FOREWORD BY THE SPEAKER OF THE NATIONAL ASSEMBLY AND CHAIRMAN OF THE PARLIAMENTARY SERVICE COMMISSION

It is my pleasure to present to you the Annual Report of the Parliamentary Service Commission (PSC) for the Financial Year 2017/2018. This report is prepared pursuant to Article 254(1) of the Constitution. The PSC is mandated to, among others; provide services and facilities to ensure the efficient and effective functioning of Parliament. Thus, during the 2017/2018 period, the PSC continued to implement its plan to ensure an optimal working environment for the Members and Staff of Parliament. In this regard, we made significant progress in the construction of the multistorey office block and refurbishment of the recently acquired buildings within the Parliamentary Square.

One of the strategic objectives under the 2008/2018 Strategic Plan of the PSC was to enhance public engagement with Parliament. In this regard, the PSC developed a social media policy and launched various social media channels, notably Facebook, Twitter, and YouTube. We also reengineered Parliament's website to enhance information sharing and user interface. These platforms have certainly brought Parliament closer to the people through real time dissemination of information pertaining to Parliamentary business, as envisaged in Article 118 of the Constitution of Kenya (2010). We encourage members of the public to utilize these resources for information on Parliamentary business and to give feedback on matters affecting them.

The 2017/2018 period coincided with the end of term for the 11tth Parliament; both Houses of Parliament adjourned sine die on 14th June, 2017. The PSC, subsequently, embarked on various activities to support the transition from the 11th to the 12th Parliament. This report highlights some of the activities, including review of standing orders for both Houses, preparation of various operation and procedural manuals; transition, induction, and orientation documentation.

The 11th Parliament was the first of its kind in Kenya, following the advent of the presidential system of government and the re-introduction of the bicameral Parliament with a unique mandate and composition. The critical responsibility of putting in place the necessary structures for the operationalization of the bicameral Parliament, therefore, fell upon the 4th Parliamentary Service Commission. The achievements of the Fourth Commission will ensure that the Fifth Commission will find solid structures upon which to continue providing services and facilities for the efficient and effective functioning of Parliament.

I, therefore, take this opportunity to sincerely thank Members of the Fourth Commission; the Speaker of the Senate, all Members of Parliament, the Clerk of the Senate/Secretary to the Commission, the Clerk of the National Assembly and the Parliamentary Service for their support and commitment to our vision for a supreme, effective, efficient and self-sustaining Parliament.

I thank you for your continued support.

HON. JUSTIN B. MUTURI, EGH, MP,

Speaker of the National Assembly and Chairperson, Parliamentary Service Commission

REMARKS BY THE CLERK OF THE SENATE AND SECRETARY TO THE PARLIAMENTARY SERVICE COMMISSION

The Parliamentary Service Commission's (PSC) Annual Report provides an opportunity for us to appraise the public on the activities of the Commission for the Financial Year 2017-2018. It also accords opportunity for reflection on the achievements, opportunities, and challenges faced by Parliament during this year. This is necessary as we plan for the next financial year. This report highlights the policies developed and activities undertaken for the FY 2017/2018 in line with the mandate of the PSC under Article 127 of the Constitution of Kenya, the Parliamentary Service Act, 2000, and the Strategic Plan of the Parliamentary Service Commission, 2008-2018. In 2017/2018, the PSC provided facilitation to the two Houses of Parliament to effectively discharge their legislative and

oversight functions. Facilitation through development of relevant policies was also provided to staff who are a critical asset for implementation of the Commission's vision and mission. The report also outlines the achievements made by Parliament in implementing Articles 96 and 97 of the Constitution.

Optimal staff performance is essential for an efficient and effective functioning Parliament. In this regard, PSC continues to implement policies and systems for staff recruitment, induction, placement, training, appraisal, promotion, discipline and continuous professional development to ensure that the human resource available in the institution maintains high standards. The PSC also facilitates capacity building for members through various trainings and benchmarking initiatives and other capacity building programmes, some of which were implemented with the support of various development partners.

The Commission undertook different infrastructural projects to its core objective of providing a conducive working environment for Members and Staff of Parliament. Some of the projects the PSC implemented include maintenance of various buildings and equipment, refurbishment of Harambee Plaza and installation of fibre cables within the Parliament Square. The PSC also leveraged on ICT to enhance service delivery through the Smart Human Resource Management System (SHRMS), IFMIS, and Multimedia Digital Congress System (MMDCNS) for both Houses and Committee Rooms, E-mail services, mortgage, and accounting services.

Recognizing that devolution is a critical pillar of the Constitution of Kenya (2010) and is cited as one of the national values and principles of governance, which are binding on all state organs, the PSC continues to support devolution through the various capacity building programmes for different counties, facilitated by the Centre for Parliamentary Studies and Training (CPST) and staffers of Parliament. The PSC has also implemented an attachment programme that allows staff serving the county assemblies to visit various departments and offices of Parliament for benchmarking and learning purposes.

I appreciate the leadership and guidance of the Chairperson of the Parliamentary Service Commission and the members of the Commission who have been instrumental in the successful achievement of the mandate of both the Commission and Parliament. They have been steadfast and committed in ensuring are effective and efficient Parliament through the development and implementation of the necessary policies. The support of all Members of Parliament, the Parliamentary Service, other arms of Government, development partners and all stakeholders in service to the public is appreciated.

J. M. NYEGENYE, CBS

Clerk of the Senate and Secretary, Parliamentary Service Commission

EXECUTIVE SUMMARY

This report is prepared pursuant to Article 154 (1) of the Constitution of Kenya, which requires all Commissions to prepare and submit Annual Reports to Parliament. The report captures the activities of the 2017/2018 Financial Year; highlights progress made by all services, directorates departments and units of the Parliamentary Service Commission (PSC), and briefly, summaries some of the challenges encountered in the course of service delivery. Finally, it proposes recommendations on surmounting these challenges and enhancing the performance of the Parliamentary Service.

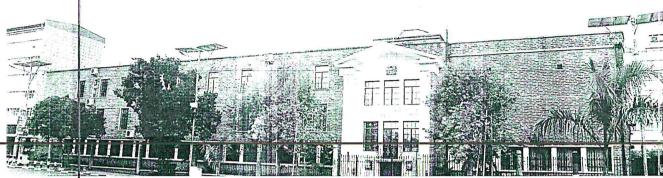

During the FY 2017/2018, activities of the PSC revolved around six strategic issues; addressing new demands and high expectations on Parliament, enhanced public engagement with Parliament, effective organizational structure and enhanced staff capacity. Others were provision of a conducive working environment for members and staff, leveraging on ICT for improved performance and communication and, lastly, enhancing resource base and improved resource management.

A key outcome of the Parliamentary Service during the period under review included enhanced quality of legislation and oversight role of both Houses. Legislative outputs including Bills (21), Motions (66), Committee Reports (158), vetting (10) and House Resolutions (36) were processed in both Houses. Other achievements were considerations of Sessional Papers (96), Petitions (104), legislative proposals (62), and consideration of public petitions (104).

During the period under review, the PSC also enhanced its procedural and infrastructural systems of operations, automation in some areas and enlisting the use of social media outlets in others. On enhancing the oversight role of Parliamentarians, there was strict adherence to principles of public finance as envisioned in the Constitution of Kenya and itemized in the National Budget.

Pursuant to this, the Parliamentary Service Commission processed the 2017/2018 County Cash Disbursement Schedule, the County Oversight Networking Engagement (CONE), and the County Appeals for Transfer of Functions. Other measures were the processing of the 2017/2018 Budget Policy Statement, the 2017/2018 Budget Estimates for both the national and county governments, and the Division of Revenue Bill (DoRB) for the 2017/2018 Financial Year. There were also steps taken towards strengthening research capacity to ensure credibility of the information it obtains and addressing issues of staff welfare as a means to an effective organizational structure and enhanced staff capacity.

A number of systemic and operational challenges were, however, encountered during the same period. Office space remains inadequate, need for enhanced automation of processes, and shortage of staff. There are also challenges of inadequate budgetary provisions - and delays in disbursements - as weighed against planned Commission activities; weak linkages within and between departments and directorates, and overlaps between multi-unit task forces formed to implement some aspects of the Constitution. To address all these challenges and ensure maximum output, there is need to adopt a practical and achievable strategic plan.

Financial performance

The CPST is mainly financed by the PSC to undertake capacity-building activities for Members and staff of Parliament and county assemblies. In the Financial Year 2017 / 2018, the CPST was allocated a recurrent expenditure budget of KShs 139,662,500. This figure included utilization of AIA of KES 40,000,000, hence a net expenditure of KShs 99,662,500. Another KShs 67, 860,194 was utilized in the programmes lined up for the year. This is 68% utilization.

The CPST did not charge most of the training it undertook. These were mostly the induction of Members of County Assemblies. However, other trainings and programmes were undertaken where fees were charged. In the 2017/ 2018 Financial Year, a total of KShs 4,922843.75 from the trainings rendered to both the county.

Assemblies and the trainings undertaken at the regional level

In the Financial Year 2018/2019, a total of 40

million shillings as AIA has been factored in the PSC budget that was approved by the National Assembly. This move is aimed at ensuring that money raised by the CPST through training can be used to improve capacity-building activities undertaken by the CPST.
