15*. MOTION: 003/2025 – SUSTAINABLE MANAGEMENT AND VALORIZATION OF ORGANIC WASTE FROM AVOCADO PROCESSING

(The Hon. Mary Wamaua, M.P.)

THAT, aware that according to the *Kenya National Bureau of Statistics (KNBS) Economic Survey, 2024*, avocado farming and processing have expanded rapidly in Kenya, with national production reaching approximately 848,100 tonnes in 2024, up from 633,000 tonnes in 2023, valued at Kenya Shillings 29.5 billion. Murang'a County alone contributed about 200,991 tonnes, making it the leading avocado-producing county in the country. Further aware that residents of Murang'a County and other major avocado-growing regions have raised serious concerns over the improper disposal of avocado pomace, which produces a pungent odour, attracts mosquitoes, and poses significant public health and environmental risks. These conditions undermine the right to a clean and healthy environment guaranteed under Article 42 of the Constitution. Noting that avocado processing generates large volumes of organic waste, including peels, seeds, pulp, and pomace, which, when improperly managed, cause environmental degradation, water contamination, and increased greenhouse gas emissions. Cognizant that under Part 2 of the Fourth Schedule of the Constitution, waste management is a devolved function of county governments, while the national government retains the responsibility of formulating policies and frameworks to guide and support counties in effective waste management. Appreciating that studies by the *Food and Agriculture Organization (FAO, 2023)* and global best practices from Mexico and Chile demonstrate that avocado waste can be converted into biofertilizer, biogas, animal feed, and other value-added products, thereby reducing pollution, creating employment opportunities, and supporting a circular economy. Now therefore, **this House resolves** that the National Government:

- (i) formulates and enforces a comprehensive policy and regulatory framework for the sustainable management and valorization of organic waste from avocado processing;

...../15*(Cont'd)

- (ii) develops and implements a policy for promotion of investment and innovation by providing subsidies, incentives, and technical support for waste-to-value initiatives such as biodigesters, biorefineries, and other circular economy solutions, in collaboration with county governments and private sector partners; and
- (iii) supports research, training, and technology transfer to farmers and processors on modern waste management and valorization practices, with the aim of reducing pollution, improving public health, and creating jobs in avocado-producing regions.

16*. THE NATIONAL TRANSPORT AND SAFETY AUTHORITY (AMENDMENT) BILL (NATIONAL ASSEMBLY BILL NO. 36 OF 2023)

(The Hon. Didmus Barasa, M.P.)

Second Reading

17*. THE EMPLOYMENT (AMENDMENT) BILL (NATIONAL ASSEMBLY BILL NO. 62 OF 2023)

(The Hon. Didmus Barasa, M.P.)

Second Reading

18*. MOTION: 001/2026 – MANDATORY GUIDANCE AND COUNSELLING PROGRAMME IN ALL PRIMARY AND SECONDARY SCHOOLS IN KENYA

(The Hon. Rahab Mukami, M.P.)

THAT, aware that learners in primary and secondary schools across the country are increasingly exposed to social, psychological and behavioural challenges, including drug and substance abuse, indiscipline, school unrest and academic underperformance; noting that there has been a disturbing rise in cases of sexual violence against children, including incidents where minors are abused or killed by individuals known to them, including relatives and caregivers, thereby exposing learners to trauma and long-term psychological harm; further noting that many learners come from homes affected by domestic violence, family instability, economic hardship and other social pressures that adversely affect their emotional wellbeing, safety and concentration in school; concerned that guidance and counselling services in most primary and secondary schools remain informal, inadequately structured and under-resourced, with no standardized national framework to ensure professionalism, accountability and effective delivery; appreciating that structured psychosocial support, life skills training, child protection awareness and early intervention during formative years are critical in safeguarding learners, strengthening resilience, promoting discipline and improving academic outcomes; **this House therefore resolves** that, the Government, through the Ministry of Education:-

- (i) introduces a mandatory, structured and time-tabled Guidance and Counselling Programme in all public and private primary and secondary schools in Kenya;

- (ii) develops and implements a national policy framework providing for the recruitment, accreditation and deployment of professionally trained school counsellors;
- (iii) integrates mental health education, child protection awareness, personal safety training and life skills development into the school curriculum;
- (iv) allocates adequate resources to support counselling services in schools; and
- (v) establishes clear coordination and referral mechanisms between schools, child protection institutions and relevant government agencies to ensure effective safeguarding of learners.
