(Sen. Catherine Mumma, MP)

AWARE THAT the Constitution has entrenched a strong Bill of Rights in Chapter 4, which recognizes human rights including socio-economic rights and the principle of equality and non-discrimination;

FURTHER AWARE THAT Kenya lacks a policy for guiding the management of these Social Risks in the design and implementation of infrastructure projects;

CONCERNED THAT inadequate attention to social risks in the planning and implementation of development projects at both national and county levels makes them unacceptable and end up costing the taxpayer colossal sums of money in suits filed before the courts and tribunals by local communities and affected interest groups seeking protection from such social risks;

NOW, THEREFORE, the Senate resolves that:

1. The National and County Governments develop a Social Risk Management Policy that outlines the standards, guidelines and procedures for guiding infrastructure and other development projects both at the national and county governments; and
2. The national executive establishes an independent multi-sectoral agency under the authority of the Cabinet secretary in charge of Social Security and Protection to design a mechanism that can factor in the inclusion of Social

Impact Assessments standards and monitor their implementation in infrastructure and other development projects in Kenya.

TUESDAY
10/10/2023

Communication from the Chair, Messages, Petitions, Papers, Notices of Motion, Statements, Motions and Bills.

A. MOTION - DROUGHT MITIGATION PROGRAMME IN PUBLIC SCHOOLS

(Sen. Enoch Wambua, MP)

AWARE THAT, Kenya is experiencing the most intense, severe and alarming drought in forty (40) years, as a result of the failure of four consecutive rainy seasons, affecting more than twenty (20) counties in arid and semi-arid lands (ASAL);

FURTHER AWARE THAT, more than 4.2 million people representing 24% of the ASAL population are facing high levels of acute food insecurity, with about 2.7 million in crisis phase and 785,000 people in emergency state;

NOTING THAT, the national and county governments, both local and international development partners and philanthropists have made attempts to respond to the dire situation occasioned by the severe drought;

CONCERNED THAT, thousands of children did not attend school during the third term of the academic year 2022 and beginning of 2023 as a result of the ongoing drought;

NOW THEREFORE, the Senate urges: -

1. the Ministry of East African Community (EAC), the ASALs and Regional Development to develop immediate and long-term interventions to alleviate the ravaging effects of drought and hunger periodically affecting the country and more severely the ASAL areas;
2. the Ministry of Education, in conjunction with the Council of Governors, to establish modalities to ensure no learners are sent away from schools due to lack of school fees to ensure that children from vulnerable families have access to education; and
3. the Ministry of Education, in conjunction with the Council of Governors to implement effective school feeding programmes to ensure that children from vulnerable families in drought-hit region have

access to at least one hot meal per day and that no child misses' class due to lack of food.

B. MOTION - URBAN PLANNING FOR SUSTAINABLE LIVING

(Sen. Mohamed Faki Mwinyihaji, MP)

THAT, AWARE THAT rapid urbanization, as experienced in most Kenyan towns, contributes to a significant portion of greenhouse gas emissions leading to environmental degradation;

FURTHER AWARE THAT factors associated with urbanization, including changes to a more sedentary lifestyle, diet, and environment, have resulted in an increase in the prevalence of non-communicable diseases such as cardiovascular disease, diabetes, and cancer;

APPRECIATING THAT prioritizing sustainability and environmental responsibility creates livable, healthy, and resilient communities for present and future generations;

NOW THEREFORE, the Senate urges the:

- i.) Ministry of Roads and Transport to review the standards for construction of public roads to require the incorporation of dedicated lanes and tracks for exclusive use by non-motorized forms of transport to encourage their use for reduced air and noise pollution and improved overall public health;
- ii.) Ministry of Environment and Forestry and the Ministry of Roads and Transport, in collaboration with the Council of Governors to develop a policy framework to mitigate the impact of climate change by guiding the:-
 - a. dedication of sections of the respective CBDs on specified days as car- free zones to encourage more walking and a healthier lifestyle;
 - b. designation and maintenance of green spaces such as parks and community gardens within urban centres; and,
