2.1 Budget Performance against Actual Targets

ANALYSIS OF REVENUES

During the year under review July 2018 to June 2019, the County Government of Kitui had a budget of **Kshs 11.69 billion**, comprising of **Kshs. 8.7 billion** being equitable share; **Kshs 1,005.78 billion** from conditional grants; **Kshs. 760 million** local revenues and; **Kshs. 1,193.67 billion** brought forward as revote from previous period budget.

Overall, revenue receipts from national government, in addition to what the county collected locally and the amount brought forward as revote amounted to **Kshs 11.164 billion**, leading to an adverse variance of 4% of total budgeted expenditure. This was mainly due to underperformance in own revenue (42%), foreign grants (31%) and transfers from other government entities (4%). In absolute terms, **Kshs 524.2 million** budgeted for various projects and other operational activities was never received. The main components of foreign grants which resulted to underperformance were National Agriculture and Rural Inclusive Growth Project (NARIGP) and Kenya Devolution Support Program (KDSP) for which **Kshs 140 million** and **Kshs 53 million** respectively were not received. Best performing foreign grants were Kenya Urban Support program (KUSP) and Transforming Health ..., which recorded 100% and over 96% disbursements respectively.

Table 1: Budget Analysis by Revenue Streams (Kshs. Millions)

Revenue Streams	FY 2016/17	FY 2017/18	FY 2018/19	FY 2019/2020
Equitable share	7,841.48	8,652.30	8,729.20	8,649.00
Local Revenue	668.61	528.41	760.0	1,667.72
Conditional grants	506.58	744.55	1,005.78	1,210.35
Revote	1,953.74	1,318.09	1,193.7	0.00
Total	10,970.40	11,243.35	11,688.67	11,527.07

Provisional allocation used in the budget before approval of CARA 2019 was **Kshs 8,649,000,000**. The actual allocation to be adopted in the supplementary budget is **Kshs 8,830,350,000**.

Source: Kitui County Treasury

An analysis of the composition of county revenue reveals that the equitable share accounts for about 75 percent of total revenue while grants accounted for slightly more than 10 percent. Both local and foreign grants have grown over time to replace a portion of equitable share, reducing its percentage from over 90% at the inception of the Counties to about 75% in 2018-19 financial year. Conditional grants from National government and National government entities have also grown in numerical terms as well as a percentage of the overall budget since the first budget in 2013/14 financial year.

Funds left unspent at the end of the financial year have also diminished both in absolute terms and as a percentage of the overall budget, signalling increased absorption and also growth in the annual budget as the county structures settled down.

The main components of the local grants are Road Maintenance Fuel Levy, compensation for User Fees Forgone and Grants to Youth Polytechnics. Foreign grants received during the period under review are Kenya Urban Support Program (KUSP), NARIGP, and Transforming Health Systems

Program. Kenya Devolution Support Program which had been budget at Kshs 53m was never released during the year but would be disbursed in the current financial year.

ANALYSIS OF EXPENDITURE

During the period under review, overall expenditure went up from 9.72 billion in 2017-18 to 10.4 billion in 2018/19 financial year. This represents a 7.1 percent increase in the year on year absorption. This increase in overall expenditure was explained mainly by upsurge in wage bill by 13%, transfer to other government entities (which includes County Assembly) 26% and acquisition of assets by 11.6%. Use of goods and services went down by 17.5%, moderating the expenditure downward.

A review of the last three financial years shows that compensation to employees has been rising steadily from 2.6 billion in 2016-17 to 3.7 billion in 2018/19. This constant rise in wage bill poses a serious risk for the allocation to development and other social sectors like health since compensation to employees is the first charge in the budget allocation process. It also poses a danger of non-compliance with the set limits for wage allocation required by PFM Act, 2012 and the PFM (County Regulations) 2015.

Table 2: Expenditure by Economic Classification (Kshs. Millions)

Nature of Expenditure	2018-19	2017-18	% Change

Figure 1: Expenditure Trends for major item classifications

A trend wise analysis of the actual expenditure per item classification as a proportion of the total expenditure reveal that of all the four major items selected, employee compensation is the only expenditure consistently rising over the range of period between 2016-17 and 2018-19 financial years.

Overall absorption has slightly improved 3% from the previous period of 86% to 89% in 2018-19. This was noted mainly in the compensation for employees and the transfer to other government entities. The table below analyses the budget and expenditure trends explained above, showing that recurrent expenditure rising from 90.2% in 2016-17 to 96.9% in 2018-19. Likewise, development expenditure rose from 74% to 76.9% in relation to total budget over the same period.

2.2 Physical Progress

According to a review of the implementation of the CIDP 2013-2017 completed in November 2017, some of the key achievements include:

- Completion of stalled health facilities and construction of new facilities including the elevation of Ikutha health center to a level four (4) hospital through the expansion and equipping of the hospital;
- Addressing youth unemployment problem through the implementation of the Access to Government Procurement Opportunities (AGPO) and 100% matching grant to support youth in starting businesses;
- Investment in small honey industries, provision of open irrigation kits, provision of greenhouses to increase food production and farmers' income;
- Creation of cooperatives to facilitate access to credit;
- Tree planting to increase forest cover including legislative measures to regulate the cutting of trees and sale of charcoal;
- Increased access to water through the provision of water tanks to public health centers, ECDE Centres and market centers, drilling of boreholes and construction of earth dams;
- Increased enrolment in ECDE centres from 65,000-88,106;
- Establishment of a rescue center for street children;
- Facilitated the issuance of title deeds;
- Installation of streetlights in major towns;
- Construction of bridges and culverts, and markets; and
- Mapping of existing tourism potential areas.

2.4 Implementation Challenges

The key challenges faced during the implementation of the First Generation CIDP include:

- Mistrust between the County Assembly and the County Executive leading to back and forth movements in budget approval, affecting program implementation. This led to some delays in reviewing budget that would have enabled the county to clear some pending bills;
- Human resource challenges including inadequate technical staff to implement planned projects, and lack of clear mandate in intergovernmental relations regarding the recruitment, discipline, and transfer of employees in some sectors especially health;
- Financial challenges to the implementation of the CIDP have included delayed disbursements by the National Treasury, underperformance of local revenue targets, and inability to attract alternative sources of finance like Public-Private-Partnerships; and
- There were operational challenges regarding aligning the CIDP to departmental goals and programmes, and performance management tools were not well embraced to support the implementation of the plan.

Lessons Learned

The experiences in the implementation of the CIDP 2013-2017 and taking into account the challenges discussed above lead to the following lessons:

- There is a need for induction and capacity building for members of the County Assembly and Executive on their roles and responsibilities in planning and public financial management;
- There is need to address challenges related to human resource capacity and management for effective implementation of the CIDP;
- Capacity building for staff on financial management, procurement, government accounting procedures and financial reporting is required. Also, there is need to enhance project prioritization in the context of limited resources, and enhance local resource projections; and
- Operationally, each department should develop a strategic plan aligned with the CIDP. Also, the County should institutionalize a monitoring and evaluation system together with a performance management framework to support the implementation of the CIDP.

2.5 Value for Money Achievements

In the period under review, the County made progress to address challenges that affected budget implementation. These include:

- i. Improvement in absorption of development funds from 70.7 per cent in FY 2016/17 to 94.9 per cent in 2017/18.
- ii. Improvement in local revenue from Kshs 335.12 million in FY 2017/18 to Kshs 443.76 in FY 2018/19.
- iii. Improvement in staff capacity through training and recruitment of additional technical staff.
- iv. Embracing use of IFMIS to process financial transactions.
- v. Adherence to statutory timelines in preparation of budgetary documents

2.6 County's Future Outlook

Expenditure

The broad development policies of the County government provide a clear and progressive approach on the priorities that will receive special attention in the 2019/20 FY. Special focus is given to programmes with direct impact on the five pillars of the Governor's Manifesto on county development agenda, which are: -

- i) Food and water.
- ii) Health care
- iii) Education and youth development
- iv) Women Empowerment
- v) Wealth creation

The overall County budget for both executive and County Assembly is Kshs 11.5 Billion comprising of Kshs 10.6 billion for the executive and Kshs 0.83 Billion for Kitui County Assembly. The budget is broken down into Kshs 3.5 Billion development and Kshs 8.0 Billion recurrent expenditure respectively.

3.0 STATEMENT OF MANAGEMENT RESPONSIBILITIES

Sections 163,164 and 165 of the Public Finance Management Act, 2012 requires that, at the end of each financial year, the County Treasury shall prepare financial statements of each County Government entity, receiver of receipts and consolidated financial statements for all County Government entities in accordance with the standards and formats prescribed by the Public Sector Accounting Standards Board.

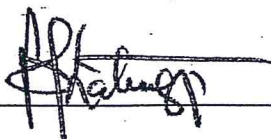

The County Executive Committee (CEC) member for finance of the County Government is responsible for the preparation and presentation of the County Government's financial statements, which give a true and fair view of the state of affairs of the County Government for and as at the end of the financial year ended on June 30, 2019. This responsibility includes: (i) maintaining adequate financial management arrangements and ensuring that these continue to be effective throughout the reporting period; (ii) maintaining proper accounting records, which disclose with reasonable accuracy at any time the financial position of the County Government; (iii) designing, implementing and maintaining internal controls relevant to the preparation and fair presentation of the financial statements, and ensuring that they are free from material misstatements, whether due to error or fraud; (iv) safeguarding the assets of the County Government; (v) selecting and applying appropriate accounting policies; and (vi) making accounting estimates that are reasonable in the circumstances.

The CEC member for finance accepts responsibility for the County Government's financial statements, which have been prepared on the Cash Basis Method of Financial Reporting, using appropriate accounting policies in accordance with International Public Sector Accounting Standards (IPSAS). The CEC member for finance is of the opinion that the County Government's financial statements give a true and fair view of the state of the County Government's transactions during the financial year ended June 30, 2019, and of its financial position as at that date. The CEC member for finance further confirms the completeness of the accounting records maintained for the County Government which have been relied upon in the preparation of the its financial statements as well as the adequacy of the systems of internal financial control.

The CEC member for finance confirms that the County Government has complied fully with applicable Government Regulations and the terms of external financing covenants (where applicable), and that the County Government's funds received during the year under audit were used for the eligible purposes for which they were intended and were properly accounted for. Further the CEC member for finance confirms that the County Government's financial statements have been prepared in a form that complies with relevant accounting standards prescribed by the Public Sector Accounting Standards Board of Kenya.

Approval of the financial statements

The County Government's financial statements were approved and signed by the CEC member for finance on 7/11 2019

REPORT OF THE AUDITOR-GENERAL ON COUNTY EXECUTIVE OF KITUI FOR THE YEAR ENDED 30 JUNE, 2019

REPORT ON THE FINANCIAL STATEMENTS

Disclaimer of Opinion

I have audited the accompanying financial statements County Executive of Kitui set out on pages 1 to 43, which comprise the statement of assets and liabilities as at 30 June, 2019, and statement of receipts and payments, statement of cash flows and the summary statement of appropriation - recurrent and development combined for the year then ended, and a summary of significant accounting policies and other explanatory information in accordance with the provisions of Article 229 of the Constitution of Kenya and Section 35 of the Public Audit Act, 2015.

I do not express an opinion on the accompanying financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of my report, I have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

Basis for Disclaimer of Opinion

1. Unsupported Receipts and Payments

The statement of receipts and payments reflects total receipts and payments of Kshs.9,971,765,460 (2018-Kshs.9,571,591,356) and Kshs.10,402,282,601 (2018-Kshs.9,715,648,143) respectively resulting to a deficit of Kshs.430,517,141 (2018-deficit Kshs.144,056,787). However, there were no documents in support of the receipts and payments by way of receipt counterfoils and payment vouchers. However, as disclosed under Note 1.0 - Other disclosures to the financial statements at page 40, the Management has explained that the documents were destroyed during a fire incidence on the night of 21 July, 2019 when the County Registry was burnt. The outcome of the investigation was still unknown as the investigations was reported to be still underway at the time of concluding the audit.

In the circumstances, it has not been possible to ascertain the accuracy, completeness and validity of the receipts of Kshs.9,971,765,460 and payments of Kshs.10,402,282,601 reflected in the statement of receipts and payments for the year ended 30 June, 2019.

2. Inaccuracies in the Financial Statements

2.1 Variances Between Financial Statements and IFMIS Balances

The financial statements presented for audit and the Integrated Financial Management Information Systems (IFMIS) balances presented in support had significant variances as detailed below:-

Item	Financial Statements Balance (Kshs.)	IFMIS Balance (Kshs.)	Variance (Kshs.)
Exchequer Releases	9,202,030,811	9,616,274,264	(414,243,453)
Proceeds from Domestic and Foreign Grants	12,597,145	399,240,141	(386,642,996)
Transfers from Other Government Entities	313,382,101	325,922,811	(12,540,710)
Tax Receipts	0	214,932,321	(214,932,321)
County Own Generated Receipts	443,755,403	494,503,874	(50,748,471)
Compensation of Employees	3,757,858,768	4,003,717,460	(245,858,692)
Use of Goods and Services	1,828,725,110	1,929,223,760	(100,498,650)
Transfers to Other Government Units	806,554,690	413,052,484	393,502,206
Other Grants and Transfers	632,296,338	90,281,228	542,015,110
Social Security Benefits	0	18,830,127	(18,830,127)
Acquisition of Assets	3,376,847,695	3,119,802,144	257,045,551
Other Payments	0	37,385,012	(37,385,012)
Bank Balances	1,061,634,288	7,455,988,757	(6,394,354,469)
Cash Balances	1,130,781	11,826,467,351	(11,825,336,570)
Outstanding Imprests	9,754,926	171,595,749	(161,840,823)
Deposits and Retentions	293,838,841	6,830,982,421	(6,537,143,580)
Fund Balance B/Fwd.	1,193,873,596	(1,355,492,673)	2,549,366,269
Prior Year Adjustments	15,324,700	0	15,324,700

The variances have not been reconciled or explained by Management.

2.2 Returned County Revenue Fund (CRF) Issues

As disclosed under Note 10 to the financial statements, the statement of receipts and payments for the year reflects nil returns from the County Revenue Fund (CRF). However, the summary statement of appropriation - recurrent and development combined, reflects CRF issues of Kshs1,193,693,597. This amount also differs with the audited financial statements balance for the year ended 30 June, 2018 which had indicated a balance of Kshs.1,503,758,730. No explanations have been given for the inconsistencies.

2.3 Variances in Other Grants and Transfers

As disclosed in Note 15 to the financial statements, the statement of receipts and payments also reflects payments on account of other grants and transfers balance of Kshs.622,296,338 (2018-Kshs.166,500,777). However, the trial balance in support of the amount reflects an amount of Kshs.504,088,312 resulting to a variance of Kshs.128,208,026 as analyzed below:-

Other Grants and Transfers Item	Financial Statements Balance (Kshs.)	IFMIS Balance (Kshs.)	Variance (Kshs.)
Scholarship and Other Educational Benefits	109,573,483	90,281,228	19,292,255
Capital Grants to Other Levels of Government	5,587,645	5,587,645	0
Other Current Transfer, Grants and Subsidies	256,702,458	249,592,523	7,109,935
Other Capital Grants and Transfers	76,348,769	158,626,916	(82,278,147)
Transfer to Health Centres and Dispensaries	72,660,499	-	72,660,499
Transfer to Youth Polytechnics	111,423,484	-	111,423,484
Total	632,296,338	504,088,312	128,208,026

Further, the summary statement of appropriation-recurrent and development combined reflects actual Other Grants and Transfers expenditure of Kshs.806,554,690 resulting in a variance of Kshs358,342,335. The variances have not been explained.

2.4 Pending Bills

Note 5.10 under Other important disclosures for pending accounts payables discloses suppliers' pending bills amount of Kshs.682,397,616 and as detailed out at Annex 2. However, the approved pending bills listing and supporting payment vouchers amounted to Kshs.477,142,269 resulting to an unexplained variance of Kshs.205,255,347. The disclosures of the pending bills at Annex 2 is not in compliance with the standards prescribed by the Public Sector Accounting Standards Board as it fails to disclose the balance brought forward from the prior year, movements during the year and the closing balance as at year end.

Additionally, available information indicates that pending bills on road works and other construction projects brought forward from 2015/2016 financial year totalling to Kshs.819,911,090 were unpaid as at 30 June, 2019 as they were reported to be under investigation with the Ethics and Anti-Corruption Commission. However, no disclosures were made in the financial statements to this effect and the amounts involved.

Further the management has not explained reasons for the continued delay in the settlement of the pending bills despite posting a positive cash and bank balance of Kshs.1,062,765,069 as at 30 June, 2019.

In the circumstances, it has not been possible to confirm the accuracy of the pending accounts payables balances of Kshs.682,397,616 reflected under Annex 2.

3. Motor Vehicles Log Books

Annex 5 to the financial statements discloses transport equipment with historical cost of Kshs.310,470,960 as at 30 June, 2019. However, logbooks for four hundred and eighty-two (482) vehicles owned by the County were not availed for audit review. Further, the County Government did not provide motor vehicle records for fifty-nine (59) vehicles to show the mechanical status.

Consequently, it has not been possible to confirm the rightful ownership of the transport equipment with a historical cost of Kshs.310,470,960 as at 30 June, 2019.

Key Audit Matters

Key audit matters are those matters that, in my professional judgment, are of most significance in the audit of the financial statements. I have determined that there are no key audit matters to communicate in my report.

Other Matter

1. Budgetary Control and Performance

The summary statement of appropriation - recurrent and development combined reflects a final approved receipts budget and actual on comparable basis of Kshs.11,688,672,446 and Kshs.11,165,459,057 respectively resulting to an under-collection of Kshs.523,213,389 or 4% of the budget. Similarly, the statement also reflects final expenditure budget and actual on comparable basis of Kshs.11,688,672,446 and Kshs.10,402,282,601 resulting to under absorption of Kshs.1,286,449,254 or 11% of the budget.

Detailed analysis of the collections by revenue source revealed that the under collection mainly occurred under proceeds from domestic and foreign grants and county own generated receipts that underperformed by Kshs.193,692,169 (31%) and Kshs.316,247,256 (42%) respectively. The Management has not rendered explanations for the shortfalls being in excess of the set thresholds of 10% and the measures being undertaken to remedy the situation in future. The above under-collection and absorption implies that some of the planned activities for the year were not undertaken thus impacting negatively on service delivery to the residents of Kitui County .

In addition, the County Executive had budgeted expenditure of Kshs.545,260,440 on transfers to other government units against actual expenditure of Kshs.632,296,338 thereby exceeding the budget by Kshs.87,035,898 or 16% of the budget without seeking approval from the County Assembly.

2. Unresolved Prior Year Audit Matters

In the audit report of the previous year, several paragraphs were raised under the Report on Financial Statements, Report on Lawfulness and Effectiveness in Use of Public

Resources, and Report on Effectiveness of Internal Controls, Risk Management and Governance. However, although the Management has indicated that the issues have been responded to, the matters have remained unresolved as the Senate has not deliberated on the same.

REPORT ON LAWFULNESS AND EFFECTIVENESS IN USE OF PUBLIC RESOURCES.

Conclusion

I do not express a conclusion on the lawfulness and effectiveness in the use of public resources as required by Article 229(6) of the Constitution. Because of the significance of the matters described in the Basis for Conclusion on Lawfulness and Effectiveness in Use of Public Resources section of my report, I have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit conclusion.

Basis for Conclusion

1. Irregular Use of Temporary Imprest on Expenditure

As disclosed in Note 12 to the financial statements, the statement of receipts and payments reflects use of goods and services payments of Kshs.1,828,725,110 (2018 - Kshs.2,216,121,882). Included in this amount is expenditure on printing, advertising and information supplies and services of which expenditure amounting to Kshs.15,098,736 was funded in cash by way of temporary imprests. Further, no documentary evidence was availed for audit review, to confirm whether the due procurement procedures had been adhered to

In the circumstances, it was not possible to confirm whether the due procurement procedures were adhered to as per the Public Procurement and Asset Disposal Act, 2015.

2. Accounts Receivable - Outstanding Imprests.

As disclosed in Note 22 to the financial statements, the statement of assets and liabilities reflects accounts receivable- outstanding imprests balance of Kshs.9,754,926 (2018 - Kshs.9,994,888). However, the balance is not supported by way of; imprest registers and IFMIS generated reports of the balance. Included in the amount are prior year imprests amounting to Kshs.7,259,326 and issued to twenty-two (22) officers but remained unaccounted for as at 30 June, 2019. The imprests had also not been recovered from the affected officers' salaries contrary to the provisions of Regulation 91(6) of the Public Finance Management Regulations, 2015 which requires the Accounting Officer to take immediate action to recover from the salaries of the defaulting officers all the imprests not surrendered or accounted for at the due date.

Consequently, the County Government is in breach of the Law.

3. Fixed Assets Register

Contrary to Regulation 136(2) of the Public Finance Management (County Governments) Act, 2012, which stipulates the format for the preparation and maintenance of the fixed assets register, the register in place lacked details of land and buildings such as location, size, acquisition and valuation dates. The register did not also include all the assets owned by the County Government as furniture and fittings, plant and equipment, motor vehicles were not reflected.

Consequently, the County Government is in breach of the Law.

4. Compensation of Employees

As disclosed in Note 11 to the financial statements, the statement of receipts and payments reflects compensation of employees cost of Kshs.3,757,858,768 (2018 - Kshs.3,321,990,916); a 13% increase from the prior year cost. Review of the employee processes revealed the following unsatisfactory issues: -

4.1 Ethnic Composition

During the year under review, the County recruited three hundred and twenty-nine (329) employees out of which two hundred and ninety-nine (299) or 91% were from the dominant ethnic community in the County. This is contrary to Section 65(1) of the County Government Act, 2012 which states that in selecting candidates for appointment, the County Public Service Board shall consider the need to ensure that at least thirty percent (30%) of the vacant posts at entry level are filled by candidates who are not from the dominant ethnic community in the County.

Consequently, the County Government is in breach of the Law

4.2 Compliance with Public Finance Management Act, 2012 - Fiscal Discipline

Compensation of employees cost is Kshs.3,757,858,768 which represents about 43% of the total receipts from equitable share of revenue of Kshs.8,729,200,000. This exceeds the set threshold of 35% set under Section 26(a) of the Public Finance Management Act, 2012 and Regulation 26(1)(b) of the Public Finance Management (County Governments) Regulations, 2015.

Consequently, the County Government is therefore in breach of the law.

4.3 Unsupported Recruitment of Temporary Employees

In addition, included in the employee cost also is Kshs.66,863,651 in respect to wages for temporary employees. However, there is no documentary evidence to show how the need for the temporary employees was identified and how the persons to fill the posts were recruited. This was contrary to guidelines issued under Section 65 of the County Government Act, 2012 on advertisements for vacant positions of employment.

Consequently, it has not been possible to confirm if value for money has been realized from the compensation of employees cost of Kshs.3,757,858,768 for the year ended 30 June, 2019.

From the foregoing, the County is therefore in breach of the Law

5. Operation of Irregular Bank Accounts

Note 21 A to the financial statements discloses thirty-seven (37) bank accounts being operated by the County Government with cumulative bank balances amounting to Kshs.1,061,634,288 as at 30 June, 2019. An analysis of the schedule revealed that thirteen (13) accounts were in the Central Bank of Kenya (CBK), while the remaining twenty-four (24) bank accounts are held at various commercial banks with a combined total balance of Kshs.141,049,010. This is contrary to the provisions of Section 82(1)(b) of the Public Financial Management (County Governments) Regulations, 2015 which stipulates that all County Governments bank accounts except for imprest account should be maintained at the Central Bank of Kenya.

The audit was conducted in accordance with ISSAI 4000. The standard requires that I comply with ethical requirements and plan and perform the audit to obtain assurance about whether the activities, financial transactions and information reflected in the financial statements are in compliance, in all material respects, with the authorities that govern them. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

REPORT ON EFFECTIVENESS OF INTERNAL CONTROLS, RISK MANAGEMENT AND GOVERNANCE

Conclusion

I do not express a conclusion on the effectiveness of internal controls, risk management and overall governance as required by Section 7(1)(a) of the Public Audit Act, 2015. Because of the significance of the matters described in the Basis for Conclusion of Internal Controls, Risk Management and Governance section of my report. I have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit conclusion.

Basis for Conclusion

1. Projects Implementation

Review of projects being implemented by the County Government during the year revealed the following unsatisfactory issues on lawfulness and effective use of public resources: -

1.1 Stalled Project - Kitui Referral Hospital

During the year under review, the County Government paid a contractor Kshs.6,533,528 for construction of an amenity ward at the Kitui Referral Hospital. The contract had been

awarded in 2016/2017 financial year at a sum of Kshs.144,775,000 and a contract period of 24 months. However, physical verification during the month of November, 2019, revealed that the project had stalled at the foundation (slab) level and the contractor was not on site. Further, only works valued at 16.4% had been certified despite the fact that the contract period had elapsed with no extension of time having been granted.

1.2 Irregular Procurement Process

The County Government through the Department of Environment awarded a contract for procurement and installation of solar powered water pump at Kanyagi Borehole Water Supply in Kitui Rural at a contract sum of Kshs.5,012,215 through restricted tendering. Similarly, a contract was also awarded for Mulinduko Borehole Water Supply, Kitui West at a contract price of Kshs.5,517,314 through use of quotations and direct method. However, the two awards were outside the threshold of restricted tenders of Kshs.2 million and should have been awarded through competitive open tendering. Management has not given any justification on the use of the above procurement method.

1.3 Irregular Procurement Process

The County Government through the Department of Trade, Co-operatives and Investments entered into contract for the supply of a stone crushing plant at a contract price of Kshs.85,305,490 on 25 May, 2018. This was based on a supplementary budget approved in the last quarter of the financial year 2018/2019. Available information indicates that only three (3) bidders had submitted bids and quoted Kshs.85,305,490, Kshs.44,520,000 and Kshs.47,500,000. However, the tender was awarded to the highest bidder who appear to have quoted twice as much. Management did not avail the bidding documents and records in support of the procurement process, to confirm if the procurement was carried out in a transparent and competitive manner.

Further, the geological and feasibility survey reports on suitability and viability of the project were not availed for audit review. Site inspection done in November, 2019 revealed that the ramp constructed was too narrow to allow passage of vehicles delivering boulders for crushing. There was no provision for an ablution block exposing the users of the facility to health risks.

2. Lack of Risk Management Policy and a Disaster Recovery Plan

The Management does not have a Risk Management Policy, a Disaster Recovery Plan or a Business Continuity Plan to help prevent and mitigate against risks. This is contrary to Section 158(1) of the Public Finance Management (County Governments) Regulations, 2015 which requires the County Governments to develop risk management strategies which include fraud prevention mechanisms and a system of risk management and internal control that builds robust business operations.

In the circumstances, Management's ability to identify and mitigate against risks and manage disruptions arising from disasters is in doubt.

The audit was conducted in accordance with ISSAI 2315 and ISSAI 2330. The standard requires that I plan and perform the audit to obtain assurance about whether effective processes and systems of internal control, risk management and overall governance were operating effectively, in all material respects. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

Responsibilities of Management and those Charged with Governance

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Public Sector Accounting Standards (Cash Basis) and for maintaining effective internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error and for its assessment of the effectiveness of internal control, risk management and overall governance.

In preparing the financial statements, management is responsible for assessing the ability to continue to sustain services, disclosing, as applicable, matters related to sustainability of services and using the applicable basis of accounting unless Management is aware of the intention to dissolve the County Executive or cease operations.

Management is also responsible for the submission of the financial statements to the Auditor-General in accordance with the provisions of Section 47 of the Public Audit Act, 2015.

In addition to the responsibility for the preparation and presentation of the financial statements described above, management is also responsible for ensuring that the activities, financial transactions and information reflected in the financial statements are in compliance with the authorities which govern them, and that public resources are applied in an effective way.

Those charged with governance are responsible for overseeing the financial reporting process, reviewing the effectiveness of how the entity monitors compliance with relevant legislative and regulatory requirements, ensuring that effective processes and systems are in place to address key roles and responsibilities in relation to governance and risk management, and ensuring the adequacy and effectiveness of the control environment.

Auditor-General's Responsibilities for the Audit

My responsibility is to conduct an audit of the financial statements in accordance with International Standards of Supreme Audit Institutions (ISSAIs) and to issue an auditor's report that includes my opinion in accordance with the provisions of Section 48 of the Public Audit Act, 2015 and submit the audit report in compliance with Article 229(7) of the Constitution. However, because of the matters described in the Basis for Disclaimer of Opinion section of my report, I was not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

In addition, my responsibility is to express a conclusion about whether, in all material respects, the activities, financial transactions and information reflected in the financial statements are in compliance with the authorities that govern them, and that public resources are applied in

an effective way, in accordance with the provisions of Article 229(6) of the Constitution and submit the audit report in compliance with Article 229(7) of the Constitution.

I also consider internal control, risk management and governance processes and systems in order to give an assurance on the effectiveness of internal controls, risk management and governance in accordance with the provisions of Section 7(1)(a) of the Public Audit Act, 2015 and submit the audit report in compliance with Article 229(7) of the Constitution.

However, because of the matters described in the Basis for Conclusion on Lawfulness and Effectiveness in Use of Public Resources, and Internal Controls, Risk Management and Governance sections of my report, I was not able to obtain sufficient appropriate audit evidence to provide a basis for an audit conclusion.

I am independent of in accordance with ISSAI 130 on Code of Ethics. I have fulfilled other ethical responsibilities in accordance with the ISSAI and in accordance with other ethical requirements applicable to performing audits of financial statements in Kenya.

KITUI COUNTY GOVERNMENT
Consolidated Reports and Financial Statements
For the year ended June 30, 2019

5.8 SIGNIFICANT ACCOUNTING POLICIES

The principle accounting policies adopted in the preparation of these financial statements are set out below:

1. Statement of compliance and basis of preparation

The financial statements have been prepared in accordance with Cash-basis IPSAS financial reporting under the cash basis of Accounting, as prescribed by the PSASB and set out in the accounting policy notes below. This cash basis of accounting has been supplemented with accounting for; a) receivables that include imprests and salary advances and b) payables that include deposits and retentions.

The receivables and payables are disclosed in the Statement of Assets and Liabilities.

The financial statements are presented in Kenya Shillings, which is the functional and reporting currency of the entity all values are rounded to the nearest Kenya Shilling. The accounting policies adopted have been consistently applied to all the years presented.

The financial statements comply with and conform to the form of presentation prescribed by the PSASB.

2. Reporting entity

The financial statements are for the Kitui County Government. The financial statements encompass the reporting entity as specified under section 164 of the PFM Act 2012.

3. Recognition of receipts and payments

a) Recognition of receipts

The County Government recognises all receipts from the various sources when the event occurs, and the related cash has actually been received by the Government.

Tax receipts

Tax Receipts is recognized in the books of accounts when cash is received. Cash is considered as received when notification of tax remittance is received.

Transfers from the Exchequer

Transfer from Exchequer is recognized in the books of accounts when cash is received. Cash is considered as received when payment instruction is issued to the bank and notified to the receiving entity.

SIGNIFICANT ACCOUNTING POLICIES (Continued)

External Assistance

External assistance is received through grants and loans from multilateral and bilateral development partners.

Donations and grants

Grants and donations shall be recognized in the books of accounts when cash is received. Cash is considered as received when a payment advice is received by the recipient entity or by the beneficiary. In case of grant/donation in kind, such grants are recorded upon receipt of the grant item and upon determination of the value. The date of the transaction is the value date indicated on the payment advice.

Proceeds from borrowing

Borrowing includes Treasury bill, treasury bonds, corporate bonds; sovereign bonds and external loans acquired by the entity or any other debt the County Government may take on will be treated on cash basis and recognized as receipts during the year of receipt.

Undrawn external assistance

These are loans and grants at reporting date as specified in a binding agreement and relate to funding for projects currently under development where conditions have been satisfied or their ongoing satisfaction is highly likely and the project is anticipated to continue to completion. During the year ended 30th June 2019, there were no instances of non-compliance with terms and conditions which have resulted in cancellation of external assistance loans.

County Own Generated Receipts

These include Appropriation-in-Aid and relates to receipts such as trade licences, cess, fees, property income among others generated by the County Government from its citizenry. These are recognised in the financial statements the time associated cash is received.

Returns to CRF Issues

These relate to unspent balances in the development, recurrent and deposit accounts at the end of the year which are returned to the County Revenue Fund (CRF) and appropriated through a supplementary budget to enable the County to spend funds. These funds are recognised once appropriated through a supplementary budget process.

b) Recognition of payments

The entity recognises all expenses when the event occurs, and the related cash has actually been paid out by the entity.

SIGNIFICANT ACCOUNTING POLICIES (Continued)

Compensation of employees

Salaries and Wages, Allowances, Statutory Contribution for employees are recognized in the period when the compensation is paid.

Use of goods and services

Goods and services are recognized as payments in the period when the goods/services are consumed and paid for. Such expenses, if not paid during the period where goods/services are consumed, shall be disclosed as pending bills.

Interest on borrowing

Borrowing costs that include interest are recognized as payment in the period in which they incurred and paid for.

Repayment of borrowing (principal amount)

The repayment of principal amount of borrowing is recognized as payment in the period in which the repayment is made. The stock of debt is disclosed as an annexure to the County consolidated financial statements.

Acquisition of fixed assets

The payment on acquisition of property plant and equipment items is not capitalized. The cost of acquisition and proceeds from disposal of these items are treated as payments and receipts items respectively. Where an asset is acquired in a non-exchange transaction for nil or nominal consideration and the fair value of the asset can be reliably established, a contra transaction is recorded as receipt and as a payment.

A fixed asset register is maintained by each public entity and a summary provided for purposes of consolidation. This summary is disclosed as an annexure to the consolidated financial statements.

4. In-kind contributions

In-kind contributions are donations that are made to the *entity* in the form of actual goods and/or services rather than in money or cash terms. These donations may include vehicles, equipment or personnel services. Where the financial value received for in-kind contributions can be reliably determined, the *entity* includes such value in the statement of receipts and payments both as receipts and as an expense in equal and opposite amounts; otherwise, the contribution is not recorded.

SIGNIFICANT ACCOUNTING POLICIES (Continued)

5. Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and cash at bank, short-term deposits on call and highly liquid investments with an original maturity of three months or less, which are readily convertible to known amounts of cash and are subject to insignificant risk of changes in value. Bank account balances include amounts held at the Central Bank of Kenya and at various commercial banks at the end of the financial year.

Restriction on cash

Restricted cash represents amounts that are limited /restricted from being used to settle a liability for at least twelve months after the reporting period. This cash is limited for direct use as required by stipulation.

Amounts maintained in deposit bank accounts are restricted for use in refunding third party deposits. As at 30th June 2019, this amounted to Kshs 224,022,302.4 compared to Kshs 257,788,697 in prior period as indicated on note 23.

There were no other restrictions on cash during the year

6. Accounts Receivable

For the purposes of these financial statements, imprests and advances to authorised public officers and/or institutions which were not surrendered or accounted for at the end of the financial year is treated as receivables. This is in recognition of the government practice where the imprest payments are recognized as payments when fully accounted for by the imprest or AIE holders. This is an enhancement to the cash accounting policy. Other accounts receivables are disclosed in the financial statements.

7. Accounts Payable

For the purposes of these financial statements, deposits and retentions held on behalf of third parties have been recognized as accounts payables. This is in recognition of the government practice of retaining a portion of contracted services and works pending fulfilment of obligations by the contractor and to hold deposits on behalf of third parties. This is an enhancement to the cash accounting policy adopted and prescribed by the Public Sector Accounting Standards Board. Other liabilities including pending bills are disclosed in the financial statements.

8. Non-current assets

Non-current assets are expensed at the time of acquisition while disposal proceeds are recognized as receipts at the time of disposal. However, the acquisitions and disposals are reflected in the entity fixed asset register a summary of which is provided as a memorandum to these financial statements.

For the year ended June 30, 2019

SIGNIFICANT ACCOUNTING POLICIES (Continued)

9. Pending bills

Pending bills consist of unpaid liabilities at the end of the financial year arising from contracted goods or services during the year or in past years. As pending bills do not involve the payment of cash in the reporting period, they are recorded as 'memorandum' or 'off-balance' items to provide a sense of the overall net cash position of the *entity* at the end of the year. Pending bill form a first charge to the subsequent year budget and when they are finally settled, such payments are included in the statement of receipts and payments in the year in which the payments are made.

10. Budget

The budget is developed on the same accounting basis (cash basis), the same accounts classification basis, and for the same period as the financial statements. The *entity's* budget was approved as required by Law and as detailed in the County Revenue Allocation Act. The original budget was approved by the County Assembly on June 29, 2018 for the period 1st July 2019 to 30 June 2019 as required by law. There was one (1) number of supplementary budgets passed in the year. A high-level assessment of the *entity's* actual performance against the comparable budget for the financial year under review has been included in an annex to these financial statements.

11. Comparative figures

Where necessary comparative figures for the previous financial year have been amended or reconfigured to conform to the required changes in presentation.

12. Subsequent events

Events subsequent to submission of the financial year end financial statements to the National Treasury and other stakeholders with a significant impact on the financial statements may be adjusted with the concurrence of National Treasury.

13. Errors

Material prior period errors shall be corrected retrospectively in the first set of financial statements authorized for issue after their discovery by: i. restating the comparative amounts for prior period(s) presented in which the error occurred; or ii. If the error occurred before the earliest prior period presented, restating the opening balances of assets, liabilities and net assets/equity for the earliest prior period presented.

14. Related party transactions

Related party transactions involve cash and in kind transactions with the National Government, National Government entities and County Government entities. Specific information with regards to related party transactions is included in the disclosure notes.

Kshs 61m indicated as transfer from County Executive Car and Mortgage relates to funds earlier allocated to CECs car and mortgage fund. The operations of this fund was expanded to include other contractual senior management staff. This called for amendment of the regulations. It however, took long for the regulations to be debated and passed by the county assembly and to ensure that no idle cash was held in the banks, the CECM-Treasury in line with PFM Act 116(3) advised for the transfer of the funds to County Revenue Fund.

Other Disclosures:

1.0 County Registry Fire Disaster

On the night of 21st July 2019, county offices hosting the county registry caught fire where vouchers and other records for the Financial year 2018/2019 and other prior periods were burned down. This matter was reported to the Police for investigations as to the cause of the fire. The matter is still under investigation and we are yet to receive the final report.

2.0 Fraud

Fraudulent transactions totalling to Ksh. 93,487,989 were reported during the Financial year 2015/16. The fraud was perpetuated through a charge to staff salary accounts. The criminal matter was reported to law enforcement agencies through whose support Ksh. 44,737,825 was recovered and returned to county recurrent bank account with the balance of Ksh. 19,406,662 being held in various bank accounts to which it had been transferred after court orders were served to the banks while Ksh. 29,343,501 was withdrawn or transferred out of the receiving banks. The matter is pending before court. For purposes of reporting and considering the general nature of court matters, the unrecovered balance of Ksh. 48,750,164 has been expensed under other expenses. Any subsequent recoveries will be treated as receipts in the period of the recovery. This matter is still in court.

3.0 Budget

The county executive budget for the financial year 2019/2020 was not approved at the time of finalising these financial statements and as such the budget figures for 2019/20 reflected are those submitted to the County Assembly for consideration. The county is therefore operating on 50% vote on account in accordance with section 134 of the PFM Act 2012. Negotiations are however ongoing to have the budget approved.

4.0 Prior Period Adjustment

	2017/2018	2017/2018
	<i>Reported</i>	<i>Adjusted</i>
<i>Basic salaries of permanent employees</i>	2,781,009,452	1,574,236,084
<i>Basic wages temporary employees</i>	455,233,308	278,327,374
<i>Personal allowances paid as part of salary</i>	43,300,179	1,337,612,701
<i>Compulsory National social security contributions</i>	42,447,977	131,814,757
Total	3,321,990,916	3,321,990,916

This adjustment is made to correct posting errors between basic salaries of permanent employees, Basic wages temporary employees, Personal allowances paid as part of salary, Compulsory National social security contributions in line with approved payroll. The error occurred while posting expenses. The adjustment, however, has no effect on the overall expense category of compensation for employees or even the fund balance as the balances remain the same.

1.2	Under Collection of Own Generated Revenue	The county has recruited a director of Revenue to specifically focus efforts on revenue mobilization. At the same time, the county has contracted for valuation roll to assist in managing out Land rates/rent which is intended to boost in collectability of land property rates.	Director of Revenue	Ongoing	End of 2019/20 FY
4.1	Staff Establishment	Through direction of the County Secretary ,each ministry will be reviewing its staff establishment to identify any gaps and should there be any idle resources the same will be reported centrally to the County Secretary for deployment.	The County Secretary	Ongoing	Ongoing
1.0	Lack Of Trial Balance	Trial balance is the only basis that the county could have balanced its Finances. However, in future we shall ensure it is submitted together with all the other schedules for audit.	Accountant General	Ongoing	Ongoing
3.2	Maintenance of Cash Books	<i>Our main Bank Accounts namely Recurrent and Development held at Central Bank of Kenya are transacted through IFMIS, hence our cashbooks for the same should be system based. However, the accounts receivable module in IFMIS is not active leading to an incomplete system cashbook. The county maintains a parallel manual cashbook The IFMIS department is currently in the process of rolling out the accounts receivable module to ensure a complete IFMIS system cash book can be generated</i>	Assistant accountant general	Resolved	Continuous
