### OFFICE OF THE CONTROLLER OF BUDGET

## NATIONAL GOVERNMENT BUDGET IMPLEMENTATION REVIEW REPORT

### FIRST QUARTER

**NOVEMBER 2024** 

**FOREWORD** 

The Office of the Controller of Budget (OCoB) is established under Article 228 of the Constitution of Kenya to

oversee budget implementation for the national and county governments by approving fund withdrawals and reporting to each House of Parliament. Article 228(6) of the Constitution and Section 9 of the Controller of

Budget Act, Cap 429, require the Controller of Budget (CoB) to submit to each House of Parliament a report on

the implementation of the budgets of the national and county governments every four months.

I present the National Government Budget Implementation Review Report for the first quarter of FY 2024/25,

covering 1st July to 30th September 2024. The report covers budget allocations to government departments and

agencies, receipts into the Consolidated Fund, and the exchequers approved for withdrawal by CoB for bud-

geted development and recurrent activities. It also presents expenditure performance per vote, programme and

sub-programmes, and budgets and projects' absorptive capacity. Further, it contains the issues the CoB identi-

fied that hampered effective budget implementation and recommends how to address them.

The data for this report are from the approved budget for FY 2024/25, the National Treasury's report on actual

receipts and exchequer issues as of 30 September 2024, financial and non-financial reports on budget perfor-

mance submitted by the MDAs, and data extracted from the Integrated Financial Management Information

System (IFMIS).

The report provides valuable information on budget implementation to Parliament, a critical oversight institu-

 $tion\ on\ budget\ matters,\ while\ informing\ other\ stakeholders,\ including\ policy makers,\ analysts,\ researchers,\ and$ 

members of the public. I believe this report will provide an opportunity for oversight institutions, policymak-

ers, and implementors to make decisions on budget execution matters and for stakeholders to interrogate the

utilisation of public funds.

I take this opportunity to appreciate my staff for their effort, dedication and commitment in preparing this re-

port. I also thank the Accounting Officers who submitted their financial and non-financial reports to facilitate

the preparation of the report. My office will continue to publish and publicise budget implementation review

reports every quarter as required in Section 39(8) of the Public Finance Management Act, Cap 412A, and this

report is available on the Controller of Budget website: https://cob.go.ke.

### EXECUTIVE SUMMARY

The first quarterly National Government Budget Implementation Review Report for FY 2024/25 covers July to September 2024. The report has been prepared to comply with Article 228(6) of the Constitution and Section 9 of the Controller of Budget Act, 2016, which require the Controller of Budget to submit quarterly budget implementation reports for the National and County governments to Parliament.

This is the second budget under the fourth Medium-Term Plan (MTP) (2023-2027) of the Kenya Vision 2030 and is being implemented under the Bottom-up Economic Transformation Agenda (BETA) framework. Under this framework, the government aims to achieve economic turnaround and inclusive growth by increasing investments in at least five sectors that significantly impact the economy and household welfare. These sectors include Agricultural Transformation, Micro, Small, and Medium Enterprises (MSME), Housing and Settlement, Healthcare, Digital Superhighway, and Creative Industry. The agenda also focuses on increasing employment, equitable distribution of income, and social security while expanding the tax revenue base and increasing foreign exchange earnings.

The National Government's original gross budget for FY 2024/25 was Kshs.4.49 trillion, revised to Kshs.4.37 trillion in Supplementary Budget I, compared to Kshs.4.34 trillion for FY 2023/24. The revised budget comprises Kshs.641 billion for ministerial development expenditure, which was 15 per cent of the revised gross national budget and 29 per cent of the revised gross ministerial budget of Kshs.2.23 trillion. Recurrent allocation comprised ministerial recurrent allocation of Kshs.1.59 trillion (36 per cent of the revised gross national budget) and Consolidated Fund Services (CFS) at Kshs.2.14 trillion (49 per cent of the revised gross national budget).

During the reporting period, receipts into the Consolidated Fund amounted to Kshs.776.89 billion, representing 18 per cent of the revised estimates of Kshs.4.21 trillion, compared to the Kshs.747.98 billion (18 per cent) received in a similar period in FY 2023/24. The total exchequer issues from the Consolidated Fund to MDAs, CFS, and the County Governments amounted to Kshs.771.71 billion, representing 18 per cent of the revised net estimates of Kshs.4.21 trillion, compared to Kshs.745.81 billion recorded in a similar period in FY 2023/24. The exchequer issues comprised Kshs.68.54 billion (21 per cent) for ministerial development expenditure, Kshs.280.09 billion (19 per cent) for ministerial recurrent expenditure, Kshs.359.48 billion (17 per cent) to CFS and Kshs.63.60 billion (15 per cent) to County governments as Equitable sharable revenue. County government exchequer issues from the national government include Kshs.30.83 billion for June 2024 arrears and Kshs.32.76 billion for July 2024.

The national government's total expenditure for the first three months amounted to Kshs.823.78 billion, representing 19 per cent of the national government's revised gross estimates of Kshs.4.37 trillion compared to Kshs.851.66 billion (18 per cent) recorded in a similar FY 2022/23 period. This expenditure comprises of ministerial development expenditure of Kshs.106.39 billion (with an absorption rate of 17 per cent), recurrent ministerial expenditure at Kshs.358.50 billion (absorption rate of 23 per cent) and CFS expenditure at Kshs.358.61 billion (an absorption rate of 17 per cent).

Expenditure categories with the highest development spending included Capital Transfers by the MDAs in subsidies, grants, or direct transfers to Semi-Autonomous Government Agencies (SAGAs) at Kshs.85.30 billion, representing 80 per cent of the gross development spending. Other major development expenditures were the

Construction and Civil Works at Kshs.10.59 billion and the Purchase of Specialised Plant, Equipment and Machinery at Kshs.880.07 million, representing 10 per cent and 1 per cent, respectively, of the gross development expenditure.

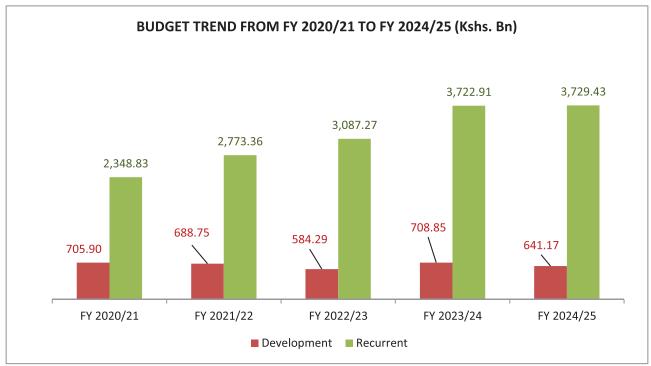

A review of the recurrent expenditure shows that Kshs.151.00 billion. was spent on Compensation to Employees, representing 42 per cent of the gross recurrent expenditure by MDAs and 25 per cent of the revenue collected, which is in line with the requirement in PFM Regulations 26(1) of 2015 that ministerial expenditure should not exceed 35 per cent of the national government's equitable share of the revenue raised nationally. Total Current transfers to other government institutions were Kshs.135.20 billion and subsidies Kshs.23.37 billion, representing 37 per cent and 7 per cent of the gross recurrent expenditure, respectively. Other expenses with significant expenditure were Kshs.6.95 billion for security operations, Kshs.3.58 billion for travel, Kshs.2.21 billion for specialised suppliers and Kshs.2 billion for school examinations invigilation.

During the period under review, some key issues were identified as hampering effective budget implementation. They include the reduction of Ministerial development and recurrent budget through Supplementary Estimate I following the withdrawal of the Finance Bill for 2024 and a high level of public debt that may derail the implementation of planned development projects. The Controller of Budget also identified a huge stock of public debt that exceeded the statutory limit, delays in releasing funds and low levels of project implementation by MDAs. This contravened Section 50 (2) of the PFMA 2012 and affected overall budget implementation as indicated by low absorption rates respectively. Additionally, the preparation of this report was hindered by the late submission of financial and non-financial performance reports by some MDAs for the reporting period.

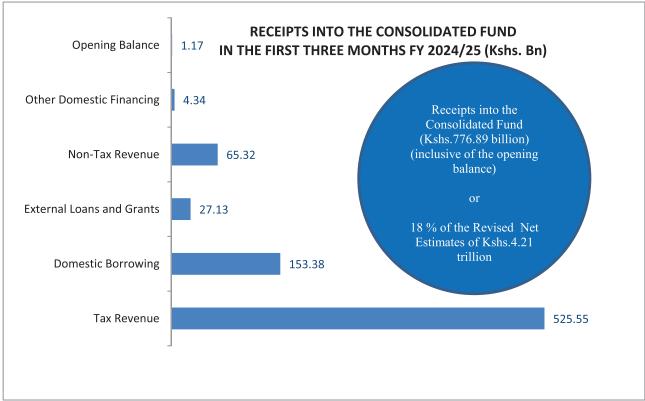

To address the challenges, the Controller of Budget recommends that the government institute strategies to improve revenue generation for both levels of government to ensure that planned activities are funded. The government should also curb the ballooning public debt through reduced budget deficit financing. Further, the government must fast-track budget implementation through the timely release of funds to MDAs per the cash flow projections and approved plans for a seamless implementation of the planned activities. In addition, the MDAs should monitor their planned activities and reallocate the budget for items they cannot fully absorb.. Also, Accounting officers should timely submit their quarterly financial and non-financial reports to OCoB in line with Section 83 of the PFM Act 2012

Finally, the Controller of Budget urges MDAs who failed to submit their reports on time to adhere to the guidelines and timelines to enable the timely publication of reports per the Law.

#### 1. INTRODUCTION

The office of the CoB is established under Article 228 of the Constitution of Kenya. The CoB's primary mandate is to oversee the implementation of the budgets of the National and County Governments by authorising withdrawals from public funds under Articles 204, 206, and 207 of the Constitution of Kenya and to report on the implementation of the budgets to each House of Parliament every four months. This report fulfils the requirements of Article 228(6) of the Constitution of Kenya and Section 9 of the Controller of Budget Act, Cap 429, by presenting progress on the budget implementation by the National government in the first three months of FY 2024/2025.

The report is presented in six chapters. The first chapter is the introduction. The second chapter presents the status of receipts into the Consolidated Fund, approved withdrawals, and exchequers released from the Consolidated Fund to fund Consolidated Fund Services (CFS), ministerial development and recurrent budgets, and equitable shareable revenue to the forty-seven counties in the first three months of FY 2024/25.

The third chapter presents the budget performance of the CFS, MDAs expenditure by economic classification and national government pending bills status as of 30th September 2024. The CFS presents the public debt stock as of 30th September 2024, disaggregated into external and domestic debt, expenditure on public debt, pensions and gratuities, salaries, allowances, and miscellaneous services. MDAs' spending by economic classification is further disaggregated into the construction of non-residential buildings, refurbishment of buildings/infrastructure construction and civil works for development vote and compensation to employees, use of goods and services, and transfers to other government agencies for a recurrent vote.

The fourth chapter presents the budget performance of the eighty-one MDAs clustered into ten Sectors. It presents budget allocations to the MDAs following budget rationalisation in Supplementary Budget Estimates I, referred to as the revised budget in this report, exchequer issues as a percentage of net estimates, expenditure and budget absorption by MDAs. Therefore, the budget performance is based on the revised estimates for the exchequer and expenditure. Net estimates represent the proportion of the budget funded by the national exchequer, excluding Appropriations-in-Aid and other sources of revenue. The absorptive capacity represents the proportion of expenditure to the budget during the financial year, which is prorated at 25 per cent by the end of the first three months of FY 2024/25. The chapter also presents the MDAs' budget performance by programmes and sub-programmes, key achievements on non-financial targets, and some of the projects implemented by MDAs during the period. The ten sectors include (i) Agriculture, Rural and Urban Development (ARUD), (ii) Education, (iii) Energy, Infrastructure, and Information Communications Technology, (iv) Environment Protection, Water and Natural Resources, (v) General Economic and Commercial Affairs, (vi) Governance, Justice, Law and Order, (vii) Health, (viii) National Security, (ix) Public Administration and International Relations, (x) Social Protection, Culture, and Recreation sector.

Chapter Five presents the challenges the Controller of Budget observed in the period under review hampering budget implementation and provides recommendations to address them. Chapter Six concludes the report.

Annexes support the chapters. Annex I presents major Foreign Currencies Movement, Annex II shows Capital

transfer to SAGAs, Annex III details the MDAs' Recurrent Performance by Economic Classification, Annex IV shows Current Transfer, Annex V and VI show MDAs' and State Corporations/State Owned Enterprises/ SAGAs Pending Bills as of 30th September 2024 respectively, Annex VII presents the MDAs' Development Expenditure; Annex VIII details the Recurrent Expenditure, Annex IX, X and XI shows ministerial development and recurrent expenditure per sector and total expenditure per sector respectively.

### 2. ANALYSIS OF RECEIPTS AND EXCHEQUER ISSUES

#### 2.1. Introduction

This chapter presents the performance of receipts into the Consolidated Fund and exchequer issues by the National Treasury in the first three months of FY 2024/2025. Exchequer issues comprise disbursements towards development, recurrent expenditure, and transfers to the forty-seven counties.

### 2.2. Revenue Estimates and Receipts into the Consolidated Fund

This section presents a summary of receipts into the Consolidated Fund in the first three months of FY 2024/2025. The Consolidated Fund is established under Article 206(1) of the Constitution of Kenya and refers to the account into which all money raised or received by or on behalf of the national government is paid. It excludes monies reasonably excepted by an Act of Parliament and payable into other public funds established for a specific purpose or is retained by the State organ that received it to defray its expenses.

### 2.2.1 Financing of FY 2024/2025 Budget

To finance the budget, the government, through the National Treasury, targeted to raise funds from various revenue sources. The sources include Tax Revenue (Kshs.2.48 trillion), Non-Tax Revenue (Kshs.156.35 billion), Domestic borrowing (Kshs.978.30 billion - comprising of net domestic borrowing Kshs.408.41 billion and internal debt redemption/roll-over of Kshs.569.89 billion), External Loans and Grants (Kshs.593.50 billion) and other Domestic financings at Kshs.4.69 billion. Other domestic financing includes recovery of unspent balances of Kshs.1.17 million. The Government also targeted to raise Kshs.573.52 billion from Appropriations in Aid (A-I-A) comprising Kshs.283.65 billion recurrent A-I-A and Kshs.289.87 billion development A-I-A.

### 2.2.2 Receipts into the Consolidated Fund

In the first three months of FY 2024/2025, receipts into the Consolidated Fund was Kshs.776.89 billion, representing 18 per cent of the annual target, a decrease compared to Kshs.747 billion (18 per cent of the yearly target) recorded in a similar period of FY 2023/2024. The receipts comprised opening balances from the previous financial year (FY 2023/2024), Tax and Non-Tax Revenue, Domestic borrowing, External Loans and Grants, and Other Domestic Financing. Table 2.1 presents the statement of receipts for the Consolidated Fund's first three months of FY 2024/2025.

### 2.4. Exchequer Issues by Sector.

MDAs are classified into ten sectors according to the Classification of Functions of Government (COFOG), designed to support fiscal analysis by separating Government Fiscal Statistics for comparability across sectors.

The ten sectors are (i) Agriculture, Rural and Urban Development, (ii) Education, (iii) Energy, Infrastructure, and Information Communications Technology, (iv) Environment Protection, Water and Natural Resources,

<sup>\*</sup>The initial allocation to Counties Equitable Share amounted to Kshs.400.12 billion revised to Kshs.380 billion following the withdrawal of the Finance Bill 2024 and resubmitted to Parliament. The revised County allocation comprises Equitable Share (Kshs.380 billion), Arrears for June 2024 (Kshs.30.83 billion) and additional allocation for Counties provided for in the Bill 2024 (Kshs.55.45 billion) to be disbursed through respective MDAs.

(v) General Economic and Commercial Affairs, (vi) Governance, Justice, Law and Order (vii) Health (viii) National Security (ix) Public Administration and International Relations and (x) Social Protection, Culture and Recreation.

In the first three months of FY 2024/25, exchequer issues to MDAs was Kshs.348.63 billion, representing 21 per cent of the revised net estimates, compared to 17 per cent (Kshs.299.74 billion) recorded in a similar period FY 2023/2024. Table 2.3 summarises the sector's exchequer issues in the first three months of FY 2024/2025.

The Agriculture, Rural and Urban Development Sector received the highest proportion of exchequer issues to revised net estimates at 25 per cent. The Health sector received the lowest exchequer issues at 14 per cent.

### 2.4.1 Ministerial Development Exchequer Issues by Sector

In FY 2024/2025, gross allocation to the development budget was Kshs.746.34 billion, revised to Kshs.641.00 billion in Supplementary Estimates I, representing 21 per cent of the gross ministerial budget, compared to Kshs.708.85 billion allocated in FY 2023/2024. Further, ministerial net estimates was Kshs.458.70 billion revised Kshs.351.13 billion in Supplementary Estimates I. Table 2.4 shows sectoral development gross estimates and exchequer issues in the first three months of FY 2024/25.

# 2.4.2 Ministerial Recurrent Exchequer Issues by Sector

In FY 2024/2025, the gross ministerial recurrent budget amounted to Kshs.1.63 trillion, revised to Kshs.1.35 trillion in Supplementary Estimates I, representing 69 per cent of the ministerial expenditure allocation, compared to Kshs.1.56 trillion allocated in FY 2023/2024. Further analysis shows that recurrent ministerial expenditure allocation was 34 per cent of the revised gross national budget. Table 2.6 shows the sectorial recurrent estimates and exchequer issues in the first three months of FY 2024/25.

Total exchequer issues towards ministerial recurrent expenditure in the first three months of FY 2024/2025 amounted to Kshs.280.09 billion, representing 21 percent of the revised net estimates, compared to 21 percent (Kshs.268.10 billion) recorded in a similar period in FY 2023/2024.

A review of MDAs' recurrent exchequer issues in the period under review shows that the Education and National Security sectors received the highest percentage of exchequer issues at 23 per cent. The GECA sector

received the lowest proportion at 12 per cent. Table 2.7 shows recurrent issues with the MDAs in each of the ten sectors in the first three months of FY 2024/2025.

# 2.4.3 Exchequer Issues to the Consolidated Fund Services

The CFS comprises funds allocated towards (i) Repayment of Public Debt (domestic and foreign) and government-guaranteed loans to parastatals, (ii) Pensions and Gratuities, (iii) Salaries and Allowances to Constitutional Officeholders and Miscellaneous Services, and (iv) Subscriptions to International Organizations.

The allocation to CFS in FY 2024/2025 amounted to Kshs.2.11 trillion, revised to Kshs.2.14 trillion in Supplementary Estimates I, representing 45 per cent of the revised gross national budget, compared to Kshs.1.96 trillion allocated in FY 2023/2024. This is attributed to increased allocations for Pensions and Gratuities. Table 2.8 shows the exchequer issues to CFS in the first three months of FY 2024/25.

In the first three months of FY 2024/2025, exchequer issues to CFS were Kshs.359.48 billion, representing 17 per cent of the revised net estimates, compared to 20 per cent (Kshs.384.95 billion) issued in a similar period FY 2023/2024. Public Debt received the highest proportion of exchequer issues to revised net estimates at 17 per cent, while Pensions and Gratuities recorded 14 per cent.

## 2.4.4 Exchequer Issues Under Article 223 of the Constitution

Article 223 of the Constitution allows the MDAs to access additional funding during the budget implementation. In the first three months of FY 2024/2025, the Controller of Budget authorised Kshs.181.08 million. This amount was 0.02 per cent of the net estimates and, therefore, within the 10 per cent ceiling set out in Article 223 of the Constitution of Kenya. Table 2.9 shows exchequer issues under Article 223 of the Constitution in the period under review.

## 2.4.5 Approval for Withdrawals from the Equalization Fund

The Equalization Fund is established under Article 204 (1) of the Constitution of Kenya, which requires that half a per cent (0.5 per cent) of all the revenue collected by the National government each year, calculated based on the most recent audited revenue received, as approved by the National Assembly, to be paid into the Fund. Article 204(2) of the Constitution provides that the National Government shall use the Equalization Fund only to provide essential services, including Water, Roads, Health Facilities, and Electricity to marginalised areas to the extent necessary to bring the quality of those services in those areas to the level generally enjoyed by the rest of the nation, so far as is possible.

In the first three months of FY 2024/25, exchequer issues from the Equalisation Fund totalled Kshs.100.36 million, comprising Kshs.64 million for Equalization Fund Secretariat Recurrent Expenses and Kshs.36.36 million for paying development pending bills for the Ministry of Water and Sanitation for projects implemented under Policy 1. Table 2.10 shows the approval for withdrawals from the Equalisation Fund in FY 2024/25.

#### 3. OVERALL BUDGET PERFORMANCE

#### 3.1. Introduction

This chapter presents an overview of the National Government budget implementation in the first three months of FY 2024/25. It presents the performance of the Consolidated Fund Services (CFS), which is classified as recurrent expenditure. It provides information on public debt, pensions and gratuities, salaries and allowances for constitutional officeholders, and miscellaneous services. The chapter further disaggregates expenditure for MDAs under economic items for the development and recurrent votes, respectively. In addition, it presents the national government's pending bills as of 30<sup>th</sup> September 2024.

# 3.2. FY 2024/25 Overall Budget Performance

The approved gross budget for FY 2024/25 amounted to Kshs.4.49 trillion, revised to Kshs.4.37 trillion in Supplementary Estimates I, compared to Kshs.4.34 trillion in FY 2023/24. The revised budget comprises Kshs.641.00 billion for ministerial development expenditure, Kshs.1.59 trillion for ministerial recurrent expenditures and Kshs.2.14 trillion for CFS. This is a decline compared to Kshs.807.64 billion for the ministerial development budget allocated in FY 2023/24. However, the ministerial recurrent and CFS allocation increased compared to Kshs.1.56 trillion and Kshs.1.96 billion, respectively, allocated in the FY 2023/24.

The government targeted to finance the budget through revenue of Kshs.2.64 trillion (including Appropriations-in-Aid) and a deficit of Kshs.1.57 billion (to be funded by Domestic Borrowing, External Loans, and Grants at Kshs.978.30 billion and Kshs.593.50 billion, respectively). The Domestic Borrowing of Kshs.978.30 billion is comprised of Net Domestic Borrowing of Kshs.408.41 billion and Internal Debt Redemptions of Kshs.569.89 billion.

Table 3.1 shows the National Government's overall budget performance in the first three months of FY 2024/25.

The total exchequer issued by the National Treasury to fund budgeted activities in the first three months of FY 2024/25 was Kshs.708.11 billion, representing 19 per cent of the revised net estimates, compared to 18 per cent

(Kshs.684.70 billion) issued in a similar period FY 2023/24. The exchequer issues comprised Kshs.68.54 billion (20 per cent) for ministerial development expenditure, Kshs.280.09 billion for ministerial recurrent expenditure (21 per cent) and Kshs.359.48 billion to CFS (17 per cent). Gross expenditure for the National Government was Kshs.823.50 billion, recording an absorption rate of 19 per cent, compared to 18 per cent (Kshs.784.19 billion) recorded in a similar period FY 2023/24. Expenditure comprises ministerial development expenditure at KShs.106.39 billion (absorption rate of 17 per cent), ministerial recurrent expenditure at Kshs.358.50 billion (absorption rate of 23 per cent) and Consolidated Fund Services at Kshs.358.61 billion (17 per cent).

<sup>1</sup> IMF-SDR -International Monetary Fund Special Drawing Rights - This is an interest-bearing international reserve asset created by the IMF to supplement member countries' other reserve assets. An SDR allocation is a way of supplementing a member countries' foreign exchange reserves, allowing members to reduce their reliance on more expensive domestic or external debt for building reserves.

The allocation towards servicing the public debt in the FY 2024/2025 amounted to Kshs.1.91 trillion, revised to Kshs.1.91 trillion in Supplementary Budget I, representing 89 per cent of the CFS budgetary allocation, comprising Kshs.809.57 billion for principal and Kshs.1.01 trillion for interest payments respectively.

Allocation towards external debt comprised of Kshs.330.71 billion for principal redemption and Kshs.259.91 billion for interest payment. Domestic debt comprised of Kshs.569.89 billion and Kshs.749.97 billion for principal and interest payments, respectively.

The total expenditure on Public debt during the first three months of FY 2024/2025 amounted to Kshs.325.52 billion, representing 17 per cent of the annual estimates, compared to Kshs.345.43 billion (20 per cent) recorded in a similar period FY 2023/2024. The decline is attributed mainly to the settlement of external bilateral debt of Kshs.86.72 billion, comprising of Kshs.64.55 billion for principal redemption and Kshs.22.17 billion for interest payments.

External debt servicing amounted to Kshs.165.60 billion, consisting of Kshs.93.33 billion for principal payments, Kshs.71.70 billion for interest payments and Kshs 571.11 million for other charges. Other charges comprised of Kshs.337.88 million, Kshs.68,943, and Kshs.233.16 million as commitment fees, penalties paid and other charges. The total domestic debt payment was Kshs.159.92 billion, which consisted of Kshs.2.21 billion and Kshs.157.71 billion for principal and interest payments, respectively.

# 3.3.2 Overdraft Facility

The overdraft facility is a temporary source of funds mainly used to fund the deficit in payments of domestic debt instruments such as matured Treasury Bills. Government overdraft, which is administered through the Central Bank of Kenya (CBK), is restricted to a maximum of five per cent of the most recently audited revenues and is expected to be paid off by the end of the financial year as specified in Section 15 (3) of the PFM Act.

The overdraft limit for FY 2024/2025 is Kshs.97.05 billion, attracting an interest rate of 13 per cent per annum on the amount outstanding at the end of each month. In the first three months of FY 2024/2025, the total charge on the overdraft facility was Kshs.1.92 billion, as shown in Table 3.5.

#### 3.3.3 Salaries and Allowances and Miscellaneous Services

The allocations for Salaries and Allowances and Miscellaneous Services (SAM) in FY 2024/2025 amounted to Kshs.4.21 billion, compared to Kshs.4.09 billion allocated in FY 2023/2024. The growth is attributed to an increase of Kshs.122.64 million in budgetary allocation for SAM under various offices, including the Salaries and Remuneration Commission, Teachers Service Commission, and Independent Electoral and Boundaries Commission.

The total expenditure on SAM in the first three months of FY 2024/2025 was Kshs.945.55 billion, representing 22 per cent of the annual estimates, compared to Kshs.812.48 billion (20 per cent) recorded in FY 2023/2024. Figure 3.5 shows the trends in budgetary allocation and first-three-month expenditure for SAM from FY 2020/21 to FY 2024/2025.

A comparison of the SAM's budgetary allocations for FY 2023/24 and FY 2024/25 indicated significant variations on budgeted salaries and allowances despite the remuneration of the constitutional office holders being public information, having been gazetted by the Salaries and Remuneration Commission.

We have also observed that three offices used over 40 per cent of their budgets in the first three months of FY 2024/25: the Commission on Administrative Justice (54 per cent), Office of the Attorney General (48 per cent), and National Gender and Equality Commission (44 per cent). Accordingly, the National Treasury should ensure a realistic budget for SAM by effecting appropriate reallocations in Supplementary Budget II.

#### 3.3.4 Guaranteed Debt

As of September 30, 2024, the guaranteed debt stock stood at Kshs.106.06 billion, compared to Kshs.100.17 billion as of June 30, 2024. Table 3.7 shows a list of guaranteed loans as of September 30, 2024.

In FY 2024/25, there was no allocation towards payment for guaranteed debt both in the printed estimates and Supplementary I Estimates. During the period under review, there was no payment on guaranteed loans. The differences between the opening and closing loan balances were mainly attributed to fluctuations in exchange rates during FY 2024/25 since the guaranteed loans are denominated in foreign currencies.

#### 3.3.5 Pensions and Gratuities

The allocation for Pensions and Gratuities for FY 2024/2025 amounted to Kshs.199.37 billion, revised to Kshs.223.15 billion in Supplementary Estimates I, compared to Kshs.187.50 billion allocated in FY 2023/2024. It comprised Ordinary Pensions of Kshs.93.78 billion, Comuted Pensions and Gratuities of Kshs.85.76 billion, Other Pension Schemes of Kshs.6.63 billion, and the Public Service Superannuation Scheme at Kshs. 36.98 billion.

Total payments towards Pensions and Gratuities in the first three months of FY 2024/2025 amounted to Kshs.32.14 billion, representing 14 per cent of the revised estimates, compared to Kshs.30.83 billion (16 per cent) recorded in FY 2023/2024. Table 3.8 shows performance for various pension categories in the first three months of FY 2024/2025.

Notably, the pension information system downtime and delays in funding pensions impeded budget execution on pensions and gratuities. As of 30<sup>th</sup> September 2024, the ordinary and commuted pension processed for payment totalled Kshs.58.57 billion, of which exchequer releases amounted to Kshs.24.23 billion, equivalent to the unfunded difference of Kshs.34.34 billion. Further, the Government of Kenya (Employer) contribution remitted to the Public Service Superannuation Scheme (PSSS) under section 6 (2) of the PSSS Act, 2012 had an outstanding balance of Kshs.2.72 billion regarding remittance for September 2024 as of the end of the reporting period.

## 3.4. Ministries, Departments, and Agencies Expenditure by Economic Classification

#### 3.4.1 Introduction

This section presents breakdown analyses of MDAs' expenditure on economic classification with a significant amount for development and recurrent activities in the first three months of FY 2024/2025. Development expenditure major economic items include Capital Transfers to SAGAs, Civil Works and Construction of Residential and Non-Residential Buildings, Refurbishment of Buildings/infrastructure, Purchase of Specialized Plant, Equipment, and Machinery, and Pre-Feasibility studies.

The significant economic items for recurrent expenditures include Compensation to Employees, Operations and Maintenance (O&M), and Current Transfer to SAGAs. O&M is further disaggregated into the major budget items expenditures, which include Travelling, Printing, and Advertising, Rentals and Rates for Non-Residential Buildings, Training, Hospitality, Maintenance Expenses for motor vehicles, and other assets.

## 3.4.2 Ministries, Departments, and Agencies Development Expenditure Analysis

In FY 2024/25, gross allocations towards Ministerial development activities amounted to Kshs.746.34 billion, revised to Kshs.641 billion in Supplementary I, compared to Kshs.807.64 billion allocated in FY 2023/24. Gross ministerial development expenditure in the first three months of FY 2024/25 amounted to Kshs.106.39 billion, recording an absorption rate of 17 per cent, compared to 10 per cent (Kshs.83.70 billion), recorded in a similar period FY 2023/24. Table 3.9 shows the development expenditure analysis by MDAs in the first three months of FY 2024/2025.

Analysis of MDAs' development expenditure by economic classifications shows that the highest spending by category was on Capital Transfers by MDAs, Kshs.85.30 billion, representing 80 per cent of the gross development expenditure. Capital Transfers by the MDAs may be in the form of subsidies, grants or direct transfers to SAGAs, which are meant to complement activities and mandates executed on behalf of parent ministries. A summary of the Capital Transfers is referenced in Annex II on page 234 of this report.

The second highest spending category was on construction and civil works at Kshs.10.59 billion, representing 10 per cent. Other budget items with significant expenses include the Purchase of Specialised Items at Kshs.880.07 million and the Construction of Non-residential Buildings (Offices, Schools, Hospitals, etc.) at Kshs.783.48 million, representing 1 per cent.

Further analysis shows that the State Department for Roads had the highest Capital Transfers at Kshs.24.47 billion, representing 29 per cent of the total Capital Transfers, followed by the State Department for Economic Planning at Kshs.14.16 billion, which represented 17 per cent.

Development expenditure under other expenses amounted to Kshs.8.04 billion, representing 8 per cent of the gross development expenditure. The State Department for Social Protection & Senior Citizens recorded the highest expenditure, at Kshs.1.15 billion under this category, which included Ksh.895.64 million for the use of goods and services.

Figure 3.7 shows the composition of MDAs' development expenditure in the first three months of FY 2024/2025. This report has disaggregated recurrent expenditure for MDAs into Compensation to Employees, Operations and Maintenance, and Current Transfers to SAGAs. This report annexes the current expenditure performance for Semi-Autonomous Government Agencies/State-Owned Enterprises.

## 3.4.4 Compensation to Employees

Compensation to employees comprises basic salaries for permanent employees, basic wages for temporary employees, personal allowances paid on reimbursement and provided in kind and other social benefits paid as part of salary.

Table 3.11 summarises Compensation to Employees aggregated by sector for the first three months of FY 2024/25.

Source: The National Treasury and MDAs

In the first three months of the FY 2024/25, compensation to employees was Kshs.151 billion, representing 26 per cent of the revised allocation. This did not include payment for the National Intelligence Service and Kenya Defence Forces under the National Security Sector, and Semi-Autonomous Government Agencies/State Corporations/State Owned Corporations. Considering the exclusions, MDAs compensation to employees accounted for 24 per cent of the national government's equitable share of the revenue raised nationally and Appropriations- in- Aid. This complies with the requirement of the PFM Regulations 26(1) of 2015 that the national government's expenditure should not exceed 35 per cent of the national government's equitable share of the revenue raised nationally plus other revenues generated by the national government under Article 209(4) of the Constitution. Detailed ministerial compensation to employees is referenced in Annex III, page 240 of this report.

#### 3.4.5 Use of Goods and Services

Some budget items under this category include travelling, printing and advertising, Renting for produced assets, training, hospitality, insurance, maintenance expenses for motor vehicles and other assets, utility supplies and services, and fuel and lubricants.

In the first three months of FY 2024/25, travel expenditure amounted to Kshs.3.58 billion, comprising domestic travel at Kshs.2.49 billion and foreign travel at Kshs.1.10 billion. Insurance costs Kshs1.46 billion, rent and rates on non-residential buildings Kshs1.69 billion, Specialised materials and supplies Kshs.2.21 billion, and hospitality Kshs.590.13 million.

#### 3.4.6 Current Transfers

Current Transfers by MDAs are meant to complement activities and mandates executed on behalf of the parent ministry by Semi-Autonomous Government Agencies, State Corporations or State-Owned Enterprises. In the first three months of FY 2024/25, the total grants reported by MDAs amounted to Kshs.134.12 billion, representing 37 per cent of the MDAs' gross recurrent expenditure. MDAs reporting high expenditure under this include the Ministry of Defence at Kshs.40.25 billion, the National Treasury at Kshs.9.24 billion, the State Department for Higher Education and Research at Kshs.8.52 billion and the State Department for ASALs and Regional Developing at Kshs.159.80 million towards emergency relief.

## 3.4.7 Other Expenses

In the first three months of FY 2024/25, Other expenses expenditure was Kshs.13.27 billion, representing 4 per cent of the gross recurrent expenditure. MDAs recording the highest under other expenses were:

State Department for Internal Security and National Administration-Kshs. 3.95 billion for security operations
State Department for Basic Education-Kshs. 2.00 billion for school examination invigilation and fees.

*National Police Service* - Kshs.1.95 billion, which included Kshs.1.47 billion for Security operations.

*National Treasury* - Kshs.1.75 billion, which included Kshs.1.53 billion for Security Operations.

<sup>\*</sup>MDAs pending bills do not include bills under litigation, which are handled by the Office of the Attorney General

#### 4. BUDGET PERFORMANCE BY SECTOR

#### 4.1. Introduction

MDAs are classified into ten sectors according to the United Nations Classification of Functions of Government, designed to support fiscal analysis by breaking down Government Fiscal Statistics for comparability. The chapter presents the performance of MDAs by sector in the first three months of FY 2024/2025. It provides budget allocations per sector detailing specific MDAs' exchequer issues, expenditures, and absorption on the budget. The chapter also presents the performance of MDAs' programmes and sub-programmes and spending on development projects in the first three months of FY 2024/2025.

Sector performance is presented in alphabetical order as follows: (i) Agriculture, Rural and Urban Development (ARUD), (ii) Education, (iii) Energy, Infrastructure and Information Communications Technology (EIICT), (iv) Environment Protection, Water and Natural Resources (EWNR) (v) General Economic and Commercial Affairs (GECA) (vi) Governance, Justice, Law and Order (GJLO) (vii) Health (viii) National Security (ix) Public Administration and International Relations (PAIR) (x) Social Protection, Culture and Recreation (SPCR) Sectors.

In FY 2024/2025, the Education Sector was allocated Kshs.628.58 billion, recording the highest budget allocation, attributed to its broad mandate, including primary schools, secondary schools, special education, tertiary education, university education, examinations and curriculum development, and reforms in the education sector. Conversely, the General Economic and Commercial Affairs Sector received Kshs.61.42 billion, representing the lowest budgetary allocation.

## 4.2. Agriculture, Rural and Urban Development Sector

## 4.2.1 Introduction

Agriculture is a devolved function under the fourth schedule of the Constitution of Kenya. It is a critical sector in the economic pillar of the Kenya Vision 2030. The ARUD Sector comprises five sub-sectors, namely: The State Department for Lands and Physical Planning; the State Department for Livestock Development; the State Department for the Blue Economy and Fisheries; the State Department for Crop Development and the National Land Commission (NLC) together with affiliated Semi-Autonomous Government Agencies (SAGAs) and Training Institutions.

The Sector is a significant player in the delivery of national development agendas, namely, Kenya Vision 2030, the government plan –the Bottom-Up Economic Transformation Agenda (2022-27), the Sustainable Development Goals, and the Agricultural Sector Transformation and Growth Strategy among other national and international policies and obligations. During the MTEF period 2024/25-2026/27, the Sector has planned to implement programmes to facilitate food and nutrition security, agro-processing, employment creation, and utilisation of the blue economy.

## 4.2.2 Budget Performance for the ARUD Sector

The budgetary allocation to ARUD in FY 2024/25 amounted to Kshs.82.08 billion, revised to Kshs. 73.93 billion in Supplementary Budget I, compared to the Kshs.96.09 billion allocated in the previous financial year 2023/24. This amount represents 2 per cent of the revised gross national budget of Kshs.4.37 trillion and 3 per cent of the MDAs' budget of Kshs.2.23 trillion. The allocation comprised of Kshs.44.57 billion (60 per cent) for development activities and Kshs.29.36 billion (40 per cent) for recurrent expenditure. The State Department for Crop Development received the highest budgetary allocation of Kshs.42.04 billion (57 per cent of the Sector's budget), while the National Land Commission was allocated Kshs.1.78 billion (2 per cent of the ARUD Sector allocation).

Figure 4.1 shows the budgetary allocation trends of the ARUD Sector for the period FY 2020/2021 to FY 2024/2025

The total exchequer issues to the ARUD Sector amounted to Kshs.14.30 billion, representing 25 per cent of the Sector's revised net estimates. This amount comprised Kshs.11.48 billion for development expenditure, representing 30 per cent of revised development net estimates, and Kshs.2.82 billion for recurrent activities, representing 16 per cent of revised recurrent net estimates.

In the first three months of FY 2024/25, the State Department for Lands and Physical Planning received the highest proportion of development exchequer issues to development net estimates at 43 per cent, and the State Department for Livestock Development received the lowest at 7 per cent. The National Land Commission recorded the highest proportion of recurrent exchequer issues to recurrent net estimates of 24 per cent, and the State Department for Livestock Development recorded the lowest ratio of 12 per cent.

The total expenditure for the ARUD Sector amounted to Kshs.15.01 billion, representing 20 per cent of the revised gross estimates, compared to Kshs.14.26 billion (16 per cent) recorded in a similar period in FY 2023/24. This amount comprised Kshs.9.52 billion for the development budget, representing an absorption rate of 21 per cent, compared to 19 per cent (Kshs.10.49 billion) recorded in a similar period in FY 2023/2024, and Kshs.5.49 billion for recurrent expenditure, representing 19 per cent of the revised gross recurrent estimates, compared to 11 per cent (Kshs.3.77 billion) recorded in a similar period in FY 2023/24.

Table 4.1 shows the ARUD sector analysis of exchequer issues and expenditures in the first three months of FY 2024/25.

The State Department for Blue Economy and Fisheries recorded the highest absorption of the development budget at 44 per cent. In contrast, the State Department for Livestock Development recorded the lowest at 9 per cent. The National Land Commission recorded the highest recurrent expenditure to gross estimates at 47 per cent, while the State Department for Crop Development recorded the lowest, at 13 per cent.

## 4.2.3 The State Department for Lands and Physical Planning

The State Department for Lands and Physical Planning is mandated with National lands policy and management, physical planning for land use, land transactions, survey and mapping, land adjudication, land registration, national spatial infrastructure, land and property valuation services administration, land information systems, maintenance of a public land bank, administration of public land as designated by the Constitution, land settlement policy and management, land settlement matters and rural settlement planning.

## 4.2.4 Budget Performance by the State Department for Lands and Physical Planning

The original budgetary allocation to the State Department for Lands and Physical Planning in FY 2024/25 was Kshs.10.02 billion, revised to Kshs.6.51 billion in Supplementary Estimates I, compared to Kshs.8.87 allocated in a similar period FY 2023/24.

# 4.2.5 State Department for Lands and Physical Planning Programmes and Sub-Programme Performance

The budgetary allocation was to fund development and recurrent programmes. Table 4.2 shows budget execution by programmes and sub-programmes under the State Department for Lands and Physical Planning in the first three months of FY 2024/2025.

Table 4.2: The State Department for Lands and Physical Planning Programme and Sub-Programme Performance

An analysis of the project sampled shows a delay in project completion considering the expected duration for Geo-referencing land parcels- the BETA project recorded 18 per cent despite the project commencing in July 2013. We recommend fast-tracking the implementation of multi-year projects whose completion levels are behind the timeline target

## 4.2.8 The State Department for Livestock Development

The State Department for Livestock Development's mandate includes Livestock policy management, Development of the livestock industry, Veterinary services and disease control policy, Livestock marketing, Promotion of the dairy industry, Livestock insurance policy, Livestock branding, Promotion of beekeeping and Apiculture, Promotion of quality of hides and skins; Leather sector development and promotion of value chain; Livestock research and development; Animal genetic research; and Tsetse fly and Trypanosomiasis study and control. It has been overseeing the running of 8 Semi-Autonomous Government Agencies (SAGAs) under its purview.

## 4.2.9 Budget Performance by the State Department for Livestock Development

The original budgetary allocation to the State Department for Livestock Development in FY 2024/25 amounted to Kshs.12.32 billion, revised to Kshs.13.26 billion in Supplementary Estimates I, compared to Kshs.18.80 billion allocated in a similar period FY 2023/24.

# 4.2.10 State Department for Livestock Development Programmes and Sub-Programme Performance

The budgetary allocation was to fund development and recurrent programmes. Table 4.5 shows budget execution by programmes and sub-programmes under the State Department for Livestock Development in the first three months of FY 2024/2025.

Table 4.5: The State Department for Livestock Development Programme and Sub-Programme Performance

An analysis of the project implementation by the State Department for Livestock Development shows that the Livestock Training Institute – Mogotio project shows a low start since no expenditure was reported in the period under review despite being funded. To ensure the implementation of the project is on track, we recommend that the State Department for Livestock Development evaluate the reason for the delay in project execution on time to curb future delays.

## 4.2.13 The State Department for Crop Development

The State Department for Crop Development is mandated with National Agricultural Policy Management, National Food Policy, Strategic Food Reserves, Agriculture Financing, Phytosanitary Services and International Standards Compliance; Policy on Agricultural Training; Agricultural Land Resources Inventory and Management; Agricultural Mechanization Policy Management; Policy on Land Consolidation for agricultural benefit; Agricultural Insurance Policy; Agricultural Extension Policy and Services Standards; Capacity Building Policy for Agricultural Staff; Crop Research and Development; Agriculture Seed Research and Development; Crop Genetic Research and Bio-safety Management.

## 4.2.14 Budget Performance by the State Department for Crop Development

The original budgetary allocation to the State Department for Crop Development in FY 2024/25 amounted to Kshs.45.73 billion, revised to Kshs.42.04 billion in Supplementary Estimates I compared to Kshs.46.67 billion allocated in a similar period in FY 2023/24.

## 4.2.15 State Department for Crop Development Programmes and Sub-Programme Performance

The budgetary allocation was to fund Development and Recurrent programmes. Table 4.8 shows budget execution by programmes and sub-programmes under the State Department for Crop Development in the first three months of FY 2024/25.

Table 4.8: The State Department for Crop Development Programme and Sub-Programme Performance

Analysis of Programme and sub-programmes shows that the Food Security Initiative sub-programme had the highest absorption rate of 36 per, and Land and Crops development recorded the lowest at 1 per cent under the Crop Development and Management programme.

On average, the State Department for Crop Development recorded an absorption rate of 16 per cent below the targeted 25 per cent at the end of the first three months of the financial year. We recommend close monitoring by the State Department by reviewing its performance and taking corrective measures for effective budget execution in the subsequent phase of the financial year.

An analysis of the State Department for Crop Development's project implementation status shows low uptake on some projects. We recommend that the State Department closely monitor its performance and take corrective measures for effective budget execution in the subsequent phase of the financial year.

## 4.2.18 The State Department for the Blue Economy and Fisheries

The State Department for the Blue Economy and Fisheries is mandated to coordinate the development of national oceans and blue economy strategy and policies; Fisheries and Aquaculture Policy; Legal, Regulatory and Institutional Framework for the Fisheries Industry and the Blue Economy. It plays a key role in driving sustainable transformation and diversification of the ocean's economy by promoting research and innovation, Increasing local participation and investment in the blue economy through private sector engagement and partnerships, Fisheries Marketing Policy, Fishing Licensing, and Management and Licensing of Local and Foreign Fishing Trawlers in Kenya Waters.

## 4.2.19 Budget Performance by the State Department for the Blue Economy and Fisheries

The original budgetary allocation to the State Department for the Blue Economy and Fisheries in FY 2024/25 amounted to Kshs.12.00 billion, revised to Kshs.10.34 billion in Supplementary Estimates I compared to Kshs.11.85 billion allocated in a similar period in FY 2023/24.

# **4.2.20** State Department for the Blue Economy and Fisheries Programmes and Sub-Programme Performance

The budgetary allocation was to fund development and recurrent programmes. Table 4.11 shows budget execution by programmes and sub-programmes under the State Department for the Blue Economy and Fisheries in the first three months of FY 2024/2025.

Analysis of Programme and sub-programmes shows that the Marine and Fisheries Research sub-programme under the Fisheries Development and Management Programme had the highest absorption rate of 60 per cent while Management and Development of Capture Fisheries under the same programme recorded the lowest at 3 per cent.

On average, the State Department recorded 33 per cent presenting a mixed performance by the sub-programme. We recommend a balanced implementation of the sub-programmes to achieve the targeted budget objectives.

## 4.2.21 Non-financial Performance by the State Department for the Blue Economy and Fisheries

Table 4.12 summarises the Key Performance Indicators for the State Department for Blue Economy and Fisheries in the first three months of FY 2024/25.

An analysis of the project implementation status by the State Department for the Blue Economy and Fisheries revealed a mismatch between the project completion percentage and the expected duration of the project. For example, Liwatoni Ultra-Modern Hub had a project completion rate of 24 per cent despite commencing in July 2021 and having a five-year timeframe.

We recommend that measures be taken to fast-track the implementation of multi-year projects whose completion levels are behind the timeline target.

#### 4.2.23 The National Land Commission

The National Land Commission's mandate as per the Constitution of Kenya 2010 Article 62 (2) and 67 (2) (3) iso manage and administer public land on behalf of the national and county governments, recommend a national land policy to the national government, advise the national government on a comprehensive programme for the registration of titles in land throughout Kenya and to initiate investigations, on its initiative or a complaint, into present or historical land injustices, and recommending appropriate redress.

## 4.2.24 Budget Performance by the National Land Commission

The original budgetary allocation to the National Land Commission in FY 2024/25 amounted to Kshs.2.02 billion, revised to Kshs.1.78 billion in Supplementary Estimates I compared to Kshs.1.75 billion allocated in a similar period in FY 2023/24.

## 4.2.25 National Land Commission Programmes and Sub-Programme Performance

The budgetary allocation was to fund recurrent programmes. Table 4.14 shows budget execution by programmes and sub-programmes under the National Land Commission in the first three months of FY 2024/2025

Table 4.14: The National Land Commission Programme and Sub-Programme Performance

**Source**: The National Land Commission

Analysis of the Programme and sub-programmes shows that Land disputes and conflict resolution recorded the highest absorption rate of 76 per cent, while general administration, planning, and support services under the same programme recorded less than 1 per cent.

## 4.2.26 Non-financial Performance by the National Land Commission

Table 4.15 summarises the National Land Commission's key performance indicators for the first three months of FY 2024/25.

An analysis of the project implementation status by the National Land Commission shows that the ICT Networking project's completion percentage as of 30 September 2024 stood at 49, and it is expected to be completed in December 2025. We recommend fast-tracking the project to be completed within the timeline.

#### 4.3. Education Sector

## 4.3.1 Introduction

The Education Sector comprises four MDAs: The State Department for Vocational and Technical Training, the State Department for Higher Education and Research, the State Department for Basic Education and the Teachers Service Commission (TSC) and their affiliated Agencies and Institutions.

The Sector envisions attaining "Quality and inclusive education, training and research for sustainable development" in Kenya. The Sector's strategic objectives include enhancing access, equity, quality and relevance in education, training and research; establishing, maintaining and managing professional teaching and learning services for all early learning centres, primary, secondary and tertiary institutions; enhancing development capacities for Science Technology and Innovations; enhance mechanisms for dissemination and commercialisation of research findings; improve data quality and sharing in education, training, research and labour market; promote vibrant industry - institutional linkages in the area of skilling for employability; and integrate ICT in Education, Training and Research for management, teaching and learning at all levels.

#### 4.3.2 Budget Performance for the Education Sector

The budgetary allocation to the Education Sector in FY 2024/2025 amounted to Kshs.656.55 billion, revised to Kshs.627.77 billion in Supplementary Budget I, compared to the Kshs. 628.40 billion allocated in the previous FY 2023/24. This amount represents 14 per cent of the revised gross national budget of Kshs.4.37 trillion and 28 per cent of the MDAs' budget of Kshs.2.23 trillion, comprising Kshs.21.09 billion (3 per cent) for development activities and Kshs. 606.68 billion (97 per cent) for recurrent expenditure. The Teachers Service Commission received the highest budgetary allocation of Kshs.347.89 billion (55 per cent of the Sector's budget), while the State Department for Vocational and Technical Training (TVET) had the lowest budgetary allocation of Kshs.28.21 billion (4 per cent of the Education Sector allocation).

The high allocation to the Teachers Service Commission was due to its vital role in Teacher Management. Figure 4,3 shows the budgetary allocation trends of the Education Sector from FY 2020/2021 to FY 2024/2025.

Figure 4.3: Budgetary Allocation Trend for the Education Sector

**Source:** National Treasury

The total exchequer issues to the Education Sector amounted to Kshs.133.94 billion, representing 23 per cent of the Sector's revised net estimates. This amount comprised Kshs.7.87 billion for development expenditure, representing 47 per cent of development net estimates, and Kshs.126.06 billion for recurrent activities, representing 23 per cent of recurrent revised net estimates.

In the first three months of FY 2024/25, the State Department for Basic Education received the highest proportion of development exchequer issues to development net estimates at 53 per cent, while the State Department for Vocational and Technical Training received 31 per cent. However, the State Department for Higher Education and Research did not receive exchequer issues for development expenditure. The State Department for Vocational and Technical Training recorded the highest proportion of recurrent exchequer issues to recurrent net estimates of 31 per cent, and the State Department for Higher Education and Research recorded the lowest ratio of 18 per cent. Figure 4.2 shows the exchequer issues in the Education Sector in the first three months of FY 2024/2025.

The State Department for Basic Education recorded the highest absorption of the development budget, at 42 per cent, while the State Department for Vocational and Technical Training recorded 2 per cent. The State Department for Higher Education and Research recorded the highest recurrent expenditure to revised gross estimates at 30 per cent. In contrast, the State Department for Basic Education recorded the lowest, at 22 per cent.

## 4.3.3 The State Department for Vocational and Technical Training

The State Department for Vocational and Technical Training's mandate is to provide a skilled workforce to support socio-economic development and fully participate in the global economy. TVET implement key Programmes like institutional-based training, industry training, apprenticeships, Recognition of Prior Learning (RPL), and Entrepreneurship. It improves productivity, competitiveness, and prosperity for individuals, enterprises, and the nation.

## 4.3.4 Budget Performance by the State Department for Vocational and Technical Training

The original budget allocation to the State Department for Vocational and Technical Training in FY 2024/25 amounted to Kshs.30.69 billion, revised to Kshs.28.21 billion in Supplementary Estimates I compared to Kshs.28.32 billion allocated in a similar period in FY 2023/24.

# 4.3.5 State Department for Vocational and Technical Training Programmes and Sub-Programme Performance

The budgetary allocation was to fund three programmes. Table 4.18 shows budget execution by programmes and sub-programmes under the State Department for Vocational and Technical Training in the first three months of FY 2024/2025

Table 4.18: The State Department for Vocational and Technical Programmes and Sub-Programmes

Analysis of Programmes and sub-programmes shows that the technical trainers and instructors service sub-programmes under the technical vocational education and training programme had the highest absorption rate of 29 per cent. The headquarters and administrative services sub-programme under the general administration, planning, and support services programme recorded the lowest absorption rate at 11%.

TVET's overall performance was within the targeted 25 percent by the end of the first three months of the financial year, and we recommend balanced implementation of all programmes.

## 4.3.6 Non-financial Performance by the State Department for Vocational and Technical Training

Table 4.19 summarises the Key Performance Indicators for the State Department for Vocational and Technical Training in the first three months of FY 2024/25.

We recommend that the TVETS fast-track the implementation of multi-year projects with low completion levels approaching the completion period.

## 4.3.8 The State Department for Higher Education and Research

The State Department for Higher Education and Research is responsible for University Education Policies and Standards, management, management of Continuing Education (excluding TVETS), Public University Management, Education Research and Policy, and policy and Standards on Science and Technology. Its mandate is executed together with its Agencies and accredited universities.

## 4.3.9 Budget Performance by the State Department for Higher Education and Research

The original budgetary allocation to the State Department for Higher Education and Research in FY 2024/25 amounted to Kshs.125.39 billion, revised to Kshs.120.46 billion in Supplementary Estimates I compared to Kshs.128.60 billion allocated in a similar period FY 2023/24.

# 4.3.10 State Department for Higher Education and Research Programmes and Sub-Programme Performance

The budgetary allocation was to fund Development and recurrent programmes. Table 4.21 shows budget execution by programmes and sub-programmes under the State Department for Higher Education and Research in the first three months of FY 2024/2025

Table 4.21: The State Department for Higher Education and Research Programme and Sub-Programme Performance

Source: State Department for Higher Education and Research

An analysis of the project implementation status by the State Department for Higher Education and Research revealed a mismatch between the percentage of completion of projects and the expected duration of the project. For example, the Construction of Administration and Tuition Block at the Technical University of Kenya has a project completion rate of 49 per cent despite the project commencing July 2017.

Measures should be taken to fast-track the implementation of multi-year projects whose completion levels are behind the timeline target.

## 4.3.13 The State Department for Basic Education

The State Department for Basic Education's mandate is to provide Basic Early Childhood, Primary and Secondary Education, Teacher Education and Management, and Basic (Early Childhood, Primary and Secondary) Education Policy Management. The mandate is executed by the State Department for Basic Education, its Agencies, Teachers Training Colleges, schools and other stakeholders.

## 4.3.14 Budget Performance by the State Department for Basic Education

The original budgetary allocation to the State Department for Basic Education in FY 2024/25 amounted to Kshs.142.26 billion, revised to Kshs.131.21 billion in Supplementary Estimates I compared to Kshs. 147.82 billion allocated in a similar period in FY 2023/24.

## 4.3.15 State Department for Basic Education Programmes and Sub-Programme Performance

The budgetary allocation was to fund four programmes. Table 4.24 shows budget execution by programmes and sub-programmes under the State Department for Basic Education in the first three months of FY 2024/25.

An analysis of the project implementation status by the State Department for Basic Education revealed a mismatch between the percentage of completion of projects and their expected duration. For example, the Construction of Mitihani House had a project completion rate of 60 per cent despite commencing in September 1985.

We recommend that measures be taken to fast-track the implementation of multi-year projects whose completion levels are behind the timeline target.

## 4.3.17 The Teachers Service Commission

The Teachers Service Commission is mandated to formulate policies to regulate the teaching profession and guide teacher management functions, thus ensuring compliance with teaching standards prescribed from time to time, facilitating teachers' career progression and professional development and monitoring their conduct and performance during curriculum implementation. TSC registers trained teachers and recruits, employs, and assigns teachers employed by the Commission. It also exercises disciplinary controls over registered teachers, terminates the employment of teachers, reviews the standards of education and training of persons entering the teaching service, reviews the demand for and supply of teachers and advises the national government on matters relating to the teaching profession.

## 4.3.18 Budget Performance by the Teachers Service Commission

The original budgetary allocation to the Teachers Service Commission in FY 2024/25 amounted to Kshs.358.22 billion, revised to Kshs.347.89 billion in Supplementary Estimates I compared to Kshs.323.88 billion allocated in a similar period in FY 2023/24.

## 4.3.19 Teachers Service Commission Programmes and Sub-Programme Performance

The budgetary allocation was to fund development and recurrent programmes. Table 4.26 shows budget execution by programmes and sub-programmes under the Teachers Service Commission in the first three months of FY 2024/2025

Table 4.26: The Teachers Service Commission Programme and Sub-Programme Performance

# 4.4. Energy, Infrastructure and Information Communications Technology (EIICT) Sector

#### 4.4.1 Introduction

This Sector comprises nine MDAs: The State Department for Roads, Transport, Shipping and Maritime Affairs, Housing and Urban Development, Public Works, Information Communications Technology and Digital Economy, Broadcasting and Telecommunications, Energy, and Petroleum.

The EIICT sector aims to provide sustainable infrastructure development, a vibrant shipping and maritime industry, universal access to Information Communications Technology (ICT), Transport and built environment services, and accessible, affordable, quality and competitive energy and petroleum products.

The EI&ICT Sector plays a vital role as an enabler of the country's socio-economic development. It is a crucial sector in realising Vision 2030 and the BETA Agenda.

## 4.4.2 Budget Performance for EIICT Sector

The budgetary allocation to EIICT in FY 2024/2025 amounted to Kshs.476.04 billion, revised to Kshs. 444.29 billion in Supplementary Budget I, compared to the Kshs. 534.36 billion allocated in the previous financial year of 2023/2024. This amount represents 10 per cent of the gross national budget of Kshs. 4.37 trillion and 20 per cent of the MDAs' budget of Kshs. 2.23 trillion. The allocation included Kshs. 302.26 billion (68 per cent) for development activities and Kshs. 142.03 billion (32 per cent) for recurrent expenditure. The State Department for Roads received the highest budgetary allocation of Kshs. 191.98 billion (43 per cent of the Sector's budget), while the State Department for Shipping and Maritime Affairs had the lowest budgetary allocation of Kshs. 2.97 billion (less than 1 per cent of the EIICT Sector allocation).

Figure 4.5 shows the budgetary allocation trends of the EI&ICT Sector from FY 2020/2021 to FY 2024/2025.

The total exchequer issues to the EIICT Sector amounted to Kshs.24.38 billion, representing 20 per cent of the Sector's net estimates. This amount comprised Kshs.21.93 billion for development expenditure, representing 20 per cent of development net estimates, and Kshs.2.45 billion for recurrent activities, representing 17 per cent of recurrent net estimates.

In the first three months of FY 2024/2025, the State Department for Roads received the highest proportion of development exchequer issues to development net estimates at 25 per cent, while the State Department for Housing and Urban Development received the lowest at 5 per cent. The State Department for Transport recorded the highest proportion of recurrent exchequer issues to recurrent net estimates of 17 per cent. The State Department for Petroleum recorded the lowest proportion of 11 per cent. Figure 4.6 shows the exchequer issues in the EIICT Sector in the first three months of FY 2024/2025.

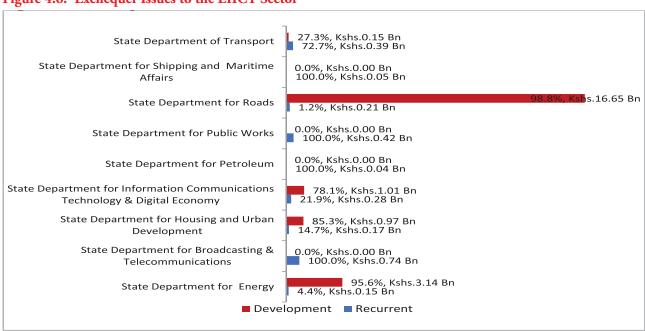

Figure 4.6: Exchequer Issues to the EIICT Sector

The total expenditure for the EI&ICT Sector amounted to Kshs.56.95 billion, representing 13 per cent of the gross estimates, compared to Kshs.47.96 billion (9 per cent) recorded in a similar period in FY 2023/2024. This amount comprised Kshs.40.04 billion for the development budget, representing an absorption rate of 13 per cent, compared to 6.7 per cent recorded in a similar period in FY 2023/2024, and Kshs.16.91 billion for recurrent expenditure, representing 12 per cent of the recurrent gross estimates, compared to 15.1 cent recorded in a similar period in FY 2023/2024. Table 4.28 shows an EI&ICT sector analysis of exchequer issues and expenditures in the first three months of FY 2024/25.

The State Department for Roads recorded the highest absorption of the development budget, at 21 per cent, while the State Department for Transport recorded the lowest, at less than 1 per cent. The State Department for Housing and Urban Development recorded the highest recurrent expenditure to gross estimates, at 19 per cent. In contrast, the State Department for Energy recorded the lowest, at 2 per cent.

## 4.4.3 The State Department for Roads

The State Department for Roads promotes the development of national roads development policy; develops, standardises and maintains roads; materials testing and advice on usage; protects road reserves; maintenance of security roads; administers mechanical and transport funds; registration of engineers; mechanical and transport services; and enforcement of axle load control. The mandate is carried out by the State Department for Roads and its agencies, The Kenya Roads Board, Kenya National Highway Authority (KeNHA), Kenya Urban Roads Authority (KURA), Kenya Rural Roads Authority (KeRRA), Engineering Board of Kenya and Kenya Engineering Technology Registration Board.

## 4.4.4 Budget Performance by the State Department for Roads

The original budgetary allocation for the State Department for Roads in FY 2024/25 amounted to Kshs.198.96 billion, revised to Kshs.191.98 billion in Supplementary Estimates I compared to Kshs. 150.84 billion allocated in a similar period in the FY 2023/24.

## 4.4.5 State Department for Roads Programmes and Sub-Programme Performance

The budgetary allocation was to fund one programme. Table 4.29 shows budget execution by programme and sub-programmes under the State Department for Roads in the first three months of FY 2024/2025.

Table 4.29: The State Department for Roads Programme and Sub-Programme Performance

Source: The State Department for Roads

Analysis of the Programme and sub-programmes shows that the Rehabilitation of Bridges sub-programme recorded the highest absorption rate, at 24 per cent. In contrast, the Maintenance of Roads and Bridges sub-programme recorded the lowest, at 15 per cent.

The State Department for Roads's overall performance was 18 per cent, below the 25 per cent target by the end of the first three months of the financial year. We recommend hastening the implementation of all programmes.

## 4.4.6 Non-financial Performance by the State Department for Roads

Table 4.30 summarises the Key Performance Indicators for the State Department for Roads in the first three months of FY 2024/25.

An analysis of the State Department for Roads' project implementation revealed that all the multi-year projects except for the Inner Core Estate Roads Phase 2 were behind schedule. We recommend prioritising the projects' implementation to realise the intended benefits to the public.

## 4.4.8 The State Department of Transport

The State Department of Transport promotes management of transport policy; manages rail transport and infrastructure; fast track identified northern and LAPPSET transport corridor projects; oversight and co-ordinate northern corridor transport and implements Lamu South Sudan Ethiopia transit (LAPSSET) programmes; civil aviation management and training; registration and insurance of motor vehicles; motor vehicles inspection; national transport safety; national road safety management; national roads transport policy; axle load control policy and standards; develop and maintain airstrips; and oversee the establish an integrated, efficient, effective and sustainable urban public transport system within the Nairobi metropolitan area. The mandate is carried out by the State Department of Transport and its agencies, The Kenya Civil Aviation Authority (KCAA), Kenya Airports Authority (KAA), Kenya Railways Corporation (KRC), LAPSSET Corridor Development Authority (LCDA), Kenya Ports Authority (KPA), National Transport and Safety Authority (NTSA) and The Nairobi Metropolitan Area Transport Authority (NaMATA)

## 4.4.9 Budget Performance by the State Department of Transport

The original budgetary allocation to the State Department of Transport in FY 2024/25 amounted to Kshs.51.63 billion, revised to Kshs.48.34 billion in Supplementary Estimates I compared to Kshs.60.38 billion allocated in FY 2023/24.

## 4.4.10 State Department of Transport Programmes and Sub-Programme Performance

The budgetary allocation was to fund five programmes. Table 4.32 shows budget execution by programmes and sub-programmes under the State Department of Transport in the first three months of FY 2024/2025

In most cases, the projects the State Department for Transport implemented were overstretched beyond their target completion dates. We recommend prioritising the project's implementation to realise the intended project's benefits to the public.

## 4.4.13 The State Department for Shipping and Maritime Affairs

The State Department for Shipping and Maritime Affairs promotes the maritime and shipping industry; manages maritime transport; ship registration; marine cargo insurance; human resource development, management and research in support of Kenya's shipping industry; establishes an adequate admiralty jurisdiction; develops a central data and information centre; co-ordinate maritime spatial planning and integrated coastal zone management; protect and regulate marine ecosystems; develop national capacity for Kenya's maritime sector; promote and facilitate placement of Kenyans in the global naval labour market; protect the marine resources in EEZ; monitor and advising on usage of Kenya's exclusive economic zone; ocean governance and marine management; and government clearing and forwarding services. The mandate is carried out by the State Department for Shipping and Maritime Affairs and its agencies, The Kenya Maritime Authority (KMA), Bandari Maritime Academy (BMA) and Kenya National Shipping Line (KNSL).

## 4.4.14 Budget Performance by the State Department for Shipping and Maritime Affairs

The original budgetary allocation to the State Department for Shipping and Maritime Affairs in FY 2024/25 amounted to Kshs.3.59 billion, revised to Kshs.2.97 billion in Supplementary Estimates I compared to Kshs.3.54 billion allocated in a similar period in the FY 2023/24.

# 4.4.15 State Department for Shipping and Maritime Affairs Programmes and Sub-Programme Performance

The budgetary allocation was to fund one programme. Table 4.35 shows budget execution by programmes and sub-programmes under the State Department for Shipping and Maritime Affairs in the first three months of FY 2024/2025.

Table 4.35: The State Department for Shipping and Maritime Affairs Programme and Sub-Programme Performance

Except for the project under Kenya Urban Support Programme II, all the projects planned to be implemented by the State Department for Housing and Urban Development were either past the target completion date or lagging behind the implementation schedule. Further, the Kenya Informal Settlement Redevelopment Project (KISRIP) did not attract funding, which is contrary to the government's plans to close the housing gap by facilitating the delivery of 250,000 houses per year.

## 4.4.23 The State Department for Public Works

The State Department for Public Works promotes the development of public works policy and planning; national building inspection services; sets and manages building and construction standards and codes; co-ordinate procurement of common user items by government ministries; registers and regulates contractors, consultants for buildings, civil works and material suppliers; register architects and quantity surveyors; provide mechanical and electrical building services; building research services; register and regulate civil, building and electromechanical contractors; develop and manage public buildings; building research services; and other public works. The mandate is carried out by the State Department of Public Works and its agencies, The National Construction Authority (NCA), the Board of Registration of Architects and Quantity Surveyors (BORAQS), and The Building Surveyors Registration Board.

## 4.4.24 Budget Performance by the State Department for Public Works

The original budgetary allocation to the State Department for Public Works in FY 2024/25 amounted to Kshs.5.01 billion, revised to Kshs.3.91 billion in Supplementary Estimates I, compared to Kshs.4.72 billion allocated in a similar period in FY 2023/24.

## 4.4.25 State Department for Public Works Programmes and Sub-Programme Performance

The budgetary allocation was to fund four programmes. Table 4.41 shows budget execution by programmes and sub-programmes under the State Department for Public Works in the first three months of FY 2024/2025

Table 4.41: The State Department for Public Works Programme and Sub-Programme Performance

## 4.4.38 The State Department for Energy

The State Department for Energy develops and manages national energy policy, thermal power development, rural electrification programme, energy regulation, security and conservation, hydropower development, geothermal exploration and development, and promotes renewable energy. The mandate is carried out by the State Department for Energy and its agencies, the Energy and Petroleum Regulatory Authority (EPRA), Kenya Power & Lighting Company PLC (KPLC), Kenya Electricity Generating Company PLC (KenGen), Rural Electrification and Renewable Energy Corporation (REREC), Geothermal Development Company Limited (GDC), Kenya Electricity Transmission Company Limited (KETRACO) and Nuclear Power and Energy Agency (NuPEA).

## 4.4.39 Budget Performance by the State Department for Energy

The original budgetary allocation to the State Department for Energy in FY 2024/25 amounted to Kshs.69.66 billion, revised to Kshs.54.06 billion in Supplementary Estimates I, compared to Kshs.63.11 billion allocated in a similar period in FY 2023/24.

## 4.4.40 State Department for Energy Programmes and Sub-Programme Performance

The budgetary allocation was to fund four programmes. Table 4.50 shows budget execution by programmes and sub-programmes under the State Department for Energy in the first three months of FY 2024/2025.

## 4.4.43 The State Department for Petroleum

The State Department for Petroleum promotes the development of petroleum policy, strategic petroleum stock management, management of upstream petroleum products marketing, development of oil and gas exploration policy, develop capacity in the oil/gas sector, petroleum products, import/export marketing policy management; licensing of petroleum marketing and handling; and quality control of petroleum products. The mandate is carried out by the State Department for Petroleum and its agencies, the Kenya Pipeline Company (KPC), National Oil Corporation of Kenya (NOCK) and Kenya Petroleum Refineries Limited (KPRL).

## 4.4.44 Budget Performance by the State Department for Petroleum

The original budgetary allocation to the State Department for Petroleum in FY 2024/25 amounted to Kshs.31.20 billion, revised to Kshs. 30.82 billion in Supplementary Estimates I, compared to Kshs.28.64 billion allocated in FY 2023/24.

## 4.4.45 State Department for Petroleum Programmes and Sub-Programme Performance

The budgetary allocation was to fund one programme. Table 4.53 shows budget execution by programmes and sub-programmes under the State Department for Petroleum in the first three months of FY 2024/2025

#### 4.5. Environmental Protection, Water, and Natural Resources Sector

#### 4.5.1 Introduction

The Environmental Protection, Water, and Natural Resources (EPWNR) Sector comprises six MDAs: State Departments for Environment & Climate Change, Forestry, Water and Sanitation, Irrigation, Wildlife, and Mining. The sector has several autonomous and semi-autonomous government agencies. In addition, the Sector has the following entities: The National Environmental Complaint Committee, the National Environment Tribunal, the Hydrologists Registration Board, and the Wildlife Clubs of Kenya.

The sector aims to ensure sustainable development in a clean and secure environment. Its objectives include enhancing climate change resilience and low carbon emissions, improving land use through irrigation and land reclamation, and promoting equitable and sustainable use of wildlife resources.

The Sector is pivotal in securing, stewarding, and sustaining the environment, Kenya's natural capital, water provision, and foreign exchange generation. It promotes socio-economic development to realise the Kenya Vision 2030 and BETA Agenda.

## 4.5.2 Budget Performance for EPWNR Sector

The budgetary allocation to EPWNR in FY 2024/2025 amounted to Kshs. 109.73 billion, which was revised to Kshs. 101.20 billion in Supplementary Budget I, compared to the Kshs. 120.56 billion allocated in the previous financial year of 2023/2024. This amount represents 2 per cent of the gross national budget of Kshs. 4.37 trillion and 5 per cent of the MDAs' budget of Kshs. 2.23 trillion. The allocation included Kshs. 69.04 billion (68 per cent) for development activities and Kshs. 32.15 billion (32 per cent) for recurrent expenditure. The State Department for Water and Sanitation received the highest budgetary allocation of Kshs. 49.84 billion (49 per cent of the Sector's budget), while the State Department for Mining had the lowest budgetary allocation of Kshs. 0.99 billion (less than 1 per cent of the EPWNR Sector allocation).

Figure 4.7 shows the budgetary allocation trends of the EPWNR Sector from FY 2020/2021 to FY 2024/2025.

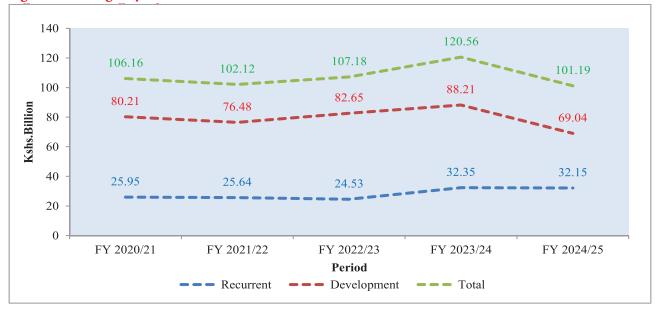

Figure 4.7: Budgetary Allocation Trend for the EPWNR Sector

The total exchequer issues to the EPWNR Sector amounted to Kshs.7.94 billion, representing 15 per cent of the Sector's net estimates. This amount comprised Kshs.5.86 billion for development expenditure, representing 15 per cent of development net estimates, and Kshs.2.08 billion for recurrent activities, representing 14 per cent of recurrent net estimates.

In the first three months of FY 2024/2025, the State Department for Irrigation received the highest proportion of development exchequer issues to development net estimates at 28 per cent, while the State Department for Forestry received the lowest at 2 per cent. The State Department for Environment and Climate Change recorded the highest proportion of recurrent exchequer issues to recurrent net estimates of 17 per cent. The State Department for Wildlife recorded the lowest ratio of 9 per cent. Figure 4.8 shows the exchequer issues in the EPWNR Sector in the first three months of FY 2024/2025.

The total expenditure for the EPWNR Sector amounted to Kshs16.69 billion, representing 16 per cent of the gross estimates, compared to Kshs.17.59 billion (17 per cent) recorded in a similar period in FY 2023/2024. This amount comprised Kshs.9.65 billion for the development budget, representing an absorption rate of 14 per cent, compared to 14 per cent recorded in a similar period in FY 2023/2024, and Kshs.7.04 billion for recurrent expenditure, representing 22 per cent of the recurrent gross estimates, compared to 17 per cent recorded in a similar period in FY 2023/2024. The State Department for Irrigation recorded the highest absorption of the development budget at 24 per cent. The State Department for Environment and Climate Change recorded the lowest at 6 per cent. The State Department for Wildlife recorded the highest recurrent expenditure to gross estimates at 26 per cent. The State Department for Environment and Climate Change recorded the lowest at 13 per cent.

## 4.5.3 The State Department of Water and Sanitation

The State Department of Water and Sanitation is mandated to protect, conserve, manage and increase access to clean and safe water and irrigation for socio-economic development. The mandate is carried out by the State Department of Water and Sanitation and its agencies, the Water Services Regulatory Board (WASREB), Water Resources Authority (WRA), Water Sector Trust Fund (WSTF), Water Works Development Agencies (WWDAs), Kenya Water Institute (KEWI), Regional Centre on Ground Water Resources Education, Training and Research in East Africa (RCGWRETREA) and Hydrologists Registration Board (HRB).

#### 4.5.4 Budget Performance by the State Department of Water and Sanitation

The original budgetary allocation to the State Department of Water and Sanitation in FY 2024/25 amounted to Kshs.52.41 billion, revised to Kshs. 49.84 billion in Supplementary Estimates I, compared to Kshs.61.48 billion allocated in a similar period in FY 2023/24.

## 4.5.5 State Department of Water and Sanitation Programmes and Sub-Programme Performance

The budgetary allocation was to fund three programmes. Table 4.57 shows budget execution by programmes and sub-programmes under the State Department of Water and Sanitation in the first three months of FY 2024/2025.

Table 4.57: The State Department of Water and Sanitation Programme and Sub-Programme Performance

#### 4.5.8 The State Department for Irrigation

The State Department for Irrigation promotes National Irrigation Policy and Management, Water Harvesting and Storage for Irrigation, Management of Irrigation Schemes, Water Storage and Flood Control Management Mapping, Designating and Developing Areas ideal for Irrigation Schemes, Development of Irrigation infrastructure, and Land Reclamation. The State Department for Irrigation and its agencies, The National Irrigation Authority and National Water Harvesting and Storage Authority (NWHSA), carry out the mandate.

#### 4.5.9 Budget Performance by the State Department for Irrigation

The original budgetary allocation to the State Department for Irrigation in FY 2024/25 amounted to Kshs.23.13 billion, revised to Kshs. 21.41 billion in Supplementary Estimates I, compared to Kshs.24.73 billion allocated in FY 2023/24.

#### 4.5.10 State Department for Irrigation Programmes and Sub-Programme Performance

The budgetary allocation was to fund four programmes. Table 4.60 shows budget execution by programmes and sub-programmes under the State Department for Irrigation in the first three months of FY 2024/2025

Table 4.60: The State Department for Irrigation Programme and Sub-Programme Performance

## 4.5.13 The State Department for Environment & Climate Change

The State Department for Environment & Climate Change is mandated to undertake National Environment Policy and Management, Climate Change/Action Policy, Promotion of low carbon technologies to reduce Emission; Restoration and Protection of Strategic Water Towers, Protection and Conservation of the Natural Environment; Pollution Control; Lake Victoria Environmental Management Programme; Restoration of Lake Naivasha Basin; Meteorological Service; and Conservation and Protection of Wetlands. The mandate is carried out by the State Department for Environment & Climate Change and its agencies, National Environment Management Authority (NEMA), National Environment Trust Fund (NETFUND) and Kenya Water Towers Agency (KWTA).

## 4.5.14 Budget Performance by the State Department for Environment & Climate Change

The original budgetary allocation to the State Department for Environment & Climate Change in FY 2024/25 amounted to Kshs.5.02 billion, revised to Kshs. 4.46 billion in Supplementary Estimates I compared to Kshs.6.24 billion allocated in a similar period in FY 2023/24.

## 4.5.15 State Department for Environment & Climate Change Programmes and Sub-Programme Performance

The budgetary allocation was to fund four programmes. Table 4.63 shows budget execution by programmes and sub-programmes under the State Department for Environment & Climate Change in the first three months of FY 2024/2025.

The Modernisation of Meteorological Services sub-programme under the Modernization of Meteorological Services Programme recorded the highest absorption rate, at 17 percent. Conversely, the Water Towers Rehabilitation and Conservation sub-programmes did not attract funding in the first three months of FY 2024/25.

## 4.5.16 Non-financial Performance by the State Department for Environment & Climate Change

Table 4.64 summarises the Key Performance Indicators for the State Department for Environment and Climate Change in the first three months of FY 2024/25.

Analysis of the project implementation Status showed that the Kenya Enhanced Transparency Programme (ETP) and the Global Review and Update of National Implementation Plans were behind the planned project implementation schedule. We recommend fast-tracking the implementation of these projects.

#### 4.5.18 The State Department for Forestry

The State Department for Forestry is mandated to promote Forestry Development policy, Forestry Management Support in Climate Change/Action Policy and Development of Forests, Re-afforestation, and Agro-forestry Forestry Development Policy; Administration of forestry research to realise ecological balance within forests; Administration of the regulations on the timber harvesting and trade of timber and timber products; Collaboration with local communities and Indigenous groups in forest management; decisions in promoting sustainable livelihoods; and Public education on forest conservation for sustainable development. The mandate is carried out by the State Department for Forestry and its agencies, the Kenya Forest Service (KFS) and Kenya Forest Research Institute (KEFRI).

## 4.5.19 Budget Performance by the State Department for Forestry

The original budgetary allocation to the State Department for Forestry in FY 2024/25 amounted to Kshs.13.06 billion, revised to Kshs.12.08 billion in Supplementary Estimates I, compared to Kshs.14.38 billion allocated in a similar period in FY 2023/24.

## 4.5.20 State Department for Forestry Programmes and Sub-Programme Performance

The budgetary allocation was to fund one programme. Table 4.66 shows budget execution by programmes and sub-programmes under the State Department for Forestry in the first three months of FY 2024/2025

## 4.5.23 The State Department for Mining

The State Department for Mining is mandated to Develop a policy on Extractive Industry, Conduct mineral exploration & develop mining policy management, Prepare inventory and mapping of mineral resources, Coordinate mining and minerals development policy; Develop policies on the management of quarrying of rocks and industrial minerals; Ensure management of health conditions and health and safety in mines; Conduct mining capacity development and value addition; and Maintain geological data (research, collection, collation, analysis). The mandate is carried out by the State Department for Mining and its agencies, the National Mining Corporation, the Geologists Registration Board and the Mineral Rights Board.

## 4.5.24 Budget Performance by the State Department for Mining

The original budgetary allocation to the State Department for Mining in FY 2024/25 amounted to Kshs.1.76 billion, revised to Kshs. 0.99 billion in Supplementary Estimates I, compared to Kshs.2.51 billion allocated in a similar period in FY 2023/24.

<sup>\*</sup> Information not provided by the MDA.

## 4.5.25 State Department for Mining Programmes and Sub-Programme Performance

The budgetary allocation was to fund three programmes. Table 4.69 shows budget execution by programmes and sub-programmes under the State Department for Mining in the first three months of FY 2024/2025.

An analysis of the project implementation status by the State Department for Mining revealed that no project was funded in the first three months of FY 2024/25.

#### 4.5.28 The State Department for Wildlife

The State Department for Wildlife is mandated to undertake the Wildlife Conservation and Protection Policy; Protection of Wildlife Heritage; Management of National Parks, Reserves and Marine Parks; Wildlife Biodiversity Management and Protection; Sustainable Wildlife Biodiversity Economy; Collaboration with Wildlife Clubs of Kenya; Management of Wildlife Dispersal Areas in collaboration with Partners; Wildlife Conservation Training and Research; Wildlife Conservation Education and Awareness; Wildlife Biodiversity International Obligations and Multilateral Agreements; Human-Wildlife Conflict Mitigation and Response Policy; and Wildlife Sector Governance and Coordination. The mandate is carried out by the State Department for Wildlife and its agencies, the Kenya Wildlife Service (KWS), the Kenya Wildlife Research and Training Institute (WRTI), and the Wildlife Conservation Trust Fund (WCTF).

## 4.5.29 Budget Performance by the State Department for Wildlife

The original budgetary allocation to the State Department for Wildlife in FY 2024/25 amounted to Kshs.14.34 billion, revised to Kshs. 12.41 billion in Supplementary Estimates I, compared to Kshs.11.22 billion allocated in a similar period in FY 2023/24.

#### 4.5.30 State Department for Wildlife Programmes and Sub-Programme Performance

The budgetary allocation was to fund one programme. Table 4.72 shows budget execution by programmes and sub-programmes under the State Department for Wildlife in the first three months of FY 2024/2025

#### 4.6. General Economic and Commercial Affairs Sector

#### 4.6.1 Introduction

The General Economic and Commercial Affairs (GECA) sector consists of eight MDAs, namely the State Departments for Trade; Arid and Semi-arid Lands (ASALs) and Regional Development; Cooperatives; Industry; Micro, Small and Medium Enterprises Development; Investment Promotion; East African Community; and Tourism together with their affiliated Agencies and Institutions.

The main objectives of the Sector over the MTEF period are to transform Micro, Small, and Medium Enterprises (MSMEs), promote and sustain tourism, promote industrial development investments, enhance trade and ease of doing business, promote growth and development of cooperatives and the MSMEs Sector, promote regional integration, and promote equitable and sustainable ASAL and regional development.

#### 4.6.2 Budget Performance for GECA Sector

## 4.7. Governance, Justice, Law and Order (GJLO) Sector

#### 4.7.1 Introduction

The Governance, Justice, Law and Order (GJLO) Sector consists of sixteen MDAs, which include the State Department for Correctional Services; the State Department for Immigration and Citizen Services; the National Police Service; the State Department for Internal Security and National Administration; the State Law Office; the Judiciary; the Ethics and Anti-Corruption Commission (EACC); the Office of the Director of Public Prosecutions (ODPP); the Office of the Registrar of Political Parties (ORPP); the Witness Protection Agency (WPA); the Kenya National Commission on Human Rights (KNHCR); the Independent Electoral and Boundaries Commission (IEBC); the Judicial Service Commission (JSC); the National Police Service Commission (NPSC); the National Gender and Equality Commission (NGEC); and the Independent Policing Oversight Authority (IPOA), as well as SAGAs and tribunals each with specific functions and mandates.

The Sector creates a conducive environment for the country's economic, social, and political development necessary for fulfilling the objectives of the Kenya Vision 2030. It comprises institutions with linkages to peace- and security-building, interpretation of the law, correctional services, immigration and population management, legal advisory services to government agencies, representation of the national government in civil proceedings and matters before foreign courts and tribunals, and dispensation of justice. Further, the Sector promotes good governance and integrity and spearheads the fight against corruption, public prosecutions, registration and regulation of political parties, protection of witnesses, protection and promotion of human rights, delimitation of electoral boundaries and management of electoral process, promotion of gender equality, inclusion of marginalised groups and communities.

The Sector is also responsible for developing and implementing citizenship and refugee management and immigration services, regulating the gaming industry, providing population management, eradicating drugs and substance abuse, conducting crime research, printing government documents, and overseeing policing.

# 4.7.2 Budget Performance for GJLO Sector

The budgetary allocation to GJLO in FY 2024/2025 amounted to Kshs.246.42 billion, which was revised to Kshs.230.89 billion in Supplementary Budget I, compared to the Kshs.259.49 billion allocated in the previous financial year of 2023/2024. This amount represents 5 per cent of the gross national budget of Kshs.4.37 trillion and 10 per cent of the MDAs' budget of Kshs.2.23 trillion. The allocation included Kshs.5.71 billion (2 per cent) for development activities and Kshs.225.18 billion (98 per cent) for recurrent expenditure. The State Department for National Police Service received the highest budgetary allocation of Kshs.108.68 billion (47 per cent of the Sector's budget), while the State Department for National Gender and Equality Commission had the lowest budgetary allocation of Kshs.0.41 billion (less than 1 per cent of the GJLO Sector allocation).

The high allocation to the State Department for National Police Service was due to providing security to the government's critical infrastructure and other related activities. Figure 4.11 shows the budgetary allocation trends of the GJLO Sector from FY 2020/2021 to FY 2024/25.

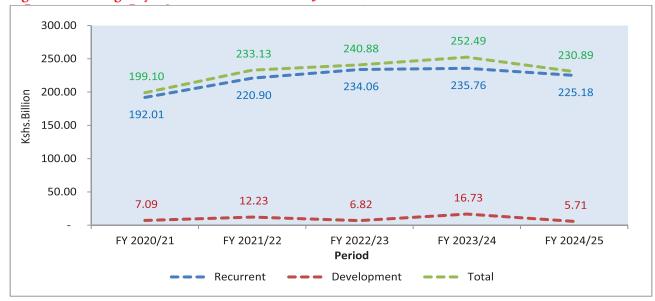

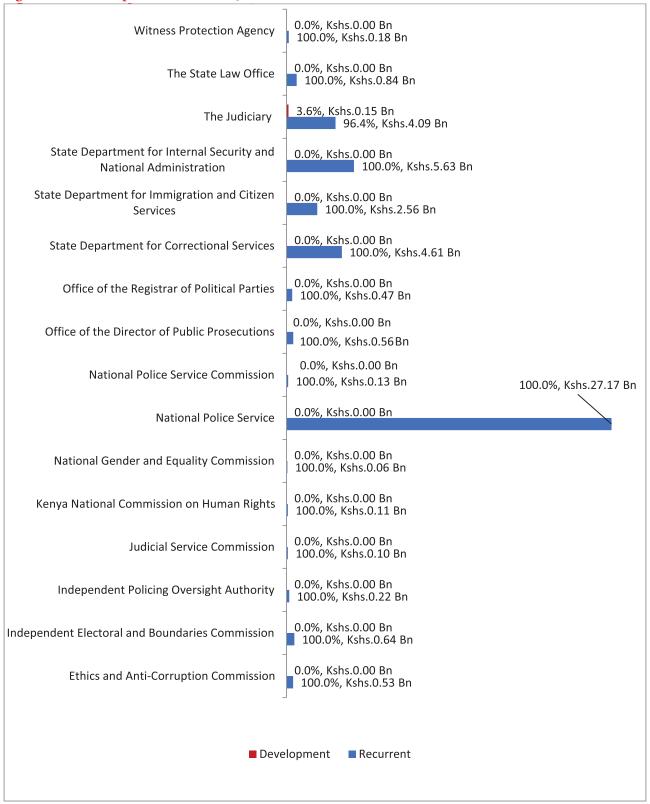

Figure 4.11: Budgetary Allocation Trend for the GJLO Sector

Source: National Treasury

The total exchequer issues to the GJLO Sector amounted to Kshs.48.06 billion, representing 21 per cent of the Sector's net estimates. This amount comprised Kshs.0.15 billion for development expenditure, representing 5 per cent of development net estimates, and Kshs.47.91 billion for recurrent activities, representing 22 per cent of recurrent net estimates.

In the first three months of FY 2024/25, only the Judiciary received development exchequer issues to development net estimates at 42 per cent. The State Department for Immigration and Citizen Services recorded the highest proportion of recurrent exchequer issues to recurrent net estimates of 29 per cent. The National Police Service Commission recorded the lowest ratio of 13 per cent. Figure 4.12 shows the exchequer issues in the GJLO Sector in the first three months of FY 2024/25.

The State Department for Internal Security and National Administration recorded the highest absorption of the development budget, at 71 per cent. In contrast, the State Law Office recorded the lowest, at 29 per cent. The State Department for Internal Security and National Administration recorded the highest recurrent expenditure to revised gross estimates, at 31 per cent, while the National Police Service Commission recorded the lowest, at 14 per cent.

## 4.7.3 The State Department for Correctional Services

The State Department for Correctional Services promotes Policies to reform the penal justice system. It is also tasked with developing administrative policies for institutional institutions and facilities for incarcerated minors and Probation services. The «State Department for Correctional Services» and its agencies, the Prison Services and Probation and Aftercare Services, carry out the mandate.

## 4.7.4 Budget Performance by the State Department for Correctional Services

The original budgetary allocation to the State Department for Correctional Services in FY 2024/25 amounted to Kshs.35.55 billion, revised to Kshs. 34.39 billion in Supplementary Estimates I, compared to Kshs.35.37 billion allocated in FY 2023/24.

## 4.7.5 State Department for Correctional Services Programmes and Sub-Programme Performance

The budgetary allocation was to fund three programmes. Table 4.100 shows budget execution by programmes and sub-programmes under the State Department for Correctional Services in the first three months of FY 2024/25.

Table 4.100: The State Department for Correctional Services Programme and Sub-Programme Performance

IPRS-Integrated Population Registration Systems

An analysis of the project implementation status by the State Department for Immigration and Citizen Services revealed projects whose expected completion dates are in the year (2028) recorded the highest completion rate compared to those ending in the year 2026. We recommend fast-tracking the projects with low completion rates.

#### 4.7.13 The National Police Service

The National Police Service promotes the protection of life and property and the provision of assistance to the public when in need. It is also tasked with preserving peace and preventing and detecting crime. The mandate is carried out by the National Police Service and its agencies, the Kenya Police Service, Administration Police, and Criminal Investigation Services.

#### 4.7.14 Budget Performance by the National Police Service

The original budgetary allocation to the National Police Service in FY 2024/25 amounted to Kshs.110.55 billion, revised to Kshs.108.68 billion in Supplementary Estimates I, compared to Kshs.113.29 billion allocated in FY 2023/24.

## 4.7.15 National Police Service Programmes and Sub-Programme Performance

The budgetary allocation was to fund one programme. Table 4.106 shows budget execution by programmes and sub-programmes under the National Police Service in the first three months of FY 2024/2025.

Table 4.106: The National Police Service Programme and Sub-Programme Performance

**Source:** The State Department for Internal Security and National Administration

An analysis of the project implementation status by the State Department for Internal Security and National Administration revealed that most of their projects are at 50 per cent completion and the one with the highest expenditure was construction of sub-county headquarters.

#### 4.7.23 The State Law Office

The State Law Office promotes adherence to the law by Ministries, Departments and Agencies and is also tasked with representing the national government in legal proceedings before national, regional and international courts and tribunals to which the national government is party other than in criminal proceedings. The mandate is carried out in collaboration with its agencies through Registration Services, legislation, Treaties and Advisory Services, and Governance Reforms.

## 4.7.24 Budget Performance by The State Law Office

The original budgetary allocation to The State Law Office in FY 2024/25 amounted to Kshs.6.98 billion, revised to Kshs.6.10 billion in Supplementary Estimates I, compared to Kshs.6.67 billion allocated in FY 2023/24.

#### 4.7.25 The State Law Office Programmes and Sub-Programme Performance

The budgetary allocation was to fund three programmes. Table 4.112 shows budget execution by programmes and sub-programmes under The State Law Office in the first three months of FY 2024/25.

## 4.7.59 The Judicial Service Commission

The Judicial Service Commission promotes independence and accountability of the Judiciary for the efficient, effective and transparent administration of justice.

## 4.7.60 Budget Performance by the Judicial Service Commission

The original budgetary allocation to the Judicial Service Commission in FY 2024/25 amounted to Kshs.0.90 billion, revised to Kshs. 0.66 billion in Supplementary Estimates I, compared to Kshs.0.90 billion allocated in FY 2023/24.

#### 4.7.61 Judicial Service Commission Programmes and Sub-Programme Performance

The budgetary allocation was to fund one programme. Table 4.132 shows budget execution by programmes and sub-programmes under the Judicial Service Commission in the first three months of FY 2024/2025

Table 4.132: The Judicial Service Commission Programme and Sub-Programme Performance

#### 4.7.63 The National Police Service Commission

The National Police Service Commission promotes recruiting and appointing persons to hold or act in offices within the service. It is also tasked with confirmation of appointments, determining promotions and transfers within the National Police Service, observing due process, exercising disciplinary control over, and removing persons holding or acting in offices within the service.

# 4.7.64 Budget Performance by the National Police Service Commission

The original budgetary allocation to the National Police Service Commission in FY 2024/25 amounted to Kshs.1.13 billion, revised to Kshs.1.01 billion in Supplementary Estimates I, compared to KShs.1.18 billion allocated in FY 2023/24.

#### 4.7.65 National Police Service Commission Programmes and Sub-Programme Performance

The budgetary allocation was to fund one programme. Table 4.134 shows budget execution by programmes and sub-programmes under the National Police Service Commission in the first three months of FY 2024/2025.

Table 4.134: The National Police Service Commission Programme and Sub-Programme Performance

## 4.7.71 The Independent Policing Oversight Authority

The Independent Policing Oversight Authority promotes accountability of the Police to the public in performing their functions. It is also tasked with giving effect to the provision of Article 244 of the Constitution that the Police shall strive for professionalism and discipline, promote and practice transparency and accountability, and ensure independent oversight of the handling of complaints by the National Police Service. The mandate is carried out by the « Independent Policing Oversight Authority ».

#### 4.7.72 Budget Performance by the Independent Policing Oversight Authority

The original budgetary allocation to the Independent Policing Oversight Authority in FY 2024/25 amounted to Kshs.1.11 billion, revised to Kshs. 1.09 billion in Supplementary Estimates I, compared to Kshs.1.05 billion allocated in FY 2023/24.

## 4.7.73 Independent Policing Oversight Authority Programmes and Sub-Programme Performance

The budgetary allocation was to fund one programme. Table 4.138 shows budget execution by programmes and sub-programmes under the Independent Policing Oversight Authority in the first three months of FY 2024/2025.

## 4.8. Health Sector

#### 4.8.1 Introduction

Health is primarily a devolved function under the Fourth Schedule of the Constitution of Kenya. The health sector is responsible for providing and coordinating health policy formulation, ensuring quality service delivery, and regulating health care at the national level. The sector comprises two MDAs: The State Department for Medical Services and the State Department for Public Health and Professional Standards. The Sector delivers

services through several SAGAs and entities, including the Kenyatta National Hospital, Moi Teaching and Referral Hospital, Kenya Medical Research Institute, Kenya Medical Supplies Authority, Kenya Medical Training College, National Syndemic Disease Control Council, Kenyatta University Teaching, Referral and Research Hospital, National Cancer Institute of Kenya and the Kenya Nuclear Regulatory Authority.

The Sector envisions "a *healthy, productive and globally competitive nation*" achieved through strategic objectives under equity, efficiency, and people-centred principles with a multi-sectoral approach as outlined in the Kenya Health Policy (2014-2030). The Health Sector implements its strategic objectives through eight budgetary programmes, four under the State Department for Medical Services and four under the State Department for Public Health and Professionals.

#### 4.8.2 Budget Performance for the Health Sector

The budgetary allocation to Health in FY 2024/2025 amounted to Kshs.127.17 billion, revised to Kshs.118.86 billion in Supplementary Budget I, compared to the Kshs.134.76 billion allocated in the FY 2023/24. This amount represents 3 per cent of the revised gross national budget of Kshs. 4.37 trillion and 5 per cent of the Ministerial budget of Kshs. 2.23 trillion. The allocation comprised of Kshs. 32.03 billion (27 per cent) for development activities and Kshs.86.83 billion (73 per cent) for recurrent expenditure. The State Department for Medical Services received a budgetary allocation of Kshs.91.98 billion (77 per cent of the Sector's budget), while the State Department for Public Health and Professional Standards' allocation was Kshs.26.87 billion (23 per cent of the Health Sector allocation).

The high allocation to the State Department for Medical Services is attributed to the high budget allocation in the National Referral Services sub-programme. Figure 4.1 shows the budgetary allocation trends of the Health Sector from FY 2020/21 to FY 2024/25.

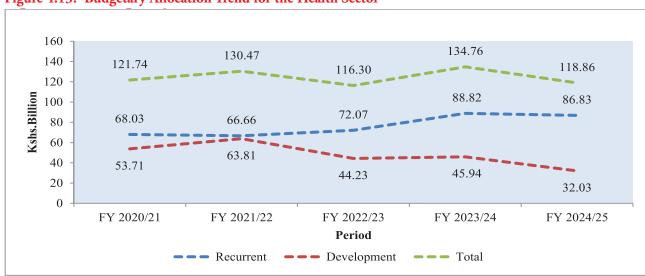

Figure 4.13: Budgetary Allocation Trend for the Health Sector

The total exchequer issues to the Health Sector amounted to Kshs.10.90 billion, representing 14 per cent of the Sector's revised net estimates. This amount comprises of Kshs.1.99 billion for development expenditure, representing 10 per cent of development revised net estimates, and Kshs.8.91 billion for recurrent activities, representing 16 per cent of recurrent revised net estimates.

In the first three months of FY 2024/2025, the State Department for Medical Services received 10 per cent of development exchequer issues to the revised development expenditure net estimates, and the State Department for Public Health and Professional Standards received 7 per cent. The State Department for Medical Services recorded the highest proportion of recurrent exchequer issues to recurrent net estimates of 17 per cent. The State Department for Public Health and Professional Standards recorded the lowest ratio of 14 per cent. Figure 4.14 shows the exchequer issues in the Health Sector in the first three months of FY 2024/25.

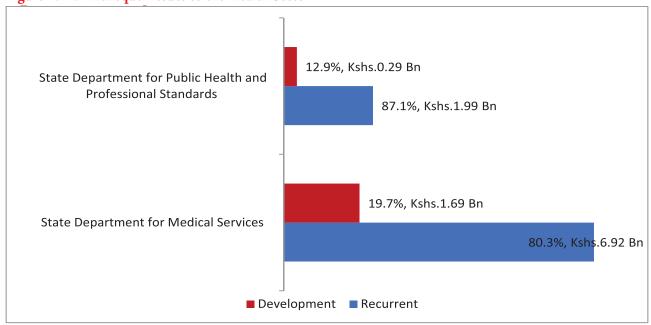

Figure 4.14: Exchequer Issues to the Health Sector

**Source:** National Treasury

In the reporting period, the total expenditure for the Health Sector amounted to Kshs.21.08 billion, representing 18 per cent of the revised gross estimates, compared to 11 per cent (Kshs.15.98 billion) recorded in a similar period in FY 2023/24. This amount comprised Kshs.6.20 billion for the development budget, representing an absorption rate of 19 per cent, compared to 11 per cent recorded in a similar period in FY 2023/2024, and Kshs.14.88 billion for recurrent expenditure, representing 17 per cent of the revised gross recurrent estimates, compared to 12 per cent recorded in a similar period in FY 2023/24. Table 4.140 shows the Health Sector analysis of exchequer issues and expenditure in the first three months of FY 2024/25.

The State Department for Public Health and Professional Standards recorded the highest absorption for development and recurrent expenditure budgets, at 33 per cent and 22 per cent, respectively. The State Department for Medical Services recorded absorption of 17 per cent and 16 per cent for development and recurrent expenditure, respectively.

#### 4.8.3 The State Department for Medical Services

The State Department for Medical Services promotes health policy, health regulation, national referral facilities, capacity building, and technical assistance to the counties. It is also tasked with the Immunization and Reproductive Health Policy and Management. The mandate is carried out by the State Department for Medical Services and its agencies: The Social Health Insurance Fund (SHIF), Kenya Medical Supplies Authority (KEMSA), Kenyatta National Hospital, Moi Teaching Referral Hospital, National Syndemic Diseases Control Council and Kenya Medical Research Institute (KEMRI).

#### 4.8.4 Budget Performance by the State Department for Medical Services

The original budgetary allocation to the State Department for Medical Services in FY 2024/25 amounted to Kshs.98.98 billion, revised to Kshs. 91.98 billion in Supplementary Estimates I, compared to Kshs.116.59 billion allocated in FY 2023/24.

#### 4.8.5 State Department for Medical Services Programmes and Sub-Programme Performance

The budgetary allocation was to fund four programmes. Table 4.141 shows budget execution by programmes and sub-programmes under the State Department for Medical Services in the first three months of FY 2024/2025

## 4.8.8 The State Department for Public Health and Professional Standards

The State Department for Public Health and Professional Standards promotes quality healthcare services are guaranteed through the provision of policies on healthcare, standards, human resource development, and public health standards and sanitation management and is also tasked with strategic leadership and support to all health professional bodies, development of a framework to ensure the sharing of professional experiences and embedding in future clinical practice.

The mandate is carried out by the State Department for Public Health and Professional Standards and its agencies: the Kenya Medical Practitioners and Dentist Council (KMPDC), Kenya Medical Training College (KMTC), Kenya Health Professions Oversight Authority (KHPOA), Kenya National Public Health Institute (KNPHI) and Kenya Medical Laboratory Technicians and Technologists Board (KMLTTB).

## 4.8.9 Budget Performance by the State Department for Public Health and Professional Standards

The original budgetary allocation to the State Department for Public Health and Professional Standards in FY 2024/25 amounted to Kshs. 28.19 billion, revised to Kshs. 26.87 billion in Supplementary Estimates I, compared to Kshs. 24.59 billion allocated in a similar period in FY 2023/24.

## 4.8.10 State Department for Public Health and Professional Standards Programmes and Sub-Programme Performance

The budgetary allocation was to fund four programmes. Table 4.144 shows budget execution by programmes and sub-programmes under the State Department for Public Health and Professional Standards in the first three months of FY 2024/2025

## 4.9. National Security Sector

#### 4.9.1 Introduction

The National Security sector comprise the Ministry of Defence and the National Intelligence Service (NIS). The sector's mandate is to ensure the country's security against any threats emanating from within or outside the Kenyan borders, defend the country, and support the civil powers in maintaining peace and order.

#### 4.9.2 Budget Performance for National Security Sector

The budgetary allocation to the National Security sector in FY 2024/2025 amounts to Kshs.219.44 billion, revised to Kshs.219.30 billion in Supplementary I, representing 5.0 per cent of the gross national budget, compared to Kshs.211.63 billion allocated in the FY 2023/2024. The allocation comprised Kshs.1.53 billion for development expenditure (1 per cent of the sector's budget) and Kshs.217.77 billion for recurrent expenditure (99 per cent of the sector's allocation). The Ministry of Defence was allocated Kshs.172.95 billion (78.8 per cent of the sector's share), while NIS received Kshs.46.35 billion (21 per cent of the sector's allocation). The growth in the budget allocation for the National Security sector is attributed to increased funding requirements for military modernization, enhanced territorial defence capabilities, and strengthened intelligence gathering operations.

Figure 4.15 below shows the budgetary allocation trend for the National Security sector for FY 2020/2021 to FY 2024/2025.

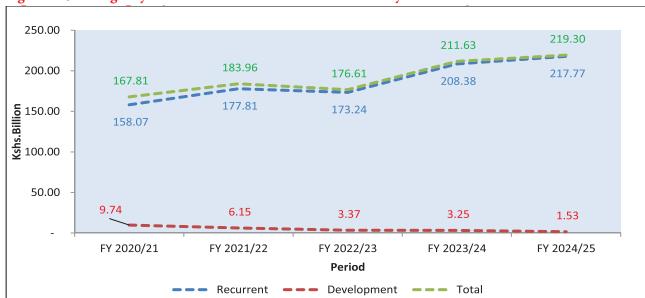

Figure 4.15: Budgetary Allocation Trend for the National Security Sector

In the first three months of FY 2024/2025, the National Security sector received Kshs.49.6 billion, representing 23 per cent of the sector's revised net estimates for funding recurrent activities.

The Ministry of Defence received Kshs.36.27 billion for recurrent activities, representing 22 per cent of the revised net estimates, and NIS received Kshs. 13.33 billion, representing 29 per cent of the revised recurrent net estimates.

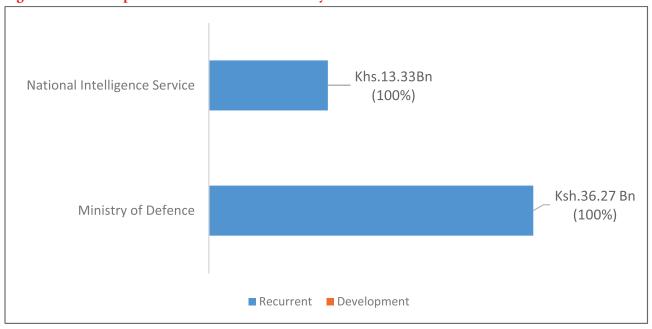

Table 4.147 shows the National Security sector analysis of exchequer issues and expenditures in the first three months of FY 2024/25.

The total expenditure for the National Security sector in the first three months of FY 2024/2025 amounted to Kshs.51.98 billion, representing 24 per cent of the revised gross estimates, compared to 23 per cent (Kshs.44.21 billion) recorded in a similar period FY 2023/2024. The Ministry of Defence spent Kshs.40.76 billion on recurrent activities representing 24 per cent of the revised gross estimates compared to 24 per cent (Kshs.34.40 billion) recorded in a similar period FY 2023/2024. NIS spent Kshs.11.21 billion on recurrent activities, recording 24 per cent of its revised gross estimates compared to 25 per cent (Kshs.8.30 billion) recorded in a similar period in FY 2023/2024.

## 4.9.3 The Ministry of Defence

The Ministry of Defence encompasses the Kenya Army, Kenya Air Force, Kenya Navy, Defence Forces Constabulary, and Civilian Staff. It envisions itself as a premier, credible, and mission-capable force grounded in professionalism. Its primary mandate is to defend and protect the sovereignty and territorial integrity of the Republic of Kenya, while its secondary mandate includes assisting and cooperating with other authorities during emergencies or disasters and restoring peace in any part of Kenya affected by unrest or instability as directed. The Ministry is committed to defending and protecting the people and property of the Republic of Kenya against external threats and supporting civil authority as per the law.

#### 4.9.4 Budget Performance by the Ministry of Defence

The original budgetary allocation to the Ministry of Defence in FY 2024/25 amounted to Kshs.173.09 billion, revised to Kshs.172.95 billion in Supplementary Estimates I, compared to Kshs.159.09 billion allocated in FY 2023/24.

#### 4.9.5 Ministry of Defence Programmes and Sub-Programme Performance

The budgetary allocation was to fund four programmes. Table 4.148 shows budget execution by programmes and sub-programmes under the Ministry of Defence in the first three months of FY 2024/2025.

The budget analysis for the Ministry of Defence in the specified sub-programmes reveals varying performance and absorption rates. The National Defence programme saw notable budget allocation across sub-programmes, with Land Defence and National Air Defence receiving the highest allocation.

Overall, the Ministry's average absorption rate was 24 per cent, indicating moderate budget utilization. Key observations show that while operational and defence-related programmes have maintained steady absorption rates, certain administrative and support services reflect lower fund utilization, suggesting potential areas for efficiency improvements in fund allocation and execution.

## 4.9.6 The National Intelligence Service

The National Intelligence Service is tasked with National Security Intelligence. The National Intelligence Service carries out the mandate.

## 4.9.7 Budget Performance by the National Intelligence Service

The budget allocation to the National Intelligence Service in FY 2024/25 amounted to Kshs.46.35 billion, compared to Kshs. 52.55 billion allocated in FY 2023/24.

## 4.9.8 National Intelligence Service Programmes and Sub-Programme Performance

The budgetary allocation was to fund one programme. Table 4.149 shows budget execution by programmes and sub-programmes under the National Intelligence Service in the first three months of FY 2024/2025

Table 4.149: The National Intelligence Service Programme Performance

The National Intelligence Service (NIS) has one sub-programme, mainly Security Intelligence. In the first three months of FY 2024/25, it recorded expenditures of Kshs. 11.21 billion, an absorption rate of 24 percent. This reflects a strong focus on recurrent spending within NIS, specifically for ongoing security intelligence activities.

#### 4.10. Public Administration and International Relations Sector

#### 4.10.1 Introduction

The Public Administration and International Relations (PAIR) sector consists of twenty-three MDAs, namely The Executive Office of the President, Office of the Deputy President, Office of the Prime Cabinet Secretary, State Department for Parliamentary Affairs, State Department for Performance and Delivery Management; State Department for Cabinet Affairs; State House; State Department for Devolution; State Department of Economic Planning; State Department for Foreign Affairs; State Department for Diaspora Affairs; The National Treasury; State Department for Public Service; Parliamentary Service Commission; National Assembly; Parliamentary Joint Services; Senate; The Commission on Revenue Allocation (CRA); Public Service Commission; Salaries and Remuneration Commission; The Auditor General; The Controller of Budget and The Commission on Administrative Justice (CAJ) together with affiliated SAGAs and entities.

The Sector provides national leadership, oversight, and policy direction towards realising the country's development agenda. It promotes prudent public finance management and accountability in the Public Sector, coordinates national and sectoral development planning, and oversees an efficient and effective Public Service.

It also coordinates Kenya's foreign policy and diaspora affairs, wage bill management, development of a sound legislative and regulatory framework, and enforces administrative justice and the right to information.

The sector has prioritised programmes and projects aligned with the Post-COVID-19 Economic Recovery Stimulus Programme (PC-ERS), the Bottom-Up Economic Transformation Agenda, and the Fourth Medium Term Plan of Kenya Vision 2030. Priority was also accorded to ongoing interventions supporting the "Big Four" agenda and the newly established institutions.

#### 4.10.2 Budget Performance for the PAIR Sector

The budgetary allocation to PAIR in FY 2024/2025 amounted to Kshs. 331.20 billion, which was revised to Kshs. 301.78 billion in Supplementary Budget I, compared to the Kshs. 310.19 billion allocated in the previous financial year of 2023/2024. This amount represents 7 per cent of the National Government's gross budget of Kshs. 4.37 trillion and 14 per cent of the MDAs' budget of Kshs.2.23 trillion. The allocation included Kshs. 125.34 billion (42 per cent) for development activities and Kshs. 176.44 billion (58 per cent) for recurrent expenditure. The National Treasury received the highest budgetary allocation of Kshs. 119.23 billion (40 per cent of the Sector's budget), while the State Department for Cabinet Affairs had the lowest budgetary allocation of Kshs. 228.67 million (less than 1 per cent of the PAIR Sector allocation).

Figure 4.17 shows the budgetary allocation trends of the PAIR Sector for the period FY 2020/21 to FY 2024/25.

The total exchequer issues to the PAIR Sector amounted to Kshs. 41.44 billion, representing 14 per cent of the Sector's net estimates. This amount comprised Kshs.11.86 billion for development expenditure, representing 12 per cent of development net estimates, and Kshs. 29.58 billion for recurrent activities, representing 19 per cent of recurrent net estimates.

In the first three months of FY 2024/2025, the State Department for Devolution received the highest proportion of development exchequer issues to development net estimates at 16 per cent, while the State Department for Economic Planning received the lowest at 11 per cent. The State House recorded the highest proportion of recurrent exchequer issues to recurrent net estimates of 38 per cent. The Commission for Revenue Allocation recorded the lowest ratio of 9 per cent. Figure 4.18 shows the exchequer issues in the PAIR Sector in the first three months of FY 2024/2025.

**Source:** The Executive Office of the President

Overall, the ongoing status of these project's implementation under the Executive Office of the President shows some projects are in good stead while others have low completion rates. We recommend fast-tracking of projects for timely and effective completion.

## 4.10.8 The Office of the Deputy President

The Office of the Deputy President is in charge of Coordinating and supervising the implementation of government policies, plans, programmes, and projects.

## 4.10.9 Budget Performance by the Office of the Deputy President

The original budgetary allocation to the Office of the Deputy President in FY 2024/25 amounted to Kshs.4.58 billion, revised to Kshs.2.6 billion in Supplementary Estimates I, compared to Kshs.4.76billion allocated in FY 2023/24.

## 4.10.10 Office of the Deputy President Programmes and Sub-Programme Performance

The budgetary allocation was to fund one programme. Table 4.154 shows budget execution by programmes and sub-programmes under the Office of the Deputy President in the first three months of FY 2024/2025.

Table 4.154: The Office of the Deputy President Programme and Sub-Programme Performance

**Source**: The Office of the Deputy President

An analysis of the Office of the Deputy President's programme and sub-programme performance shows varied fund utilization and absorption rates. Notably, the Office of the Spouse of the Deputy President reported an expenditure of Kshs.0.27 million without a budget, and we recommend the Accountant Officer liaise with the National Treasury to regularise the expenditure either through reallocation or in the Supplementary Estimates II.

## 4.10.11 Non-financial Performance by the Office of the Deputy President

## 4.10.12 The Office of the Prime Cabinet Secretary

The Office of the Prime Cabinet Secretary assists the President and Deputy President in effectively coordinating and overseeing the formulation and implementation of national government policies, legislations, programmes and projects to foster equitable and sustainable development.

## 4.10.13 Budget Performance by the Office of the Prime Cabinet Secretary

The original budgetary allocation to the Office of the Prime Cabinet Secretary in FY 2024/25 amounted to Kshs.1.14 billion, revised to Kshs.1.07 billion in Supplementary Estimates I, compared to Kshs.1.42 billion allocated in FY 2023/24.

## 4.10.14 Office of the Prime Cabinet Secretary Programmes and Sub-Programme Performance

The budgetary allocation was to fund one programme. Table 4.156 shows budget execution by programmes and sub-programmes under the Office of the Prime Cabinet Secretary in the first three months of FY 2024/2025.

Table 4.156: The Office of the Prime Cabinet Secretary Programme and Sub-Programme Performance

	Total	1,073.69	-	1,073.69	136.12	-	136.12	13

**Source**: The Office of the Prime Cabinet Secretary

An analysis of programme and sub-programme performance for the Office of the Prime Cabinet Secretary reveals low budget absorption at 13 percent, which implies delayed budget implementation. We recommend that while certain areas within the coordination services are progressing, others may require enhanced budget implementation to effectively meet target outcomes.

## 4.10.15 Non-financial Performance by the Office of the Prime Cabinet Secretary

Table 4.157 summarises some of the Key Performance Indicators for the Office of the Prime Cabinet Secretary in the first three months of FY 2024/25.

An analysis of the State Department for Economic Planning report on the project implementation reveals that many projects faced inadequate budget allocation, donor non-compliance, and budget cuts.

Some projects that have faced delayed funding from donors include Child Sensitive Budget Analysis, Social Policy Statistics under KNBS, and Strengthening Capacity for Monitoring and Evaluation.

We recommend the State Department liaise with the donor and evaluate the cause of the delay on the unfunded projects

# 4.10.44 The State Department for Foreign Affairs

The State Department for Foreign Affairs promotes formulating, articulating, and implementing Kenya's Foreign Policy.

# 4.10.45 Budget Performance by the State Department for Foreign Affairs

The original budgetary allocation to the State Department for Foreign Affairs in FY 2024/25 amounted to Kshs.23.10 billion, revised to Kshs.20.01 billion in Supplementary Estimates I, compared to Kshs.19.71 billion allocated in a similar period FY 2023/24.

## 4.10.46 State Department for Foreign Affairs Programmes and Sub-Programme Performance

The budgetary allocation was to fund four programmes. Table 4.172 shows budget execution by programmes and sub-programmes under the State Department for Foreign Affairs in the first three months of FY 2024/2025

Analysis of sub-programmes shows an overall absorption rate of 24 percent, although some sub-programmes did not record expenditures despite allocations. These findings suggest delays in budget execution, which affect the department's effectiveness in achieving its foreign affairs objectives. We recommend that the MDA identify the key issues hampering budget execution and address them to overcome the delays.

The analysis of the State Department for Public Service's programme and sub-programme performance reveals moderate absorption rates on the sub-programmes except Human Resource Development, with a low absorption rate of 1 per cent and nil expenditures in the development budget. We recommend closely monitoring budget implementation and reviews to address the underutilisation in the affected sub-programmes.

#### 4.10.61 Non-financial Performance by the State Department for Public Service

A review analysis of the report submitted by the State Department for Public Service reveals the State Department did not submit a non-financial performance report for the period under review.

An analysis of the project implementation status by the State Department for Public Service reveals that progress on the State Department for Public Service projects is constrained by the non-allocation of funds during financial years, leading to the accrual of pending bills for some ongoing construction work. We recommend continuous monitoring and allocation of funds for these projects to stay on track and curb cases of pending bills and interests on outstanding payments, which may result in additional costs for the projects.

## 4.10.63 The Parliamentary Service Commission

The Parliamentary Service Commission promotes the Provision of services and facilities to ensure the efficient and effective functioning of Parliament, which is the legislative authority of the Republic of Kenya.

# 4.10.64 Budget Performance by the Parliamentary Service Commission

The analysis of the Public Service Commission's programme and sub-programme performance reveals average absorption rates across different sub-programmes, except Performance and Productivity Management's low absorption rate of 7 per cent, which reflects significant budget underutilisation. We recommend fast-tracking sub-programmes recording low performance to improve budget absorption and overall performance.

Source: Public Service Commission

The analysis of the implementation status of the Refurbishment of Old Commission House shows progress at a 59 per cent rate against a timeline spanning from FY 2016/17 to FY 2026/27. In FY 2024/25, the project was initially allocated Kshs.45.3 million and reduced to zero in the Supplementary Estimates I. Delayed funding is likely to derail progress and poses a significant challenge to the timely completion of the remaining forty-one per cent. Persistent budgetary constraints risk delaying the project further and increasing costs, emphasising the need for consistent funding to achieve completion within the set time frame.

## 4.10.91 The Salaries and Remuneration Commission

The Salaries and Remuneration Commission reviews and sets remuneration and benefits for state officers and advises on remuneration and benefits for all other public.

#### 4.10.92 Budget Performance by the Salaries and Remuneration Commission

The original budgetary allocation to the Salaries and Remuneration Commission in FY 2024/25 amounted to Kshs.0.47 billion, revised to Kshs. 0.45 billion in Supplementary Estimates I, compared to Kshs.0.55 billion allocated in FY 2023/24.

#### 4.10.96 The Office of the Auditor General

The Auditor General promotes the Audit of public funds and reports to Parliament and the relevant County Assemblies within statutory timelines.

#### 4.10.97 Budget Performance by the Auditor General

The original budgetary allocation to the Auditor General in FY 2024/25 amounted to Kshs. 8.67 billion, revised to Kshs. 8.10 billion in Supplementary Estimates I, compared to Kshs. 8.12 billion allocated in a similar FY 2023/24 period.

#### 4.10.98 Office of the Auditor General Programmes and Sub-Programme Performance

The budgetary allocation was to fund one programme. Table 4.198 shows budget execution by programmes and sub-programmes under the Auditor General in the first three months of FY 2024/2025

An analysis of the project implementation by the Auditor General reveals the project's low absorptive capacity. This implies that the projects need adequate and timely fund disbursements to ensure successful completion.

# 4.10.101 The Controller of Budget

The Office of the Controller of Budget is established under Article 228 of the Constitution of Kenya to oversee budget implementation for national and county governments. It approves the withdrawal of funds and reports to each House of Parliament every four months.

#### 4.10.102 Budget Performance by the Controller of Budget

The original budgetary allocation to the Controller of Budget in FY 2024/25 amounted to Kshs.0.74 billion, revised to Kshs.0.70 billion in Supplementary Estimates I, compared to Kshs.0.77 billion allocated in a similar period FY 2023/24.

The analysis of the programme and sub-programme performance under the Commission on Administrative Justice reveals the Administrative Justice Services and Access to Information Services sub-programmes, with smaller allocations of Kshs.13.56 million and Kshs.3.27 million, respectively, had significantly lower absorption rates of seven per cent each, spending only Kshs. 0.94 million and Kshs. 0.22 million. The Commission on Administrative Justice should monitor the performance of the two sub-programmes so that the purpose for which it was allocated is achieved.

In the period under review, 1,373 public complaints were handled, and 587 were resolved. The department experienced delays by public institutions in resolving complaints referred to them, and some of the complainants' failure to provide the required information to facilitate the resolution of complaints affected 100 per cent of the resolution of the complaints.

The Commission on Administrative Justice did not have any development budget during the period under review.

#### 4.11. Social Protection, Culture and Recreation Sector

#### 4.11.1 Introduction

The Social Protection, Culture, and Recreation (SPCR) Sector comprises six MDAs: The State Departments for Youth Affairs and the Arts, Sports, Culture and Heritage, Labour and Skills Development, Social Protection and Senior Citizen Affairs, and Gender and Affirmative Action.

The strategic roles played by the Sector in the country's transformation and socio-economic development include Promoting and supporting youth empowerment and development; strengthening youth mainstreaming in all sectors; spearheading the management of youth policy and legislations; promoting engagement with youth for national development; promotion of sustainable employment, harmonious industrial relations, and productive workforce; promotion of gender equity and equality; empowerment of communities and vulnerable groups, safeguarding children's rights; and advancement of diverse cultures, arts and sports to enhance cohesiveness and Kenya's regional and international competitiveness

## 4.11.2 Budget Performance for the SPCR Sector

The budgetary allocation to SPCR in FY 2024/2025 amounted to Kshs.72.07 billion, revised to Kshs.68.94 billion in Supplementary Budget I, compared to the Kshs.72.85 billion allocated in the previous financial year of 2023/2024. This amount represents 2 per cent of the revised gross national government budget of Kshs.4.37 trillion and 3 per cent of the ministerial budget of Kshs.2.23 trillion. The allocation comprises Kshs.23.66 billion (37 per cent) for development activities and Kshs.45.28 billion (63 per cent) for recurrent expenditure. The State Department for Social Protection and Senior Citizen Affairs received the highest budgetary allocation of Kshs.35.17 billion (51 per cent of the Sector's budget), while the State Department for Culture and Heritage had the lowest budgetary allocation of Kshs.3.03 billion (1 per cent of the SPCR Sector allocation).

The high allocation to the State Department for Social Protection and Senior Citizen Affairs was due to increased prioritisation of the National Safety Net programme. Figure 4.19 shows the budgetary allocation trends of the SPCR Sector from FY 2020/2021 to FY 2024/2025.

Figure 4.19: Budgetary Allocation Trend for the SPCR Sector

The total exchequer issues to the SPCR Sector amounted to Kshs.10.94 billion, representing 23 per cent of the Sector's net estimates. This amount comprised Kshs.2.15 billion for development expenditure, representing 31 per cent of revised development net estimates, and Kshs.8.79 billion for recurrent activities, representing 21 per cent of the revised recurrent net estimates.

In the first three months of FY 2024/25, the State Department for Gender and Affirmative Action received the highest proportion of development exchequer issues to revised development net estimates at 47.4 per cent, while the State Department for Labour and Skills Development received the lowest at 5 per cent. The State Department for Social Protection and Senior Citizen Affairs recorded the highest proportion of recurrent exchequer issues, with revised recurrent net estimates at 30 percent. The State Department for Gender and Affirmative Action recorded the lowest ratio of 10 per cent. Figure 4.20 shows the exchequer issues in the SPCR Sector in the first three months of FY 2024/2025.

The State Department for Social Protection and Senior Citizen Affairs recorded the highest absorption on both the development and recurrent budgets, at 60 per cent and 24 per cent, respectively. The State Department for Labour and Skills Development recorded the lowest absorption on the development budget, at 12 per cent. In contrast, the State Department for Sports recorded the lowest on the recurrent budget, at 16 per cent.

#### 4.11.3 The State Department for Youth Affairs and Creative Economy

The mandate of the State Department for Youth Affairs and Creative Economy, in line with Executive Order No. 2 of 2023, is Youth Policy and Empowerment, Mainstreaming Youth in National Development Managing and Promoting engagement with Youth for National Development, Harnessing Youth Talent for National Development, Business Innovation and Incubation and to Facilitate the mobilisation of resources for youth entrepreneurship and development, Self-development programme designed for young persons in Kenya to equip them with positive life skills.

#### 4.11.4 Budget Performance by the State Department for Youth Affairs

The original budgetary allocation to the State Department for Youth Affairs and Creative Economy in FY 2024/25 amounted to Kshs.4.05 billion, revised to Kshs.3.44 billion in Supplementary Estimates I, compared to Kshs.3.97 billion allocated in a similar period FY 2023/24.

# **4.11.5** Programmes and Sub-Programme Performance for the State Department for Youth Affairs and Creative Economy

The budgetary allocation was to fund four programmes. Table 4.206 shows budget execution by programmes and sub-programmes under the State Department for Youth Affairs and Creative Economy in the first three months of FY 2024/25.

**Source**: The State Department for Youth Affairs

The program and sub-program performance analysis reveals generally low absorption rates across the State Department for Youth Affairs and Creative Economy. These low rates suggest project initiation delays, resource allocation challenges, or other bottlenecks preventing funds from being effectively deployed. Overall, the low absorption rates across most programs indicate enhanced planning and execution strategies to ensure resources are fully utilised and program objectives are met.

# 4.11.6 Non-financial Performance by the State Department for Youth Affairs

An analysis of the status of the project implementation by the State Department for Youth Affairs and Creative Economy reveals significant budgetary challenges affecting progress. The Youth Empowerment Centres (YECs) project, a Vision 2030 flagship, is 40 per cent complete but frequently impacted by austerity measures. The Kenya Youth Employment and Opportunities Project (KYEOP) is at 91 per cent completion, yet the reallocation of funds to NYCYI'A is pending. The VIVA Youth Programme is ongoing at 47 per cent, while the Kenya Film

School project is delayed, reaching 66 per cent completion due to non-allocation of funds. Similarly, the Youth Enterprise Development Fund (YEDF) is halfway complete at 51 per cent, hindered by budget issues that affect loan disbursements.

# 4.11.8 The State Department for Sports

The State Department for Sports promotes Development, management and implementation of the sports policy; Enforcement and implementation of the world anti-doping code and convention against doping; Promotion and co-ordination of sports training and education; Regulation of sports; Expansion of sports industry for sustainable livelihood; Development and management of sports facilities; Establishment and management of sports academies to nurture talent. Budget Performance by the State Department for Sports

## 4.11.9 Budget Performance by the State Department for Sports

The original budgetary allocation to the State Department for Sports in FY 2024/25 amounted to Kshs.17.74 billion, revised to Kshs. 17.56 billion in Supplementary Estimates I, compared to Kshs.17.72 billion allocated in a similar period FY 2023/24.

#### 4.11.10 State Department for Sports Programmes and Sub-Programme Performance

The budgetary allocation was to fund one programme. Table 4.209 shows budget execution by programmes and sub-programmes under the State Department for Sports in the first three months of FY 2024/25.

Analysis of the State Department for Sports's programme and sub-programme performance reveals varied expenditure and absorption rates.

The State Department for Sports had a combined total allocation of Kshs. 17.56 billion across its sub-programmes, with an actual expenditure of Kshs.2,15 billion, reflecting an average absorption rate of 12 per cent. This low absorption rate demonstrates a delay in implementing the budgeted activities. This analysis highlights the need for strategic interventions to improve budget execution and ensure that allocated resources contribute meaningfully to the department's sports development objectives.

## 4.11.11 Non-financial Performance by the State Department for Sports

Table 4.210 summarises some Key Performance Indicators for the State Department for Sports in the first three months of FY 2024/25.

An analysis of the project implementation status by the State Department for Sports revealed varied progress across multiple projects, highlighting both advancements and obstacles in execution. The Kenya Academy of Sports - Phase 1, with an estimated cost of Kshs.1.33 billion was initiated in March 2013 and scheduled for completion by December 2020. Although construction is reported to be fully completed, pending certificates still need to be settled, resulting in an outstanding balance of Kshs. 153.45 million. This indicates an exceptional financial obligation despite physical completion.

#### 4.11.13 The State Department for Culture and Heritage

The subsectors' mandates include National Heritage Policy and Management, Culture Policy management, policy on Kenya's Heroes and Heroines, Language Management Policy, National Archives/Public Records Management, management of National Museums and Monuments, and Historical Sites Management.

#### 4.11.14 Budget Performance by the State Department for Culture and Heritage

The original budgetary allocation to the State Department for Culture and Heritage in FY 2024/25 amounted to Kshs.3.03 billion, revised to Kshs.2.83 billion in Supplementary Estimates I, compared to Kshs.2.78 billion allocated in FY 2023/24.

#### 4.11.15 State Department for Culture and Heritage Programmes and Sub-Programme Performance

The budgetary allocation was to fund five programmes. Table 4.212 shows budget execution by programmes and sub-programmes under the State Department for Culture and Heritage in the first three months of FY 2024/2025

**Source**: The State Department for Labour and Skills Development

An analysis of programme and sub-programme performance for the State Department for Culture and Heritage reveals generally low absorption rates, below the targeted threshold at the end of the first three months of the financial year, indicating underutilisation of the budget. We recommend fast-tracking in implementing the budgeted activities as the State Department for Labour and Skills Development is vital in promoting human resources.

#### 4.11.20 Non-financial Performance by the State Department for Labour and Skills Development

An in-depth analysis of some projects' implementation status shows that the Construction of the National Occupational Safety and Health Institute (Phase 1) was allocated Kshs.47.37 million in FY 2024/25. Still, the amount was slashed in Supplementary Estimate I. Frequent budget cuts have delayed the completion of this project, making it difficult to achieve its intended purpose.

National Youth Opportunities Towards Advancement (NYOTA) Projects, Operationalization of Labour Market Information & Observatory - The project was allocated a net Kshs of 39.89 million. The project is an advance-

ment of the KYEOP project. The late approval by the World Bank in June 2024 made it difficult to spend the money Kshs.114.89 million in FY 2024/25. However, Kshs.75 million was cut during Supplementary Estimate I, leaving a Construction of the National Employment

Promotion Centre (Kabete)—The Project was allocated Kshs 122.975 million in F 2024/25. However, the whole amount was slashed in Supplementary Estimate 1. Frequent budget cuts have delayed the completion of this project, making it difficult to achieve its intended purpose.

Construction of Meru County Labour Offices -The project was allocated Kshs.2.7 million in FY 2024/25. However, the whole amount was slashed in Supplementary Estimate I. Over the years, the project has experienced frequent budget cuts, delaying its completion.

Upgrading of Kisumu Industrial Training Centre (KITC)—The project was allocated Kshs.8.86 million in FY 2024/25, but the amount was cut in Supplementary Estimate I. Over the years, the project has experienced frequent budget cuts, hence the delay in completion.

These projects highlight the critical need for consistent funding to achieve their goals and avoid prolonged delays.

#### 4.11.22 The State Department for Social Protection and Senior Citizen Affairs

Social Protection Policy, Senior Citizens Policy, Vocational Training and Rehabilitation of Persons with Disabilities, National Volunteerism Policy, Policy and Programmes for Persons with Disabilities, Policy and Programmes for Older Persons, Management of Statutory Children's Institutions, Community Development Policy, Community Mobilization, Registration of Self-Help groups; Protection and Advocacy of Needs of Persons with Disabilities, Social Assistance Programmes, Family Protection Policy, Rehabilitation of Street Families, Policies on Children and Social Development, Counter Trafficking in Persons, Children Welfare and Penal Protection, and Support for Matrimonial and Succession Laws and Policies..

#### 4.11.23 Budget Performance by the State Department for Social Protection and Senior Citizen Affairs

The original budgetary allocation to the State Department for Social Protection and Senior Citizen Affairs in FY 2024/25 amounted to Kshs.35.30 billion, revised to Kshs.35.17 billion in Supplementary Estimates I, compared to Kshs.36.16 billion allocated in FY 2023/24.

## 4.11.24 State Department for Social Protection and Senior Citizen Affairs Programmes and Sub-Programme Performance

The budgetary allocation was to fund three programmes. Table 4.217 shows budget execution by programmes and sub-programmes under the State Department for Social Protection and Senior Citizen Affairs in the first three months of FY 2024/2025.

Table 4.217: The State Department for Social Protection and Senior Citizen Affairs Programme and Sub-Programme Performance

Source: The State Department for Social Protection and Senior Citizen Affairs

An analysis of the programmes and sub-programmes within the State Department for Social Protection and Senior Citizen Affairs reveals varying performance levels in expenditure absorption. Social Welfare and Vocational Rehabilitation shows an absorption rate of only two per cent, indicating the underutilisation of allocated resources. Conversely, Child Rehabilitation and Custody achieved a high absorption rate of 91 per cent, reflecting the utilisation of funds in this area. Community Mobilisation and Development and Child Community Support Services had moderate absorption rates of 37 per cent and 4 per cent, respectively, suggesting some progress but also room for improvement. For the National Safety Net programme, an overall absorption rate of 27 per cent indicates significant progress in both recurrent and development expenditure, although there remains scope for enhanced efficiency. Lastly, General Administration and Support Services shows a modest absorption rate of 14 per cent, indicating potential delays or under-expenditure in this administrative area. Overall, the analysis suggests practical fund usage in certain sub-programmes but highlights underperformance in others, underscoring the need for focused interventions to optimise resource utilisation across all programmes.

#### 4.11.25 Non-financial Performance by the State Department for Social Protection and Senior Citizen Affairs

**Source**: The State Department for Gender and Affirmative Action

The financial analysis of the programs and sub-programs under the State Department for Gender and Affirmative Action reveals significant challenges in budget execution and absorption. The Community Development Affirmative Action program had the highest absorption rate at 44 per cent. In comparison, the overall absorption rate for the Gender Empowerment program was a mere 11 per cent, with the Gender and Social Economic Empowerment and Gender Mainstreaming sub-programs achieving absorption rates of 15 per cent and 9 per cent, respectively. The General Administration and Support Services program also struggled, with an overall absorption rate of 30 per cent, highlighting the need for the department to address the underlying issues hindering the effective utilisation of allocated funds.

The analysis of the project implementation status by the State Department for Gender and Affirmative Action reveals a mixed performance across the various initiatives. Overall, while some projects demonstrate strong financial execution, the varied performance across the initiatives suggests the need for the State Department for Gender and Affirmative Action to closely monitor project implementation, address any bottlenecks, and ensure the timely and effective utilisation of resources to achieve the desired outcomes for gender empowerment and affirmative action.

#### 5. KEY ISSUES AND RECOMMENDATIONS

#### 5.1. Introduction

This chapter highlights the critical issues that affected budget implementation in the first three months of FY 2024/2025 and provides recommendations for achieving effective budget execution by the Government.

#### **5.1.1** Key Issues and Recommendations

In overseeing budget implementation in the first three months of FY 2024/25, the Controller of Budget identified critical issues discussed hereunder.

#### 5.1.2 Budget Rationalisation

**Observation:** The Finance Bill for 2024 was withdrawn at the beginning of FY 2024/25. Consequently, some revenue-raising measures could not be implemented, which forced the Government to rationalise expenditure for the MDAs through Supplementary Budget I, which was approved on 5th August 2024. The revisions affected recurrent and development expenditure estimates and were meant to accommodate the likely revenue shortfall based on the withdrawn bill. The budget rationalisation will likely affect the implementation of the planned activities, especially the development activities for FY 2024/25.

**Recommendations:** While the Controller of Budget appreciates the circumstances leading to the withdrawal of the Finance Bill 2024 and its implications on the budget, it is recommended that the government institute strategies to improve revenue generation for both levels of government to boost revenue. This will ensure that planned activities are funded.

#### 5.1.3 Low Absorption of Budget

**Observation:** In the first three months of FY 2024/25, the national government's total expenditure was Kshs.823.50 billion, recording an absorption rate of 19 percent. This comprised ministerial development expenditure of Kshs.106.39 billion (absorption rate of 17 per cent), ministerial recurrent expenditure of Kshs.358.50 billion (absorption rate of 23 per cent), and Consolidated Fund Services, Kshs.358.61 billion (absorption rate of 17 per cent).

The low absorption of development and recurrent budget is attributed to low receipt of Appropriations-in-Aid (A.I.A), affecting budgeted activities to be funded via A.I.A, delayed budget implementation at the beginning of the financial year due to revision of the budget through Supplementary I that was necessitated by the withdrawal of the Finance Bill 2024 and delays in the release of the exchequer by the National Treasury. The delay in releasing the exchequer issues is attributed to low revenue collection in the period under review. Receipts into the Consolidated Fund were Kshs.776.89 billion, recording 18 per cent of the annual target of Kshs.4.21 trillion.

**Recommendation:** Based on the preceding, there is a need to fast-track budget implementation by timely releasing funds to MDAs per the cash flow projections and approved plans for seamless implementation of the planned activities. In addition, the MDAs should monitor their planned activities and reallocate the budget for items projected as unable to fully absorb their allocation early in the financial year.

#### 5.1.4 Submission of Quarterly Reports to the Controller of Budget

Article 228(6) of the Constitution and Section 9 of the Controller of Budget Act, Cap 429, requires the Controller of Budget to submit to Parliament quarterly budget implementation reports of the National and County Governments within thirty days after the end of each quarter.

**Observations:** The budget implementation review report is based on reports submitted by MDAs. Some MDAs' late submission of financial and non-financial reports hampered the timely preparation of the first three months' report for FY 2024/25.

**Recommendations:** The Controller of Budget commends Accounting Officers who submitted quarterly reports on time and in the prescribed format and urges those who failed to submit their reports timely to adhere to the guidelines and timelines to enable the timely publishing of reports as per the Law.

#### 5.1.5 Public debt exceeding the Authorized limit

Section 50 (2) of the PFMA 2012 states that the National Government may borrow money under this Act or any other legislation and shall not exceed the limit Parliament sets. Parliament set the public debt ceiling at 55 per cent of the Gross Domestic Product. The Budget Review Outlook Paper 2024 indicates that Kenya's GDP was Kshs.16.11 trillion as of 30 June 2024.

**Observations:** As of 30<sup>th</sup> September 2024, the public debt stock stood at Kshs.10.79 trillion (67 per cent of the GDP), comprising Kshs.5.19 trillion due to external lenders (48 per cent) and Kshs.5.60 trillion due to domestic lenders (52 per cent). The public debt stock increased by 2 per cent from Kshs.10.58 trillion as of 30<sup>th</sup> June 2024 to Kshs.10.79 trillion as of 30th September 2024. External debt increased by 0.3 per cent, while domestic debt recorded 4 per cent growth attributable to more borrowing in the domestic market. The public debt stock, therefore, surpassed the authorised public debt limit.

**Recommendations:** The Controller of Budget recommends a reduction of budget deficit financing through fiscal consolidation to contain the increase in public debt.

#### 5.1.6 Low levels of project implementation by MDAs

**Observation:** A review of the development project implementation status report for the first three months of FY 2024/25 submitted by the MDAs indicated a low level of project implementation. Ministerial development expenditure was Kshs.106.39 billion, representing an absorption rate of 17 per cent compared to the expected absorption rate of 25 per cent in the first three months of the financial year. Consequently, most MDAs did not meet their quarterly targets.

The low level of absorption of the development budget has been attributed to delays in the disbursement of funds and delays occasioned by budget rationalisation under the Supplementary 1 Budget. Failure to release development funds in a timely manner may cause delays in project completion.

**Recommendations:** The Controller of Budget recommends that the National Treasury should release development funds per MDAs' cashflow projections. In addition., MDAs should enhance their project planning and execution frameworks to improve budget absorption rates.

The timely funding of the projects will ensure uninterrupted implementation of scheduled works.

#### 6. CONCLUSION

This report sought to provide budget performance information for the National Government in the first three months of FY 2024/25, covering 1<sup>st</sup> July to 30<sup>th</sup> September 2024. It provides the progress on budget performance on budget financing, expenditure, absorption of funds, and the key issues affecting overall budget execution.

During the period, the national government budget performance remained resilient despite the interruptions at the start of the financial year following the withdrawal of Finance Bill 2024, which affected revenue generation and budget implementation. The overall budget absorption rate was 19 percent of the revised gross budget, which is relatively below the target of 25 percent in the first three months of the financial year.

Total receipts into the Consolidated Fund were Kshs.776.89 billion, representing 18 per cent of the revised annual target. The Controller of Budget approved the withdrawal of Kshs.771.71 billion from the Consolidated Fund, representing 18 per cent of the revised net estimates, implying 7 per cent of targeted activities were not funded based on the target of 25 per cent in the first three months. The Consolidated Fund Services received the highest proportion of exchequer issues to total exchequer issues at 17 per cent. This was mainly towards the financing of public debt. Secondly, the ministerial recurrent vote received 14 per cent, Equitable Shareable revenue to County governments at 15 per cent and 14 per cent to ministerial development votes. Public debt is a first charge to the Consolidated Fund as per Article 214 of the Constitution. Therefore, it is prioritised, and funding is crowded out for other budget activities due to revenue shortfall.

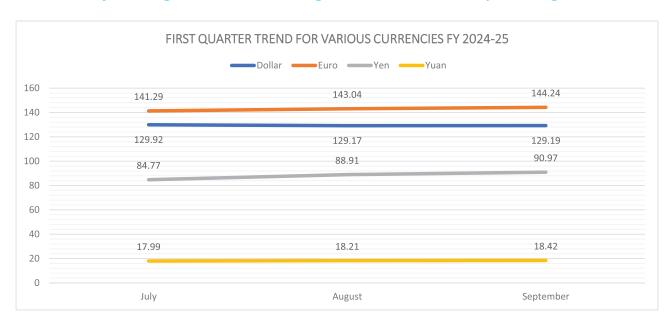

Gross expenditure for the National Government was Kshs.823.50 billion, recording an absorption rate of 19 per cent. This comprised ministerial development expenditure at Kshs.106.39 billion (absorption rate of 17 per cent), ministerial recurrent expenditure at Kshs.358.50 billion (absorption rate of 23 per cent), and Consolidated Fund Services at Kshs.358.61 billion (23 per cent). The development budget recorded the lowest absorption, implying a likelihood of delayed project implementation in the financial year.

The Controller of Budget lauds the government's effort in budget implementation despite the interruptions at the start of the financial year. This resulted in budget rationalisation to accommodate revenue shortfalls following the Finance Bill of 2024 withdrawal. Further, a high level of public debt continued to strain the country's fiscal space, thereby affecting the implementation of government projects.

Finally, the low level of budget absorption indicates that some planned activities were not implemented. Respective government entities are encouraged to identify other challenges that delay budget absorption and address them in the subsequent budget implementation period. Programmes with low budget absorption should be fast-tracked to enhance effective service delivery.
