

REPUBLIC OF KENYA

THIRTEENTH PARLIAMENT – (FIFTH SESSION)

THE SENATE

ORDER PAPER

MORNING SITTING

WEDNESDAY, FEBRUARY 25, 2026 AT 9.30 AM

PRAYER

1. Administration of Oath
2. Communication from the Chair
3. Messages
4. Petitions
5. Papers (as listed in the Appendix)
6. Notices of Motion
7. Questions and Statements (as listed in the Appendix)
8. **MOTION - MAINSTREAMING A FRAMEWORK FOR CLEAN COOKING IN KENYA**
(Sen. Hamida Kibwana, MP)

THAT AWARE THAT, Article 42 of the Constitution guarantees every person the right to a clean and healthy environment, which includes access to safe energy options;

FURTHER AWARE THAT, over 900 million Africans, including more than 90% of households in Kenya’s rural areas, still rely on traditional biomass (firewood, charcoal, animal waste) for cooking, resulting in high levels of indoor air pollution that cause premature deaths, particularly among women and children;

CONCERNED THAT, in Kenya, indoor air pollution has been linked to over 23,000 annual deaths, with women and girls bearing the disproportionate burden of time spent collecting firewood and cooking, limiting their education and economic opportunities;

NOTING THAT, traditional cooking methods contribute significantly to deforestation, greenhouse gas emissions, and climate vulnerability at the county level, undermining national commitments under the Energy Act, 2019, the Climate Change Act, 2016, and Kenya’s Nationally Determined Contributions (NDCs);

...../**Motions**

RECALLING THAT, the Africa Clean Cooking Summit (Paris, 2023) mobilized USD 2.2 billion in commitments for clean cooking, and the International Energy Agency has recommended urgent financing and policy action to achieve universal access by 2040;

ACKNOWLEDGING, the efforts of some counties, development partners, and private sector actors in piloting clean cooking projects, but recognizing that these remain small-scale and fragmented;

NOW THEREFORE, the Senate resolves that the: -

1. Council of Governors develops county-level policies, frameworks, and budgets that mainstream clean cooking into devolved energy and health functions;
2. National Treasury and Ministry of Energy prioritize clean cooking in financing frameworks, including results-based financing and blended finance models to de-risk private investment;
3. County Governments incorporate clean cooking targets in their County Integrated Development Plans (CIDPs) and ensure public institutions such as schools, health facilities, and prisons adopt clean cooking solutions;
4. National Treasury and County Governments to fast-track letters of authorization to unlock carbon finance markets (Article 6.2 and CORSIA) for clean cooking projects;
5. County Governments engage the private sector actors, and community organizations to expand clean cooking access, create local jobs, and reduce pressure on forest resources.

9. **MOTION - DECLARATION OF ROAD TRAFFIC ACCIDENTS IN KENYA AS A NATIONAL DISASTER**

(Sen. Veronica Maina, MP)

AWARE THAT, Article 43 guarantees the right to the highest attainable standard of health, including emergency medical treatment and Article 21(1) of the Constitution obligates the State and all State organs to observe, respect, protect, promote and fulfil the rights and fundamental freedoms contained in the Bill of Rights;

NOTING THAT, Article 238 of the Constitution provides that national security includes the protection of the people of Kenya and their property against internal and external threats, which encompasses safety on national transport networks;

COGNIZANT THAT, road traffic injuries are among the leading causes of death in Kenya and constitute the leading cause of mortality among adolescents and

...../Motion

adults in their most economically productive years, surpassing many communicable and non-communicable diseases resulting in significant loss of human capital and productivity;

NOTING THAT, in 2025 more than 4,400 Kenyans lost their lives with over 17,000 injuries from road crashes, a 3% increase over the previous year, while nearly 400 people were killed in road traffic accidents in January 2026 alone, representing an 11% increase compared to the same period in the previous year, illustrating a continuing trend of preventable loss of life;

CONCERNED THAT, beyond loss of life, road traffic accidents result in long-term disability, psychological trauma, family disruption and significant economic loss, with estimates suggesting losses amounting to billions shillings annually to the national economy, while placing severe strain on health facilities and emergency services;

FURTHER CONCERNED THAT, despite the existence of the National Road Safety Action Plan (2024–2028) and other statutory measures, road carnage persists due to preliminary causes including over-speeding, impaired and distracted driving, non-compliance with traffic laws, inadequate driver training, unsafe road infrastructure, unroadworthy and overloaded vehicles, as well as systemic challenges arising from inadequate investment in road safety infrastructure, weak coordination among transport, enforcement, health and county authorities, and limited emergency medical response capacity;

NOW THEREFORE, THE SENATE resolves that:

1. Road traffic accidents in Kenya be declared a National Disaster, requiring urgent, coordinated and sustained multi-sectoral intervention across prevention, emergency response, rehabilitation and long-term systemic reform;
2. The Ministry of Roads and Transport and the Ministry of Health in conjunction with the National Transport and Safety Authority, the National Police Service and the Council of Governors, urgently strengthen the implementation of the National Road Safety Action Plan (2024–2028), including enhanced enforcement of traffic laws, safer road design, public education, data-driven interventions and improved emergency response capacity;
3. The Ministry of Health in collaboration with the County Governments to set aside adequate resources to support road safety interventions, emergency medical services, trauma care systems and post-crash rehabilitation services; and
4. The National Treasury in collaboration with the Ministry of Roads and Transport establishes a Road Safety Disaster Response Fund to support road safety interventions, victims and families affected by the road accidents.
