**10. MOTION: 001/2025 –IMPLEMENTATION OF THE UNIVERSAL HEALTH COVERAGE AND OF A POLICY ON MANDATORY USE OF PUBLIC HEALTH CARE FACILITIES BY PUBLIC OFFICERS**

Order Read

Order Deferred

**THAT**, aware that Article 43(1)(a) of the Constitution provides every person has the right to the highest attainable standard of health, which includes the right to health care services; further aware that the Government committed to accelerating attainment of Universal Health Coverage (UHC) to ensure all Kenyans have access and receive essential quality health services; cognizant of the fact that in 2020, the Ministry of Health adopted the Kenya Universal Healthcare Coverage Policy 2020-2030 with the theme: *Accelerating Attainment of Universal Health Coverage* which is currently being implemented through the introduction of Social Health Insurance Fund; noting that there is need to increase the quality of care and services provided in the public health sector; concerned that the public health care services lack adequate funds to guarantee quality health care services; further noting that civil servants, public officers and State officers are accorded a comprehensive medical cover by the respective government agencies; appreciating that the use of the comprehensive medical cover by public officers and State officers in public hospitals would guarantee sufficient funding for public hospitals; this House therefore resolves that, the Government through the Ministry of Health implements the Kenya Universal Healthcare Coverage Policy 2020-2030, and introduce a policy on mandatory use of public health care facilities by all civil servants, public officers and State officers in the country.

*(The Hon. Sabina Chege, M.P.)*

**11. MOTION: 033/2023 –SUPPORTING AND PROMOTING LOCAL FERTILIZER MANUFACTURING INDUSTRIES**

Motion Made and Question proposed;

**THAT**, aware that, the Fertilizer and Animal Foodstuff Act, 2015 provides for the regulation of fertilizer importation in the country; further aware that, the Fertilizer and Animal Foodstuffs Board regulates the fertilizer and animal foodstuffs industry including the manufacture and production of fertilizers; noting that, the country currently relies heavily on imported fertilizer due to inadequate local production capacity; further noting that, the low local production leads to high costs for farmers, reducing their profits and results in an unhealthy reliance on imported fertilizer; concerned that, this scenario threatens the country's food security in case of supply disruptions and discourages local production; recognizing that local fertilizer production could lead to improved fertilizer quality, increased crop yields and a reduction in environmental harm caused by the use of substandard fertilizers; recalling that the country has the potential to produce fertilizer that could meet the country's domestic demand and also supply the regional market; further recognizing that there is need for the government to work with local producers to develop high quality fertilizer tailored to the needs of Kenyan farmers and crops; now therefore this House resolves that the National Government through the Ministry of Agriculture and Livestock Development, supports and promotes local fertilizer manufacturing industries by investing in research and development to bolster the domestic fertilizer manufacturing sector.

*(The Hon. Samuel Atandi, M.P.)*
