*(Camera session)*

8. **OPEN SESSION RESUMED** - at fifty-five minutes past Nine O'clock – (Rt. Hon. Speaker – in the Chair)
9. **COMMUNICATION FROM THE CHAIR – ASCERTAINMENT OF THE THRESHOLD REQUIRED FOR THE IMPEACHMENT, OF HONOURABLE (DR.) ERICK KIPKOECH MUTAI, THE GOVERNOR OF KERICHO COUNTY**

The Speaker conveyed the following Communication from the Chair:

“Honourable Senators,

As you may have noted, in the course of this hearing, an important question has arisen as to whether the threshold of 32 votes needed for impeachment of a County Governor was met pursuant to Section 33 of the County Governments Act and Standing Order 74 of the Kericho County Assembly Standing Orders.

Honourable Senators will recall that arising from an application by Counsel for the Governor, to be allowed to call the expert evidence of one Mr. Job Okuon Oguya, whom they claim to be an Information Technology (IT) expert, and the ruling thereon, I further directed the Office of the Clerk to engage the ICT Authority and secure experts who would provide independent advice on the Kericho County Assembly electronic voting system and submit a report that answers the following questions-

- i. Did an electronic voting process take place using the system?
- ii. Is the number of MCAs who voted on the impeachment of the Governor verifiable?

- iii. Was it possible for any MCA or any other person who had a link to vote on the Motion on behalf of an MCA or another MCA?
- iv. How many MCAs voted in the affirmative on the Motion to impeach the Governor?
- v. Is there any evidence of multiple voting or other compromise of the voting system and/or any impropriety in the voting system or process?

This report was prepared and submitted in the Office of the Clerk of the Senate on Thursday, 28<sup>th</sup> August 2025, at 9:35 pm, and circulated to all Honourable Senators and to the parties during this morning's sitting.

Honourable Senators,

As you may recall, in my communication issued on Wednesday, 27<sup>th</sup> August, 2025, I ruled that the preliminary objection be subsumed in the main hearing of the impeachment proceedings, as it was premature and could only be properly addressed once the Senate had heard and weighed the evidence before making any final decision on the impeachment charges.

I further ruled that, at the conclusion of the impeachment proceedings but before voting on the charges, the Senate would pronounce its finding on whether the constitutional threshold of two-thirds of Members of the County Assembly had been met.

Honourable Senators,

Having considered the evidence adduced before the Senate by the parties and the Report on the County Assembly of Kericho Chamber electronic voting system submitted by the Information Communication and Technology (ICT) Authority of Kenya, the Senate Majority Leader will give notice and move a Motion on the ascertainment of the threshold required for the Impeachment, of Honourable (Dr.) Erick Kipkoech Mutai, the Governor of Kericho County.

In the event that the Senate finds that the two-thirds threshold of 32 Members of County Assembly was not met, then the impeachment proceedings shall immediately terminate and the Senate shall not proceed to determine the impeachment charges. If, however, the Senate finds that the two-thirds threshold of 32 Members of County Assembly was met then the Senate shall proceed to determine if the impeachment charges have been substantiated by voting thereon.

I thank you.”
