MEMORANDUM OF OBJECTS AND REASONS**Statement of the Objects and Reasons for the Bill**

The Bill seeks to provide a legislative framework for the establishment and enforcement of a system of benefit sharing in natural resource exploitation between natural resource exploiters, the National Government, county governments and local communities and to that end provides that the Commission for Revenue Allocation oversees the same.

Statement on the delegation of legislative powers and limitation of fundamental rights and freedoms

This Bill, once enacted, would confer on the Cabinet Secretary responsible for matters relating to natural resources the power to make regulations for the purpose of bringing into effect the provisions contained in the Bill. It therefore delegates limited and conditional legislative powers. The Bill does not limit fundamental rights and freedoms.

Statement on how the Bill concerns county governments

The Bill concerns county governments in that it contains provisions that among others affect local community participation and prioritization, administration and utilization of funds within counties. The Bill therefore affects the functions and powers of county governments in terms of 110(1)(a) of the Constitution.

Statement that the Bill is not a money Bill, within the meaning of Article 114 of the Constitution

The Bill deals with matters other than those listed in the definition of a money Bill under Article 114 (3) of the Constitution and is therefore not a money Bill within the meaning of Article 114 of the Constitution.
