And the budget execution based on programmes may be represented through bar chart as shown below:

The following are some of the achievements for the State Department within FY 2020-2021

1. **National Optic Fiber Backbone Infrastructure (NOFBI)**

National Optic Fiber Backbone Infrastructure (NOFBI) is intended to provide all Government offices with connectivity in order to deliver multiple services which include voice, internet and e-Government applications in a more efficient manner. The State department for ICT and Innovation have implemented NOFBI project in three phases with initial phase 1 of 4,300 Km, Phase II of 2,100 Km and Phase 2 Expansion which is currently on going of another 2,500 Km of fibre. In summary, 284 county commissioner/DCC, 28 Hospital, 14 police stations,6 airports and 159 MDAs. NoFBI has improved service provision in the counties and improved connectivity to Government users. Below is a picture of an installed NoFBI equipment in a station.

2. **National Data centre**

The Ministry of Information, Communications and Technology and Huawei Technologies Co. Ltd signed a Commercial Contract for Konza Data Centre and Smart City Facilities on 26th June 2017. The project consists of: Phase 1 Data Centre which is a temporary containerized data centre to serve the Authority current requirements and government agencies that will require the service; Phase 2 Data Centre consisting permanent building and equipment to serve the long-term needs of the Authority and Smart City Facilities/Services & Virtual Desktop Infrastructure

Phase I Data Centre was completed during the year, 2020, power connected awaiting

commissioning. These Data Centre will provide cloud backup services, physical server or space renting, cabinet or rack renting, as well as email services. Government organs and commercial entity will access local secured data centre services in the next financial year.

Phase 2 Data Centre also referred to as the Primary Data centre will support all ICT dependent applications, processes, and technologies for government institutions. The facilities will also be available for private enterprise The Civil works for the project is ongoing below herewith is the pictorial expression of the civil works for the primary data centre.

4. Ajira Training programme

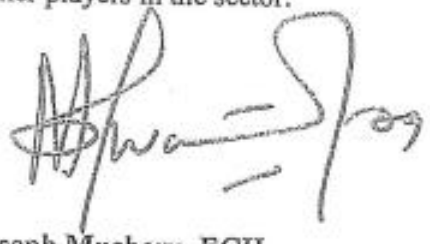

The Ajira Digital Program is a government initiative through the State Department for ICT that is aimed at providing a million young people access digital job opportunities. The program seeks to position Kenya as a choice labour destination for multinational companies as well as encourage local companies and public sector to create digital work. The government digitization projects already create lots of viable micro work that can be completed by digital workers. Access to digital work will build wealth and grow the middle class across the country. The following picture is a class where young people are being taken through the Ajira trainings.

Ajira trainings

These achievements have however faced various challenges such as inadequate funding for

the programmes, inadequate staffing, vandalism of cables and other equipment and cable cuts among others. However, these challenges are being addressed through close collaboration with other players in the sector.

4. CORPORATE SOCIAL RESPONSIBILITY STATEMENT/SUSTAINABILITY REPORTING

State Department for ICT & Innovation exists to transform lives. This is our purpose; the driving force behind everything we do. It's what guides us to deliver our strategy, which is founded on five (5) pillars: putting the customer/Citizen first, delivering relevant goods and services, and improving operational excellence. Below is a brief highlight of our achievements in each pillar

1. Sustainability strategy and profile –

The State Department for ICT was established through an Executive Order No. 1/2018 of June 2018 under the State department for ICT to promote the development of the ICT Infrastructure and Services Country wide as envisaged in Kenya Vision 2030. The Key objective for the State Department is to facilitate growth of ICT Industry with the aim of contributing over 10% to the Gross Domestic Product (GDP) and creation of over 200,000 direct BPO job opportunities in the economy as envisaged in Kenya Vision 2030.

The State department is divided into two sub sectors which includes ICT and BPO sector plans. The ICT sector plan consists of policies, legal and regulatory framework, the ICT infrastructure, universal access to ICT, Information security, E-Government services and regional integration. The BPO sector plan consists of polices, legal and regulatory framework, flagship projects such as Konza Technopolis, National Optic Fibre Backbone Infrastructure (NoFBI) and Digital literacy programme and other projects such as Ajira digital programme and Constituency Innovation Hub.

Some of the Key project for the department includes the National Optic Fibre Backbone Infrastructure a project that involves the laying of fiber optic cables to provide high speed affordable broadband countrywide. This project has had a great impact in the country and has contributed significantly into the Kenya economy since it has ensured extensive internet accessibility in the country and has eased communication. Its expansion and maintenance will have a significant economical. Political and social impact in the country.

2. Environmental performance

- The State Department has development of policies on e-waste management as one of its strategic objectives. It will involve putting in place measures to

protect the environment degradation as a result of disposal of hazardous ICT equipment.

- The Konza Technopolis Smart City will have an environmentally waste water reclamation facility a sewer treatment plant and a solid waste management system. A solid pneumatic system and solid waste plant to cater for the city's daily solid waste.

3. Employee welfare

The State Department hiring policies are governed by Public Service Commission guidelines. The State Departments advertises all vacant posts in a manner that reaches the widest pool of potential applicants and allow for at least twenty-one (21) days before closing the advert. The advert has the following details: the title of the post, number of vacancies, job description, person specification and the proposed remuneration.

Appointments made under the powers delegated by the Public Service Commission to Authorized Officer in the State Department are processed through the Human Resource Management Advisory Committee in accordance with Public Service Commission Regulations and guidelines issued from time to time. Recruitment is undertaken on the basis of fair competition and merit; representation of Kenya's diverse communities; adequate and equal opportunities to all gender, youth, members of all ethnic groups, persons with disabilities and minorities.

Staff are appraised through Staff Performance Appraisal system (SPAS) which is predicated upon the principle of work planning, setting of agreed performance targets, feedback and reporting. It is linked to other human resource systems and processes including staff development, career progression, placement, rewards and sanctions. Performance appraisal is an on-going process throughout the performance period. Milestones over the review period should be documented and maintained in the Appraisee's personal file.

The State Department has ensured that staff get relevant training that would facilitate continuous upgrading on core competencies, knowledge, skills and attitudes including ability to assimilate technology to enable them create and seize opportunities for social advancement, economic growth and individual fulfilment. Further, the department ensures that there is no

overcrowding within offices where staff sits atleast 1 to 1.5 metres apart. There is sufficient natural and artificial lighting within the offices and the offices are well ventilated.

4. **Market place practices-**

The State Department has an anti-corruption committee which ensures that business is carried out with outmost integrity. The State Department additionally ensures that suppliers are procured fairly and competitively and they are paid promptly after good and service are delivered and inspected.

5. **Community Engagements-**

The State Department has been engaged in tree planting activities in various counties in the country. This is carried out in conjunction with members of the community so that they may own the project and ensure sustainability.

5. STATEMENT OF MANAGEMENT RESPONSIBILITIES

Section 81 (1) of the Public Finance Management Act, 2012 requires that, at the end of each financial year, the Accounting Officer for a National Government Entity shall prepare financial statements in respect of that entity. Section 81 (3) requires the financial statements so prepared to be in a form that complies with relevant accounting standards as prescribed the Public Sector Accounting Standards Board of Kenya from time to time.

The Accounting Officer in charge of the State Department for Information Communication Technology and Innovation is responsible for the preparation and presentation of the entity's financial statements, which give a true and fair view of the state of affairs of the entity for and as at the end of the financial year (period) ended on June 30, 2021. This responsibility includes: (i) maintaining adequate financial management arrangements and ensuring that these continue to be effective throughout the reporting period; (ii) maintaining proper accounting records, which disclose with reasonable accuracy at any time the financial position of the entity; (iii) designing, implementing and maintaining internal controls relevant to the preparation and fair presentation of the financial statements, and ensuring that they are free from material misstatements, whether due to error or fraud; (iv) safeguarding the assets of the entity; (v) selecting and applying appropriate accounting policies; and (vi) making accounting estimates that are reasonable in the circumstances.

The Accounting Officer in charge of the State Department for Information Communication Technology and Innovation accepts responsibility for the entity's financial statements, which have been prepared on the Cash Basis Method of Financial Reporting, using appropriate accounting policies in accordance with International Public Sector Accounting Standards (IPSAS). The Accounting Officer is of the opinion that the *entity's* financial statements give a true and fair view of the state of entity's transactions during the financial year ended June 30, 2021, and of the entity's financial position as at that date. The Accounting Officer charge of the State Department for Information Communication Technology and Innovation further confirms the completeness of the accounting records maintained for the State Department for Information Communication Technology and Innovation which have been relied upon in the preparation of the entity's financial statements as well as the adequacy of the systems of internal financial control.

The Accounting Officer in charge of the State Department for Information Communication Technology and Innovation confirms that the entity has complied fully with applicable Government Regulations and the terms of external financing covenants (where applicable), and that the entity's funds received during the year under audit were used for the eligible purposes for which they were intended and were properly accounted for. Further the Accounting Officer confirms that the entity's financial statements have been prepared in a form that complies with relevant accounting standards prescribed by the Public Sector Accounting Standards Board of Kenya.

Approval of the financial statements

The State Department for Information Communication Technology and Innovation financial statements were approved and signed by the Accounting Officer on 20/12/2021.

REPORT OF THE AUDITOR-GENERAL ON STATE DEPARTMENT FOR INFORMATION COMMUNICATION TECHNOLOGY AND INNOVATION FOR THE YEAR ENDED 30 JUNE, 2021

PREAMBLE

I draw your attention to the contents of my report which is in three parts:

A. Report on the Financial Statements that considers whether the financial statements are fairly presented in accordance with the applicable financial reporting framework, accounting standards and the relevant laws and regulations that have a direct effect on the financial statements.

B. Report on Lawfulness and Effectiveness in Use of Public Resources which considers compliance with applicable laws, regulations, policies, gazette notices, circulars, guidelines and manuals and whether public resources are applied in a prudent, efficient, economic, transparent and accountable manner to ensure government achieves value for money and that such funds are applied for intended purpose.

C. Report on Effectiveness of Internal Controls, Risk Management and Governance which considers how the entity has instituted checks and balances to guide internal operations. This responds to the effectiveness of the governance structure, the risk management environment, and the internal controls developed and implemented by those charged with governance for orderly, efficient and effective operations of the entity.

An unmodified opinion does not necessarily mean that an entity has complied with all relevant laws and regulations, and that its internal control, risk management and governance systems are properly designed and were working effectively in the financial year under review.

The three parts of the report are aimed at addressing the statutory roles and responsibilities of the Auditor-General as provided by Article 229 of the Constitution, the Public Finance Management Act, 2012 and the Public Audit Act, 2015. The three parts of the report, when read together constitute the report of the Auditor-General.

REPORT ON THE FINANCIAL STATEMENTS

Qualified Opinion

I have audited the accompanying financial statements of State Department for Information Communication Technology and Innovation set out on pages 21 to 62, which comprise of the statement of assets and liabilities as at 30 June, 2021, and the statement of receipts and payments, statement of cash flows and summary statement of appropriation-recurrent and development combined for the year then ended, and a summary of significant accounting policies and other explanatory information in accordance with the provisions of Article 229 of the Constitution of Kenya and Section 35 of the Public Audit Act, 2015. I have obtained all the information and explanations, which, to the best of my knowledge and belief, were necessary for the purpose of the audit.

In my opinion, except for the effects of the matter described in the Basis for Qualified Opinion section of my report, the financial statements present fairly, in all material respects, the financial position of State Department for Information Communication Technology and Innovation as at 30 June, 2021, and of its financial performance and its cash flows for the year then ended, in accordance with the International Public Sector Accounting Standards (Cash Basis) and comply with the Public Finance Management Act, 2012.

Basis for Qualified Opinion

1. Unconfirmed Proceeds from Foreign Borrowings

As disclosed in Note 2 to the financial statements, the statement of receipts and payments reflects foreign borrowings totaling to Kshs.12,535,780,458. The balance relates to direct payments made by a Chinese Bank to the Contractor for undertaking the implementation of Konza Data Centre and Smart City Facilities Project. The payments made comprised of borrowings totaling to Kshs.2,671,086,095 for Data Centre at Konza Technopolis, an amount of Kshs.608,984,395 from China for National Optic Fibre Backbone Project and a total of Kshs.9,255,709,966 for Konza Techcity Project respectively. However, the payments were supported by photocopies of documents instead of original documents which the Management indicated that they were forwarded to the lender.

Consequently, it has not been possible to confirm the propriety of payments of totalling to Kshs.12,535,780,458.

The audit was conducted in accordance with International Standards of Supreme Audit Institutions (ISSAIs). I am independent of the State Department for Information Communication Technology and Innovation Management in accordance with ISSAI 130 on Code of Ethics. I have fulfilled other ethical responsibilities in accordance with the ISSAI and in accordance with other ethical requirements applicable to performing audits of financial statements in Kenya. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my qualified opinion.

Key Audit Matters

Key audit matters are those matters that, in my professional judgment, are of most significance in the audit of the financial statements. There were no key audit matters to report in the year under review.

Other Matter

1. Pending Bills

As disclosed under Annex 1 to the financial statements, the State Department had pending accounts payable totalling to Kshs.28,559,663 as at 30 June, 2021 which mainly arose during the year. However, Management has not provided satisfactory explanation for failure to settle the bills during the year under review.

Further, failure to settle bills during the year to which they relate distorts the financial statements and adversely affects the budgetary provisions for the subsequent year as they form a first charge.

2. Unresolved Prior Year Issues

In the report of the previous year, several paragraphs were raised under the Report on Financial Statements, Other Matter and Report on Lawfulness and Effectiveness in Use of Public Resources. Although the Management has indicated that some of the issues have been resolved under progress on follow up of auditor's recommendation section of the financial statements, the matters remained unresolved as at 30 June, 2021.

3. Budgetary Control and Performance

The summary statement of appropriation - recurrent and development combined reflected actual receipts of Kshs.17,954,849,460 against a budget of Kshs.19,449,102,512 resulting into a receipts shortfall of Kshs.1,494,253,052 of the budgeted receipts. Similarly, the statement reflects final expenditure budget and actual on comparable basis of Kshs.19,449,102,512 and Kshs.17,870,703,341 respectively resulting to an under-expenditure of Kshs.1,578,399,171 of the budget. The shortfall in budgeted receipts and under-expenditure implies that the overall goals and objectives of the State Department were not achieved as planned impacting negatively on service delivery to the public.

REPORT ON LAWFULNESS AND EFFECTIVENESS IN USE OF PUBLIC RESOURCES

Conclusion

As required by Article 229(6) of the Constitution, based on the audit procedures performed, except for the matter described in the Basis for Conclusion on Lawfulness and Effectiveness in Use of Public Resources section of my report, nothing else has

come to my attention to cause me to believe that public resources have not been applied lawfully and in an effective way.

Basis for Conclusion

Court Awards Relating to Public Relations and Communication Contract

Note 17.5 to the financial statements reflects contingent liabilities totaling to Kshs.11,473,560 as at 30 June, 2021. As further disclosed in Annex 5 to the financial statements, the liability relates to court case determined in favor of a consultant for marketing services. Available information indicated that the State Department, entered into a contract in 2016 for provision of public relations, communication, and event management agency services at a contract sum of Kshs.19,122,600. The Ministry however, paid a total of Kshs.7,649,040 but failed to pay the balance amounting to Kshs.12,183,473. The consultant sued the Ministry for breach of contract.

During the year under review, the case was ruled in favour of the consultant and was awarded Kshs.12,183,473 as principal amount, Kshs.459,492 as legal costs and Kshs.5,243,232 compounded interest at 12 % per annum from 2 February, 2018 to 30 November, 2021 totalling to Kshs.17,886,198. However, the State Department disclosed an amount of Kshs.11,473,560 resulting in an unexplained variance amounting to Kshs.6,412,638. Further, the public did not receive value for money additional cost of Kshs.5,702,724 above the initial contract sum of Kshs.19,122,600 that could have been avoided had the Management complied with the terms of the contract.

Consequently, the value for money of contingent liabilities totaling to Kshs.11,473,560 disclosed in the financial statements could not be confirmed.

The audit was conducted in accordance with ISSAI 4000. The standard requires that I comply with ethical requirements and plan and perform the audit to obtain assurance about whether the activities, financial transactions and information reflected in the financial statements are in compliance, in all material respects, with the authorities that govern them. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

REPORT ON EFFECTIVENESS OF INTERNAL CONTROLS, RISK MANAGEMENT AND GOVERNANCE

Conclusion

As required by Section 7(1)(a) of the Public Audit Act, 2015, based on the audit procedures performed, I confirm that, nothing has come to my attention to cause me to believe that internal controls, risk management and overall governance were not effective.

Basis for Conclusion

The audit was conducted in accordance with ISSAI 2315 and ISSAI 2330. The standards require that I plan and perform the audit to obtain assurance about whether effective processes and systems of internal control, risk management and overall governance were operating effectively, in all material respects. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

Responsibilities of Management and Those Charged with Governance

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Public Sector Accounting Standards (Cash Basis) and for maintaining effective internal control as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error and for its assessment of the effectiveness of internal control, risk management and governance.

In preparing the financial statements, management is responsible for assessing the State Department's ability to continue to sustain services, disclosing, as applicable, matters related to sustainability of services and using the applicable basis of accounting unless Management either is aware of the intention to terminate the State Department or cease operations.

Management is also responsible for the submission of the financial statements to the Auditor-General in accordance with the provisions of Section 47 of the Public Audit Act, 2015.

In addition to the responsibility for the preparation and presentation of the financial statements described above, management is also responsible for ensuring that the activities, financial transactions and information reflected in the financial statements are in compliance with the authorities which govern them, and that public resources are applied in an effective way.

Those charged with governance are responsible for overseeing the financial reporting process, reviewing the effectiveness of how the Management monitors compliance with relevant legislative and regulatory requirements, ensuring that effective processes and systems are in place to address key roles and responsibilities in relation to governance and risk management, and ensuring the adequacy and effectiveness of the control environment.

Auditor-General's Responsibilities for the Audit

The audit objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion in accordance with the provisions of Section 48 of the Public Audit Act, 2015 and submit the audit report in compliance with Article 229(7) of the Constitution. Reasonable assurance is a high

level of assurance, but is not a guarantee that an audit conducted in accordance with ISSAIs will always detect a material misstatement and weakness when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

In addition to the audit of the financial statements, a compliance audit is planned and performed to express a conclusion about whether, in all material respects, the activities, financial transactions and information reflected in the financial statements are in compliance with the authorities that govern them and that public resources are applied in an effective way, in accordance with the provisions of Article 229(6) of the Constitution and submit the audit report in compliance with Article 229(7) of the Constitution.

Further, in planning and performing the audit of the financial statements and audit of compliance, I consider internal control in order to give an assurance on the effectiveness of internal controls, risk management and governance processes and systems in accordance with the provisions of Section 7(1) (a) of the Public Audit Act, 2015 and submit the audit report in compliance with Article 229(7) of the Constitution. My consideration of the internal control would not necessarily disclose all matters in the internal control that might be material weaknesses under the ISSAIs. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions.

Because of its inherent limitations, internal control may not prevent or detect misstatements and instances of non-compliance. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the State Department's policies and procedures may deteriorate.

As part of an audit conducted in accordance with ISSAIs, I exercise professional judgement and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management.

- Conclude on the appropriateness of the Management's use of the applicable basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the State Department's ability to continue to sustain its services. If I conclude that a material uncertainty exists, I am required to draw attention in the auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my audit report. However, future events or conditions may cause the State Department to cease to continue to sustain its services.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

- Obtain sufficient appropriate audit evidence regarding the financial information and business activities of the State Department to express an opinion on the financial statements.

- Perform such other procedures as I consider necessary in the circumstances.

I communicate with the Management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that are identified during the audit.

I also provide Management with a statement that I have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on my independence, and where applicable, related safeguards.

14. SIGNIFICANT ACCOUNTING POLICIES

The principle accounting policies adopted in the preparation of these financial statements are set out below:

1. Statement of Ccompliance and Basis of Preparation

The financial statements have been prepared in accordance with Cash-basis International Public Sector Accounting Standards (IPSAS) as prescribed by the Public Sector Accounting Standards Board (PSASB) and set out in the accounting policy note below. This cash basis of accounting has been supplemented with accounting for; a) receivables that include imprests and salary advances and b) payables that include deposits and retentions.

The financial statements comply with and conform to the form of presentation prescribed by the PSASB. The accounting policies adopted have been consistently applied to all the years presented.

2. Reporting Entity

The financial statements are for the State Department for Information Communication Technology and Innovation. The financial statements encompass the reporting entity as specified under section 81 of the PFM Act 2012 and also comprise of the following development projects implemented by the entity:

i. National Optic Fibre Backbone Infrastructure
ii. Konza Technopolies Smart City
iii. National Data Centre

3. Reporting Currency

The financial statements are presented in Kenya Shillings (KShs), which is the functional and reporting currency of the Government and all values are rounded to the nearest Kenya Shilling.

SIGNIFICANT ACCOUNTING POLICIES (Continued)

4. Significant Accounting Policies

The accounting policies set out in this section have been consistently applied by the Entity for all the years presented.

a) Recognition of Receipts

The Entity recognises all receipts from the various sources when the event occurs and the related cash has actually been received by the Entity.

i) Tax Receipts

Tax receipts are recognized in the books of accounts when cash is received. Cash is considered as received when notification of tax remittance is received. (Check if this policy is applicable to entity

ii) Transfers from the Exchequer

Transfers from the exchequer are recognized in the books of accounts when cash is received. Cash is considered as received when payment instruction is issued to the bank and notified to the receiving entity.

iii) External Assistance

External assistance is received through grants and loans from multilateral and bilateral development partners.

Grants and loans shall be recognized in the books of accounts when cash is received. Cash is considered as received when a payment advice is received by the recipient entity or by the beneficiary.

In case of grant/loan in kind, such grants are recorded upon receipt of the grant item and upon determination of the value. The date of the transaction is the value date indicated on the payment advice. A similar recognition criteria is applied for loans received in the form of a direct payment.

During the year ended 30th June 2021, there were no instances of non-compliance with terms and conditions which have resulted in cancellation of external assistance loan

SIGNIFICANT ACCOUNTING POLICIES (Continued)

iv) Other receipts

These include Appropriation-in-Aid and relates to receipts such as proceeds from disposal of assets and sale of tender documents. These are recognized in the financial statements the time associated cash is received.

b) Recognition of payments

The Entity recognises all payments when the event occurs, and the related cash has been paid out by the Entity.

i) Compensation of Employees

Salaries and wages, allowances, statutory contribution for employees are recognized in the period when the compensation is paid.

ii) Use of Goods and Services

Goods and services are recognized as payments in the period when the goods/services are paid for. Such expenses, if not paid during the period where goods/services are consumed, shall be disclosed as pending bills.

iii) Interest on Borrowing

Borrowing costs that include interest are recognized as payment in the period in which they are paid for.

iv) Repayment of Borrowing (Principal Amount)

The repayment of principal amount of borrowing is recognized as payment in the period in which the repayment is made.

v) Acquisition of Fixed Assets

The payment on acquisition of property plant and equipment items is not capitalized. The cost of acquisition and proceeds from disposal of these items are treated as payments and receipts items respectively. Where an asset is acquired in a non-exchange transaction for nil or nominal consideration and the fair value of the asset can be reliably established, a contra transaction is recorded as receipt and as a payment.

SIGNIFICANT ACCOUNTING POLICIES (Continued)

A fixed asset register is maintained by each public entity and a summary provided for purposes of consolidation. This summary is disclosed as an annexure to the financial statements.

5. In-kind contributions

In-kind contributions are donations that are made to the Entity in the form of actual goods and/or services rather than in money or cash terms. These donations may include vehicles, equipment or personnel services. Where the financial value received for in-kind contributions can be reliably determined, the Entity includes such value in the statement of receipts and payments both as receipts and as payments in equal and opposite amounts; otherwise, the contribution is not recorded.

6. Third Party Payments

Included in the receipts and payments, are payments made on its behalf to third parties in form of loans and grants. These payments do not constitute cash receipts and payments and are disclosed in the payment to third parties in the statement of receipts and payments as proceeds from foreign borrowings.

7. Cash and Cash Equivalents

Cash and cash equivalents comprise cash on hand and cash at bank, short-term deposits on call and highly liquid investments with an original maturity of three months or less, which are readily convertible to known amounts of cash and are subject to insignificant risk of changes in value. Bank account balances include amounts held at the Central Bank of Kenya and at various commercial banks at the end of the financial year.

SIGNIFICANT ACCOUNTING POLICIES (Continued)

a) Restriction on Cash

Restricted cash represents amounts that are limited/restricted from being used to settle a liability for at least twelve months after the reporting period. This cash is limited for direct use as required by stipulation.

Amounts maintained in deposit bank accounts are restricted for use in refunding third party deposits. As at 30th June 2021, this amounted to Kshs 210,350,248 compared to Kshs 11,515,061 in prior period as indicated on note 11. There were no other restrictions on cash during the year.

8. Accounts Receivable

For the purposes of these financial statements, imprests and advances to authorised public officers and/or institutions which were not surrendered or accounted for at the end of the financial year are treated as receivables. This is in recognition of the government practice where the imprest payments are recognized as payments when fully accounted for by the imprest or AIE holders. This is an enhancement to the cash accounting policy. Other accounts receivables are disclosed in the financial statements.

9. Accounts Payable

For the purposes of these financial statements, deposits and retentions held on behalf of third parties have been recognized on an accrual basis (as accounts payables). This is in recognition of the government practice of retaining a portion of contracted services and works pending fulfilment of obligations by the contractor and to hold deposits on behalf of third parties. This is an enhancement to the cash accounting policy adopted by National Government Ministries and Agencies. Other liabilities including pending bills are disclosed in the financial statements.

SIGNIFICANT ACCOUNTING POLICIES (Continued)

10. Pending Bills

Pending bills consist of unpaid liabilities at the end of the financial year arising from contracted goods or services during the year or in past years. As pending bills do not involve the payment of cash in the reporting period, they recorded as 'memorandum' or 'off-balance' items to provide a sense of the overall net cash position of the Entity at the end of the year. When the pending bills are finally settled, such payments are included in the Statement of Receipts and Payments in the year in which the payments are made.

11. Budget

The budget is developed on a comparable accounting basis (cash basis except for imprest and deposits, which are accounted for on an accrual basis), the same accounts classification basis, and for the same period as the financial statements. The original budget was approved by Parliament on June 2019 for the period 1st July 2019 to 30th June 2020 as required by Law and there were two supplementary adjustments to the original budget during the year.

A comparison of the actual performance against the comparable budget for the financial year under review has been included in the financial statements.

Government Development Projects are budgeted for under the MDAs but receive budgeted funds as transfers and account for them separately. These transfers are recognised as inter-entity transfers.

12. Comparative Figures

Where necessary, comparative figures for the previous financial year have been amended or reconfigured to conform to the required changes in presentation.

13. Subsequent Events

There have been no events subsequent to the financial year end with a significant impact on the financial statements for the year ended 30th June 2021

SIGNIFICANT ACCOUNTING POLICIES (Continued)

14. Errors

Material prior period errors shall be corrected retrospectively in the first set of financial statements authorized for issue after their discovery by: i. restating the comparative amounts for prior period(s) presented in which the error occurred; or ii. If the error occurred before the earliest prior period presented, restating the opening balances of assets, liabilities and net assets/equity for the earliest prior period presented. During the year, errors that have been corrected are disclosed under note 13 explaining the nature and amounts.

15. Related Party Transactions

Related party relationships are a normal feature of commerce. Specific information with regards to related party transactions is included in the disclosure notes.

16. Contingent Liabilities

Section 148 (9) of the PFM Act regulations 2015 requires the Accounting officer of a National Government entity to report on the payments made, or losses incurred, by the National Government entity to meet contingent liabilities as a result of loans during the financial year.

A contingent liability is:

a) A possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity; or

b) A present obligation that arises from past events but is not recognised because:
   i) It is not probable that an outflow of resources embodying economic benefits or service potential will be required to settle the obligation; or
   ii) The amount of the obligation cannot be measured with sufficient reliability.

Some of contingent liabilities may arise from: litigation in progress, guarantees, indemnities. Letters of comfort/ support, insurance, Public Private Partnerships, The State Department for Information Communication Technology and Innovation does not recognize a contingent liability but discloses details of any contingencies in the notes to the financial statements unless the possibility of an outflow of resources embodying economic benefits or service potential is remote. Note 17.5 and *Annex 5* of this financial statement is a register of the contingent liabilities in the year..

18. PROGRESS ON FOLLOW UP OF PRIOR YEARS AUDITOR'S RECOMMENDATIONS

The following is the summary of issues raised by the external auditor, and management comments that were provided to the auditor.

Reference No. on the external audit Report	Issue / Observations from Auditor	Management comments	Focal Point person to resolve the issue *(Name and designation)*	Status: *(Resolved / Not Resolved)*	Timefra me: *(Put a date when you expect the issue to be resolved)*
1031	Variances between the Financial Statements and Trial Balance	The cause of the variance was that IFMIS trial balance had figures that are system generated and not a true reflection of the financial status. Consequently, the financial statements were prepared based on revised trial balance	Margaret Kariuki-HAU	*Resolved*	
1032	Unexplained Adjustments to the Financial Statements	The adjustments between the first set of financial statements and the final revised set were supported by journals which indicated the various debits and credits. Copies of the journals have been attached for review	Margaret Kariuki-HAU	*Resolved*	

1033	Proceeds from foreign borrowing- no details in respect to the date the payments were made by the Banks, details of authorization (whom and the date) to the Banks payments and bank debit advices. In addition, documentation and details of how the contractors were procured were not provided for audit review.	The details in respects to the date the payments were made by the banks have been disclosed by the suppliers' acknowledgement letters. The details of authorization for these payments were as per the draw-downs. The contractors were involved as preferred contractors under Government to Government method of procuring project finance as sanctioned by section 4(2)(f) of the PP7D Act, 2015. Some contractors were procured through international tendering.	Hesbon Malweyi-DICT	*Not Resolved*	*30th Dec, 2021*
1034	Use pf goods and services- Accounts items misclassifications have not been explained or adjusted in the financial statements leading to misstatement of various account balances as at 30 June, 2019.	Adjustments and explanations have since been provided on the misclassifications.	Margaret Kariuki-HAU	*Resolved*	
1035	Accounts receivables: No explanation was provided on how the balance of Kshs. 193,218,304 had been accounted for in the financial statements.	The reason for the omission was that the National Treasury refunded these funds before the closure of the financial year and therefore could not be classified under accounts receivable.	Margaret Kariuki-HAU	*Resolved*	

1036	a) The breakdown of the payments/expenditure that are in line with the detailed critical infrastructural components budget as per the AIE notification that was submitted by the State Department of Interior and Coordination of National Government were not provided for audit verification and review	The breakdown of payments/expenditure in line with the AIE notification from the State Department of interior has been provided	Hesbon Malweyi-DICT	***Resolved***	
1038	Unauthorized Expenditure Training Expenses	The expenditure was made based on the commitment letter from Acting head of procurement and pro forma invoice that had been obtained from the Government institution that was offering the service.	Andrew Nyamwamu-HSCMS	***Resolved***	
1039.1	Inappropriate Expensing of Information and Communications Technology Authority (ICTA) Assets	The value of the assets created could be quantified from the financial records for the State Department and not ICT Authority since the budget had been provided for under parent ministry as a loan AIA payable by the National Treasury.	Hesbon Malweyi-DICT	***Resolved***	
1039.2	Domestic Public Non-Financial Enterprise whose nature of assets and breakdown was not provided for audit verification.	The nature of assets and break down, and the analysis of work done and details of the assets have been disclosed through the fixed asset register	Hesbon Malweyi-DICT	***Resolved***	

1039.3	Lack of defined structure for both NOFBI and CCP.	The project structure had been defined by the commercial contract, which indicated the roles and responsibilities for both the Ministry and the Contractor. ICT Authority acts as the implementing agency while the Ministry does the supervision.	Hesbon Malweyi-DICT	*Resolved*	
1039.4	NOFBI Assets not recorded under ICTA financial statements	The resultant assets from the loans have been recorded in the financial statements for the State Department for ICT where the budget was domiciled and was the end user. ICT Authority was the project implementing agency.	Hesbon Malweyi-DICT	*Resolved*	
1039.5	Non-Billing of the National Optic Fibre Backbone Infrastructure	This would not have been possible until the Ministry through ICT Authority receives a network provider license from communication authority (CA). This process has since been completed where ICT Authority was issued with a network facilities provider tier two certificate.	Hesbon Malweyi-DICT	*Resolved*	
1040.1	Non Compliance with Presidential Directive	The State Department of ICT undertook the function of purchasing ICT equipment and related services on behalf of MDAs as per head of public service letter Ref No. OP/CAB.39/1A dated March1, 2018	Andrew Nyamwamu-HSCMS	*Resolved*	

1040.2	Delays in the Inspection of Goods and Services	Delays occurred since most of the technical officers were involved in other important national assignments such as the roll out of NIIMS, preparation of population census and civil registration services that the ministry was tasked to coordinate (technically) resulting to shortage of staff to carry out the inspections.	Andrew Nyamwamu-HSCMS	***Resolved***	
1040.3	Transfer of Shared Services Funds to MDAs as AIE contrary to Presidential directive and Treasury Circular No.ES. 1/03/'N'(2) of 19 June 2018.	The transfers were made based on requisition letters from the MDAs, which demonstrated the need for the AIEs. Such need was existance of running contracts.	Andrew Nyamwamu-HSCMS	***Resolved***	
1040.4	Unfair and Improper Sourcing of Suppliers	Sourcing was done based on Framework contracts entered through open tendering in compliance with section 114 of the Public Procurement and Asset Disposal Act, 2015.	Andrew Nyamwamu-HSCMS	***Resolved***	
1041	Lack of Audit Committee	Ministry established the audit committee in the FY 2018/2019 when the Chairperson and members were appointed.	Samuel Mburu-Head Internal Audit	***Resolved***
