7. MOTION: 039/2023 – FORMULATION OF A REGULATORY FRAMEWORK ON ARTIFICIAL INTELLIGENCE IN THE COUNTRY

Motion having been made and Question having been proposed-

THAT, aware that the world is rapidly embracing Artificial Intelligence (AI), which is the use of a digital computer or computer-controlled robots to perform tasks commonly associated with intelligent beings; acknowledging that, the 2022 Government Artificial Intelligence Readiness Index report ranked Kenya fifth in Africa and 90th globally in readiness to adopt Artificial Intelligence (AI); further acknowledging that the Oxford Insights Survey 2022 pegged Kenya's readiness to adopt AI at 40.3%; appreciating that AI has brought forth positive benefits that have increased efficiency in different sectors such as healthcare, manufacturing and robotics; concerned that, the exponential rate at which Artificial Intelligence is being embraced in the society without proper regulatory mechanisms has caused various

negative consequences such as rising cases of disinformation and fake news; noting that there is need to protect Kenyans from the potential AI-instigated harms such as

(No. 57)

(782)

privacy breaches, AI-powered fake technology algorithms, algorithmic discrimination, autonomous weapons, job displacement and economic inequality, social manipulation and misinformation, financial market manipulation, and privacy invasion; now therefore, this House **urges** the Government, through the Ministry of Information, Communication and the Digital Economy to:

- (i) formulate a regulatory framework and ethical guidelines for implementation of Artificial Intelligence (AI) in the country to control its potential misuse; and,
- (ii) develop and execute a public awareness programme on Artificial Intelligence to raise understanding of AI, foster transparency and promote responsible use of AI for the benefit of all.

(The Hon. Marianne Kitany, M.P. -10.04.2025)

Question put and agreed to.

8. MOTION: 002/2024 – EXPANSION OF MAJOR ROADS IN THE COUNTRY TO DUAL CARRIAGEWAYS

Motion having been made and question having been proposed-

THAT, aware that the Kenya Roads Act, 2007 provides for the establishment of road authorities responsible for, among other functions, the management and development of roads under their respective purview and for developing and providing adequate transport infrastructure that guarantees safe and efficient movement of people, goods and services across the country and beyond; further aware that the First Schedule of the Kenya Roads Act provides for the classification of national trunk roads into Classes A, B and Class C; recognizing that the Fourth Schedule to the Constitution assigns to the national government the function of the construction and operation of national trunk roads; noting that a significant portion of highways in the national trunk road network are currently single carriageways; concerned that single carriageway roads pose multifaceted challenges including traffic congestion during peak periods which limits movement of people, goods and services across regions and increases vulnerability to road accidents; further concerned that the lack of footbridges and safe pedestrian crossing areas on these high-traffic roads has been a leading contributor to the surge in road accidents in the recent past; cognizant of the duty of the government to provide a reliable transport system for efficient traffic management, economic development and bolstering interconnectivity among all regions in the country and beyond; now therefore, this House **resolves** that the government, through the Ministry of Roads & Transport, undertakes an expansion programme of national trunk roads with a view of upgrading all classes A, B and C roads in the country from two-way lanes to dual carriageway (one-way roads) with the necessary infrastructure that include footbridges, safe crossing zones at regular intervals, proper drainage systems, and other requisite infrastructure for their optimal operation.

(The Hon. Faith Gitau, M.P. -11.06.2025)
