has no significant concentration of credit risk, with exposure spread over a large number of customers.

The credit risk on liquid funds with financial institutions is also low, because the counter parties are banks with high credit-ratings.

- **Liquidity risk**

The risk that the Company will encounter difficulty in raising funds to meet commitments associated with financial instruments has been and continues to be addressed by Management, by re-negotiating with water regulators' bodies for tariff adjustment, county and national government for grants.

P) Retirement Benefits Obligations (IAS 19)

The Company does operate a defined retirement benefits scheme for all employees. Company contributes to the statutory National Social Security fund (NSSF). This is a defined contribution scheme registered under the National Social Security Act. The Company's obligations under the scheme are limited to specific contributions legislated from time to time and are currently at KShs. 200 per employee per month. The company contributes to Local Authority Provident Fund. These operate and are defined contribution schemes registered under the RBA Act. The company's obligation under the schemes is limited to specific contributions legislated from time to time.

Q) BAD DEBT PROVISION

Annual provisions for bad debts shall be an equivalent to the proportion of debts aged above three (3) years or 10% of the outstanding debts whichever is higher.

asis for Qualified Opinion					
1.0 Trade Receivable	<p>Finding The statement of financial position reflects trade receivables figure of Kshs.12, 782,005 net of specific provision for bad and doubtful debts of Kshs.1, 073,478. However, the policy on specific provision for bad and doubtful debts has not been disclosed in the financial statements. Further trade receivables figure of Kshs.12, 782,005 include outstanding debts of Kshs.3, 638,249 which have been outstanding for between nine (9) months and 32 years (since 1984). The management has not provided any documentary evidence of the measures being taken to ensure that the long outstanding debts are recovered. No explanation has been provided for failure to recover these debts. Consequently, the accuracy, validity and existence of trade receivable balance of kshs 12, 782.005 as at 30 June 2018 could not be confirmed.</p>	<p>It is true that there was an oversight during audit exercise concerning measures to collect debts, but at the moment the Company Management has negotiated with Metropol Credit Reference Bureau Limited who are licensed by Central Bank of Kenya (CBK) to enhance the company to comply with CRB Regulation 2013 and Finance Act 2016 as mandated by law to all public utility companies to share credit information with licensed CRB.</p> <p>The partnership with Licensed CRB will enhance collection effort of the company because the mechanism compels borrowers to honor their maturing financial obligations due to the eminent financial exclusion faced by the adversely listed debtors.</p> <p>Also the company will benefit from online referencing services where they can assess the credit risk profiles of their potential clients hence limiting the chances of loses resulting from defaults and delinquencies. Our discussion with licensed company is at the peak stage only to forward to sub - committee and thereafter to full board for approval. Also the company is in the process of doing billing software whereby we going to do away with handling cash in the office and collect through our banking institution and M-Pesa pay bill. Also debts recovery policy is on</p>	Paul Yator (Managing Director Office)	Not Resolved	Continuous exercise

		process of development and there after implementation.			
Key Audit Matters					
1.0 Regulatory Levies	Included in payable provision and accruals figure of Kshs.16,707,121 reflected in the statement of financial position is regulatory levies amounting to Kshs.10,694,910 as shown in Appendix V out of which Kshs.7,351,050 relate to 2016/2017 and earlier years. Further, the management has not provided for explanations for failure to pay the levies as continued failure to pay the levies continue to attract penalties.	We concur with finding that we are not being paying regulatory levies to regulators of which attract some penalties. This resulted due to budget constraint; however, the management is committed to pay all outstanding balance in piecemeal of utmost three year.	Jeremiah K. Kigen (Accountant)	Not Resolved	Financial Year 2020/2021
2.0 Provision for Audit Fees	Included in the payables provision and accruals of Kshs.16, 707,121 reflected in the statement of financial position and note 12 to the financial statements is provision for audit fees of Kshs.1, 624,000 which include Kshs.1, 392,000 relating to 2016/2017 and earlier years. However, no explanation has been provided for not	It is true that there was an oversight during audit concerning provision for audit fees which has been increasing due non-payment, the management of Iten Tambach Water and Sewerage Company is committed to pay audit fees in this financial year 2019-2020. The managing director committed even having a standing order with the office of auditor general with agreed amount which could not constraint the budget.	Jeremiah K. Kigen (Accountant)	Not Resolved	Financial Year 2020/2021

	paying the audit fees.				
3.0 Non-revenue Water	<p>Records availed for audit review during the year indicated that the Company produced 807,091 cubic meters (M3) of water. However, out of this volume, only 548,822 (M3) was billed to customers. The balance of 258,269 (M3) or approximately 31.9 % of the total volume represented Non-Revenue Water which is 6.9% over and above the allowable loss of 25% of the total production as per guidelines published by the Water Services Regulatory Board (WSRB). The significant level of Non- Revenue Water may negatively impact on the Company's profitability and its long term sustainability.</p> <p>Effect The company losses the much needed revenue through un - accounted for water and may not meet its obligations as and when they fall</p>	<p>It is true that during the year ITWASCO produced 807,091 cubic meters (m³) of water. However, out of this volume, only 548,822 m³ was billed to customers. The balance of 258,269 m³ or approximately 31.9% of total volume represented Unaccounted for Water (UFW) which is 6.9% over and above the allowable loss of 25% in accordance with the Water Services Regulatory Board guidelines. The company was established under the licensee of Rift Valley Water Services Board (RWWSB). The water supplies which were being managed by the Ministry of Water were inherited by the company as a whole including customers in the area of jurisdiction of the Company. One of the targets of the company among others were to reduce the UFW to acceptable rate whereby this was reduced from 42% to 32% in the year under review this was managed under limited available resource in the year. The company is therefore still committed to reducing this by employing more resources to work on the challenges resulting in such un accounted for water and these challenges includes:-</p> <p>Proposals to Water Trust Fund to finance purchase of water meters through Urban Project Concept to reduce</p>	Joshua Kibet (Ag. Technical Manager) Jeremiah K. Kigen (Ag, Commercial Manager)	Not Resolved	Continuous Exercise

	<p>due.</p> <p>Recommendati on Management should improve the monitoring of the water distribution systems distribution in order to reduce the quantity of un accounted for water.</p>	<p>unmetered connection whose water consumption could not be controlled. The company in collaboration with the County Government of Elgeyo Marakwet has increased the number of metered connection and is planning to purchase more water meters to reduce UFW through average connection. The company has put in place a system through a company managed hotline numbers for the public to report any leakages bursts and illegal connections and reconnections. In addition to maintaining the line, patroller team of pipefitter's repairs reported leakages, bursts and assists in eliminating illegal connections and reconnections promptly whenever identified and reported. More than fifteen illegal connections have been reported by staff and public for the past two months. The company has reviewed a UFW reduction plan which has been approved by the licensee RVWSB to assist in curbing water loss and trained staff of Water Demand Management to reduce on waste of water. For instance, the Company has started a pilot programme in Amani Zone (Kariobangi) in ensuring that bills are distributed to customers with attached information on different modes of payment and none adherence leads to disconnection without further notice by Disconnection</p>
