II. STATEMENT OF RECEIVER OF REVENUE RESPONSIBILITIES

Section 82 (1) of the Public Finance Management Act, 2012 requires that, at the end of each financial year, a receiver of revenue shall prepare an account of the revenue received and collected by that receiver during that financial year.

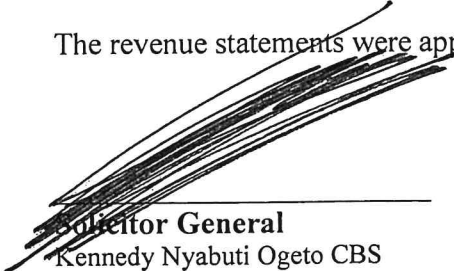

The Solicitor General is responsible for the preparation and presentation of the State Law Office and Department of Justice accounts, which gives a true and fair view of the state of affairs of the State Law Office and Department of Justice for and as at the end of the financial year ended on June 30, 2021. This responsibility includes: (i) maintaining adequate financial management arrangements and ensuring that these continue to be effective throughout the reporting period; (ii) maintaining proper accounting records, which disclose with reasonable accuracy at any time the financial position of the entity; (iii) designing, implementing and maintaining internal controls relevant to the preparation and fair presentation of the financial statements, and ensuring that they are free from material misstatements, whether due to error or fraud; (iv) safeguarding the assets of the State Law Office and Department of Justice; (v) selecting and applying appropriate accounting policies; and (vi) making accounting estimates that are reasonable in the circumstances.

The Solicitor General accepts responsibility for the State Law Office and Department of Justice receiver of revenue accounts, which have been prepared on the Cash Basis Method of Financial Reporting, using appropriate accounting policies in accordance with International Public Sector Accounting Standards (IPSAS) and relevant legal framework of the Government of Kenya. The Solicitor General is of the opinion that the receiver of revenue account gives a true and fair view of the state of entity's receiver of revenue transactions during the financial year ended June 30, 2021, and of the entity's financial position as at that date. The Solicitor General further confirms the completeness of the accounting records maintained for the State Law Office and Department of Justice, which have been relied upon in the preparation of the receiver of revenue account as well as the adequacy of the systems of internal financial control.

The Solicitor General confirms that the entity has complied fully with applicable Government Regulations and the terms of external financing covenants, and that the entity's funds received during the year under audit were used for the eligible purposes for which they were intended and were properly accounted for. Further the Solicitor General confirms that the State Law Office and Department of Justice accounts have been prepared in a form that complies with relevant accounting standards prescribed by the Public Sector Accounting Standards Board of Kenya.

Approval of the Revenue Statements

The revenue statements were approved and signed by the Solicitor General on 14th January, 2022.

REPORT OF THE AUDITOR-GENERAL ON REVENUE STATEMENTS OF THE STATE LAW OFFICE AND DEPARTMENT OF JUSTICE FOR THE YEAR ENDED 30 JUNE, 2021

PREAMBLE

I draw your attention to the contents of my report which is in three parts:

- A. Report on the Financial Statements that considers whether the financial statements are fairly presented in accordance with the applicable financial reporting framework, accounting standards and the relevant laws and regulations that have a direct effect on the financial statements.
- B. Report on Lawfulness and Effectiveness in Use of Public Resources which considers compliance with applicable laws, regulations, policies, gazette notices, circulars, guidelines and manuals and whether public resources are applied in a prudent, efficient, economic, transparent and accountable manner to ensure government achieves value for money and that such funds are applied for intended purpose.
- C. Report on Effectiveness of Internal Controls, Risk Management and Governance which considers how the entity has instituted checks and balances to guide internal operations. This responds to the effectiveness of the governance structure, the risk management environment, and the internal controls developed and implemented by those charged with governance for orderly, efficient and effective operations of the entity.

An unmodified opinion does not necessarily mean that an entity has complied with all relevant laws and regulations, and that its internal control, risk management and governance systems are properly designed and were working effectively in the financial year under review.

The three parts of the report are aimed at addressing the statutory roles and responsibilities of the Auditor-General as provided by Article 229 of the Constitution, the Public Finance Management Act, 2012 and the Public Audit Act, 2015. The three parts of the report, when read together constitute the report of the Auditor-General.

REPORT ON THE REVENUE STATEMENTS

Opinion

I have audited the accompanying Revenue Statements of State Law Office and Department of Justice set out on pages 1 to 8, which comprise of the statement of

Report of the Auditor-General on Revenue Statements of the State Law Office and Department of Justice for the year ended 30 June, 2021

financial assets and liabilities and statement of arrears of revenue as at 30 June, 2021, statement of receipts and disbursements for the year then ended, and a summary of significant accounting policies and other explanatory information in accordance with the provisions of Article 229 of the Constitution of Kenya and Section 35 of the Public Audit Act, 2015. I have obtained all the information and explanations which, to the best of my knowledge and belief, were necessary for the purpose of the audit.

In my opinion, the revenue statements present fairly, the financial position and arrears of the revenue of the State Law Office and Department of Justice as at 30 June, 2021, and of its revenue performance for the year then ended, in accordance with International Public Sector Accounting Standards (Cash Basis) and comply with the Public Finance Management Act, 2012.

Basis for Opinion

The audit was conducted in accordance with International Standards of Supreme Audit Institutions (ISSAIs). I am independent of the Receiver of revenue - State Law Office and Department of Justice Management in accordance with ISSAI 130 on Code of Ethics. I have fulfilled other ethical responsibilities in accordance with the ISSAI and in accordance with other ethical requirements applicable to performing audits of financial statements in Kenya. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Key Audit Matters

Key audit matters are those matters that, in my professional judgment, are of most significance in the audit of the revenue statements. There are no key audit matters to report in the year under review.

REPORT ON LAWFULNESS AND EFFECTIVENESS IN USE OF PUBLIC RESOURCES

Conclusion

As required by Article 229(6) of the Constitution, based on the audit procedures performed, except for the matter described in the Basis for Conclusion on Lawfulness and Effectiveness in Use of Public Resources section of my report, I confirm that, nothing else has come to my attention to cause me to believe that public resources have not been applied lawfully and in an effective way.

Basis for Conclusion

Balance due for Disbursement

As disclosed in Note 2 to the revenue statements, the statement of receipts and disbursements for the year ended 30 June, 2021 reflects a balance due for disbursement of Kshs.168,847,855 which includes an amount of Kshs.168,776,500 collected through Huduma Centres and relating to prior years but not transferred to the Receiver of Revenue for subsequent remittance to the Exchequer. This is contrary

Report of the Auditor-General on Revenue Statements of the State Law Office and Department of Justice for the year ended 30 June, 2021

to Regulation 64(1)(a) of the Public Finance Management (National Government) Regulations, 2015, that requires an Accounting Officers and Receivers of revenue to personally be responsible for ensuring that adequate safeguards exist and are applied for the prompt collection and proper accounting for all National Government revenue and other public moneys relating to their Ministries, Departments or Agencies.

In the circumstances, Management is in breach of the law.

The audit was conducted in accordance with ISSAI 4000. The standard requires that I comply with ethical requirements and plan and perform the audit to obtain assurance about whether the activities, revenue transactions and information reflected in the revenue statements are in compliance, in all material respects, with the authorities that govern them. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

REPORT ON EFFECTIVENESS OF INTERNAL CONTROLS, RISK MANAGEMENT AND GOVERNANCE

Conclusion

As required by Section 7(1)(a) of the Public Audit Act, 2015, based on the audit procedures performed, except for the matters described in the Basis for Conclusion on Effectiveness of Internal Controls, Risk Management and Governance, I confirm that, nothing else has come to my attention to cause me to believe that internal controls, risk management and overall governance were not effective.

Basis for Conclusion

Weakness in Revenue Collection Management

Review of the revenue accounting system at the registration of societies revealed that duties of revenue collection, preparation, checking reconciliations and reporting of revenue received were being handled by one person instead of segregating among other officers.

Further, the revenue collected during the year was receipted and not recorded in the revenue books of account. Management did not maintain a collection control sheet (CCS) Form (G.P.163) detailing the collector's name, period, series of receipts, number of receipts, amount, date and signature.

In the circumstances, the existence of effective internal controls to safeguard against revenue loss and key processes of internal controls capable to provide an audit trail cannot be established.

The audit was conducted in accordance with ISSAI 2315 and ISSAI 2330. The standard requires that I plan and perform the audit to obtain assurance about whether processes and systems of internal control, risk management and overall governance

were operating effectively, in all material respects. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

Responsibilities of Management and those Charged with Governance

Management is responsible for the preparation and fair presentation of these revenue statements in accordance with International Public Sector Accounting Standards (Cash Basis) and for maintaining effective internal control as Management determines is necessary to enable the preparation of revenue statements that are free from material misstatement, whether due to fraud or error and for its assessment of the effectiveness of internal control, risk management and governance.

In preparing the revenue statements, Management is responsible for assessing the Receiver of revenue's ability to continue to sustain services, disclosing, as applicable, matters related to sustainability of services and using the applicable basis of accounting unless Management is aware of the intention to terminate the Receiver of revenue or to cease operations.

Management is also responsible for the submission of the revenue statements to the Auditor-General in accordance with the provisions of Section 47 of the Public Audit Act, 2015.

In addition to the responsibility for the preparation and presentation of the revenue statements described above, Management is also responsible for ensuring that the activities, revenue transactions and information reflected in the revenue statements are in compliance with the authorities which govern them, and that public resources are applied in an effective way.

Those charged with governance are responsible for overseeing the Receiver of revenue reporting process, reviewing the effectiveness of how Management monitors compliance with relevant legislative and regulatory requirements, ensuring that effective processes and systems are in place to address key roles and responsibilities in relation to governance and risk management, and ensuring the adequacy and effectiveness of the control environment.

Auditor-General's Responsibilities for the Audit

The audit objectives are to obtain reasonable assurance about whether the revenue statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion in accordance with the provisions of Section 48 of the Public Audit Act, 2015 and submit the audit report in compliance with Article 229(7) of the Constitution. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISSAIs will always detect a material misstatement and weakness when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these revenue statements.

In addition to the audit of the revenue statements, a compliance audit is planned and performed to express a conclusion about whether, in all material respects, the activities, revenue transactions and information reflected in the revenue statements are in compliance with the authorities that govern them, and that public resources are applied in an effective way, in accordance with the provisions of Article 229(6) of the Constitution and submit the audit report in compliance with Article 229(7) of the Constitution.

Further, in planning and performing the audit of the revenue statements and audit of compliance, I consider internal control in order to give an assurance on the effectiveness of internal controls, risk management and governance processes and systems in accordance with the provisions of Section 7(1)(a) of the Public Audit Act, 2015 and submit the audit report in compliance with Article 229(7) of the Constitution. My consideration of the internal control would not necessarily disclose all matters in the internal control that might be material weaknesses under the ISSAIs. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the revenue statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions.

Because of its inherent limitations, internal control may not prevent or detect misstatements and instances of non-compliance. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies and procedures may deteriorate.

As part of an audit conducted in accordance with ISSAIs, I exercise professional judgement and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the revenue statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management.
- Conclude on the appropriateness of the Management's use of the applicable basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Receiver of revenue's ability to continue to sustain its services. If I conclude that a material uncertainty exists, I am required to draw attention in the auditor's report to the related disclosures in the revenue

statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my audit report. However, future events or conditions may cause the Receiver of revenue to cease to continue to sustain its services.

- Evaluate the overall presentation, structure and content of the revenue statements, including the disclosures, and whether the revenue statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the revenue information and business activities of the Receiver of revenue to express an opinion on the revenue statements.
- Perform such other procedures as I consider necessary in the circumstances.

I communicate with the Management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that are identified during the audit.

I also provide Management with a statement that I have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on my independence, and where applicable, related safeguards.

VII. SIGNIFICANT ACCOUNTING POLICIES

The principle accounting policies adopted in the preparation of these revenue statements are set out below:

1. Statement of Compliance and Basis of Preparation

The revenue statements have been prepared in accordance with and comply with International Public Sector Accounting Standards (IPSAS) with particular emphasis on Cash Basis Financial Reporting under the Cash Basis of Accounting and relevant legal framework of the Government of Kenya. The revenue statements comply with and conform to the form of presentation prescribed by the Public Sector Accounting Standards Board of Kenya.

The revenue statements are presented in Kenya Shillings, which is the functional and reporting currency of the State Law Office and Department of Justice. The accounting policies adopted have been consistently applied to all the years presented.

The revenue statements have been prepared on the cash basis following the Government's standard chart of accounts. The cash basis of accounting recognises transactions and events only when cash is received or paid by the entity.

2. Recognition of Revenue

The State Law Office and Department of Justice recognises all revenues from the various sources when the event occurs and the related cash has actually been received by the entity.

3. Budget

The budget is developed on the same accounting basis (cash basis), the same accounts classification basis, and for the same period as the revenue statements. The revenue budget was approved as required by Law and as detailed in the Government of Kenya Budget Printed Estimates. A high-level assessment of the revenue's actual performance against the comparable budget for the financial year under review has been included into these revenue statements.

4. Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and cash at bank, short-term deposits on call and liquid investments with an original maturity of three months or less, which are readily convertible to known amounts of cash and are subject to insignificant risk of changes in value. Bank account balances include amounts held at the Central Bank of Kenya.

5. Revenue in Arrears

This relates to revenue earned and is yet to be received or collected by the Solicitor General.

**STATE LAW OFFICE AND DEPARTMENT OF JUSTICE
REVENUE STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2021**

6. Disbursements to the Exchequer

The Receiver of Revenue has a monthly arrangement for sweeping of funds from our Kenya Commercial Bank account to the Exchequer Account. Total disbursements to the exchequer are as a result of the sweeping arrangement during the year.

7. Comparative Figures

Where necessary comparative figures for the previous financial year have been amended or reconfigured to conform to the required changes in presentation.

8. Subsequent Events

Commentary on Actual Revenue against the Revised Estimates

Most of the Economic activities were slowed down by Covid-19 Pandemic which resulted to low revenue collection during the third and fourth quarters of FY2020/2021.
