1. KEY ENTITY INFORMATION AND MANAGEMENT

(a) Background information

Sports Kenya is a body corporate established under the Sports Act No. 25 of 2013

(b) Principal Activities

The mandate of Sports Kenya as stipulated in the Sports Act 2013 is as follows:

- i). Promote, coordinate and implement grassroots, national and international sports programs for Kenyans, in liaison with the relevant sports organizations and facilitate the active participation of Kenyans in regional, continental and international sports, including in sports administration.
- ii). Manage and maintain the sports facilities specified in the First Schedule and any other facilities which the Cabinet Secretary may, by notice in the Gazette, declare to be sports facilities for the purpose of this Act.
- iii). Establish, manage, develop, plan and maintain the sports facilities, including convention centers, indoor sporting and recreational facilities for the purpose of this Act.
- iv). Adopt, develop, plan, set stadia standards and license and regularly inspect stadia for sporting and recreational use.
- v). Establish and maintain a sports museum.
- vi). Participate in the promotion of sports tourism.
- vii). Provide the necessary amenities or facilities for persons using the services or facilities provided by Sports Kenya.
- viii). Operate sports facilities on public grounds in such a manner as it may deem necessary.
- ix). Collaborate with county governments, learning institutions and other stakeholders concerned with sports and recreation, in the search, identification and development of sporting talent, provision of sports equipment, facilities and technical training.
- x). Identify and recommend talents in sports to national sports organizations.
- xi). Inculcate the sense of patriotism and national pride through sports and recreation, create awareness on matters of national interest through sporting events, create awareness on the benefits of regular participation in sports for healthy living and provide advisory and counseling services to athletes.
- xii). Determine the national colours to be used in national and international competitions, in consultation with the relevant national sports organizations.
- xiii). Facilitate the preparation and participation of Kenyan teams in various international events and the hosting of similar events in the country and recommend members of steering committees for international sports competitions, in consultation with the relevant national sports organizations.
- xiv). Recommend to the relevant authorities' issuance of work permits and visas to foreign athletes and technical sports personnel, in consultation with the relevant national sports organization.
- xv). Approve, at the request of the respective national sports organization, the clearance of foreign sports technical personnel before engagement by national sports organization and other sporting bodies.

- xvi). Organize and coordinate training, conduct research, maintain a resource Centre and provide and engage consultancy services for sports development programmes, in consultation with the respective national sports organizations.
- xvii). With the approval of the Cabinet Secretary, prescribe: -
 - 1). Access to, or use of any of the resources or facilities of Sports Kenya.
 - 2). The provision of programs, services, information or advice by Sports Kenya, and
 - 3). The admission of persons to events and activities organized by Sports Kenya.
- xviii). Recommend, in liaison with the relevant sports organization, tax exemption for Sportspersons; and
- xix). Performs such other functions related to the implementation of this Act as may be directed by the Cabinet Secretary.

4. CHAIRMAN'S STATEMENT

It is with pleasure that we present the financial results for Sports Kenya for the year ended 30th June 2020. The year's performance was slow as a result of the myriad challenges presented by the Covid – 19 pandemic encountered in the last two (2) quarters of the financial year.

Highlights

The construction and upgrade of a number of regional stadia to international standards continued after proposals for alternative sources of financing were approved from the Sports Arts and Social Development Fund, (SASDF) in addition to the allocations from the exchequer. The Stadia under construction and renovations included (*Nyayo National Stadium – Nairobi, Kinoru - Meru, Kipchoge Keino - Uasin Gishu, Kamariny – Elgeyo Marakwet, Wote – Makueni, Ruringu – Nyeri, Marsabit – Marsabit, Karatu – Kiambu and Chuka – Tharaka Nithi Counties*). These are priority projects within the Jubilee Government Manifesto. The Government intervention through establishing and operationalizing the SASDF ensured resumption of funding of the sports infrastructure projects.

Operating Environment

During the year under review, COVID – 19 Pandemic affected Sports functions, events and activities severely. This global pandemic led to suspension of sporting activities worldwide. The impact led to challenges to Sports Kenya however, we strived to implement initiatives and guidelines that have been issued and Circulated by the Ministry of Health to help in the fight against this pandemic.

Key facilities mainly the Main Stadium and the Hotel within the Moi International Sports Complex and Nyayo National Stadium were closed down for renovation works and others due to the pandemic.

The Board projects to complete the construction and upgrade works for different stadia by the 31st December 2020. Better performance by different departments of the institutions will also be prioritized after the resumption of sports activities when the Sports Covid – 19 Protocols have been launched by the Cabinet Secretary for Sports Arts and Culture.

The Board is pleased to present the financial statements which reflect the challenges and opportunities mentioned above. I am optimistic that with the commitment of the Government of Kenya in strengthening the funding mechanisms for sports infrastructure, Sports Kenya is poised for a brighter future through emerging opportunities that will be occasioned by the upgrades of sporting facilities and particularly in Post Covid – 19 pandemic.

Mr. Fred Muteti
B.O.D Chairman,
Sports Kenya.

5. REPORT OF THE DIRECTOR GENERAL

FINANCIAL RESULTS

Revenue

Sports Kenya revenue from exchange transaction increased from **Kshs103,292,099.00** to **Kshs238,505,849.00** from the previous year. This was attributed to partial re-opening of facilities in Moi International Stadium Centre Kasarani and the Stadion Hotel after renovations; however the last two (2) quarters of the FY 2019/2020 suffered effects of the Covid – 19 pandemic hence slowing down the organizational capacity to achieve more.

Rental income did not gain much due to continued closure of commercial entities at Nyayo National Stadium which is under renovations.

The board however streamlined rent collections at Kasarani Estate through signing of new leases and evictions of rent defaulters. This included the termination of police line contract to new leases and allocations of those houses to new tenants under the purview of Sports Kenya for direct management and collection. This resulted in marginal increase in rent revenue.

On sponsorship and partnerships, Sports Kenya did not exhaust the potential in this area as the facilities renovations were still closed and not completed in time to partner with the corporate world. The existing opportunities will be exploited in the near future.

Sports Kenya and the World Rally Championship partnered well and was able to host the signature event dubbed the WRC Safari Rally Test Run. This culminated into Kenya being granted/ re – admitted to the World Safari Rally Circuit after many years of absence.

Debt Collection improved after the Sports Arts and Social Development Fund agreed to finance major federations activities and honouring to offset some of the historical pending bills owed to Sports Kenya. However, Sports Kenya has put in measures including strict adherence to credit policies to reduce the debt level.

Grants from the Exchequer continued to flow as per the budget save for utilities transfer that was not honoured in full resulting in underfunding of the budget. SASDF also supported the board in clearing of the long outstanding pending bills.

Expenditure

Despite Prudent financial management practices being applied Sports Kenya continues to face challenges in effectively carrying out its mandate. Having assumed the added responsibility of undertaking sports programs at the grassroots, national and international level as specified in Sports Act 2013, the responsibility comes with increased resource requirements. As such, Sports Kenya will seek to expand its resource mobilization framework, including negotiating for a bigger budgetary allocation from treasury.

Operational areas where Sports Kenya experienced high levels of expenditures included wages, water and electricity, pension arrears payments etc. We thank the National Treasury through the

Sports Kenya
Annual Reports and Financial Statements
For the year ended June 30, 2020

State department for Sports Development for supporting us in clearing the long outstanding staff pension arrears.

Service Delivery

Service delivery innovations realized which is customer focused include pay bill numbers for all our cash collection points. Social media platforms are also available for marketing and awareness creation.

Future Outlook

Sports Kenya will endeavour to ensure effectiveness in contributing towards national aspirations under the **Kenya Vision 2030(KV2030)**, **Medium Term Plan III** and the **Big 4 Agenda**, which have provided for sports primarily in its social pillar and secondarily in its economic pillar. The Board therefore undertook a review and commenced implementation of its **Strategic Plan 2018 – 2022** after a series of stakeholder engagements and validation forums.

The Board will pursue completion and equipping of the nine regional stadia already ongoing and four others resulting from Presidential Directives issued within the FY 2019/2020 namely (**Jamhuri Posta Grounds – Nairobi, Wanguru – Kirinyaga, Kirigiti – Kiambu and Jomo Kenyatta Mamboleo Grounds – Kisumu Counties**)

Other areas of future focus will include further investment in provision of more sports and recreational facilities nationally, Mass sports, Competitive sports, Traditional sports, and promotion of Sports Tourism and full implementation of Sports Act 2013.

Mr Pius Metto
Director General,
Sports Kenya.

6. REVIEW OF SPORTS KENYA 'S PERFORMANCE FOR FY 2019/2020

Section 81 Subsection 2 (f) of the Public Finance Management Act, 2012 requires the accounting officer to include in the financial statement, a statement of the national government entity's performance against predetermined objectives.

Sports Kenya has five key strategic pillars and objectives within its Strategic Plan for the FY 2018/19 – 2022/2023. These strategic pillars are as follows:

Pillar 1: Sports and Recreational Facilities and Equipment's.

Pillar 2: Sports Programs and administration.

Pillar 3: Development and Implementation of Sustainability Programs.

Pillar 4: Sports Research and Adoption of Modern Technology.

Pillar 5: Institutional Capacities and Mainstreaming of cross cutting issues.

Sports Kenya developed its annual work plans based on the above 5 pillars. Assessment of the Board's performance was done against its annual work plan on quarterly basis. Sports Kenya achieved its performance targets set for the FY2019 / 2020 period for its five strategic pillars, as indicated in the diagram below:

Strategic Pillars	Objectives	Key Performance Indicators	Activities	Achievements
Pillar 1: Sports and Recreational Facilities and Equipment's	<ul style="list-style-type: none"> • To construct and equip 9 regional Stadia • To construct and upgrade Nyayo National Stadium • Develop and operationalize National standards and regulations for sports 	<ul style="list-style-type: none"> • Signed MOUs • preliminary and final designs • fundraising • construction • Improved Sports facility to international standard 	<ul style="list-style-type: none"> • Design & redesign the VVIP Pavilion • Construct terraces • Undertake Pitch works and mechanical services • Install the athletics track 	<ul style="list-style-type: none"> • Completion & equipping of 9 stadia to international standards is ongoing at 55% implementation status • Draft standards developed & stakeholder engagements ongoing

7. CORPORATE GOVERNANCE STATEMENT

Introduction

Sports Kenya is a body Corporate established under section 3 of the Sports Act No. 25 of 2013 of the Laws of Kenya. Sports Kenya is a successor to the Sports Stadia Management Board that was established by the Sports Stadia Management Board Order (L.N. 180/2002).

Sports Kenya complies with the Spirit and the letter of the Constitution in exercising its functions as provided for under section 4 of the Sports Act of 2013. Sports Kenya also has established Policies, Institutional Frameworks and Administrative Procedures which ensure and effectively support implementation of the Constitution.

The Board of Sports Kenya

Appointment of Board Members and Succession Plan.

The Management of Sports Kenya is vested in the Board which is Constituted under section 6 of the Sports Act No. 25 of the Laws of Kenya which function it exercises through the Management of Sports Kenya as led and supervised on its behalf by the Director General. Section 6 of the said constitutes a Board with fourteen (14) Members.

The Board includes a Chair Person appointed by the President as provided for in Section 6(1)(a) of the Sports Act.

The Board also includes four (4) independent Board Members appointed by the Cabinet Secretary on Nomination by the sports organizations recognized as the national coordinating bodies for the promotion and development of high performance Olympic, Paralympic and Deaflympics sports in Kenya; and the national multi-sport sports organization that is responsible for the adherence to all the codes for sports and recreational bodies as provided for in Section 6(1)(i) of the Sports Act.

The Chairperson and members of the Board appointed under subsection 6(1) (i) shall hold office for a term of three years and are eligible for reappointment for one further term of three years. The appointment of the Chairperson and members of the Board appointed under subsection 6(1)(i) is by notice in the Gazette.

The Director-General is appointed by the Board, through a competitive recruitment process as per section 8(1) of the Sports Act. The Director-General shall hold office for a term of three years renewable only once and on such terms and conditions of employment as Sports Kenya may determine as per section 8(3) of the said Act.

The current Board of Sports Kenya consists of twelve (12) members who are named and described as below:

- | | | |
|-------------------|---|-------------------------------------------------|
| (1) Fred Muteti | - | Chairperson |
| (2) Joe Okudo CBS | - | Principal Secretary State Department for Sports |
| (3) Pius Metto | - | Director General |
| (4) Mark Wambugu | - | CEO Sports Arts and Social Development Fund |
| (5) Samuel Kaumba | - | Rep. Attorney General |

(6)	Luke Luseno	-	Secretary Sports Dispute Tribunal
(7)	Dr. Doreen Odhiambo	-	CEO Kenya Academy for Sports
(8)	Dr. Pius Mutisya	-	Rep. PS Ministry of Education
(9)	James Wang'ombe	-	Rep. Inspectorate of State Corporations
(10)	Eng. Alfred Baariu		Independent Director
(11)	Mwangi Muthee		Independent Director
(12)	Benson Mwangi		Independent Director

The Representative to the Principal Secretary to the National Treasury has since retired and Sports Kenya has written to the National Treasury through the Ministry of Sports Culture and Heritage requesting for a replacement. In the absence of the Representative to the Principal Secretary National Treasury, the Board has still been able to exercise its functions as the necessary quorums are always achieved and the professional qualifications of the existing Board Members cover for and consultations are appropriately made as a replacement is awaited.

The Cabinet Secretary the Ministry of Sports Culture and Heritage is also in the process of appointing the fourth Nominated Board Member in consultation with the relevant Sports Organizations.

Statement of Compliance with Policy on Corporate Governance

Sports Kenya has identified, documented and ensured compliance with all laws, rules, regulations, codes and Standards applicable to its functions. These include the Sports Act No. 25 of 2013, the Leadership and Integrity Act of 2012, the Mwongozo Code, Various Presidential Circulars and the Public Officers Ethics Act of 2003 amongst others.

The Board Charter

The Board of Sports Kenya has adopted the Board Charter as provided in Annexure I of the Mwongozo Code of Governance for State Corporations.

Roles and functions of the Board

The Sports Act at Section 7 provides the Board powers necessary for the performance of the functions of Sports Kenya under the Act and in particular: -

- (a.) manage, control and administer the assets of Sports Kenya in such manner and for such purposes as best promotes the purposes for which Sports Kenya is established;
- (b.) receive any gifts, grants, donations or endowments made to Sports Kenya or any other monies in respect of Sports Kenya and make disbursements therefrom in accordance with the provisions of this Act;
- (c.) determine the provisions to be made for capital and recurrent expenditure and for reserves of Sports Kenya;
- (d.) open a banking account or banking accounts for the funds of Sports Kenya; and

- (e.) invest any monies of Sports Kenya not immediately required for the purposes of this Act in the manner provided in section 11 of the Act.
- (f.) make grants or lend money, and provide scholarships to sportspersons and staff of Sports Kenya; and
- (g.) do any other thing necessary, or expedient for the discharge of its functions under the Act.

The Board has also established four (4) Committees to discharge its duties and make recommendations to the Board.

Board meetings and Attendance

The Board has for the period under review held eighteen (18) Full Board Meetings. During the Covid-19 pandemic and subsequent lockdown, the Board has conducted its Board meetings via vide link sessions as guided by the various Government Circulars on containing spread of the virus.

Conflict of Interest

Sports Kenya maintains a Conflict of Interest Register in which Board Members and Staff are required to register any instances as provided for in the Code of Conduct and Ethics at Annexure II of the Mwongozo Code of Governance for State Corporations.

Induction and Training

The Board underwent induction training in April of 2019 in preparation for the commencement of the 2019/2020 financial year workings. The Board also underwent Audit Committee training on 26th and 27th September, 2019. The outbreak of Covid-19 has however slowed down the training process as most learning institutions have since been closed to contain the spread.

Board Remuneration

Members of the Board are paid a sitting allowance for every meeting scheduled and attended. As per the Code particular Members are also entitled to a base pay and other bonuses. All expenditures on Board remuneration are as provided in the Financial Statements herein.

Conduct and Ethics

The Board and Members of Staff of Sports Kenya adhere to the highest standards of behavior so as to contribute to the achievement of National Development Goals. The Organization upholds Article 10 of the Constitution of Kenya on National Values and Principles of Governance and Chapter 6 on Leadership and Integrity.

Board Member Performance

The Board of Sports Kenya was to undergo a Performance Appraisal on 24th August 2020 which is for the financial years 2018/2019 and 2019/2020 by the State Corporations Advisory Committee.

8. MANAGEMENT DISCUSSION AND ANALYSIS

SECTION A

The entity's operational and financial performance

The organization Completed the review of its strategic plan 2018-2022 and aligned it to MTPIII 2018 - 2022; Sports Kenya endeavoured to complete construction and upgrade of 9 regional stadia to achieve its strategic goal of developing regional Stadia to cover the 47 Counties within the plan period. Through this strategic plan, the organization projected revenues grew by 20% in the year. However, the outbreak of the novel Corona Virus affected the third and fourth quarter efforts to raise appropriation in aid target.

The formulation of the National regulations and Standards to guide Sports stadia and recreational development was initiated and major Stakeholders participated in the process. The draft regulations continue to be subjected to other Stakeholders for ratification and finally Submitted to Cabinet Secretary for gazettelement and implementation. This will oversee enhancement of safety and security and adoption of the best management practise across all stadia in the country.

Sports Kenya is set to adopt best practise in the management of the facilities through innovative use of technology and outsourcing of some services. The organization has also enhanced efforts towards increasing facility utilization through development of fun park/theme park, museums and resource centres.

SECTION B

Entity's compliance with statutory requirements

Sports Kenya has complied and will continue to comply with all the statutory requirements

SECTION C

Key projects and investment decisions the entity is planning/implementing

Sports Kenya is in the process of constructing nine regional stadia in the line with the National Vision 2030 and MTPIII. The Stadia under the entities Construction and development include Kipchoge Keino – Uasin Gishu, Kamariny – Elgeyo Marakwet, Wote – Makueni, Ruringu – Nyeri, Marsabit – Marsabit, Karatu – Kiambu, Chuka – Tharaka Nithi, Kinoru – Meru Counties. The source of funding is GoK, SASDF and M.O.U.s which have been signed with the various Counties for the joint management of the stadia. This is to ensure the Counties are trained to professionally manage the facilities so as to manage revenue generated for sustainability.

The renovations at Nyayo National Stadium are complete and the facility is awaiting re opening. This will boost the organizations internally generated revenues from the bookings and reservations.

In the Last Quarter of the year Sports Kenya received Presidential directives to initiate construction of four new regional stadia namely; Wangúru stadium – Kirinyaga, Jamhuri Posta grounds – Nairobi, Kirigiti Stadium - Kiambu and Jomo Kenyatta Sports grounds – Ksumu. Sports Kenya has partnered with the State department of public works to develop the designs, bills of quantities and drawings for the facilities. The procurement process for the construction of the stadia was also initiated.

Moi international Sports Centre was accorded hosting rights for the world athletics under 20 championships 2020. The IWF technical team in conjunction with the Local organizing committee identified the requisite upgrading works to host the championships. The works were initiated in the third quarter of the financial year and were almost complete by the end of the financial year. However, the event has been postponed to July 2021 due to COVID -19 Pandemic.

SECTION D

Major risks facing the entity

Sports Kenya is faced by the following risks in executing its mandate as per Sports Act 2013:-

Financial and Liquidity Risks- Delay in funding from exchequer has resulted in delay in completion of projects. This also results in project cost escalation due to inflation and depreciation of the uncompleted projects.

The closure of facilities at Nyayo for renovations has affected the cash flow and liquidity of the organization. This has a risk of preventing the organization from honoring its obligations in a timely manner as they fall due.

- Covid-19 pandemic has totally disrupted the normal business operation leading to loss of business opportunities for the board due to closure of facilities.

-Security risk because of large clientele patronizing the facilities without corresponding technological capacity to aid in surveillance and access control.

-Compliance Risk due to ever changing National and International rules/Standards and associated costs in conformance.

SECTION E

Material arrears in statutory/financial obligations

The organization I supplementary two was allocated by exchequer monies to offset outstanding Staff pension arrears however staff gratuity arrears did not receive any allocation hence remains outstanding. The entity will further request for funding from the National Treasury.

The historical creditors pending bills also received partial allocation from the Sports Arts and Social Development fund which was paid.

Salaries and Remuneration Commission undertook job evaluation review within the financial year. They recommended Salaries and allowance structure adjustment which was duly implemented.

SECTION F

The entity's financial probity and serious governance issues

Sports Kenya is in compliance with corporate governance, PFM Act, National Treasury Circulars and guidelines.

9. CORPORATE SOCIAL RESPONSIBILITY STATEMENT / SUSTAINABILITY REPORTING

Sports Kenya exists to transform lives. This is our purpose, the driving force behind everything we do. It is what guides us to deliver our strategy, which is founded on five pillars; putting the customer first, delivering relevant facilities and services and improving operational excellence. Below is a brief highlight of our achievement in each pillar:

1. Sustainability strategy and profile

Sports Kenya has embarked on a major program of building new stadiums and renovating the existing ones in various parts of the country. ~~Apart from doing this as part of its mandate as envisaged in the Sports Act 2013, it is also an effort to avail quality and properly equipped sports and recreational facilities to the Kenyan athletes who depend on sports not only as their main source of employment but also as their day-to-day livelihood.~~

Sports Kenya has deliberately endeavored to benchmark internationally to attain the conventionally accepted standards by the world governing bodies of various sports disciplines. In effect, the facilities and services provided by Sports Kenya are up to the required international standards.

2. Environmental performance

Sports Kenya has put in place a robust Health, Safety and Environment policy that provides guidance to the organization in matters to do with the environment. The policy takes into account the necessary protocols provided by the National Environment Management Authority (NEMA) and Nairobi City County administration. In fact, Sports Kenya has partnered with the county in waste management and disposal in facilities at Kasarani and Nyayo National Stadium. Additionally, Sports Kenya has proactively engaged in proper management of biodiversity by carrying out regular afforestation activities during the rainy seasons annually.

Apart from being natural water catchment areas, the budding forests create the desired biological ecosystem where the plant and animal community interact freely to refresh the environment. Generally, wastes generated by Sports Kenya's activities are disposed of in a manner not to cause any harm to the air, water, soil and the ecosystem as a whole.

3. Employee Welfare

Sports Kenya has a Human resource manual that summarizes the organization's policies, regulations, procedures and other relevant administrative processes that govern the employee welfare and those responsible for overseeing the human resource functions. The recruitment and hiring process is anchored on the need to promote gender inclusion, ethnic balance and equal opportunity for all. The policies are revised from time to time as necessary to synchronize them with the organization's strategy and other emerging labour relations trends.

Sports Kenya recognizes the role of training as a management tool in improved productivity, efficiency and employee career progression. The board's operations are of highly specialized nature, characterized by high precision skills and technical knowledge among the professional, technical and support employees. In this regard, the board not only recruits the right caliber personnel but also trains the incumbents for necessary skill sets. Through well trained and competent personnel, the board undertakes to provide services to the public efficiently and effectively.

Sports Kenya has put in place well thought out guidelines and standards for the prevention and protection of employees against accidents and occupational diseases arising at and during the course of work. It also provides procedures to be followed as a result of occurrence of such accidents and modalities for the administration and payment or compensation for work-related injuries and accidents.

In essence, the organization has demonstrated commitment to Occupational Health, Safety and Environment by providing necessary safeguards at all work stations and sites.

4. Market Place Practices.

Below are the efforts that Sports Kenya

A) Responsible Competition Practice.

Sports Kenya thrives on ethical management practices that are focused on provision of facilities and services that meet and even surpass the expectations of the customers. This is particularly done by ensuring proper product differentiation that naturally and fairly beats the competition. Being a corruption free organization, Sports Kenya puts fundamental emphasis on zero tolerance to corruption and any related vices.

B) Responsible Supply Chain and Supplier Relations.

Sports Kenya is committed to engage with suppliers in a responsible and responsive manner taking into account the need to comply with the government regulations while taking care of the interests of the organization at the same time. In this regard, Sports Kenya provides equal opportunity for all eligible suppliers to do business and endeavors to honor all contracts as well as payments due to the suppliers within reasonable timelines.

C) Responsible Marketing and Advertising.

Sports Kenya's marketing philosophy is based not only on the benefits to the customer but also the greater good to the community. In this connection, deliberate efforts are made to ensure that marketing and advertising initiatives are driven by honesty, trust and building of strong relationships with the customers through a set of shared values.

D) Product Stewardship.

With the vision of Global Excellence in Sports, Sports Kenya employs whatever it takes to provide high quality facilities and services that its customers can trust. That means the ingredients and the raw materials used in construction and preparation of facilities must be safe not only for the people who use them but also for the environment.

5. Community Engagements.

Community social investment is one of the key pillars of Sports Kenya's Corporate Social Responsibility (CSR) policy. In the past financial year, Sports Kenya has engaged in several charitable initiatives in both cash and kind. Below is a list of some of the community initiatives supported in the past year:

- i. Cerebral Palsy Charity Walk – 29th June 2019
- ii. Eldama Ravine Half Marathon – 5th October 2019
- iii. Kitui Half Marathon – 20th September 2019
- iv. Wahome Gakuru Half Marathon – 10th November 2019
- v. Kenya Society for the Blind – October 2019
- vi. Stanchart Marathon – 27th October 2019
- vii. Christmas party for street children – 20th December 2019
- viii. Mount Kenya Mountain Running – 22nd February 2020
- ix. Beyond Zero Half Marathon – 27th February 2020.

Sports Kenya
Annual Reports and Financial Statements
For the year ended June 30, 2020

The Directors submit their report together with the audited financial statements for the year ended June 30, 2020 which show the state of the Sports Kenya's affairs.

Principal activities

The principal activity of the Board is to manage all Government-owned sports facilities effectively and efficiently, and to institute sports programs at the grassroots, national and international levels for Kenyans.

Results

The results of the entity for the year ended June 30, 2020 are set out on page 1.

Directors

The members of the Board of Directors who served during the year are shown on page Vi to Viii. During the year one director retired (Representative to the Principal Secretary for the National Treasury).

Dividends/Surplus remission

In accordance with Section 219 (2) of the Public Financial Management Act regulations, regulatory entities shall remit into Consolidated Fund, ninety per centum of its surplus funds reported in the audited financial statements after the end of each financial year.

Auditors

The Auditor General is responsible for the statutory audit of the Sports Kenya in accordance with Article 229 of the Constitution of Kenya and the Public Audit Act 2015 for the year/period ended June 30.

By Order of the Board

Mr. Pius Metto
Director General
Sports Kenya

Date.....*24/5/21*

Sports Kenya
Annual Reports and Financial Statements
For the year ended June 30, 2020

11. STATEMENT OF DIRECTORS' RESPONSIBILITIES

Section 81 of the Public Finance Management Act, 2012 require the Directors to prepare financial statements in respect of Sports Kenya, which give a true and fair view of the state of affairs of the Sports Kenya at the end of the financial year and the operating results of Sports Kenya for that year. The Directors are also required to ensure that Sports Kenya keeps proper accounting records which disclose with reasonable accuracy the financial position of Sports Kenya. The Directors are also responsible for safeguarding the assets of Sports Kenya.

The Directors are responsible for the preparation and presentation of the Sports Kenya's financial statements, which give a true and fair view of the state of affairs of the Sports Kenya for and as at the end of the financial year ended on June 30, 2020. This responsibility includes:

- (i) maintaining adequate financial management arrangements and ensuring that these continue to be effective throughout the reporting period;
- (ii) maintaining proper accounting records, which disclose with reasonable accuracy at any time the financial position of the entity;
- (iii) designing, implementing and maintaining internal controls relevant to the preparation and fair presentation of the financial statements, and ensuring that they are free from material misstatements, whether due to error or fraud;
- (iv) safeguarding the assets of the Sports Kenya;
- (v) selecting and applying appropriate accounting policies; and
- (vi) Making accounting estimates that are reasonable in the circumstances.

The Directors accept responsibility for the Sports Kenya's financial statements, which have been prepared using appropriate accounting policies supported by reasonable and prudent judgments and estimates, in conformity with International Public Sector Accounting Standards (IPSAS), and in the manner required by the PFM Act, 2012 and the State Corporations Act. The Directors are of the opinion that Sports Kenya's financial statements give a true and fair view of the state of Sports Kenya's transactions during the financial year ended June 30, 2020, and of Sports Kenya's financial position as at that date. The Directors further confirms the completeness of the accounting records maintained for Sports Kenya, which have been relied upon in the preparation of the entity's financial statements as well as the adequacy of the systems of internal financial control.

Nothing has come to the attention of the Directors to indicate that Sports Kenya will not remain a going concern for at least the next twelve months from the date of this statement.

Approval of the financial statements

The Sports Kenya's financial statements were approved by the Board on 23 - 09 - 2020 and signed on its behalf by:

Assistant Director Finance

REPORT OF THE AUDITOR-GENERAL ON SPORTS KENYA FOR THE YEAR ENDED 30 JUNE, 2020

REPORT ON THE FINANCIAL STATEMENTS

Qualified Opinion

I have audited the accompanying financial statements of Sports Kenya set out on pages 1 to 70, which comprise the statement of financial position as at 30 June, 2020, the statement of financial performance, the statement of changes in net assets, the statement of cash flows, and the statement of comparison of budget and actual amounts for the year then ended, and a summary of significant accounting policies and other explanatory information in accordance with the provisions of Article 229 of the Constitution of Kenya and Section 35 of the Public Audit Act, 2015. I have obtained all the information and explanations which, to the best of my knowledge and belief, were necessary for the purpose of the audit.

In my opinion, except for the effect of the matters described in the Basis for Qualified Opinion section of my report, the financial statements present fairly, in all material respects, the financial position of the Sports Kenya as at 30 June, 2020, and its financial performance and its cash flows for the year then ended, in accordance with the international public sector accounting standards (IPSAS Accrual) and comply with the Sports Act, 2013 and the Public Finance Management Act, 2012.

Basis for Qualified Opinion

1.0 Inaccuracies in Revenue from Exchange Transactions

1.1 Rental Revenue

The statement of financial performance and as disclosed in Note 3 to the financial statements reflects rental income of Kshs.40,527,120. This amount includes Kshs.7,371,120 relating to commercial space rental income out of which Kshs.4,092,958 was not supported by valid contracts. Further, the rental income excluded an unknown amount of income from the International Amateur Athletic Federation (IAAF) World under 20 Championship which has been occupying the Sports Kenya offices without a contract since 1 July, 2018.

In the circumstances, the accuracy, completeness and fair statement of the rental income from commercial space of Kshs.7,371,120 could not be confirmed.

1.2 Inaccuracies in Revenue from Hire of Facilities

The statement of financial performance and as disclosed in Note 2 to the financial statements disclosed revenue from hire of facilities of Kshs.80,833,385. Review of sampled contracts of hire of facilities revealed the following anomalies;

- (i) An amount of Kshs.9,026,332 recorded as received vide EFT from various clients could not be traced in the bank statements and no official receipts were issued for money received and the contracts were not supported by LSOs.
- (ii) Examination of contract books revealed that revenue amounting to Kshs.3,415,400 was not posted in the ledger.

Consequently, the accuracy, completeness, and fair statement of revenue from the hire of facilities of Kshs.80,833,385 could not be confirmed.

2.0 Unsupported Pension, Salaries, and Gratuity Arrears

The statement of financial performance and as disclosed in Note 8 to the financial statements reflects employee costs of Kshs.276,647,061. Included in this amount is Kshs.95,585,109, Kshs.7,117,067 and Kshs.5,357,218 relating to pension, salaries, and gratuity arrears respectively totalling Kshs.108,059,394. Review of the records provided revealed that Management had been allocated an approved budget of Kshs.171,500,000 to defray pensions, gratuity, and salary arrears out of which only Kshs.127,400,000 was received. However, it was established that only Kshs.108,059,394 of received funds was spent for intended purposes resulting to outstanding pension arrears of Kshs.19,340,606. Management did not provide an explanation as to why the funds allocated for clearance of the arrears were diverted.

Further, it was noted that these arrears had not been disclosed in the previous years and therefore the basis for the request and approval of this budget could not be ascertained.

In the circumstances, the propriety of Kshs.127,400,000 diverted to other uses could not be ascertained.

3.0 Inaccuracies in Casual Wages

The use of goods and services reflects Kshs.126,830,343 as disclosed at Note 10 which in turn includes casual wages of Kshs.10,526,121 which was at variance with the accounting records provided for the audit amount of Kshs.19,296,631 leading to an unexplained and unreconciled variance of Kshs.8,770,510.

Consequently, the accuracy and completeness of the casual wages payments of Kshs.10,526,121 could not be confirmed.

4.0 Irregular Board Benefits

As disclosed in Note 9 to the financial statements is Kshs.16,130,274 in respect to the board of directors' allowances which further includes Kshs.1,060,000 and Kshs.9,985,801

relating to honoraria and sitting allowances respectively. However, it was revealed that the Chairman was paid a gross salary of Kshs.100,000 for five (5) months as honoraria instead of Kshs.80,000 in accordance with Mwongozo and the SRC Circular SRC/TS/DRRPS3/26VOL.VI (37), resulting in excess payment of Kshs.100,000.

Further, the Chairman was paid sitting allowances at the rate of Kshs.25,000 per sitting for fifty-two (52) sittings in contravention to the Salaries and Remuneration Commission approved rates of Kshs.20,000 per sitting resulting in an overpayment of Kshs.260,000.

In addition, the Chairman has been assigned a permanent motor vehicle which is in contravention of the terms of service stipulated in his appointment letter Ref. OP/CAB.1/75A dated 25 July, 2018. The work tickets and fuel card statements for this motor vehicle were also not availed for audit verification.

In the circumstances, the validity of the Kshs.360,000 paid in excess of the approved rate was not a proper charge to public funds.

5.0 Double Payment for Water and Electricity

Note 12 to the financial statements reflects an expenditure of Kshs.47,394,988 paid in respect of the bulk purchase of water and electricity out of which Kshs.14,209,312 was advanced to the organization by the State Department of Sports. Further, it was noted that the expenditure item was also budgeted at a sum of Kshs.33,177,721 by the State Department of Sports in the same period leading to double payments.

Further, as previously reported, Note 12 to the financial statements for the year ended 30 June, 2019 disclosed the purchase of water and electricity balance of Kshs.51,872,504 which further includes Kshs.33,354,287 being payment effected on behalf of Sports Kenya by the State Department of Sports from the Board's recurrent grants retained by the State Department. No plausible explanation was provided as to why the State Department retained the grants and continued paying bills on behalf of the Board.

Therefore, the authenticity and accuracy of the Kshs.14,209,312 for the year ended 30 June, 2020 paid in respect of water and electricity could not be ascertained.

6.0 Long Outstanding Receivables Accounts

The statement of financial position and as disclosed in Note 17 to the financial statements reflect Kshs.151,566,884 in respect of account receivables from exchange transactions. Included in this amount is Kshs.20,544,506 in respect of rent arrears that have been outstanding since the 2006/2007 financial year. Further, the accounts receivable from exchange transactions include Kshs.121,060,480 being other trade debtors out of which Kshs.118,915,486 has remained outstanding for more than one hundred and eighty (180) days and some dating back to the financial year 2015/2016 while an amount of Kshs.14,583,506 related to receivables from runaway tenants and debt from line Ministry's tenants of Kshs.5,961,000.

In addition, the opening balance of Kshs.78,599,079 was not analyzed.

In the circumstances, the accuracy and completeness of the account's receivables from exchange transactions balance of Kshs.151,566,884 could not be confirmed and the recoverability of the outstanding balances is in doubt.

7.0 Long Outstanding Imprest

The statement of financial performance and Note 18 to the financial statements reflect Kshs.238,251,114 in respect of account receivables from non-exchange transactions which includes Kshs.2,226,940 relating to outstanding imprests that were not supported by an imprest register. Further, imprest amounting to Kshs.448,100 has been outstanding for more than ten (10) months.

In addition, cases of staff holding multiple imprests were noted in contravention to legal notice No.34 of the Public Financial Management Act, 2012.

In consequence, the authenticity and accuracy of the account receivables from non-exchange transactions of Kshs.238,251,114 could not be ascertained.

8.0 Long Outstanding Loan Advances

The statement of financial position and as disclosed in Note 18 to the financial statements for the year ended 30 June, 2020 reflected accounts receivables from non-exchange transactions balance of Kshs.238,251,114 which in turn includes Kshs.139,328,016 composed of loan advances made to Deaf Olympics of Kshs.500,000, Ministry of Youth of Kshs.107,390,843, Kenya Academy of Sports of Kshs.1,364,288, NYTA of Kshs.15,590,653, FC Talanta of Kshs.4,482,232 and Kenya Football Federation of Kshs.10,000,000. However, no documentary evidence was provided to confirm how the stated amounts were transferred to the bank accounts of the respective entities in order to qualify as debt.

Further, the terms and purpose for the loan advances have not been provided and no effort appears to have been made to pursue these debts for the last five (5) years.

Consequently, the accuracy, validity, and correctness of the accounts receivable from non-exchange transactions balance of Kshs.238,251,114 as at 30 June, 2020 could not be ascertained.

9.0 Lack of Ownership Documents for Property, Plant, and Equipment

Note 20 to the financial position reflects property, plant, and equipment balance of Kshs.189,389,194 which excluded undetermined values of land on which the International Sports Centre, Kasarani, and Nyayo National Stadium for which Management did not provide ownership documents for audit review. The information available indicates that the Management wrote a letter Ref: SK/CON/LA/15 (217) dated 14 February, 2019 through the Cabinet Secretary Sports, Culture & Heritage to the Cabinet Secretary of Lands and Physical Planning requesting the office to issue title deeds for LR. No. 22596

at Kasarani and LR No. 209/16884 at Nyayo National Stadium in the name of Sports Kenya. However, at the time of the audit, no response had been received from the Ministry.

In addition, the assets register provided for audit review revealed that it was last posted in the year 2014 and hence not updated.

In view of the foregoing, the ownership, completeness, security, and carrying values of the property, plant, and equipment balance of Kshs.189,389,194 as at 30 June, 2020 could not be confirmed.

10.0 Overstated Work in Progress

Note 21.1 reflects Kshs.34,585,249 in respect to work-in-progress relating to International Sports Academy. However, the project has since been transferred to the Kenya Academy of Sports. Management has not effected the journal entries to transfer the assets to the Kenya Academy of Sports.

Consequently, the property, plant, and equipment balance of Kshs.189,389,194 is overstated by the amount of work-in-progress of Kshs.34,585,249.

11.0 Long Outstanding Trade and Other Payables

Note 22 reflects trade and other payables from exchange transactions of Kshs.132,285,794 as at 30 June, 2020. Included in this amount is Kshs.1,126,000 being refundable deposits from tenants held by Management as a security against the tenant's noncompliance with the terms of the agreement. Review of the schedule supporting the reported amount revealed a block amount of the opening balance of Kshs.755,700 from 1 July, 2018 which was unanalyzed and unexplained. In addition, the employee obligation and pension amount of Kshs.23,414,891 were not analyzed or supported.

Further, a review of the aging analysis in support of trade and other payables balance revealed that creditors totalling Kshs.66,923,919 or 51% of the total balance had been outstanding between one (1) and eleven (11) years respectively as at 30 June, 2021. No satisfactory reason was given for the failure to settle above stated long outstanding creditors.

In view of the foregoing, it has not been possible to confirm that the trade and other payables from the exchange transactions balance of Kshs.168,017,085 are fairly stated.

12.0 Overpayment for the Provision of Consultancy Services for Feasibility Study and Development of Detailed Designs

A contract was signed on 8 January, 2015 between Sports Kenya and PKF Kenya for provision of consultancy services for feasibility study and development of detailed designs for a sum of USD 1,071,105 (Kshs.117,821,597 at the current dollar exchange rate).

Examination of the financial statements reveals that Kshs.507,617,038 has so far been paid which is Kshs.388,795,441 above the contract sum.

In the circumstances, it was not possible to confirm that the value for money has been obtained in regard to Kshs.507,617,038 as at 30 June, 2020.

13.0 Unresolved Prior Year Audit Issue on the Construction of Moi Stadium – Kisumu County

As earlier reported, the project was a partnership between Sports Kenya and the County Government of Kisumu. The project was due to be completed in the financial year 2015/2016. However, the project had not been completed by the time of audit. Management was to install the floodlights and the County Government of Kisumu was to connect the power. The total sum paid to the contractor was Kshs.15,000,000. As at the time of field inspection in February, 2021, the installation of the bulbs had still not been done and the project had stalled.

Consequently, the delays in the completion of the contractual works within the stipulated period were likely to lead to an escalation of the total cost of the project.

The audit was conducted in accordance with the International Standards of Supreme Audit Institutions (ISSAIs). I am independent of the Sports Kenya Management in accordance with ISSAI 130 on the Code of Ethics. I have fulfilled other ethical responsibilities in accordance with the ISSAI and in accordance with other ethical requirements applicable to performing audits of financial statements in Kenya. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my qualified opinion.

Key Audit Matters

Key audit matters are those matters that, in my professional judgment, are of most significance in the audit of the financial statements. There were no key audit matters to report in the year under review.

REPORT ON LAWFULNESS AND EFFECTIVENESS IN USE OF PUBLIC RESOURCES

Conclusion

As required by Article 229(6) of the Constitution, based on the audit procedures performed except for the matters described in the Basis for Conclusion on Lawfulness and Effectiveness in Use of Public Resources section of my report, I confirm that, nothing else has come to my attention to cause me to believe that public resources have not been applied lawfully and in an effective way.

Basis for Conclusion

1.0 Delayed Completion of Construction Works - Nyayo National Stadium

The Management on 18 August, 2017 entered into two (2) contracts in respect of civil works and builder's works in preparation for the CHAN football tournament at a contract sum of Kshs.206,690,139 for civil works and Kshs.325,829,431 for builder's works. Further, the Board entered into nine (9) other minor tenders of Kshs.623,851,572 which were awarded through a competitive process for works expected to be completed in a fourteen (14) weeks period.

The works were to commence on 24 August, 2017 with an expected completion date of 24 January, 2018. Audit inspection carried out in February, 2021 revealed that the contractor was still on site despite the expiry of the project performance period by over 34 months and the project works had resumed and was ongoing albeit at a slow phase.

As at 30 June, 2020, an additional amount of Kshs.390,037,292 had been paid bringing the total amount paid to Kshs.666,492,506 hence 57.4% of the total contract sum had been paid. However, the amount reported as per Note 21.2 to the financial statements is Kshs.337,389,122 as at 30 June, 2020 resulting to the variance of Kshs.52,648,170 which could not be explained.

Further, no proper explanation has been given as to why the building and civil works at the Nyayo National Stadium have not been completed and the delays are likely to lead to cost escalation.

Consequently, value for money has not been realised on this project and the delay in the completion of this project may result in cost overruns.

2.0 Cost Overruns on the Supply and Installation of Three Tracks at Kasarani Stadium and Kenyatta University Sports Field

The Local Organizing Committee (LOC) for the IAAF World Under 18 Championships on 1 March, 2017 entered into a contract through direct procurement for the supply and installation of three running tracks at Kasarani Stadium and Kenyatta University Sports Field at a contract sum of Euros.3,018,740 (approximately Kshs.344,037,489). The works were to commence on 1 March, 2017 with a completion period of 18 weeks. Further examination of records availed for audit revealed the following:

- a) The contractor was paid an advance payment of 50% of the contract sum which amounted to Euros 1,509,370 (approximately Kshs.169,200,370). This payment was not secured with a bank guarantee and exceeded the 20% allowable limit contrary to Section 147(1) of the Public Procurement and Asset Disposal Act, 2015
- b) Records provided for audit review indicate that the contractor had been paid a total of Euros.3,117,344 (approximately Kshs.355,275,143) which was Euros.98,604 (approximately Kshs.11,237,654) in excess of the contract sum. In addition, an audit

inspection of the installation of the tartan track at Kenyatta University revealed that the works had not been completed by 10 July, 2017, 54 weeks after signing the contract.

- c) Bills of quantities and completion certificates were also not provided for audit verification to confirm that works were done to specifications. In addition, a retention fee of 5% was not deducted from the contractor's payments in accordance with clause 26 of the contract to cover for defects liability period.
- d) Clause 27.1 of the contract requires the contractor to pay the Local Organizing Committee liquidated damages of Euros 136 (approximately Kshs.15,500) per week for delays in completing the works. No evidence has been produced to show that a claim had been lodged against the contractor.

A review of the matter in the year under review and a field inspection done in March, 2021 revealed that the works were still incomplete while the contractor had abandoned the site. Consequently, value for money has not been realised on this project and the delay in the completion of this project may result in cost overruns.

3.0 Irregular Award of Contract for Construction of Kipchoge Keino Stadium, Eldoret

Management awarded the contract at a contract sum of Kshs.304,204,413 on 5 January, 2016. The scope of works under this contract included construction of eastern stand concrete terrace; northern and southern stand terraces with different specifications as well as fencing; sewerage system and motor vehicle parking in addition to generator house and floodlights and underground and overhead tanks. The contract period was not clearly documented to know when the contractor was supposed to start and end works. The Management further explained verbally that the contractor suspended work on 14 September, 2020. However, a copy of the suspension letter was not availed to justify the purported suspension and how the matter was eventually resolved.

Further, documents for approved extensions of the contract period accompanied by a revised and approved program of works were not provided for audit review contrary to Section 9(e) of the Public Audit Act, 2015. Review of payment records as at 30 June, 2020 indicates that the contractor had been paid Kshs.165,808,083 while Kshs.40,763,695 though certified were pending.

In addition, in an effort to cover inadequacies relating to the first contract, the Sports Kenya Management awarded another contract to a local contractor at a sum amounting to Kshs.325,829,431 for construction of substructure of VIP stand as well as form-works; steel-fixing; electrical; plumbing and casting of the first slab including curing to achieve instructed technical specification. Audit inspection for the Phase II contract undertaken on 11 February, 2021 confirmed that the sub-structure for VIP stand was complete while other works were incomplete and the progress reports were not availed for audit review.

In the circumstances and in the absence of bid documents, technical evaluation, and duly certified contract documents, it was not possible to confirm that the award was

competitive and that the contractor was executing works within the terms and contract period.

4.0 Stalled Works at Kamariny Stadium

Management awarded a contract for the construction of the Kamariny Stadium in Elgeyo Marakwet at a contract sum of Kshs.287,837,775. Management did not provide for audit contract details such as the bid and tender documents; scope of works and progress of work reports. Examination of payment vouchers revealed that the contractor had been paid Kshs.81,590,104.

Audit inspection of the project undertaken on 11 February, 2021 revealed that the contractor was not on-site and works stalled at the preliminary level due to some dispute whose documentation was not made available for audit review. No reasons have been given for the failure to settle or terminate this contract.

Further, the overall completion status was verbally explained to be 30% and a physical inspection of the construction site revealed the following: -

- (i) French drains for the main pitch had not been completed
- (ii) Installation of irrigation systems had not started.
- (iii) Hard packing for the main pitch works had not started.
- (iv) Excavation works for the main Pavilion at the sub-base level had not been done.
- (v) Internal pitch drainage works had not been done.

Consequently, value for money has not been realised on this project and the delay in the completion of this project may result in cost overruns.

5.0 Delayed Completion of Wote Stadium

Sports Kenya awarded contract for the construction of Wote Stadium at a contract cost of Kshs.299,309,555. The works commenced on 5 January, 2017 and were expected to have been completed on 31 May, 2018. An extension of time was awarded to the contractor revising the completion date to 31 December, 2021 with a defects liability period of twelve (12) months.

The delay in completing the project was alluded to a change in the original site by Makueni County Government as the new site was noted to have topographical/geological challenges necessitating variations to stabilize the grounds. However, no documents were provided for audit review regarding the change from the original site to the current site.

Examination of a letter Ref: (A3r)/DKN/em dated 28 July, 2020 together with minutes for the site meeting held on 27 July, 2020, the consultant explained the need for variation of

foundation designs due to soil conditions at the pavilion which necessitates a foundation change. The top ground has hard marram but too soft to bear foundations at an excavation depth of 4.5m with design options being western pavilion cost estimated at Kshs.48,878,786 (16% variation of original contract sum) and eastern pavilion cost estimated at Kshs.35,499,466 (12% variation of the original contract sum).

Although additional costs were being proposed, there are risks that Wote Stadium may not meet set International Standards and as such may not be suitable for the purpose for which the project was intended; a clear indication that a feasibility study was not undertaken. Examination of payment records as at 30 June, 2020 reveals that the contractor had been paid Kshs.113,875,098.

Although it had been explained verbally that the overall completion status was 40%, an audit inspection of the project undertaken in February, 2021 revealed the following observations: -

- (i) Main Pitch Sub-base was ongoing
- (ii) French drains were completed
- (iii) Excavation works for Main Pavilion were completed
- (iv) Athletics track Hand packing was ongoing
- (v) Perimeter wall – ongoing
- (vi) Irrigation pipes were not fixed
- (vii) There were no gates, Pavilions, Retaining walls, or ablution blocks.

Consequently, value for money has not been realised on this project and the delay in the completion of this project may result in cost overruns.

6.0 Delayed Completion of Karatu Ndarugu Stadium – Gatundu

Management entered into a contract for the construction of Karatu Ndarugu Stadium in Kiambu County at a contract sum of Kshs.259,604,780. The works commenced on 3 February, 2017 and were expected to have been completed on 31 May, 2018. The scope of works involved pitch works, 6 lane track, VIP pavilion, parking, construction of ablution blocks and a perimeter wall.

Examination of payment records reveals that the contractor has been paid Kshs.102,180,206 as at 30 June, 2020. Audit inspection of the project conducted in February, 2021 revealed that the project commenced on 3 July, 2017 for eight (8) months contract period. No reasons were given for the failure to complete the project as per the terms of the contract.

Further, it has been explained verbally that the actual work done was just about 47% at a time the project ought to have been completed by 31 December, 2020. The advance payment guarantee expired on 31 December, 2020 and there appears to be no other guarantee in place and the advance money had not been fully recovered.

In addition, the pavilion was incomplete; no work done on the pitch, the perimeter wall had caved in on the eastern side of the stadium, cover grown thickets on the car park.

A physical inspection of the construction site reveals that:-

- (i) Perimeter fence was ongoing
- (ii) Athletics track works were ongoing
- (iii) Main Pitch Sub-Base complete
- (iv) Main Pavilion at Sub structure level complete

Consequently, value for money has not been realised on this project and the delay in the completion of this project may result in cost overruns.

7.0 Cost Overruns and Delayed Completion of Kinoru Stadium - Meru County

Management awarded a contract for the construction of Kinoru Stadium in Meru at the contract sum of Kshs.442,137,530. The works commenced on 5 January, 2017 and were expected to be completed on 24 August, 2017. The scope involved pitch works, sub-base for the tartan track, VIP Pavilion, water system, ablution blocks, terraces, parking, and perimeter wall.

An audit inspection of the project undertaken in February, 2021 revealed that the contract is nearly 100% complete, though not commissioned, and therefore, it was yet to be used. Further, a review of this project during financial year 2019/2020 revealed that the contractor and sub-contractors had been paid a total of Kshs.740,883,085 resulting to unexplained cost overrun of Kshs.298,745,555.

Consequently, value for money has not been realised on this project and the delay in the completion of this project may result in cost overruns.

8.0 Delayed Completion Kirubia Stadium - Tharaka Nithi County

Management awarded a contract for the construction of Kirubia Stadium to a local Construction Company at a contract sum of Kshs.274,300,000. The works commenced on 5 January, 2017 and were expected to be completed on 5 September, 2017 which was later revised to 31 May, 2018. The scope involved pitch works, 6 lack track, VIP Pavilion, water system, and ablution blocks. An audit inspection of the Stadium in September, 2019 revealed that substantial progress had been made with the overall progress of 85% realized. It is not clear why the remaining works had not been completed by the end of the contract extension in May, 2018.

Review of the contract during the 2019/2020 financial year reveals that the contractor has so far been paid Kshs.159,380,378 or 58% of the contract sum. An audit inspection of the project undertaken in February, 2021 revealed that works had been completed as per the BQs and payment certificates. Other works relating to paints were however still outstanding.

Consequently, value for money has not been realised on this project and the delay in the completion of this project may result in cost overruns.

9.0 Delayed Completion of Ruringu Stadium - Nyeri County

The Management awarded a contract for the construction of Ruringu stadium in Nyeri at a contract cost of Kshs.288,045,530. Audit inspection of the construction site undertaken in February, 2021 revealed the following observations: -

- (i) Athletics track sub-base completed and ready to have receive tartan installed.
- (ii) Pitch arena drainage complete, irrigation system installed, mixing of manure, river sand, as well as planting of grass which was noted to be ongoing.
- (iii) VIP Arena/Pavilion ground floor slab ongoing.
- (iv) Laying of curbs to separate football pitch and "D" ongoing.
- (v) The construction of the "D" was ongoing.

Further, there were no progress report provided for audit review to confirm that the overall completion status was 60 % at the time of audit. It was also not possible to determine whether the contractor was working within the contract period as the supervision team did not provide any records citing COVID 19 challenges.

Consequently, value for money has not been realised on this project and the delay in the completion of this project may result in cost overruns.

10.0 Irregular Contracted Professional Services - Legal Advisor of Government Entities

Note 11 reflects legal fees of Kshs.3,678,000 for the year ended 30 June, 2020 for various court cases in 2019/2020 incurred for payment to two law firms for representing the organization. No explanation was availed as to why Sports Kenya did not seek consent from the Attorney General to engage private legal firms as provided under Section 5 Subsection 1(a) of the Office of Attorney General Cap 49 of the Laws of Kenya.

Consequently, the Management was in breach of the law.

11.0 Repairs and Maintenance

Note 13 to the financial statements reflect Kshs.20,381,966 for the year ended 30 June, 2020 in respect to repairs and maintenance. Examination of payment records

revealed that the repairs and maintenance work worth Kshs.3,197,628 were done using cash/imprestres contrary to the provisions of the Public Legal Notice No.69 of 2020.

In the circumstances, the Management was in contravention of the law.

12.0 Unsupported Construction Works of Marsabit Stadium

The Management entered into a contract for the construction of the Marsabit Stadium at a contract cost of Kshs.295,236,215 during the 2016-2017 financial year. During the year under review, the Management made payments of Kshs.133,737,234. However, tender documents relating to the procurement for Marsabit Stadium which include original tender documents, tender opening minutes, evaluation committee reports, and procurement professional opinions were not provided for audit.

Although all documents relating to the procurement of stadia were reported to have been taken away by the Ethics and Anti-Corruption Commission (EACC) Officers to assist in investigations of alleged irregularities in the award of the tenders, no documents have been provided for audit verification.

Consequently, it has not been possible to confirm whether value for money was realised on this project.

13.0 Unsupported Legal Consultancy for Public-Private Partnership for the Construction of Three (3) Stadia

Sports Kenya on 9 September, 2015 entered into a contract under a request for proposals for public-private partnership legal advisory services for the construction of three (3) Stadia at a contract sum of Kshs.47 million which was to be undertaken on the basis of public-private partnership. According to the contract document, the consultant was to perform the services commencing on 9 September, 2015 and through to 30 June, 2015.

During the year under review, the consultant had been paid Kshs.54,520,000 an amount over and above the initial contract sum but it was noted that no private partnership had so far been entered into by the time of audit and no Stadium has been developed or initiated using a public-private partnership. Approval of the excess contract sum of Kshs.7.5 million was not provided for audit review.

In the circumstances, value for money has not been realized from the legal consultancy payments totalling Kshs.54,520,000.

14.0 Consultancy Services for Feasibility Study and Development of Detailed Designs for Three (3) Stadia

Sports Kenya on 8 January, 2015 entered into a contract with a consortium of local and international firms to offer consultancy services for feasibility study and development of detailed designs for three (3) national/international Stadiums in Nairobi, Mombasa, and Eldoret Counties at a contract price of US\$1,071,105 (approximately Kshs.110,323,860).

Further, the entire project including the feasibility study was estimated at a cost of US\$320,000,000 which was used as a basis for payment to the other consultants in the consortium.

Review of the position during the year under review indicated that the feasibility studies were completed in 2016 while the project was indicated to be at the detailed design stage. As at 30 June, 2019, the consortium had received payments totalling Kshs.537,297,227. However, there was no evidence of the feasibility study and designs being put into use four and a half years later.

In addition, although the sites for the construction of three (3) Stadiums had been identified in Nairobi, Mombasa, and Eldoret Counties, according to the Management, only one formal agreement, in the form of a Memorandum of Understanding (MoU) had been signed to initiate the process of acquiring the land.

It is therefore not clear if and when the construction of the Stadiums would be initiated and the feasibility study put into use.

In view of the foregoing, value for money was not obtained from the Kshs.537,297,227 expenditure on the feasibility study.

The audit was conducted in accordance with ISSAI 4000. The standard requires that I comply with ethical requirements and plan and perform the audit to obtain assurance about whether the activities, financial transactions and information reflected in the financial statements are in compliance, in all material respects, with the authorities that govern them. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

REPORT ON EFFECTIVENESS OF INTERNAL CONTROLS, RISK MANAGEMENT AND GOVERNANCE

Conclusion

As required by Section 7(1)(a) of the Public Audit Act, 2015, based on the audit procedures performed, I confirm that, nothing has come to my attention to cause me to believe that internal controls, risk management, and governance were not effective.

Responsibilities of Management and those Charged with Governance

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Public Sector Accounting Standards (Accrual Basis) and for maintaining effective internal control as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error and for its assessment of the effectiveness of internal control.

In preparing the financial statements, Management is responsible for assessing the Sports Kenya's ability to continue as a going concern, disclosing, as applicable, matters related to sustainability of services and using the applicable basis of accounting unless Management is aware of the intention to liquidate Sports Kenya or to cease operations.

Management is also responsible for the submission of the financial statements to the Auditor-General in accordance with the provisions of Section 47 of the Public Audit Act, 2015.

In addition to the responsibility for the preparation and presentation of the financial statements described above, Management is also responsible for ensuring that the activities, financial transactions, and information reflected in the financial statements are in compliance with the authorities which govern them, and that public resources are applied in an effective manner.

Those charged with governance are responsible for overseeing the financial reporting process, reviewing the effectiveness of how the entity monitors compliance with relevant legislative and regulatory requirements, ensuring that effective processes and systems are in place to address key roles and responsibilities in relation to governance and risk management, and ensuring the adequacy and effectiveness of the control environment.

Auditor-General's Responsibilities for the Audit

The audit objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion in accordance with the provisions of Section 48 of the Public Audit Act, 2015 and submit the audit report in compliance with Article 229(7) of the Constitution. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISSAIs will always detect a material misstatement and weakness when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Because of its inherent limitations, internal control may not prevent or detect misstatements and instances of non-compliance. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with Sports Kenya policies and procedures may deteriorate.

As part of an audit conducted in accordance with ISSAIs, I exercise professional judgement and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from

fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management.
- Conclude on the appropriateness of the Management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on Sports Kenya's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in the auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my audit report. However, future events or conditions may cause Sports Kenya to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information and business activities of the Sports Kenya to express an opinion on the financial statements.
- Perform such other procedures as I consider necessary in the circumstances.

I communicated with the Management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that are identified during the audit.

I also provide Management with a statement that I have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on my independence, and where applicable, related safeguards.

CPA Nancy Gathungu, CBS
AUDITOR-GENERAL

Nairobi

18. NOTES TO THE FINANCIAL STATEMENTS

1. GENERAL INFORMATION

Sports Kenya is established by and derives its authority and accountability from Sports Act 2013 and given the mandate to carry out functions formally performed by Sports Stadia Management board and the Department of Sports. The entity is wholly owned by the Government of Kenya and is domiciled in Kenya. The entity's principal activity is to promote co-ordinate and implement national and international sports programs, establish, manage, develop and maintain the sports facilities including convention centers, indoor sporting and recreational facilities in the country and participate in the promotion of sports tourism among others. Sports Kenya is expected to develop modern sports facilities as well as improve the existing ones.

2. STATEMENT OF COMPLIANCE AND BASIS OF PREPARATION

The financial statements have been prepared on a historical cost basis except for the measurement at re-valued amounts of certain items of property, plant and equipment, marketable securities and financial instruments at fair value, impaired assets at their estimated recoverable amounts and actuarially determined liabilities at their present value. The preparation of financial statements in conformity with International Public Sector Accounting Standards (IPSAS) allows the use of estimates and assumptions. It also requires management to exercise judgement in the process of applying Sports Kenya's accounting policies.

The financial statements have been prepared and presented in Kenya Shillings, which is the functional and reporting currency of the entity.

The financial statements have been prepared in accordance with the PFM Act, the State Corporations Act and International Public Sector Accounting Standards (IPSAS). The accounting policies adopted have been consistently applied to all the years presented.

3. ADOPTION OF NEW AND REVISED STANDARDS

i. Early adoption of standards

The entity did adopt any new or amended standards in year 2020.

3 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

a) Revenue recognition

i) Revenue from non-exchange transactions

Fees, taxes and fines

The entity recognizes revenues from fees, taxes and fines when the event occurs and the asset recognition criteria are met. To the extent that there is a related condition attached that would give rise to a liability to repay the amount, deferred income is recognized instead of revenue. Other non-exchange revenues are recognized when it is probable that the future economic benefits or service potential associated with the asset will flow to the entity and the fair value of the asset can be measured reliably.

Transfers from other government entities

Revenues from non-exchange transactions with other government entities are measured at fair value and recognized on obtaining control of the asset (cash, goods, services and property) if the transfer is free from conditions and it is probable that the economic benefits or service potential related to the asset will flow to the entity and can be measured reliably. Recurrent grants are recognized in the statement of comprehensive income. Development/capital grants are recognized in the statement of financial position and realised in the statement of comprehensive income over the useful life of the assets that has been acquired using such funds.

Dividends

Dividends or similar distributions must be recognized when the shareholder's or the entity's right to receive payments is established.

Interest income

Interest income is accrued using the effective yield method. The effective yield discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount. The method applies this yield to the principal outstanding to determine interest income each period.

NOTES TO THE FINANCIAL STATEMENTS (Continued)

4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

a) Revenue recognition (Continued)

ii) Revenue from exchange transactions

Rendering of services

The entity recognizes revenue from rendering of services by reference to the stage of completion when the outcome of the transaction can be estimated reliably. The stage of completion is measured by reference to labour hours incurred to date as a percentage of total estimated labour hours.

Where the contract outcome cannot be measured reliably, revenue is recognized only to the extent that the expenses incurred are recoverable.

Sale of goods

Revenue from the sale of goods is recognized when the significant risks and rewards of ownership have been transferred to the buyer, usually on delivery of the goods and when the amount of revenue can be measured reliably and it is probable that the economic benefits or service potential associated with the transaction will flow to the entity.

Rental income

Rental income arising from operating leases on investment properties is accounted for on a straight-line basis over the lease terms and included in revenue.

b) Budget information

The original budget for FY 2019-2020 was approved by the National Assembly. Subsequent revisions or additional appropriations were made to the approved budget in accordance with specific approvals from the appropriate authorities. The additional appropriations are added to the original budget by the entity upon receiving the respective approvals in order to conclude the final budget. Accordingly, the entity recorded additional appropriations on the FY 2019-2020 budget following the governing body's approval.

The entity's budget is prepared on a different basis to the actual income and expenditure disclosed in the financial statements. The financial statements are prepared on accrual basis using a classification based on the nature of expenses in the statement of financial performance, whereas the budget is prepared on a cash basis. The amounts in the financial statements were recast from the accrual basis to the cash basis and reclassified by presentation to be on the same basis as the approved budget. A comparison of budget and actual amounts, prepared on a comparable basis to the approved budget, is then presented in the statement of comparison of budget and actual amounts.

In addition to the Basis difference, adjustments to amounts in the financial statements are also made for differences in the formats and classification schemes adopted for the presentation of the financial statements and the approved budget.

Sports Kenya
Annual Reports and Financial Statements
For the year ended June 30, 2020

A statement to reconcile the actual amounts on a comparable basis included in the statement of comparison of budget and actual amounts and the actuals as per the statement of financial performance has been presented under section xxx of these financial statements.

NOTES TO THE FINANCIAL STATEMENTS (Continued)

4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

d) Taxes

Current income tax

Current income tax assets and liabilities for the current period are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date in the area where the Entity operates and generates taxable income. Current income tax relating to items recognized directly in net assets is recognized in net assets and not in the statement of financial performance. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognized for all taxable temporary differences, except in respect of taxable temporary differences associated with investments in controlled entities, associates and interests in joint ventures, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognized for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized, except in respect of deductible temporary differences associated with investments in controlled entities, associates and interests in joint ventures, deferred tax assets are recognized only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilized.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized. Unrecognized deferred tax assets are re-assessed at each reporting date and are recognized to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognized outside surplus or deficit is recognized outside surplus or deficit. Deferred tax items are recognized in correlation to the underlying transaction in net assets.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current income tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

NOTES TO THE FINANCIAL STATEMENTS (Continued)

4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

c) Taxes (Continued)

Sales tax

Expenses and assets are recognized net of the amount of sales tax, except:

- When the sales tax incurred on a purchase of assets or services is not recoverable from the taxation authority, in which case, the sales tax is recognized as part of the cost of acquisition of the asset or as part of the expense item, as applicable
- When receivables and payables are stated with the amount of sales tax included

The net amount of sales tax recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the statement of financial position.

e) Investment property

Investment properties are measured initially at cost, including transaction costs. The carrying amount includes the replacement cost of components of an existing investment property at the time that cost is incurred if the recognition criteria are met and excludes the costs of day-to-day maintenance of an investment property.

Investment property acquired through a non-exchange transaction is measured at its fair value at the date of acquisition. Subsequent to initial recognition, investment properties are measured using the cost model and are depreciated over a 30-year period.

Investment properties are derecognized either when they have been disposed of or when the investment property is permanently withdrawn from use and no future economic benefit or service potential is expected from its disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognized in the surplus or deficit in the period of de-recognition.

Transfers are made to or from investment property only when there is a change in use.

f) Property, plant and equipment

All property, plant and equipment are stated at cost less accumulated depreciation and impairment losses. Cost includes expenditure that is directly attributable to the acquisition of the items. When significant parts of property, plant and equipment are required to be replaced at intervals, the entity recognizes such parts as individual assets with specific useful lives and depreciates them accordingly. Likewise, when a major inspection is performed, its cost is recognized in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognized in surplus or deficit as incurred. Where an asset is acquired in a non-exchange transaction for nil or nominal consideration the asset is initially measured at its fair value.

Depreciation is calculated on reducing balance basis to write down the cost of each asset to their reducing balance over their estimated useful life as follows:

Sports Kenya
Annual Reports and Financial Statements
For the year ended June 30, 2020

Motor vehicle	-	25%
Plant & Equipment	-	37.5%
Office Equipment	-	30%
Computers	-	30%
Furniture	-	12.5%
Building	-	2%

Equipment, furniture and fittings are periodically reviewed for impairment where the carrying amount of an asset is greater than estimated recoverable amount it is written down immediately to its carrying amount. New assets are charged depreciation fully in the year of acquisition.

Gains and losses on disposal of equipment furniture and fittings are determined by reference to their carrying amount and are taken into account in determining the surplus or deficit for the year.

NOTES TO THE FINANCIAL STATEMENTS (Continued)

4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

g) Leases

Finance leases are leases that transfer substantially all of the risks and benefits incidental to ownership of the leased item to the Entity. Assets held under a finance lease are capitalized at the commencement of the lease at the fair value of the leased property or, if lower, at the present value of the future minimum lease payments. The Entity also recognizes the associated lease liability at the inception of the lease. The liability recognized is measured as the present value of the future minimum lease payments at initial recognition.

Subsequent to initial recognition, lease payments are apportioned between finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognized as finance costs in surplus or deficit.

An asset held under a finance lease is depreciated over the useful life of the asset. However, if there is no reasonable certainty that the Entity will obtain ownership of the asset by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term.

Operating leases are leases that do not transfer substantially all the risks and benefits incidental to ownership of the leased item to the Entity. Operating lease payments are recognized as an operating expense in surplus or deficit on a straight-line basis over the lease term.

h) Intangible assets

Intangible assets acquired separately are initially recognized at cost. The cost of intangible assets acquired in a non-exchange transaction is their fair value at the date of the exchange. Following initial recognition, intangible assets are carried at cost less any accumulated amortization and accumulated impairment losses. Internally generated intangible assets, excluding capitalized development costs, are not capitalized and expenditure is reflected in surplus or deficit in the period in which the expenditure is incurred.

The useful life of the intangible assets is assessed as either finite or indefinite.

i) Research and development costs

The Entity expenses research costs as incurred. Development costs on an individual project are recognized as intangible assets when the Entity can demonstrate:

- The technical feasibility of completing the asset so that the asset will be available for use or sale
- Its intention to complete and its ability to use or sell the asset
- How the asset will generate future economic benefits or service potential
- The availability of resources to complete the asset
- The ability to measure reliably the expenditure during development.

NOTES TO THE FINANCIAL STATEMENTS (Continued)

4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

h) Research and development costs (Continued)

Following initial recognition of an asset, the asset is carried at cost less any accumulated amortization and accumulated impairment losses. Amortization of the asset begins when development is complete and the asset is available for use. It is amortized over the period of expected future benefit. During the period of development, the asset is tested for impairment annually with any impairment losses recognized immediately in surplus or deficit.

j) Financial instruments

Financial assets

Initial recognition and measurement

Financial assets within the scope of IPSAS 29 Financial Instruments: Recognition and Measurement are classified as financial assets at fair value through surplus or deficit, loans and receivables, held-to-maturity investments or available-for-sale financial assets, as appropriate. The Entity determines the classification of its financial assets at initial recognition.

Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest method, less impairment. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the effective interest rate. Losses arising from impairment are recognized in the surplus or deficit.

Held-to-maturity

Non-derivative financial assets with fixed or determinable payments and fixed maturities are classified as held to maturity when the Entity has the positive intention and ability to hold it to maturity. After initial measurement, held-to-maturity investments are measured at amortized cost using the effective interest method, less impairment. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the effective interest rate. The losses arising from impairment are recognized in surplus or deficit.

Impairment of financial assets

The Entity assesses at each reporting date whether there is objective evidence that a financial asset or an entity of financial assets is impaired. A financial asset or a entity of financial assets is deemed to be impaired if, and only if, there is objective evidence of impairment as a result of one or more events that has occurred after the initial recognition of the asset (an incurred 'loss event') and that loss event has an impact on the estimated future cash flows of the financial asset or the entity of financial assets that can be reliably estimated. Evidence of impairment may include the following indicators:

NOTES TO THE FINANCIAL STATEMENTS (Continued)

4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

h) Research and development costs (Continued)

i) Financial instruments (Continued)

Financial assets (Continued)

Impairment of financial assets (Continued)

- The debtors or an entity of debtors are experiencing significant financial difficulty
- Default or delinquency in interest or principal payments
- The probability that debtors will enter bankruptcy or other financial reorganization
- Observable data indicates a measurable decrease in estimated future cash flows (e.g. changes in arrears or economic conditions that correlate with defaults)

Financial liabilities

Initial recognition and measurement

Financial liabilities within the scope of IPSAS 29 are classified as financial liabilities at fair value through surplus or deficit or loans and borrowings, as appropriate. The Entity determines the classification of its financial liabilities at initial recognition.

All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings, plus directly attributable transaction costs.

Loans and borrowing

After initial recognition, interest bearing loans and borrowings are subsequently measured at amortized cost using the effective interest method. Gains and losses are recognized in surplus or deficit when the liabilities are derecognized as well as through the effective interest method amortization process.

Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the effective interest rate.

ii) Inventories

Inventory is measured at cost upon initial recognition. To the extent that inventory was received through non-exchange transactions (for no cost or for a nominal cost), the cost of the inventory is its fair value at the date of acquisition.

Costs incurred in bringing each product to its present location and conditions are accounted for, as follows:

- Raw materials: purchase cost using the weighted average cost method
- Finished goods and work in progress: cost of direct materials and labor and a proportion of manufacturing overheads based on the normal operating capacity, but excluding borrowing costs

NOTES TO THE FINANCIAL STATEMENTS (Continued)

4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

ii) Inventories (Continued)

After initial recognition, inventory is measured at the lower of cost and net realizable value. However, to the extent that a class of inventory is distributed or deployed at no charge or for a nominal charge, that class of inventory is measured at the lower of cost and current replacement cost.

Net realizable value is the estimated selling price in the ordinary course of operations, less the estimated costs of completion and the estimated costs necessary to make the sale, exchange, or distribution.

Inventories are recognized as an expense when deployed for utilization or consumption in the ordinary course of operations of the Entity.

iii) Provisions

Provisions are recognized when the Entity has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits or service potential will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

Where the Entity expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognized as a separate asset only when the reimbursement is virtually certain.

The expense relating to any provision is presented in the statement of financial performance net of any reimbursement.

Contingent liabilities

The Entity does not recognize a contingent liability, but discloses details of any contingencies in the notes to the financial statements, unless the possibility of an outflow of resources embodying economic benefits or service potential is remote.

Contingent assets

The Entity does not recognize a contingent asset, but discloses details of a possible asset whose existence is contingent on the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Entity in the notes to the financial statements. Contingent assets are assessed continually to ensure that developments are appropriately reflected in the financial statements. If it has become virtually certain that an inflow of economic benefits or service potential will arise and the asset's value can be measured reliably, the asset and the related revenue are recognized in the financial statements of the period in which the change occurs.

NOTES TO THE FINANCIAL STATEMENTS (Continued)

4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

iv) Nature and purpose of reserves

The Entity creates and maintains reserves in terms of specific requirements.

v) Changes in accounting policies and estimates

The Entity recognizes the effects of changes in accounting policy retrospectively. The effects of changes in accounting policy are applied prospectively if retrospective application is impractical.

vi) Employee benefits

Retirement benefit plans

The Entity provides retirement benefits for its employees and directors. Defined contribution plans are post-employment benefit plans under which an entity pays fixed contributions into a separate entity (a fund), and will have no legal or constructive obligation to pay further contributions if the fund does not hold sufficient assets to pay all employee benefits relating to employee service in the current and prior periods. The contributions to fund obligations for the payment of retirement benefits are charged against income in the year in which they become payable.

Defined benefit plans are post-employment benefit plans other than defined-contribution plans. The defined benefit funds are actuarially valued tri-annually on the projected unit credit method basis. Deficits identified are recovered through lump sum payments or increased future contributions on proportional basis to all participating employers. The contributions and lump sum payments reduce the post-employment benefit obligation.

vii) Foreign currency transactions

Transactions in foreign currencies are initially accounted for at the ruling rate of exchange on the date of the transaction. Trade creditors or debtors denominated in foreign currency are reported at the statement of financial position reporting date by applying the exchange rate on that date. Exchange differences arising from the settlement of creditors, or from the reporting of creditors at rates different from those at which they were initially recorded during the period, are recognized as income or expenses in the period in which they arise.

viii) Borrowing costs

Borrowing costs are capitalized against qualifying assets as part of property, plant and equipment.

Such borrowing costs are capitalized over the period during which the asset is being acquired or constructed and borrowings have been incurred. Capitalization ceases when construction of the asset is complete. Further borrowing costs are charged to the statement of financial performance.

NOTES TO THE FINANCIAL STATEMENTS (Continued)

4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

ix) Related parties

The Entity regards a related party as a person or an entity with the ability to exert control individually or jointly, or to exercise significant influence over the Entity, or vice versa. Members of key management are regarded as related parties and comprise the directors, the CEO and senior managers.

x) Service concession arrangements

The Entity analyses all aspects of service concession arrangements that it enters into in determining the appropriate accounting treatment and disclosure requirements. In particular, where a private party contributes an asset to the arrangement, the Entity recognizes that asset when, and only when, it controls or regulates the services the operator must provide together with the asset, to whom it must provide them, and at what price. In the case of assets other than 'whole-of-life' assets, it controls, through ownership, beneficial entitlement or otherwise – any significant residual interest in the asset at the end of the arrangement. Any assets so recognized are measured at their fair value. To the extent that an asset has been recognized, the Entity also recognizes a corresponding liability, adjusted by a cash consideration paid or received.

xi) Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and cash at bank, short-term deposits on call and highly liquid investments with an original maturity of three months or less, which are readily convertible to known amounts of cash and are subject to insignificant risk of changes in value. Bank account balances include amounts held at the Central Bank of Kenya and at various commercial banks at the end of the financial year. For the purposes of these financial statements, cash and cash equivalents also include short term cash imprests and advances to authorised public officers and/or institutions which were not surrendered or accounted for at the end of the financial year.

xii) Comparative figures

Where necessary comparative figures for the previous financial year have been amended or reconfigured to conform to the required changes in presentation.

xiii) Subsequent events

There have been no events subsequent to the financial year end with a significant impact on the financial statements for the year ended June 30, 2020.

NOTES TO THE FINANCIAL STATEMENTS (Continued)

4 SIGNIFICANT JUDGMENTS AND SOURCES OF ESTIMATION UNCERTAINTY

The preparation of the Entity's financial statements in conformity with IPSAS requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the disclosure of contingent liabilities, at the end of the reporting period. However, uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of the asset or liability affected in future periods.

Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Entity based its assumptions and estimates on parameters available when the consolidated financial statements were prepared. However, existing circumstances and assumptions about future developments may change due to market changes or circumstances arising beyond the control of the Entity. Such changes are reflected in the assumptions when they occur. IPSAS 1.140

Useful lives and residual values

The useful lives and residual values of assets are assessed using the following indicators to inform potential future use and value from disposal:

- The condition of the asset based on the assessment of experts employed by the Entity
- The nature of the asset, its susceptibility and adaptability to changes in technology and processes
- The nature of the processes in which the asset is deployed
- Availability of funding to replace the asset
- Changes in the market in relation to the asset

5 SIGNIFICANT JUDGMENTS AND SOURCES OF ESTIMATION UNCERTAINTY (Continued)

Provisions

Provisions were raised and management determined an estimate based on the information available.

Provisions are measured at the management's best estimate of the expenditure required to settle the obligation at the reporting date, and are discounted to present value where the effect is material.

5 FINANCIAL RISK MANAGEMENT

The entity's activities expose it to a variety of financial risks including credit and liquidity risks and effects of changes in foreign currency. The entity's overall risk management programme focuses on unpredictability of changes in the business environment and seeks to minimise the potential adverse effect of such risks on its performance by setting acceptable levels of risk. The entity does not hedge any risks and has in place policies to ensure that credit is only extended to customers with an established credit history.

The entity's financial risk management objectives and policies are detailed below:

(i) Credit risk

The entity has exposure to credit risk, which is the risk that a counterparty will be unable to pay amounts in full when due. Credit risk arises from cash and cash equivalents, and deposits with banks, as well as trade and other receivables and available-for-sale financial investments.

Management assesses the credit quality of each customer, taking into account its financial position, past experience and other factors. Individual risk limits are set based on internal or external assessment in accordance with limits set by the directors. The amounts presented in the statement of financial position are net of allowances for doubtful receivables, estimated by the entity's management based on prior experience and their assessment of the current economic environment.

The carrying amount of financial assets recorded in the financial statements representing the entity's maximum exposure to credit risk without taking account of the value of any collateral obtained.

The customers under the fully performing category are paying their debts as they continue trading. The credit risk associated with these receivables is minimal and the allowance for uncollectible amounts that the entity has recognised in the financial statements is considered adequate to cover any potentially irrecoverable amounts.

The board of directors sets the entity's credit policies and objectives and lays down parameters within which the various aspects of credit risk management are operated.

(ii) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the entity's directors, who have built an appropriate liquidity risk management framework for the management of the entity's short, medium and long-term funding and liquidity

Sports Kenya
Annual Reports and Financial Statements
For the year ended June 30, 2020

management requirements. The entity manages liquidity risk through continuous monitoring of forecasts and actual cash flows.

(iii) Market risk

The board has put in place an internal audit function to assist it in assessing the risk faced by the entity on an on-going basis, evaluate and test the design and effectiveness of its internal accounting and operational controls.

Market risk is the risk arising from changes in market prices, such as interest rate, equity prices and foreign exchange rates which will affect the entity's income or the value of its holding of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. Overall responsibility for managing market risk rests with the Audit and Risk Management Committee.

The entity's Finance Department is responsible for the development of detailed risk management policies (subject to review and approval by Audit and Risk Management Committee) and for the day to day implementation of those policies.

There has been no change to the entity's exposure to market risks or the manner in which it manages and measures the risk.

a) Foreign currency risk

The entity has transactional currency exposures. Such exposure arises through purchases of goods and services that are done in currencies other than the local currency. Invoices denominated in foreign currencies are paid after 30 days from the date of the invoice and conversion at the time of payment is done using the prevailing exchange rate.

b) Interest rate risk

Interest rate risk is the risk that the entity's financial condition may be adversely affected as a result of changes in interest rate levels. The entity's interest rate risk arises from bank deposits. This exposes the entity to cash flow interest rate risk. The interest rate risk exposure arises mainly from interest rate movements on the entity's deposits.

Management of interest rate risk

To manage the interest rate risk, management has endeavoured to bank with institutions that offer favourable interest rates.

Sensitivity analysis

The entity analyses its interest rate exposure on a dynamic basis by conducting a sensitivity analysis. This involves determining the impact on profit or loss of defined rate shifts. The sensitivity analysis for interest rate risk assumes that all other variables, in particular foreign exchange rates, remain constant. The analysis has been performed on the same basis as the prior year.

NOTES TO THE FINANCIAL STATEMENTS (Continued)

FINANCIAL RISK MANAGEMENT (Continued)

Fair value of financial assets and liabilities (Continued)

a) Financial instruments not measured at fair value (Continued)

Disclosures of fair values of financial instruments not measured at fair value have not been made because the carrying amounts are a reasonable approximation of their fair values.

iv) Capital Risk Management

The objective of the entity's capital risk management is to safeguard the Board's ability to continue as a going concern.

6 RELATED PARTY BALANCES

Nature of related party relationships

Entities and other parties related to the entity include those parties who have ability to exercise control or exercise significant influence over its operating and financial decisions. Related parties include management personnel, their associates and close family members.

Government of Kenya

The Government of Kenya is the principal shareholder of Sports Kenya, holding 100% of the entity's equity interest. The Government of Kenya has provided full guarantees to all long-term lenders of the entity, both domestic and external. Other related parties include:

- i) The National Government;
- ii) The Parent Ministry;
- iii) Sports Arts and Social Development Fund;

NOTES TO THE FINANCIAL STATEMENTS (Continued)

7 EVENTS AFTER THE REPORTING PERIOD

There were no material adjusting and non- adjusting events after the reporting period.

8 ULTIMATE AND HOLDING ENTITY

The entity is a State Corporation/ or a Semi- Autonomous Government Agency under the Ministry of Sports Culture and Heritage. Its ultimate parent is the Government of Kenya.

9 Currency

The financial statements are presented in Kenya Shillings (Kshs).

10 Government Subsidy SASDF Transfer

Government subsidy of Kshs 80,396,649 entails funds transferred by Sports Arts and Social Development Fund to assists the board in clearing historical pending bills.

11 Parent ministry paid some utility bills on behalf of Sports Kenya.

12 Mobilization fee

The board gave mobilization of Kshs200,642,478/= to contractors at the beginning of the projects. The amount is included in the cumulative expenditure and will be recovered from the contractor's certificates before the completion of the projects.

13. Service Gratuity-Ksh 77,000,000

This relates to Service gratuity Payments owed to staff before Sports Kenya engaged a fund Administrator (Jubilee Insurance) for defined contributory scheme between 2005 to June 2011. Reconciliation is on-going to establish the correct amount for inclusion on the face of the Financials.

19. APPENDICES

APPENDIX 1: PROGRESS ON FOLLOW UP OF AUDITOR RECOMMENDATIONS

The following is the summary of issues raised by the external auditor, and management comments that were provided to the auditor. We have nominated focal persons to resolve the various issues as shown below with the associated time frame within which we expect the issues to be resolved.

Reference No. on the external audit Report	Issue / Observations from Auditor	Management comments	Focal Point person to resolve the issue (Name and designation)	Status: (Resolved / Not Resolved)	Timeframe: (Put a date when you expect the issue to be resolved)
1.	<p>1. Property, Plant and Equipment</p> <p>The statement of financial position as at 30 June 2019 reflects property, plant and equipment (PPE) balance of Kshs.132,431,455 which excludes undetermined values of land on which the International Sports Centre Kasarani and Nyayo National Stadium are built as Sports Kenya does not have ownership documents. Information available indicates that Sports Kenya wrote a letter Ref: SK/CON/LA/15 (217) dated 14 February 2019 through the Cabinet Secretary Sports, Culture & Heritage to the Cabinet Secretary of Lands and Physical Planning requesting the office to issue title deeds for LR. No. 22596 at Kasarani and LR No. 209/16884 at Nyayo National Stadium in the name of Sports Kenya. However, as at the time of audit, no response had been received from the Ministry.</p> <p>In addition, the assets register availed for audit revealed that it was last posted in year 2014 hence not up to date.</p> <p>In view of the foregoing, the ownership, completeness, security and carrying values of the property, plant and equipment balance of Kshs. 132,431,455 reflected in the statement of financial position as at 30 June 2019 could not be ascertained.</p>	<p>i) It is true that Sports Kenya is in the process of acquiring ownership documents for Kasarani and Nyayo Stadium as evidenced by the information provided to External Auditors. Sports Kenya currently has a legal officer who has been mandated to follow up on this matter. Once the ownership documents are secured, the valuation</p>	Fredrick Muema - CSMO	Not Resolved	FY 2020/21

		<p>will be done to establish the collect values to update the assets register.</p> <p>The organization has an existing asset register which supports Ks132,431,455 reported in the financial statements. However, the management is in the process of securing a comprehensive asset register for the organization in the FY 2020/2021.</p>			
2.0. 2.1.	<p>2.0. Accounts Receivables</p> <p>2.1. Trade Debtors</p> <p>The statement of financial position as at 30 June 2019 reflects receivables from exchange transactions balance of Kshs.200,697,515. Included in this balance is Kshs.159,090,220 in respect of trade debtors as disclosed under Note 14 to the financial statements. A review of the schedule provided in support of trade debtors revealed some long outstanding balances totalling Kshs.72,767,466 relating to Kenya Football Federation-Kshs.42,338,852, Kenya Rugby Football- Kshs.12,637,616, National Olympic Committee - Kshs.5,136,700 and Kenya Volleyball Federation - Kshs.12,654,298.</p> <p>Further, trade debtors balance of Kshs.159,090,220 also includes debts totalling Kshs.30,559,000 owed by two (2) media firms namely M/s Alliance Media - Kshs.11,850,000 and M/s Page signs and Graphics - Kshs.18,709,000 in respect of fees</p>	<p>Management Response</p> <p>Most of the trade debtors arose from long outstanding debts from sports federations namely; Football Kenya Federation, Kenya Football Federation, Kenya Rugby Union, Kenya Volleyball Federation and the National Olympics Committee of Kenya among others. Collecting the funds from the federations has been challenging due to lack of funds from the respective federations and their sponsors. While the board has engaged them to pay the debts it has also liaised with the Kenya Revenue Authority to work as an agency on its behalf to collect the amount owed.</p>	Japhet Kaunyu - ADF	Not Resolved	FY2020/21

	<p>due from advertising contracts which have been outstanding since 2012. Although one of the advertising firms M/s Alliance Media took the matter to court, the issue is yet to be resolved.</p> <p>In addition, no provision was made for doubtful debts as per IPSAS 15 which requires reasonable provision to be made for doubtful debts based on management's assessment of their collectability so as to reflect debtors at their fair value.</p>	<p>Sports Kenya is in the process of writing to Sports Arts and Social Development Fund informing them of the long outstanding debts owed by respective federations which should be effectively deducted from their allocations and remitted to Sports Kenya. Sports Kenya is in the process of developing credit policy that will also include provisions for bad and doubtful debts.</p>			
2.2	<p>2.2. Rent Receivable</p> <p>The receivables from exchange transactions balance of Kshs. 200,697,515 also includes rent receivables totaling Kshs. 41,607,295 which includes Kshs. 41,583,507 in respect of amounts due from tenants who vacated the rental houses between 1 July 2006 and 30 June 2019. However, no legal action had been made to recover these amounts.</p> <p>In the circumstances, the accuracy and completeness of the accounts receivables from exchange transactions balance of Kshs. 200,697,515 as at 30 June 2018 could not be confirmed.</p>	<p>Management Response</p> <p>It's true that in the receivables from exchange transactions balance of Kshs. 200,697,515 also includes rent receivables totaling Kshs. 41,607,295 from various tenants including police line, NIS Line, Line Ministries staff and individuals. The management embarked on follow up on previous and current tenants with debts by writing letters to recover rent arrears especially from public servants through their employer.</p> <p>Further we have reviewed Tenancy Agreement for the current tenants. Effective 21st March, 2018 all tenants were required to sign tenancy agreements renewable on a yearly basis</p>	Elizabeth Wekesa-Estate Officer	Not Resolved	FY2020/21

		whereby tenants are required to give full details. Renewal of the annual agreement is based on clearing of all outstanding arrears. Sports Kenya through the legal office has instituted legal proceedings against most of these defaulters.			
2.3	<p>2.3 Outstanding Imprests</p> <p>Included in the receivables from non-exchange transactions balance of Kshs.144,289,387 are outstanding imprests totalling Kshs.2,421,991 out of which Kshs.721,360, had been surrendered as at the time of audit in Jan 2020. Further, it was also observed that some officers took multiple imprests without surrendering the earlier ones. The recoverability of the imprest balance of Kshs.1,700,631 remains doubtful.</p>	<p>Management Response</p> <p>It's true that in the financial year under review there were un surrendered imprests amounting to Kshs. 2,421,991. Kshs721,360 have since been surrendered in the current year (2019/20) and Kshs 1,700,631 recovery has commenced through payroll effective January 2020. See Appendix II.</p>	Japhet Kaunyu - ADF	Resolved	
2.4	<p>2.4 Long Outstanding Loan Advances</p> <p>Note 15 to the financial statements for the year ended 30 June 2019 reflects accounts receivables from non-exchange transactions balance of Kshs.144,289,387. Included in the account receivables from non-exchange transaction is Kshs.139,328,016 being loan advances made to the Deaflympics Kshs.500,000, Ministry of youth Kshs.107,390,843, Kenya Academy of Sports Kshs.1,364,288, NYTA Kshs.15,590,653, FC Talanta Kshs.4,482,232, Kenya football Federation Kshs.10,000,000</p>	<p>Management Response</p> <p>Sports Kenya is in the process of writing to Sports Arts and Social Development Fund informing them of the long outstanding debts owed by respective debtors which will be effectively deducted from their allocations and remitted to Sports Kenya. 	<p>respectively. However, no evidence has been presented to confirm that the stated amounts were transferred to the accounts of the respective entities in order to qualify as debt. Further, the terms and purpose for the loan advances have not been provided and no effort appears to have been made to pursue these debts for the last five (6) years.</p> <p>In the circumstances, the validity of the debts totaling Kshs.139,328,016 could not be confirmed as at 30 June 2019.</p>	policy is finalized.			
3.0	<p>3.Long Outstanding Trade and Other Payables</p> <p>The statement of financial position as at 30 June 2019 reflects current liabilities balance of Kshs.214,661,616 which includes trade and other payables from exchange transaction amounting to Kshs.208,017,719. A review of the aging analysis in support of trade and other payables balance revealed that creditors totaling Kshs.178,880,552 or 86% of the total balance had been outstanding for between two (2) years and ten (10) years respectively as at 30 June 2019. Further it was noted that Sports Kenya did not accrue the outstanding certified Works despite having received certificates totaling Kshs.2,392,909,269.</p> <p>No satisfactory reason was given for the failure to settle the long outstanding creditors.</p>	<p>Management Response</p> <p>i. Sports Kenya has been experiencing financial challenges in the past in paying creditors on time because of low cash inflow due to closure of some of its facilities and inadequate funding from exchequer. Once the facilities are fully operational, Sports Kenya will be able to pay the creditors. The board has currently been able to pay</p>	Japhet Kaunyu - ADF	Resolved

	<p>Transactions</p> <p>Note 7 to the financial statements discloses purchase of water and electricity balance of Kshs. 51,872,504. Included in this balance is Kshs.33,354,287 being payment effected on behalf of Sports Kenya by the parent state department of Sports from the board's recurrent grants they had retained.</p> <p>No plausible explanation was provided as to why the parent state department of Sports retained Sport Kenya grants and continued paying for their bills.</p>	<p>It's true that during the financial year under review, Ministry of sports, culture and Heritage through State Department paid on behalf of Sports Kenya pending utility bills from the Exchequer allocation which was meant for Sports Kenya. This amount was used to reduce our utility payables. Sports Kenya continued to pay current bills for the financial year under review as reflected in financial statements.</p>	ADF		
6.0 6.1	<p>6.0 Delayed Completion of Major Stadiums and Expiry of Performance Bonds</p> <p>6.1 Indoor Sports Facility at Moi International Sport Centre-Kasarani</p> <p>Sports Kenya on 27 May 2016 entered into a contract (Tender No. SK/005/2015-2016) with M/s Nitram and Taphes Enterprises Ltd for the construction of an indoor sports facility at the Moi International Sports Centre, Kasarani at a contract sum of Kshs.31,020,776. The works commenced on 27 May 2016 with a completion period of 32 weeks within which the contractor was expected to have executed the works and carried out remedies for any defects therein.</p> <p>The indoor games facilities to be constructed included a Tennis and Badminton Court. A site inspection of the project carried out in September 2019 revealed that the works had not been completed</p>	<p>Management Response</p> <p>Construction Works for Indoor Sports Facility at Moi International Sport Centre-Kasarani has delayed in completion due to lack of funds.</p> <p>This project was to be funded by the internally generated funds, however with closure of our facilities for the last two years has affected its completion period. The Contractor is already on site and the project is at 99% completion level. The contractor is set to handover the project to the board anytime from now. The contract variation was within the accepted legal margin of below 25% of the contract sum.</p>	Gabriel Komora - DDTs	Resolved

	<p>despite expiry of the contract period and the contractor was no longer on site. As at 30 June 2019 the contractor had received payments totalling to Kshs. 37,310,673 or 120% of the total contract sum. The delayed completion of the construction works implies that the expected benefits from the project have not been realized and additional resources over and above the awarded contract sum may be required to complete the project.</p> <p>Sports Kenya risks further costs escalation and contract non-performance due to expired performance bond.</p>				
6.2	<p>6.2 Construction Works - Nyayo National Stadium</p> <p>Sports Kenya on 18 August 2017 signed two (2) contracts with M/s Lexis International Ltd in respect to civil works and builder's works in preparation for the CHAN football tournament that was to be held in Kenya in January 2018. The Tenders No.SK/004B/2017-2018 for civil works of Kshs.206,690,139 and Tender No.SK/004A/2017-2018 for builder's works of Kshs.325,829,431 among other nine (9) minor tenders of Kshs.623,851,572 were awarded through a competitive process and works were expected to be completed within a period of 14 weeks. The project carried a total contract sum of Kshs.1,156,371,142.</p> <p>The works were to commence on 24 August 2017 with an expected completion date of 24 January 2018. As at the time of the audit in January 2020 the contractor's equipment were still on site despite the expiry of the project performance period by over 22 months and the project had stalled. As at 30 June 2019 an amount of Kshs. 276,455,214 or 24%</p>	<p>Management Response</p> <p>The contract period has been extended to cover the delayed completion which was occasioned by lack of funds. The status of completion of the projects is currently at 98%. The Board has requested for funding from the Sports, Arts and Social Development Fund (SASDF) to complete this project.</p>	Gabriel Komora - DOTS	Resolved

	<p>of the total contract sum had been paid.</p> <p>No proper explanation was given as to why the building and civil works at the Nyayo National Stadium had not been completed and the delays are likely to lead to cost escalation.</p>				
6.3	<p>6.3 Moi stadium – Kisumu County</p> <p>The project was a Partnership between Sports Kenya and County Government of Kisumu. The project was due to be completed in the Financial Year 2015/2016. However, the project has not been completed to date. Sports Kenya was to install the floodlights and the County Government of Kisumu was to connect power. The total sum paid to contractor to date is Kshs 15,000,000. As at the time of field inspection in September 2019, the bulbs had not been installed and the project had stalled. Consequently, the delays in completion of the contractual works within the stipulated period was likely to lead to escalation of the total cost of the project.</p>	<p>Management Response</p> <p>The project was a Partnership between Sports Kenya and County Government of Kisumu, Sports Kenya honored its part of the bargain in the project, however, the County Government of Kisumu reneged on their part of the bargain. This has led to the contractor to seek legal redress in the court of law</p>	Gabriel Komora - DOTS	Not Resolved	
7.0 7.1	<p>7.0. Construction of Eight (8) County Stadia</p> <p>As previously reported, Sports Kenya awarded tenders for the construction of eight county stadia at a combined cost of Kshs.2,450,611,652. However, tender documents relating to the procurement of contractors for the eight (8) County Stadia Projects which include original tender documents, tender opening minutes, evaluation committee reports and procurement professional opinions were not provided for audit</p>	<p>Management Response</p> <p>The Board has requested for funding from the Sports, Arts and Social Development Fund (SASDF) to complete this project.</p>	Gabriel Komora - DOTS	Not Resolved	FY2020/21

	<p>9 March 2019 revealed that there was no noticeable pitch and track works and the site had been abandoned. It was noted that as at 30 June 2019 the contractor had been paid a total of Kshs.160,729,949 or 56% of the total contract cost while the contract performance period had expired.</p> <p>No proper explanation was given as to why the contractor had abandoned the site before completing the works.</p>				
7.2	<p>7.2 Ruringu Stadium- Nyeri County</p> <p>An audit inspection of the Stadium on 14 March 2019 revealed that the contractor was not on site and no works seemed to have been undertaken despite payments totaling Kshs. 71,191,675.35. It was also noted that the initial contract period expired on 5 September 2017 and no evidence of extension of time was availed for audit verification. As at the time of audit inspection in September 2019, the field track had already grown weeds. There were no materials or machinery on site and the project had stalled.</p> <p>In the circumstances, the propriety of the payment of Kshs. 71,191,675.35 or 25% of the contract sum could not be ascertained.</p>	<p>Management Response</p> <p>The Board has requested for funding from the Sports, Arts and Social Development Fund (SASDF) to complete this project.</p>	Gabriel Komora - DOTS	Not Resolved	FY2020/21
7.3	<p>7.3 Kinoru Stadium- Meru County</p> <p>Contract No. D113/EN/1602 for the construction of Kinoru Stadium was awarded to M/s Toddy Construction Company Limited at contract sum of Kshs.442,137,530. The works commenced on 5 January 2017 and were expected to be completed on 24 August 2017. The scope involved pitch works, sub base for tartan track,</p>	<p>Management Response</p> <p>The Board has requested for funding from the Sports, Arts and Social Development Fund (SASDF) to complete this project.</p>	Gabriel Komora - DOTS	Not Resolved	FY2020/21

	<p>commenced on 3 February 2017 and was expected to have been completed on 31 May 2018. The scope of works involved pitch works, 6 lane track, VIP pavilion, parking, construction of ablution blocks and a perimeter wall.</p> <p>An audit inspection at Karatu Ndarugu Stadium on 9 May 2019 revealed that the contractor had abandoned the site due to failure by Sports Kenya to pay for certificates of completed works. The works already done included excavation of the pitch, the installation of drainage pipes and backfilling of the main football pitch. The VIP pavilion was still at foundation level and works on the six-lane athletic track, ablution blocks and parking were yet to start. The perimeter wall had been constructed even though the gate had not been done. As at 30 June 2018 the contractor had been paid a total of Kshs. 69,580,372 or 27% of the total contract sum while the contract performance period had expired. No progress was reported in the 2018/2019 audit.</p> <p>Consequently, the delays in completion of the contractual works within the stipulated period was likely to lead to escalation of the total cost of the project.</p>

	<p>services for construction of three (3) stadiums at a contract sum of Kshs.47 million to be undertaken on the basis of Public Private Partnership (PPP). According to the contract document, the consultant was to perform the services commencing on 9 September 2015 and through to 30 June 2015.</p> <p>During the year under review, the consultant had been paid Kshs.54,520,000 an amount above the initial contract sum but it was noted that, no private partnership has so far been entered into and no stadium has been developed or initiated using Public Private Partnership. Approval of the excess contact sum of Kshs.7.5m was not availed for audit verification.</p> <p>In the circumstances, Sports Kenya and the Kenyan Public have so far not obtained value for money from the legal consultancy payments made so far totalling Kshs.54,520,000 as at 30 June 2019.</p>	<p>have been accommodated within the exchequer allocation but through Public Private Partnership. The financing models were provided by the consultant to the Board as per the terms of the contract. This is still work in progress and once approval for tendering of the EOI is given the Board will proceed to the next stage of identifying and engaging the investors.</p>			
8.2	<p>8.2. Consultancy Services for Feasibility Study and Development of Detailed Designs for Three (3) Stadia</p> <p>Sports Kenya on 8 January 2015 entered into a contract with a consortium of local and international firms to offer consultancy services for feasibility study and development of detailed designs for three (3) national/international stadiums in Nairobi, Mombasa and Eldoret Counties at a contract price of US\$1,071,105.43 or approximately Kshs.110,323,860. Further, the entire project including feasibility study was estimated at a cost of US\$320,000,000 which was used as a basis for payment to the other consultants in the consortium.</p> <p>A review of the position in the year</p>	<p>Management Response</p> <p>Sports Kenya contracted a consortium to conduct feasibility study and develop concept designs for three (3) national stadia at Nairobi, Mombasa and Eldoret. This was in line with the National Vision 2030 and government manifesto. Elaborate designs have been provided to the auditors before showing the designs that the consortium came up with. The government therefore received value for money based on terms of reference of the contract.</p>	Gabriel Komora - DDTS	Not Resolved

	<p>under review indicates that the feasibility studies were completed in 2016 while the project was stated to be at the detailed design stage. As at 30 June 2019, the consortium had received payments totaling to Kshs.537,297,227. However, there was no evidence of the feasibility study and designs being put into use four and a half (4½) years later.</p> <p>In addition, although the sites for the construction of three (3) stadiums had been identified in Nairobi, Mombasa and Eldoret Counties, according to the management, only one formal agreement in form of Memorandum of Understanding (MoU) had been signed to initiate the process of acquiring the Land.</p> <p>It is therefore not clear if and when the construction of the stadiums would be started and the feasibility study put into use.</p> <p>In view of the foregoing, Sports Kenya and the Kenyan public have not received value for money from the Kshs.537,297,227 expenditure on feasibility study as at 30 June 2019.</p>				
9.0	<p>9. Supply and Installation of Three Tracks at Kasarani Stadium and Kenyatta University Sports Field</p> <p>As previously reported the Local Organizing Committee (LOC) for the IAAF World Under 18 Championships on 1st March 2017 entered into a contract with M/S Mondo Iberica S.A through direct procurement for the supply and installation of three running tracks at Kasarani stadium and Kenyatta University sports field at a contract sum of Euros 3,018,739.89 (approximately Kshs.344,037,488.76). The works were to commence on 1 March 2017</p>	<p>Management Response</p> <p>We wish to state that:</p> <p>a) The 50% advance payments of Kshs-. 169,200,370 were done as per the contract agreement and this was meant to facilitate the manufacture, shipping, delivery and</p>	Gabriel Komora - DDTS	Not Resolved

	<p>with a completion period of 18 weeks. Further examination of records availed for audit revealed the following:</p> <p>a) M/s Mondo Iberica SA was paid an advance payment of 50% of the contract sum which amounted to Euros 1,509,369.94 (approximately Kshs.169,200,370). This payment was not secured with a bank guarantee and exceeded the 20% allowable limit contrary to Section 147(1) of the Public Procurement and Asset Disposal Act, 2015.</p> <p>b) Available records indicated M/s Mondo Iberica S.A had so far been paid a total of Euros 3,117,344.13 (approximately Kshs.355,275,143) which was Euros 98,604.24 (approximately Kshs.11,237,654.24) in excess of the contract sum. In addition, an audit inspection of the installation of the tartan track at Kenyatta University revealed that the works had not been completed by the 10th of July 2017 or by 54 weeks after signing the contract.</p> <p>c) Bills of Quantities and completion certificates were also not availed for audit verification to confirm that works were done to specifications. In addition, retention fee of 5% was not deducted from the contractor's payments in accordance with clause 26 of the contract to cover for defects liability period.</p> <p>d) Clause 27.1 of the contract requires</p>	<p>installation of the artificial turf for timely delivery of the contract. It was necessary and stipulated within the negotiated contract for 50% advance to be paid to enable timely delivery of the turf.</p> <p>b) The payment of Euros 98,604.24 (Approximately Kshs. 11,237,654.24) in excess of the contract sum was occasioned by fluctuations in the exchange rate between the Euros and the Kenya shillings. This resulted in change of values from the time of signing and actual payment. Further the installation of track at Kenyatta University was part of the legacy project for the event. This has however been adversely affected by bad weather which has occasioned the delay in its completion.</p>

	money has not been obtained and the delays to project completion may lead to unacceptable projects costs and with the slow pace of contract works and the expiry of the bank guarantee on 28 February 2018, the advance payment of Kshs.330,537,997 remains unsecured.				
11.0 11.1 11.2	<p>Other Matter</p> <p>11.0 Budget and Budgetary control</p> <p>11.1 Revenue</p> <p>Sports Kenya had budgeted receipts totalling to Kshs.1,191,519,978 but actual receipts amounted to Kshs.798,293,924 resulting to a shortfall of Kshs.393,226,054 or 33%. Failure to generate revenue as projected implies that goals and objectives of Sports Kenya were not achieved as planned.</p> <p>11.2. Expenditure</p> <p>The Sports Kenya Board had budgeted to spend Kshs. 1,191,519,978 in the financial year 2018/2019 but the actual expenditure amounted to Kshs.795,432,384 resulting in under-expenditure of Kshs.396,087,594 or 33%. The under expenditure of Kshs.396,087,594 implies that the goals and objectives of Sports Kenya were not achieved as planned and Kenyan citizens may have been denied several sports programs during the year ending 30 June 2019.</p> <p>Recommendation</p> <p>Management should provide reasons for the material differences between the budget and actual revenue and expenditures in the financial statements. The Management should</p>	<p>Management Response:</p> <p>Sports Kenya budget is normally financed from Government Exchequer grants and internally generated income (Appropriation in Aid). When the FY2018/19 budget was being made, the board was optimistic that the facilities which had been closed for renovation would be reopened on time to boost internally generated income which didn't materialized. This really negatively affected income generating streams e.g. branding and naming rights from sponsorships and partnerships. Hotel income from full closure of hotel for renovations.</p> <p>It is anticipated that Appropriation in Aid will increase in FY 2019/20 since the board has put the following measures in place to mitigate the revenue shortfall;</p>	Japhet Kaunyu - ADF	Resolved

	also ensure it conforms to the budgetary process guidelines while carrying out its activities.	<ol style="list-style-type: none"> 1. Immediate re-opening of the closed facilities 2. Maximization of lettable space especially in Nyayo Stadium 3. Enhancement of corporate sponsorships and partnerships 4. Content creation in events 5. Upscaling of fund raising and customer retention efforts 6. Marketing, promotion and PR activations 7. Rebranding of new facilities 8. Research: market share, product development <p>We expect that in FY 2019/2020 there will be minimal variance between the Actual and the budget as a result of implementation of the above measures among others.</p>
