- 22. **MOTION - INCLUSION OF TEACHER TRAINING COLLEGE STUDENTS IN THE HIGHER EDUCATION FUNDING MODEL**
 (Sen. Joe Nyutu, MP)

AWARE THAT, the Constitution of Kenya under Article 43(1) (f) guarantees every citizen the right to education, and Article 53 (1) (b) provides that basic education is free and compulsory;

FURTHER AWARE THAT, the government of Kenya launched the New Education Funding (NHEF) model in 2023, primarily targeting University and Tertiary and Vocational Education and Training (TVET) students, leaving a significant gap in the financial support for students in Diploma and Certificate Teacher Training Colleges (TTCs);

CONCERNED THAT, students enrolled in Public Teacher Training Colleges are discriminated against and not expressly and fully provided for under the prevailing higher education financing framework, thereby limiting or excluding their access to structured government support for tuition and accommodation;

COGNIZANT THAT, the transition to the Competency-Based Curriculum (CBC) requires a highly skilled teaching workforce, and that the financial burden on teacher trainees, many of whom come from marginalized backgrounds, threatens the sustainability of the teacher supply chain;

NOW THEREFORE, the Senate urges the Ministry of Education, in conjunction with the Higher Education Loans Board (HELB) and the Universities Fund (UF), to:

- i) formally integrate Teacher Training College students into the New Funding Model to ensure equity, quality and inclusivity in the education sector; and

...../Motion

- ii) develops regulations and guidelines to define the eligibility criteria for Teacher Training College students covering tuition and reasonable accommodation and upkeep costs.

(The Chairperson Standing Committee on Health)

THAT, the Senate adopts the Report of the Standing Committee on Health on the County Oversight and Networking Engagements in Kitui, Makueni and Machakos Counties, laid on the Table of the Senate on Thursday, 26th February, 2026.

31. **MOTION - DECLARATION OF ROAD TRAFFIC ACCIDENTS IN KENYA AS A NATIONAL DISASTER**

(Sen. Veronica Maina, MP)

AWARE THAT, Article 43 guarantees the right to the highest attainable standard of health, including emergency medical treatment and Article 21(1) of the Constitution obligates the State and all State organs to observe, respect, protect, promote and fulfil the rights and fundamental freedoms contained in the Bill of Rights;

NOTING THAT, Article 238 of the Constitution provides that national security includes the protection of the people of Kenya and their property against internal and external threats, which encompasses safety on national transport networks;

COGNIZANT THAT, road traffic injuries are among the leading causes of death in Kenya and constitute the leading cause of mortality among adolescents and adults in their most economically productive years, surpassing many communicable and non-communicable diseases resulting in significant loss of human capital and productivity;

NOTING THAT, in 2025 more than 4,400 Kenyans lost their lives with over 17,000 injuries from road crashes, a 3% increase over the previous year, while nearly 400 people were killed in road traffic accidents in January 2026 alone, representing an 11% increase compared to the same period in the previous year, illustrating a continuing trend of preventable loss of life;

CONCERNED THAT, beyond loss of life, road traffic accidents result in long-term disability, psychological trauma, family disruption and significant economic loss, with estimates suggesting losses amounting to billions shillings annually to the national economy, while placing severe strain on health facilities and emergency services;

FURTHER CONCERNED THAT, despite the existence of the National Road Safety Action Plan (2024–2028) and other statutory measures, road carnage persists due to preliminary causes including over-speeding, impaired and distracted driving, non-compliance with traffic laws, inadequate driver training, unsafe road infrastructure, unroadworthy and overloaded vehicles, as well as systemic challenges arising from inadequate investment in road safety infrastructure, weak coordination among transport, enforcement, health and county authorities, and limited emergency medical response capacity;

NOW THEREFORE, THE SENATE resolves that:

- i.) Road traffic accidents in Kenya be declared a National Disaster, requiring urgent, coordinated and sustained multi-sectoral intervention across prevention, emergency response, rehabilitation and long-term systemic reform;
- ii.) The Ministry of Roads and Transport and the Ministry of Health in conjunction with the National Transport and Safety Authority, the National Police Service and the Council of Governors, urgently strengthen the implementation of the National Road Safety Action Plan (2024–2028), including enhanced enforcement of traffic laws, safer road design, public education, data-driven interventions and improved emergency response capacity;
- iii.) The Ministry of Health in collaboration with the County Governments to set aside adequate resources to support road safety interventions, emergency medical services, trauma care systems and post-crash rehabilitation services; and
- iv.) The National Treasury in collaboration with the Ministry of Roads and Transport establishes a Road Safety Disaster Response Fund to support road safety interventions, victims and families affected by the road accidents.

NOTICE

The Senate resolved on 11th February, 2026 as follows: -

THAT, pursuant to Standing Order 111 (1), the Senate resolves that debate on a Motion not sponsored by the Majority or Minority Party or a Committee shall be limited in the following manner: -

2. NOTICES OF MOTION

- i) **MAINSTREAMING GENDER PERSPECTIVES IN LEGISLATIVE AND POLICY PROCESSES**

(Sen. Veronica Maina, MP)

THAT AWARE THAT, Article 27 of the Constitution of Kenya guarantees the right to equality and freedom from discrimination, with Article 27(3) providing that women and men have the right to equal treatment, including the right to equal opportunities in political, economic, cultural and social spheres;

FURTHER AWARE that Article 27(8) obligates the State to take legislative and other measures to redress any disadvantage suffered by individuals or groups as a result of past discrimination, and to ensure that not more than two-thirds of members of elective or appointive bodies shall be of the same gender;

COGNIZANT THAT mainstreaming gender perspectives in all aspects of governance is essential to achieving inclusive development and safeguarding the rights and welfare of all citizens, particularly women, girls and other marginalized groups;

CONCERNED THAT the integration of gender considerations remain inconsistent across the two levels of government and that legislative processes have often resulted to policies that do not adequately address gender-specific needs and realities;

NOW THEREFORE, the Senate:

- i) urges Parliament, County Assemblies and their respective legislative committees to incorporate a gender analysis in the

scrutiny of legislation, policies, programmes and budgets before them, including through the use of gender impact assessments and consultation with gender-focused stakeholders to ensure gender-responsive governance;

- ii) recommends that the National Gender and Equality Commission and the State Department for Gender develops clear guidelines and tools to support the integration of gender perspectives in legislative, policy and budgetary analysis, and ensures these are disseminated and adopted by relevant government and legislative bodies;
- iii) further urges the National Gender and Equality Commission and State Department for Gender to collaborate with the Kenya Law Reform Commission, and County Assembly Service Boards to build capacity for gender analysis among technical and legislative staff;
- iv) urges the State Department for Gender to submit to Parliament a comprehensive biannual report detailing actions taken by Ministries, Departments and Agencies to promote gender mainstreaming, key achievements, emerging challenges, and proposed interventions; and
- v) resolves that the Standing Committee on Labour and Social Welfare continuously monitor the implementation of these resolutions and tables biannual report on the status of implementation.

ii) PROMOTION OF ARTIFICIAL INTELLIGENCE (AI) AND INNOVATION POLICY IN KENYA

(Sen. Karungo Thang’wa, MP)

THAT AWARE THAT, the Fourth Industrial Revolution is redefining economies globally through emerging technologies such as Artificial Intelligence (AI), blockchain, and financial technology (Fintech);

FURTHER AWARE THAT Kenya has made commendable strides in digital infrastructure and mobile innovation, positioning itself as a potential leader in Africa’s tech-driven future;

NOTING THAT in a landmark decision, the African Union Executive Council endorsed the Continental AI Strategy during its 45th Ordinary Session in Accra, Ghana, on July 18-19, 2024 to underscore Africa’s commitment to an Africa-centric, development-focused approach to AI, promoting ethical, responsible, and equitable practices;

COGNIZANT THAT the Continental AI Strategy calls for unified national approaches among AU Member States to navigate the opportunities of

AI-driven change, aiming to strengthen regional and global cooperation and position Africa as a leader in inclusive and responsible AI development;

APPRECIATING THAT the Ministry of Information, Communications and the Digital Economy recently formulated and launched the Kenya National Artificial Intelligence (AI) Strategy 2025-2030;

RECOGNIZING the need to align Kenya's development with global standards in AI adoption while also safeguarding national values, inclusivity, and employment;

CONCERNED THAT the absence of a comprehensive framework may hinder innovation among local start-ups and youth-led tech enterprises and slow down Kenya's ability to harness AI for inclusive growth;

NOW THEREFORE, the Senate resolves that the Ministry of Information, Communication and Digital Economy develops a Policy to promote Artificial Intelligence and emerging technologies with particular emphasis on:

- i) promoting research and development of locally relevant AI solutions;
- ii) facilitating ethical guidelines to ensure responsible and beneficial application of AI;
- iii) creating innovation-friendly 'Sandboxes' for supervised testing of AI and emerging technologies;
- iv) strengthening public-private partnerships to build digital skills and innovation ecosystems; and
- v) integrating AI and coding into the education curriculum to prepare the next generation for the digital economy.
