## CHAPTER THREE

### 3.0 ANALYSIS OF THE PROPOSED AMENDMENTS

13. The Bill in particular proposes several amendments to the Local Manufacturers (Export Compensation) Act, Cap 482, The Co-operative Societies Act, No. 12 of 1997, The Scrap Metal Act, No 1 of 2015.
14. The following is an analysis of the proposed amendments and the submissions made by various stakeholders on each of the proposed amendments:

#### 3.1 Amendments to the Local Manufacturers (Export Compensation) Act, (Cap 482)

15. The Bill seeks to amend section 10(2) of the Act by deleting the expression "Attorney-General" and substitute therefor the expression "Director of Public Prosecutions"

##### Submissions by the State Department for Industry

16. The State Department supported the amendments as they seek to harmonise the provisions of the Act with the functions of the DPP under Article 157

##### Submissions by the State Department for Trade

17. The State Department supported the amendments as they seek to harmonise the provisions of the Act with the functions of the DPP under Article 157

##### Submissions by the Office of the Director of Public Prosecutions

18. The Office of the Director of Public Prosecutions supported the amendment as it will bring the provisions of the Act into conformity with Article 157 of the Constitution.

##### Submissions by the Kenya Law Reform Commission

19. The Kenya Law Reform Commission noted that the amendment was commendable and is pursuant to Article 157 (6) (a) which provides for the State prosecutorial powers of the Director of Public Prosecutions.

##### Committee Observations

20. The committee observed that the rationale of the amendment is to align provisions concerning prosecutions for criminal offences under the Act with the provisions of Article 157 of the Constitution noting that state prosecutorial powers are constitutionally endowed upon the Director of Public Prosecutions and not the Attorney General whose office previously handled prosecutions under the old constitutional order.

#### 3.2 Amendments to the Cooperatives Societies Act, 2007

21. The Bill seeks to amend section 94(3) of the Act by deleting the expression "Attorney-General" and substitute therefor the expression "Director of Public Prosecutions"

### **Submissions by the State Department for Cooperatives**

22. The State Department supported the amendments as they seek to harmonise the provisions of the Act with the functions of the DPP under Article 157

### **Submissions by the Office of the Director of Public Prosecutions**

23. The Office of the Director of Public Prosecutions supported the amendment as it will bring the provisions of the Act into conformity with Article 157 of the Constitution.

### **Submissions by the Kenya Law Reform Commission**

24. The Kenya Law Reform Commission noted that the amendment was commendable and is pursuant to Article 157 (6) (a) which provides for the State prosecutorial powers of the Director of Public Prosecutions.

### **Committee Observations**

25. The committee observed that the rationale of the amendment is to align provisions concerning prosecutions for criminal offences under the Act with the provisions of Article 157(6) of the Constitution noting that state prosecutorial powers are constitutionally endowed upon the Director of Public Prosecutions and not the Attorney-General whose office previously handled prosecutions under the old constitutional order.

### **3.3 Amendments to the Scrap Metal Act**

26. The Bill proposes to amend the Scrap Metal Act in section 2 by inserting the following new definitions in proper alphabetical sequence—

“Authority” means the Kenya Revenue Authority established under section 3 of the Kenya Revenue Authority Act

“critical national infrastructure” means physical and virtual assets or facilities, whether owned by private or public entities which are essential to the provision of vital services to the public for their social and economic wellbeing, and which if destroyed, degraded or rendered unavailable, would impact on the social or economic wellbeing of the nation or affect the government’s ability to undertake national defence and security;

“electrical rewinder” means a person who deals in the repair or rewinding of electric motors;

“smelter” means an installation or factory for smelting metal from its ore or means a person engaged in the business of smelting”; and

“steel fabricators” means an installation or factory for the production of metal structures using a range of processes such as cutting, bending or assembling, which generates scrap metal in their processes.

### **Submissions by the State Department for Industry**

The State Department requested for the Committee to step down the amendments in favour of a more comprehensive Bill in the future

### **Submissions by the Scrap Metal Council**

27. The Scrap Metal Council requested that amendments be withdrawn to pave way for the introduction of the amendments as a comprehensive stand-alone Bill in the future.

### **Submissions by the Kenya Association of Manufacturers**

28. The Kenya Association of Manufacturers requested that amendments be withdrawn to pave way for the adequate consultation with business before their consideration.

### **Submissions by the Kenya Law Reform Commission**

29. The Kenya Law Reform Commission noted that the only proposed amendment to the Scrap Metal Act are proposed definitions to be introduced under section 2. The words are not found anywhere in the Act and neither are there substantive amendments proposed in the body of the Act. Definitions cannot stand alone and without associated substantive provisions, the amendments lack meaning.

30. There is a disarrangement of proposed amendments to the Energy Act and the Scrap Metal Act and thus the substantive amendments to support the proposed definitions appear in the Energy Act and may be moved to the Scrap Metal Act.

### **Submissions by the Adrian Kamotho Njenga & Co. Advocates**

31. The law firm was opposed to the amendments for the following reasons—

- (a) the amendments do not qualify to be in an omnibus bill and ought to be subjected to a rigorous public participation process
- (b) the amendments are in conflict with other statutes which would require amendment
- (c) similar proposals had been proposed through Scrap metal Dealers Rules (no 84 of 2022) that were rejected by the committee on Delegated Legislation
- (d) the amendments proposed to section 24 of the Scrap Metal Act run contrary to the provisions of sections 53, 163, 164, 165 of the Public Procurement and Asset Disposal Act, 2015
- (e) there is no legislative framework mandating the numerical machining complex and Kenya Shipyard complex the legal mandate to deal with scrap metal
- (f) notwithstanding the government shareholding therein the two are limited companies and should not be granted leeway to interfere with the operative mandates and dictate the asset disposal process of legally established state entities
- (g) the proposal under 1B is vague and would be difficult to implement given the subjectivity with which it is couched

### Submissions by the Consumer Federation of Kenya (COFEK)

32. The Federation was opposed to the amendments for the following reasons—

- (a) The Cabinet Secretary for Industrialization fatally erred in transmitting the impugned amendments without regard to the Scrap Metal Council (SMC) - on which the undersigned is a member and Chairperson of the Technical Committee. This move contravened provisions and especially the letter and spirit of Section 32(1) of the Act;
- (b) The Cabinet Secretary has been deliberately been mis-reading and mis-interpreting Section 7(2) of the Act "The Ministry responsible for matters relating to industrialization shall provide secretariat services to the Council" to purport to micro manage the Council in an unlawful manner so as to remove the clear provisions of being a body corporate as per Section 3(2) which states that "The Council shall be a body corporate with perpetual succession and a common seal and shall in its corporate name, be capable of ..." If there was ever a miscellaneous amendment was to delete the contradictory Section 7(2).
- (c) The Cabinet Secretary purported to remove the undersigned representative of COFEK from the Council on flimsy grounds – which included for having opposed imposition of amendments to the Act and Regulations to the Act (which were annulled *in toto* by the National Assembly in June, 2022 on the recommendation of the Committee on Delegated Legislation
- (d) That arising from Paragraph 3.3 hereinabove, the undersigned was reinstated by High Court in Nairobi and that the matters in question – both of amending the Act and annulled Regulations are actively before the Employment and Labour Relations Court in ELRC PET. No. E151/2022 of COFEK vs. Ministry of Trade and Industrialization & 4 others. It will be an act of raw breach of *subjudice* rule should the National Assembly go ahead and consider the proposed amendments before the said Petition is determined.
- (e) That the proposed amendments including terminologies, if allowed, will distort the object of the Act and render the law superfluous at the expense of selfish interests being advanced through the Cabinet Secretary for Industrialization. Examples would suffice;
- (f) Purporting to issue a special license for copper, aluminum, iron and their alloys (a mix of metal compounds) will negate the essence of separating and unbundling scrap metals. It will equally amount to double-licensing (and creating difficult- to- regulate super dealers) because there is already a standard dealer license as contemplated in the Act
- (g) Restriction of disposal of scrap metal from public agencies and offering preferential procurement to Numerical Machining Complex and Kenya Shipyard Ltd is unconstitutional on account of discrimination as at Article 27(4) and the move purports to amend the Public Procurement and Disposal Act. Using one Act (Scrap Metal Act, 2015) to purport to amend the laws that establish the Numerical Machining Complex and Kenya Shipyard Ltd is not a neat process especially via the Miscellaneous Amendment Bill
- (h) That hereinabove are highly substantive and fail the threshold of Miscellaneous Amendments as per various Authorities from with a few samples herein below-

- (i) What is the rationale for Miscellaneous Amendments? The purpose of as was observed in *Law Society of Kenya & Another (2016) e KLR*, by the five judge bench is, *'it is therefore clear that both on policy and good governance, which is one of the values and principles of governance in Article 10 of the Constitution, which values and principles form the foundation of our State and Nation as decreed in Article 4(2) of the Constitution, omnibus amendments in the form of Statute Law Miscellaneous legislations ought to be confined only to minor non-controversial and generally house-keeping amendments.*
- (ii) *'the practice in the United States of America as stated by Louis Massicotte, is varied with some states permitting omnibus bills and other restricting bills to a single issue. In a 1901 American case of Commonwealth vs. Barnett (199 US. 161) the court stated that: "Bills, popularly called omnibus bills, became a crying evil, not only from the confusion and distraction of the legislative mind by the jumbling together of incongruous subjects, but still more by the facility they afforded to corrupt combinations of minorities with different interests to force the passage of bills with provisions which could never succeed if they stood on their separate merits".*

### Committee Observations

33. The amendments proposed are new definitions under section 2. These terminologies proposed in the Bill to be inserted as amendments are neither used anywhere in the Scrap Metal Act nor are they proposed to be included within the body of the Act.
34. It is however observed that the substantive provisions to support the words that are proposed to be defined fall within the amendments that are erroneously appearing under the Energy Act. It is proposed by KLRC that the said erroneously be moved from the Energy Act to the amendments under the Scrap Metal Act.
35. As regards the proposal by KLRC, it is observed that such an action may trigger a question of whether the Committee/ National Assembly will have conducted *meaningful* public participation and also whether the same would be admissible under the provisions of standing order 133. This is for the reason that what has been subjected to public participation under the Scrap Metal Act is with regard to the proposed new definitions only. An interested stakeholder or ordinary citizen may be unaware that the proposals concerning Scrap Metal erroneously appeared under the amendments to the Energy Act and may not have had opportunity to give views on the same. In this respect also, court jurisprudence on the above issue indicates that new provisions introduced at the committee stage having not been subjected to public participation have been declared as unconstitutional on that material anomaly (want of meaningful public participation).
36. Further, the Committee observed the new amendments proposed by stakeholders, particularly by the State Department for Industry, are inadmissible as they expand the subject of the Bill contrary to Standing Order 133(5). The Principal Secretary indeed confirmed that the Ministry would require more time for stakeholder engagement and to reintroduce the amendments as a stand-alone amendment bill.

37. The committee observed that the other stakeholders who had presented submissions were particularly opposed to the amendments and the Committee therefore concurred with the proposal by the Ministry and the Scrap Metal Council and proposes to delete the amendments to pave way for the introduction of the amendments in a comprehensive amendment Bill to the Scrap Metal Act.

## CHAPTER FOUR

### 4.0 COMMITTEE OBSERVATIONS

38. Having considered the proposed amendments, the Committee observed **THAT**:

#### **The Local Manufactures (Export compensation) Act**

- (1) The amendment to section 10 is required as it will bring the provisions of the Act into conformity with Article 157 of the Constitution on the powers of the Director of Public Prosecutions.

#### **The Cooperative Societies Act**

- (2) The amendment to section 94(3) is required as it will bring the provisions of the Act into conformity with Article 157 of the Constitution on the powers of the Director of Public Prosecutions.

#### **The Scrap Metal Act**

- (3) The amendment to section 2 be rejected since the proposed words to be defined are not found within the body of the Act. There are no further amendments proposed to the body of the Act hence the proposed amendments ought to be rejected for the reason that definitions cannot stand alone and without associated substantive provisions, they amendments lack meaning.

## CHAPTER FIVE

### COMMITTEE RECOMMENDATIONS

39. Pursuant to Standing Order 127, the Committee recommends:

- (a) **THAT** the proposed amendment to section 10(2) of the **Local Manufactures (Export compensation) Act** be proceeded with as proposed;
- (b) **THAT** the proposed amendment to section 94(3) of the **Cooperative Societies Act** be proceeded with as proposed;
- (c) **THAT** with respect to amendments to the **Scrap Metal Act**, the Schedule to the Bill be amended by deleting the proposed amendment to section 2

The Office of the Director of Public Prosecutions supported the amendment as it will bring the provisions of the Act into conformity with Article 157 of the Constitution.

### **Submissions by the Kenya Law Reform Commission**

The Kenya Law Reform Commission noted that the amendment was commendable and is pursuant to Article 157 (6) (a) which provides for the State prosecutorial powers of the Director of Public Prosecutions.

### **Committee Observations**

The committee observed that the rationale of the amendment is to align provisions concerning prosecutions for criminal offences under the Act with the provisions of Article 157 of the Constitution noting that state prosecutorial powers are constitutionally endowed upon the Director of Public Prosecutions and not the Attorney General whose office previously handled prosecutions under the old constitutional order.

### **AMENDMENTS TO THE COOPERATIVES SOCIETIES ACT, 2007**

The Bill seeks to amend section 94(3) of the Act by deleting the expression "Attorney-General" and substitute therefor the expression "Director of Public Prosecutions"

### **Submissions by the State Department for Cooperatives**

The State Department supported the amendments as they seek to harmonise the provisions of the Act with the functions of the DPP under Article 157

### **Submissions by the Office of the Director of Public Prosecutions**

The Office of the Director of Public Prosecutions supported the amendment as it will bring the provisions of the Act into conformity with Article 157 of the Constitution.

### **Submissions by the Kenya Law Reform Commission**

The Kenya Law Reform Commission noted that the amendment was commendable and is pursuant to Article 157 (6) (a) which provides for the State prosecutorial powers of the Director of Public Prosecutions.

### **Committee Observations**

The committee observed that the rationale of the amendment is to align provisions concerning prosecutions for criminal offences under the Act with the provisions of Article 157(6) of the Constitution noting that state prosecutorial powers are constitutionally endowed upon the Director of Public Prosecutions and not the Attorney-General whose office previously handled prosecutions under the old constitutional order.

### **Amendments to the Scrap Metal Act**

The Bill proposes to amend the Scrap Metal Act in section 2 by inserting the following new definitions in proper alphabetical sequence—

“Authority” means the Kenya Revenue Authority established under section 3 of the Kenya Revenue Authority Act

“critical national infrastructure” means physical and virtual assets or facilities, whether owned by private or public entities which are essential to the provision of vital services to the public for their social and economic wellbeing, and which if destroyed, degraded or rendered unavailable, would impact on the social or economic wellbeing of the nation or affect the government’s ability to undertake national defence and security;

“electrical rewinder” means a person who deals in the repair or rewinding of electric motors;

“smelter” means an installation or factory for smelting metal from its ore or means a person engaged in the business of smelting”; and

“steel fabricators” means an installation or factory for the production of metal structures using a range of processes such as cutting, bending or assembling, which generates scrap metal in their processes.

#### **Submissions by the State Department for Industry**

The State Department requested for the Committee to step down the amendments in favour of a more comprehensive Bill in the future

#### **Submissions by the Scrap Metal Council**

The Scrap Metal Council requested that amendments be withdrawn to pave way for the introduction of the amendments as a comprehensive stand-alone Bill in the future.

#### **Submissions by the Kenya Association of Manufacturers**

The Kenya Association of Manufacturers requested that amendments be withdrawn to pave way for the adequate consultation with business before their consideration.

#### **Submissions by the Kenya Law Reform Commission**

The Kenya Law Reform Commission noted that the only proposed amendment to the Scrap Metal Act are proposed definitions to be introduced under section 2. The words are not found anywhere in the Act and neither are there substantive amendments proposed in the body of the Act. Definitions cannot stand alone and without associated substantive provisions, the amendments lack meaning.

There is a disarrangement of proposed amendments to the Energy Act and the Scrap Metal Act and thus the substantive amendments to support the proposed definitions appear in the Energy Act and may be moved to the Scrap Metal Act.

#### **Other written submission considered by the Committee**

##### **Submission Submissions by the Adrian Kamotho Njenga & Co. Advocates**

The law firm was opposed to the amendments for the following reasons—

- (a) the amendments do not qualify to be in an omnibus bill and ought to be subjected to a rigorous public participation process
- (b) the amendments are in conflict with other statutes which would require amendment
- (c) similar proposals had been proposed through Scrap metal Dealers Rules (no 84 of 2022) that were rejected by the committee on Delegated Legislation
- (d) the amendments proposed to section 24 of the Scrap Metal Act run contrary to the provisions of sections 53, 163, 164, 165 of the Public Procurement and Asset Disposal Act, 2015
- (e) there is no legislative framework mandating the numerical machining complex and Kenya Shipyard complex the legal mandate to deal with scrap metal
- (f) notwithstanding the government shareholding therein the two are limited companies and should not be granted leeway to interfere with the operative mandates and dictate the asset disposal process of legally established state entities
- (g) the proposal under 1B is vague and would be difficult to implement given the subjectivity with which it is couched

### **Submissions by the Consumer Federation of Kenya (COFEK)**

The Federation was opposed to the amendments for the following reasons—

- (a) The Cabinet Secretary for Industrialization fatally erred in transmitting the impugned amendments without regard to the Scrap Metal Council (SMC) - on which the undersigned is a member and Chairperson of the Technical Committee. This move contravened provisions and especially the letter and spirit of Section 32(1) of the Act;
- (b) The Cabinet Secretary has been deliberately been mis-reading and mis-interpreting Section 7(2) of the Act “The Ministry responsible for matters relating to industrialization shall provide secretariat services to the Council” to purport to micro manage the Council in an unlawful manner so as to remove the clear provisions of being a body corporate as per Section 3(2) which states that “The Council shall be a body corporate with perpetual succession and a common seal and shall in its corporate name, be capable of ...” If there was ever a miscellaneous amendment was to delete the contradictory Section 7(2).
- (c) The Cabinet Secretary purported to remove the undersigned representative of COFEK from the Council on flimsy grounds – which included for having opposed imposition of amendments to the Act and Regulations to the Act (which were annulled *in toto* by the National Assembly in June, 2022 on the recommendation of the Committee on Delegated Legislation
- (d) That arising from Paragraph 3.3 hereinabove, the undersigned was reinstated by High Court in Nairobi and that the matters in question – both of amending the Act and annulled Regulations are actively before the Employment and Labour Relations Court in ELRC PET. No. E151/2022 of COFEK vs. Ministry of Trade and Industrialization & 4 others. It will be an act of raw breach of *subjudice* rule should the National Assembly go ahead and consider the proposed amendments before the said Petition is determined.
- (e) That the proposed amendments including terminologies, if allowed, will distort the object of the Act and render the law superfluous at the expense of selfish interests being advanced through the Cabinet Secretary for Industrialization. Examples would suffice;

- (f) Purporting to issue a special license for copper, aluminum, iron and their alloys (a mix of metal compounds) will negate the essence of separating and unbundling scrap metals. It will equally amount to double-licensing (and creating difficult- to- regulate super dealers) because there is already a standard dealer license as contemplated in the Act
- (g) Restriction of disposal of scrap metal from public agencies and offering preferential procurement to Numerical Machining Complex and Kenya Shipyard Ltd is unconstitutional on account of discrimination as at Article 27(4) and the move purports to amend the Public Procurement and Disposal Act. Using one Act (Scrap Metal Act, 2015) to purport to amend the laws that establish the Numerical Machining Complex and Kenya Shipyard Ltd is not a neat process especially via the Miscellaneous Amendment Bill
- (h) That hereinabove are highly substantive and fail the threshold of Miscellaneous Amendments as per various Authorities from with a few samples herein below-
  - (i) What is the rationale for Miscellaneous Amendments? The purpose of as was observed in *Law Society of Kenya & Another (2016) e KLR*, by the five judge bench is, *‘it is therefore clear that both on policy and good governance, which is one of the values and principles of governance in Article 10 of the Constitution, which values and principles form the foundation of our State and Nation as decreed in Article 4(2) of the Constitution, omnibus amendments in the form of Statute Law Miscellaneous legislations ought to be confined only to minor non-controversial and generally house-keeping amendments.*
  - (ii) *‘the practice in the United States of America as stated by Louis Massicotte, is varied with some states permitting omnibus bills and other restricting bills to a single issue. In a 1901 American case of Commonwealth vs. Barnett (199 US. 161) the court stated that: “Bills, popularly called omnibus bills, became a crying evil, not only from the confusion and distraction of the legislative mind by the jumbling together of incongruous subjects, but still more by the facility they afforded to corrupt combinations of minorities with different interests to force the passage of bills with provisions which could never succeed if they stood on their separate merits”.*

### Committee Observations

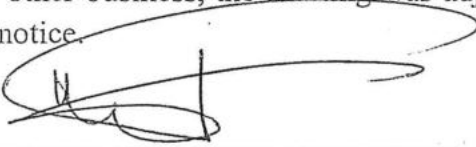

1. The amendments proposed are new definitions under section 2. These terminologies proposed in the Bill to be inserted as amendments are neither used anywhere in the Scrap Metal Act nor are they proposed to be included within the body of the Act.
2. It is however observed that the substantive provisions to support the words that are proposed to be defined fall within the amendments that are erroneously appearing under the Energy Act. It is proposed by KLRC that the said erroneously be moved from the Energy Act to the amendments under the Scrap Metal Act.
3. As regards the proposal by KLRC, it is observed that such an action may trigger a question of whether the Committee/ National Assembly will have conducted *meaningful* public participation and also whether the same would be admissible under the provisions of standing

order 133. This is for the reason that what has been subjected to public participation under the Scrap Metal Act is with regard to the proposed new definitions only. An interested stakeholder or ordinary citizen may be unaware that the proposals concerning Scrap Metal erroneously appeared under the amendments to the Energy Act and may not have had opportunity to give views on the same. In this respect also, court jurisprudence on the above issue indicates that new provisions introduced at the committee stage having not been subjected to public participation have been declared as unconstitutional on that material anomaly (want of meaningful public participation).

4. Further, the Committee observed the new amendments proposed by stakeholders, particularly by the State Department for Industry, are inadmissible as they expand the subject of the Bill contrary to Standing Order 133(5). The Principal Secretary indeed confirmed that the Ministry would require more time for stakeholder engagement and to reintroduce the amendments as a stand-alone amendment bill.
5. The committee observed that the other stakeholders who had presented submissions were particularly opposed to the amendments and the Committee therefore concurred with the proposal by the Ministry and the Scrap Metal Council and proposes to delete the amendments to pave way for the introduction of the amendments in a comprehensive amendment Bill to the Scrap Metal Act.

BILL (NATIONAL ASSEMBLY BILL NO.60 OF 2022) ON THE COOPERATIVE SOCIETIES  
ACT, OF 1997 (NO. 12 OF 1997)**

The Departmental Committee on Trade, Industry and Cooperatives is established under National Assembly Standing Order 216 which amongst others mandates it to "*study and review all legislation referred to it*".

The Statute Law (Miscellaneous Amendments) Bill (National Assembly Bill No.60 of 2022) on the Cooperative Societies Act, of 1997 (No 12 of 1997) (copy of which is forwarded

herewith) was Read a First Time on Thursday 8<sup>th</sup> December, 2022 and referred to the Departmental Committee on Trade, Industry and Cooperatives for consideration and reporting to the House. Article 118(1) (b) of the Constitution of Kenya and Standing Order 127(3) require Parliament to facilitate public participation and involvement of the public in the conduct of its business and that of its Committees.

The Bill seeks to amend the Act in order to harmonize its provisions with the functions of the Director of Public Prosecutions under Article 157 of the Constitution.

The Committee has identified your organization as a key stakeholder in consideration of the Bill. The purpose of this letter is to seek your views on the proposed amendments to the Cooperative Societies Act, of 1997 (No 12 of 1997). In view of short timelines within which the Committee is required to consider the Bill and report to the House, it will be appreciated if your views reach the Office of the Clerk of the National Assembly, First Floor, Main Parliament Building not later than **Friday, 13<sup>th</sup> January, 2023**. Soft copies of the representations may be emailed to [cna@parliament.go.ke](mailto:cna@parliament.go.ke).

## THE KLRC COMMENTS ON THE STATUTE LAW (MISCELLANEOUS AMENDMENTS) BILL, 2022

### I. INTRODUCTION

This memorandum is issued in furtherance of the Kenya Law Reform Commission's mandate under section 6 of the Kenya Law Reform Commission Act, No. 19 of 2013, to keep under review all the law and recommend its reform to ensure, among others, that the law systematically develops in compliance with the values and principles enshrined in the Constitution and that the law is consistent, harmonized, just, simple, accessible, modern and cost-effective in application.

The Kenya Law Reform Commission (KLRC) is in receipt of a letter from the National Assembly dated 20 December 2022 (ref: NA/DDC/JLAC/2022/010) seeking its comments on the Statute Law (Miscellaneous Amendments) Bill, 2022, National Assembly Bill, No. 60 of 2022. The Bill seeks to "amend various statutes in keeping with the practice of making minor amendments which do not merit the publication of several separate Bills". The National Assembly has sought KLRC's comments on the Bills under the purview of the Departmental Committee on Justice and Legal Affairs.

Against this background and pursuant to the KLRC's mandate, KLRC has undertaken an analysis of the relevant Bills as set out below.

		37(6)			
		62(5)			
		62(6)	<p>(6A) Notwithstanding the provisions of any other law, where a state officer is under investigation for, or has been charged with corruption or economic crime, the Commission may, by an <i>ex parte</i> application in the High Court, seek for an order barring the officer from accessing his or her office or exercising the powers of that office including participating in decision making, voting and supervising staff.</p> <p>(6B) The provisions of subsection (6A) shall apply where the Commission upon preliminary investigations has established grounds to reasonably suspect that the public or state officer is likely to—</p> <p>(a) conceal, alter, destroy, or remove</p>	<p>No objection to the proposed amendment. However, consider including the expression "public officer" in subsection (6A) as has been proposed in subsection (6B).</p>	<p>This offence should apply to both State and public officers. In addition, the proposed amendment is in line with the Court of Appeal decision in the case of <i>Moses Kasaine Lenolkulal vs Republic</i>, Criminal Appeal No. 109 of 2019.</p>

			<p>records, documents or other evidence;</p> <p>(b) intimidate, threaten or otherwise interfere with witnesses; or</p> <p>(c) interfere with investigations in any other manner.</p>		
15.	Sexual Offences Act (No. 3 of 2006)	40	Deleting the expression "Attorney-General" and substituting therefore the expression "Director of Public Prosecutions".	No objection to the proposed amendment.	The proposed amendment would align the Act to Article 157 of the Constitution.
16.	International Crimes Act (No. 16 of 2008)		Deleting the expression "Attorney-General" and substituting therefore the expression "Director of Public Prosecutions".	No objection to the proposed amendment.	The proposed amendment would align the Act to Article 157 of the Constitution.
17.	Leadership and Integrity Act, 2012 (No. 19 of 2012)	12A.	New subsections to mandate the EACC vet all the shortlisted candidates.	Considering the number of requests that the EACC may receive from the various public entities, it would be prudent for the Commission to be mandated to vet only those who are considered for appointment, that is, those who have undergone the interview process.	This would save the EACC time and money.
18.	The Kenya Law Reform Commission Act (No. 19 of 2013)			Although the National Assembly's letter dated 20 December 2022 (ref: NA/DDC/JLAC/2022/010) and the Memorandum to the Public indicates that the Statute Law (Miscellaneous Amendment) Bill, 2022, seeks to amend the Kenya Law Reform Commission	

				<p>Act to provide for clarifications on the attendance of the <i>ex officio</i> members at the Commission meeting, the Bill does not contain any proposed amendments.</p> <p>Further, the Kenya Law Reform Commission Act is erroneously cited as Act, No. 35 of 2013 instead of No. 19 of 2013.</p>	
19.	Bribery Act (No. 47 of 2016)	1.	Delete the expression "Bribery Act" and substitute "Anti-Bribery Act".	No objection to the proposed amendment.	The proposed amendment describes what the Act is about and avoids any misrepresentation.
		5.	Delete the word "who" and substitute therefore the word "if the person offering, promising or giving knows".	The word "who" appears in both subsection (1) and (2), hence there is need for clarity on where the phrase "if the person offering, promising or giving knows" is to be inserted.	This will clarify the provision.

Dear Mr. Samuel,

RE: CONSIDERATION OF THE STATUTE LAW MISCELLANEOUS  
AMENDMENTS BILL (NATIONAL ASSEMBLY BILL NO.60 OF 2022)  
ON THE SCRAP METAL ACT NO.1 OF 2015

Reference is made to your letter NA/DDC/TRADE/2022/012 dated  
21<sup>st</sup> December 2022 on the above-mentioned matter.

The Amendment of the Act is very important as it operationalizes  
the Scrap Metal Council, facilitates businesses in this sector,  
ensures price of steel products are controlled due to local smelting  
of scrap metal into other products and reduces the foreign  
exchange which might have been used by the Country if all steel  
products are imported.

Find attached matrix and presentation indicating the proposed amendments.

The Ministry therefore requests for your support in this matter as it offers continuity of business in this sector especially the small businesses who are "hustlers" and are not properly supported by the current Act.

Kindly find attached matrix on amendments documents for your information and necessary action.

Yours Sincerely,

**The Ministry had intended to use the drafted guidelines to open up the sector the meeting of stakeholders held on 16<sup>th</sup> March 2022 decided to go the legal route.**

**The Attorney General as they were sharing the draft Scrap Metal Rules advised that the other input from Stakeholders need to be submitted as draft amendments to the Act and further advised that the amendments be included in the Miscellaneous Amendment Bill, 2022 due to its urgency.**

Dear Sir/Madam,

**MEMORANDUM ON THE STATUTE LAW (MISCELLANEOUS AMENDMENTS)  
BILL (NATIONAL ASSEMBLY BILL NO. 60 OF 2022: OBJECTION TO  
AMENDMENTS TO THE SCRAP METAL ACT, 2015 (NO. 1 OF 2015)**

## **1. INTRODUCTION**

Receive warmest compliments from our firm of advocates. We acknowledge with profound gratitude, the phenomenal transformation across the country triggered by the legislative foresight of the National Assembly. In response to the call for representations on the Statute Law (Miscellaneous Amendments) Bill (National Assembly Bill No. 60 of 2022, may it please the August House, to consider this brief memorandum which summarizes our position in respect to the aforesaid Bill.

## **2. POLICY GROUNDING OF THE BILL**

In our perspective, the Statute Law (Miscellaneous Amendments) Bill (National Assembly Bill No. 60 of 2022 is anchored on the practice of making various amendments which do not merit the publication of separate Bills and consolidating them into one omnibus Bill.

## **3. AMENDMENTS TO THE SCRAP METAL ACT, 2015 (NO. 1 OF 2015)**

Foremost, the proposed amendments to the Scrap Metal Act, 2015 are gross and would not qualify to be boarded into an omnibus bill. The same would require to be subjected to a rigorous public participation process. Secondly, the amendments are excessively in conflict with other existing statutes which would equally require to be amended if the proposed amendments were to be legally sustainable. Quite significantly, were the

amendments to be enacted they would completely cripple the Scrap Metal sector owing to their over-regulative character.

It is noteworthy that similar regulatory proposals that had been cunningly sneaked in through the Scrap Metal Dealers Rules, 2022 (Legal Notice No. 84 of 2022), were wholesomely rejected by the Committee on Delegated Legislation in its report tabled and adopted by the House on 8<sup>th</sup> June 2022. It would therefore be a travesty to countenance provisions that have previously been found wanting and rejected, by merely clothing them differently and placing them in an omnibus bill.

Among other shortcomings, the proposed amendments are offensive to the established legal order in that Statute Law (Miscellaneous Amendments) Bill (National Assembly Bill No. 60 of 2022, proposes to amend section 24 of the Scrap Metal Act, 2015 by introducing the following provisions:

*(1A) A state entity responsible for critical national infrastructure shall dispose scrap metal from critical national infrastructure to the Numerical Machining Complex and the Kenya Shipyard Limited for smelting into billets.*

*(1B) Where there is inadequate capacity at the Numerical Machining Complex and Kenya Shipyard Limited, the respective state entity through a written consent from the Numerical Machining Complex and the Kenya Shipyard Limited, shall seek approval from the Council to partner with a local smelter directly without involving a broker.*

The above amendments proposed to section 24 of the Scrap Metal Act, 2015 are untenable on among others the following grounds:

- i. The amendments run counter to the express stipulates of sections 53, 163, 164, 165 of the Public Procurement and Asset Disposal Act, 2015.
- ii. There is no legislative framework conferring the requisite mandate to both the Numerical Machining Complex and the Kenya Shipyard Limited, the legal mandate to deal with scrap metal.
- iii. In any event, notwithstanding the government shareholding therein, the Numerical Machining Complex and the Kenya Shipyard Limited are limited companies and cannot be granted leeway to interfere with the operative mandates and to dictate the asset disposal process of legally established state entities.

- iv. Amendment 1B is excruciatingly vague and would be difficult to implement given the subjectivity with which it is couched.

#### **4. CONCLUSION**

Kenya legitimately prides itself as being a business friendly destination. The proposed amendments to the Scrap Metal Act, 2015 fundamentally set the stage for turbulence in the scrap metal sector with the risk of clawing back the gains and potentially triggering black market trade. Accordingly, we respectfully urge the Honorable House to drop all the proposed amendments to the Scrap Metal Act, 2015, pending suitable consultations with the public and more so the industry stakeholders.

Confident of Parliament's unwavering commitment to legislate for posterity, we assure you of our highest regards and look forward to your continued partnership in fostering the growth of our nation.

Yours faithfully,

For: Adrian Kamotho Njenga & Co. Advocates,

Dr. Adrian Kamotho Njenga, PhD

Dear Sir,

## **RE: OBJECTIONS AGAINST SCRAP METAL ACT, 2015 AMENDMENTS**

The abovementioned subject matter and the Scrap Metal Act, 2015 proposed amendments as contained within the Miscellaneous Amendments Bill, 2022 refers.

### **1.0 ABOUT COFEK:**

The Consumers Federation of Kenya (Cofek) is Kenya's independent, self-funded, multi-sectorial, non-political and apex non-profit Federation committed to consumer protection, education, research, consultancy, litigation, anti-counterfeits campaign and business rating on consumerism and customer-care issues.

The Federation was registered on March 26, 2010. Cofek works towards a fair, just and safe marketplace for all Kenyan and regional consumers in all sectors of the economy.

Cofek is a founder Chair of the Government-run Kenya Consumer Protection Advisory Committee (Kecopac). Our mandate is drawn from Article 46 of the Constitution of Kenya 2010, the Consumer Protection Act, 2012 and the Competition Act, Cap 504 among other statutes. The legal framework provides high thresholds for consumer protection in all spheres and for both private and public sectors.

### **2.0 LOCUS STANDI**

By dint of Section 4(f)(v) of the Scrap Metal Act, 2015 Cofek is a member of the Scrap Metal Council as established under Section 3 of the Act. Section 32(1): *the Cabinet Secretary may on the recommendation of the Council make rules regulations for the better carrying out of this Act.*

### 3.0 RATIONALE FOR OBJECTION

Cofek wishes to object all proposed amendments to the Scrap Metal Act, 2015 on account of the following;

3.1 The Cabinet Secretary for Industrialization fatally erred in transmitting the impugned amendments without regard to the Scrap Metal Council (SMC) - on which the undersigned is a member and Chairperson of the Technical Committee. This move contravened provisions and especially the letter and spirit of Section 32(1) of the Act

3.2 The Cabinet Secretary has been deliberately been mis-reading and mis-interpreting Section 7(2) of the Act *"The Ministry responsible for matters relating to industrialization shall provide secretariat services to the Council"* to purport to micro-manage the Council in an unlawful manner so as to remove the clear provisions of being a body corporate as per Section 3(2) which states that *"The Council shall be a body corporate with perpetual succession and a common seal and shall in its corporate name, be capable of ..."* If there was ever a Miscellaneous amendment was to delete the contradictory Section 7(2).

3.3 The Cabinet Secretary purported to remove the undersigned representative of Cofek from the Council on flimsy grounds – which included for having opposed imposition of Amendments to the Act and Regulations to the Act (which were annulled in toto by the National Assembly in June, 2022 on the recommendation of the Committee on Delegated Legislation

3.4 That arising from Paragraph 3.3 hereinabove, the undersigned was reinstated by High Court in Nairobi and that the matters in question – both of amending the Act and annulled Regulations are actively before the Employment and Labour Relations Court in ELRC PET. No. E151/2022 of COFEK vs Ministry of Trade and Industrialization & 4 others. It will be an act of raw breach of **subjudice** rule should the National Assembly go ahead and consider the proposed amendments before the said Petition is determined.

3.5 That the proposed amendments including terminologies, if allowed, will distort the object of the Act and render the law superfluous at the expense of selfish interests being advanced through the Cabinet Secretary for Industrialization. Examples would suffice;

3.5.1 Purporting to issue a **special license** for copper, aluminium, iron and their alloys (a mix of metal compounds) will negate the essence of separating and unbundling scrap metals. It will equally amount to **double-licensing** (and creating difficult- to- regulate super dealers) because there is already a standard dealer license as contemplated in the Act

3.5.2 **Restriction of disposal** of scrap metal from public agencies and offering preferential procurement to Numerical Machining Complex and Kenya Shipyard Ltd is unconstitutional on account of discrimination as at Article 27(4) and the move purports to amend the Public Procurement and Disposal Act. Using one act (Scrap Metal Act, 2015) to purport to amend the laws that establish the Numerical Machining Complex and Kenya Shipyard Ltd is not a neat process especially via the Miscellaneous Amendment Bill

3.5.3 That Paragraphs 3.5.1 and 3.5.2 hereinabove are highly **substantive and fail the threshold of Miscellaneous Amendments** as per various Authorities from with a few samples herebelow

3.5.3.1 What is the rationale for Miscellaneous Amendments? The purpose of as was observed in *Law Society of Kenya & Another (2016) e KLR*, by the five judge bench is, *"it is therefore clear that both on policy and good governance, which is one of the values and principles of governance in Article 10 of the Constitution, which values and principles form the foundation of our State and Nation as decreed in Article 4(2) of the Constitution, omnibus amendments in the form of Statute Law Miscellaneous legislations ought to be confined only to minor non-controversial and generally house-keeping amendments."*

3.5.3.2 *"the practice in the United States of America as stated by Louis Massicotte,[4] is varied with some states permitting omnibus bills and other restricting bills to a single issue. In a 1901 American case of Commonwealth vs. Barnett (199 US. 161) the court stated that: "Bills, popularly called omnibus bills, became a crying evil, not only from the confusion and distraction of the legislative mind by the jumbling together of incongruous subjects, but still more by the facility they afforded to corrupt combinations of minorities with different interests to force the passage of bills with provisions which could never succeed if they stood on their separate merits".*

From the foregoing, we are urging the National Assembly to **expunge all the proposed amendments on the Scrap Metal Act, 2015.**

**TAKE NOTICE** that The Consumers Federation of Kenya (COFEK) will seek legal redress against the National Assembly and the entire Miscellaneous Bill if this cautionary notice is not observed and strictly heeded. Thank you.

Yours Sincerely,

**CONSUMERS FEDERATION OF KENYA (COFEK)**

Dear Mr. Njoroge,

**RE: OBJECTION TO THE STATUTE LAW (MISCELLANEOUS AMENDMENTS) BILL, 2022  
- AMENDMENTS TO THE SCRAP METAL ACT, 2015**

Kenya Association of Manufacturers (KAM) presents her compliments on behalf of its members.

KAM is the leading business membership organization in East Africa that plays a key advocacy role on behalf of manufacturers in Kenya and in the region through its strong linkages with all sectors of the economy. KAM has over 1500 members and represents over 40 percent of Kenya's manufacturing value-add industries.

Reference is made to the Statute Law (Miscellaneous Amendments) Bill, 2022, (the Bill) which seeks to amend the Scrap Metal Act, 2015 among other various legislations. KAM has businesses under the Metal and Allied Sector across the country who will be greatly impacted on the proposed amendments.

The Bill proposes significant amendments to the Scrap Metal Act 2015, which will impact on the metal and allied businesses and trading environment in the country. This therefore requires adequate time and consultations with businesses before their consideration. This will be in line with the participation requirements enshrined under Article 10 of the Constitution. Additionally, we have informed the Ministry of Investment, Trade and Industry to withdraw the proposed amendment under the Statute Law (Miscellaneous Amendments) Bill, 2022, (the Bill) seeking to amend the Scrap Metal Act, 2015 to allow stakeholders discussion and ownership.

Dear

**RE: CONSIDERATION OF THE STATUTE LAW (MISCELLANEOUS AMENDMENTS BILL (NATIONAL ASSEMBLY BILL NO. 60 OF 2022) ON THE LOCAL MANUFACTURER (EXPORT COMPENSATION) ACT (CAP 482)**

This is in reference to the letter from your office Ref. No. NA/DDC/TRADE/2022/013 of 21<sup>st</sup> December 2022 on the above-mentioned subject matter.

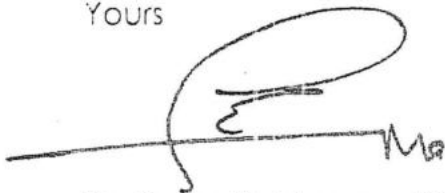

The Bill seeks to delete the expression "Attorney General" and Substitute it with the expression "Director of Public Prosecution" under Section 10 (2) of the Local Manufactures Export Compensation) Act (Cap. 482).

The Ministry notes that Section 10 (2) of the Local Manufactures (Export Compensation) Act (Cap. 482) reads "**Any officer, as defined in the Customs and Excise Act (Cap. 472), shall, subject to the control of the Attorney-General, have the power to conduct prosecution against this Act and for that purpose shall have all powers of a public prosecutor appointed under the Criminal Procedure Code (Cap. 75)**". The reference to the Attorney-General, in this case, is about conducting public prosecution.

This State Department, however, notes that the Constitution of Kenya, 2010, under Chapter Nine – The Executive, Section 157 (1) establishes the Office of Public Prosecutions and gives the office State Powers of prosecution under Section 157 (6).

This is therefore to concur with the proposed amendment under *The Statute Law (Miscellaneous Amendments Bill No. 60 of 2022) on the Local Manufactures (Export Compensation) Act (Cap 482)* as it aligns it with the Constitution.

Dear

**CONSIDERATION OF THE STATUTE LAW (MISC. AMENDMENTS) BILL  
(NATIONAL ASSEMBLY BILL NO. 60 OF 2022) ON THE LOCAL MANUFACTURER  
(EXPORT COMPENSATION) ACT (CAP 482)**

The State Department for Trade is in receipt of communication from the National Assembly's Departmental Committee on Trade, Industry and Cooperatives requesting for views on the proposed amendments to the Local Manufacturer (Export Compensation) Act (Cap.482) as contained in the Statute Law (Miscellaneous Amendments) Bill (National Assembly Bill No. 60 of 2022).

The Bill proposes to amend the Local Manufactures (Export Compensation) Act to harmonize its provisions with the functions of the Office of the Director of Public Prosecutions (ODPP) under Article 157(2) of the Constitution.

Specifically, the Bill proposes to amend section 10 (2) of the Act which reads thus; Any officer, as defined in the Customs and Excise Act (Cap. 472), shall, subject to the control of the Attorney-General, have power to conduct a prosecution for an offence against this Act and for that purpose shall have all the powers of a public prosecutor appointed under the Criminal Procedure Code (Cap. 75).

These are offences in relation to proceedings where a person(s), in making application for compensatory payments for exports, makes or causes to be made statements which are false in material particular; fails to disclose material information or; fails to comply with any applicable condition.

Prior to the promulgation of the 2010 Constitution, the ODPP was placed under the Attorney General who had the ultimate powers in respect of prosecutions.

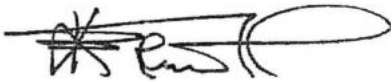

The Constitution of Kenya 2010 establishes the ODPP as an independent office that would not be under the direction of anyone in the exercise of the state powers of prosecution, with attendant accountability mechanisms to ensure checks and balances.

Further, Article 156 (4) (b) of the Constitution provides that the Attorney General shall represent the national government in court or in any other legal proceedings to which the national government is a party, **other than criminal proceedings.**

In light of the above, section 10(2) of the Local Manufactures (Export Compensation) Act may be amended by substituting the word "Attorney General" with the word "Director of Public Prosecutions".

PROVISION IN THE BILL	PROPOSED AMENDMENT	SUGGESTION AND RATIONALE
Clause 94(3)	Delete the expression "Attorney-General" and substitute therefor the expression "Director of Public Prosecutions".	<p>The amendment is desirable. Section 94 (3) of the Cooperative Societies Act deals with the appointment of public prosecutors for the prosecution of the offences committed against the Act.</p> <p>With the promulgation of the 2010 Constitution, it established the Office of the Director of Public Prosecutions under article 157 whose power is to prosecute criminal proceedings which include the appointment of public prosecutors.</p> <p>This thus transferred the function of prosecuting criminal proceedings previously handled by the Office of the Attorney General to the Office of the Director of Public Prosecutions.</p> <p>As such the proposed amendment is appropriate as it will enable the continued implementation of that the said section and ensures that the same is aligned with the provisions of article 157 of the 2010 Constitution.</p>

### CONCLUSION

The proposed amendment is apt and long overdue as by virtue of article 157 of the 2010 Constitution, the Director of Public Prosecutions has been vested with the powers of prosecution and may institute and undertake criminal proceedings against any person before any court in respect of any offence alleged to have been committed against the Cooperative Societies Act 1997 (No 12 of 1997).

As always, we are grateful for your continued support and collaboration.

Yours
