CHAIRPERSON'S FOREWORD

Standing Order 200(A) (1) and (2) of the National Assembly Standing Orders provides that "(1) A Committee which is unable to complete its work before the expiry of its term shall table an exit report to the Assembly detailing reasons for such inability and (2) the Report shall be available to the succeeding Committee which may consider at in preparing its work plan.

The exit report is an important tool of gauging the Committee performance in the 12th Parliament. It details the business transacted by the Committee, the status of consideration of each and any matter pending before the Committee as required by Standing Orders 200 (A).

During the period under review, the Committee considered 28 Bills, 17 Legislative Proposals, 27 Petitions, 3 inquiries, 263 Questions, 74 requests for statements and 7 approval hearings for appointment to various positions including Principal Secretaries and Chairpersons and Members of independent Commissions.

Among the highlights of the achievements of the Committee in the 12th Parliament are: The introduction of the Internship Programme with an allocation of an initial sum of Kshs. 1 billion. The Program has accorded thousands of youth an opportunity to gain hands on experience required in the job market. The Committee has also endeavored to enhance the strength of the National Police Service and the Prison Service both in terms of numbers and facilities aimed at modernization of infrastructure.

In particular, the completion of the National Forensic Laboratory has improved crime surveillance and boosted the capacity of the Directorate of Criminal Investigations in tackling crime. The decentralization of police counselling services is also an important milestone towards the provision of reliable and efficient psycho-social support to police officers across the country.

Through efforts by the Committee various new administrative units have been created in various constituencies across the country. This has had the net effect of bringing government services closer to the citizens. Through various Questions and Petitions introduced by Members, the Committee has addressed and made far reaching resolutions on issues that fall under its purview.

On behalf of the Departmental Committee on Administration and National Security, pursuant to provisions of Standing Order 200 A(1), it is my pleasant privilege and honour to present to this House the Committee's exit report.

The Hon. Peter Mwathi, CBS, MP

Chairperson, Departmental Committee on Administration and National Security

ACKNOWLEDGEMENT

The Committee is grateful to the Offices of the Speaker and the Clerk of the National Assembly for the logistical and technical support accorded to it during its sittings and in executing its work plans for the period under review.

The Committee is also grateful to key stakeholders from the Executive in particular, the State Departments for: Interior and Citizen Services, Correctional Services and Devolution. In addition, the Committee wishes to extend its appreciation to the Public Service Commission, the Independent Policing Oversight Authority, the National Police Service Commission and the Presidency for their partnership and cooperation with the Committee, enabling it to play its oversight role effectively.

Further, the Committee extends its acknowledgement to members of the public, civil society organizations, UN- Agencies (in particular International Organisation for Immigration (IOM) and the United Nations International Children Emergency Fund (UNICEF) who have have partnered with the Committee on various initiatives.

Finally, I wish to commend the Honourable Members of the Committee and the Secretariat who dedicated their time in ensuring that the Committee executed its business throughout the period under review.

The Hon. Peter Mwathi, CBS, MP

Chairperson, Departmental Committee on Administration and National Security

PART THREE

3 IMPACT OF THE BUSINESS TRANSACTED BY THE COMMITTEE

Some of the impact that the Committee's work had to the country include:

25. The Departmental Committee on Administration and National Security conceptualised and approved various sums of money towards the Public Service Internship programme in 2018. The programme is an initiative designed to offer the opportunity for graduates to acquire and develop valuable technical and professional skills as well as work experience in the Public Service. Through the Programme, the interns are exposed to gain life-skills and values such as integrity, transparency and accountability, which are essential for national transformation, patriotism, and citizen honesty. Over the last medium term, the programme has recruited 18,000 interns. It is expected that the graduates of the programme are prioritised for public service jobs whenever such vacancies occur. It is from this initiative that the Committee appropriates at least KSh. 1 billion towards this programme. Going forward, there will be need for the next 13th parliament to double the allocation to enable the Commission to improve on the number of interns being recruited based on the thousands of applications they receive every year. Averagely, the Commission receives 20,000 applications but only recruit 3,000 due to resource constraints.
26. Clearance of pending Bills: - The Departmental Committee on Administration and National Security through the supplementary I of FY 2020/21 appropriated resources amounting to KSh. 6.2 billion towards clearing pending bills for the State Department for Correctional Services. The Department over the years had accumulated pending bills which could not be paid through the normal budgetary allocation of settling such bills. The appropriation of such bills in 2020 was therefore part of stimulus programme which saw several suppliers get paid at a time the economy was choking from the effects of COVID-19 pandemic. However there seems to have been fictitious payments which the 13th parliament needs to inquire on how the KSh. 6.2 billion was utilised.
27. **Increasing the strength of Police and Prisons Service:** - Over the period under review, the National Police Service recruited over 20,000 police officers across the three services of Kenya Police, Administration Police and the Directorate of Criminal Investigation Services. This was made possible through the Committee's initiative of sourcing resources from other areas which were not initially provided by the National Treasury.
28. **Decentralization of Counselling Services:** - Due to rising cases of mental illness within the National Police Service, the Committee through the examination of Annual Estimates of Expenditure cumulatively appropriated KSh. 200 million over the period under review and helped the National Police Service Commission decentralize the services from Nairobi to a further 8 regions within the country.
29. **Completion of ultra -modern complex at KSG Mombasa:** - The Committee appropriated cumulatively KSh. 600 million towards the stalled KSG in Mombasa. The completion of such critical project has seen the school increase its revenue through enhanced AIA.

30. **Enhanced operations of the Directorate of Criminal Investigations Department:** - the Committee from time to time enhanced the operations of investigative agencies such as DCI through additional resource allocation to the Service. This period has seen the DCI be on the forefront in the war against economic crimes where several suspects have been prosecuted.

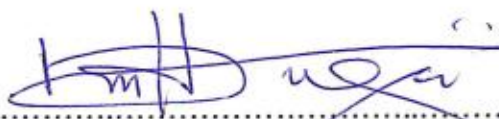

PART FOUR

4 REASON WHY THE COMMITTEE HAD SOME PENDING BUSINESS AND THE END OF THE 12TH PARLIAMENT

The Committee experienced the following challenges which made it difficult for it to optimally discharge its mandate:

1. Unavailability of Government officials when invited for meetings to consider business before the Committee. This made it difficult for the Committee to discharge its mandate effectively.
2. The COVID-19 pandemic affected the frequency of meetings and it made it difficult to meet stakeholders to prosecute matters before the Committee. This affected the Committee's efficiency in the execution of its mandate.
3. Inadequate committee meeting rooms and furniture occasionally led to delays in starting meetings and at times cancellation of meetings.
4. Difficulty in raising quorum because of the 2022 General Elections especially in Sixth Session slowed down activities of the Committee.
