THAT AWARE THAT, the Fourth Industrial Revolution is redefining economies globally through emerging technologies such as Artificial Intelligence (AI), blockchain, and financial technology (Fintech);

FURTHER AWARE THAT Kenya has made commendable strides in digital infrastructure and mobile innovation, positioning itself as a potential leader in Africa's tech-driven future;

NOTING THAT in a landmark decision, the African Union Executive Council endorsed the Continental AI Strategy during its 45th Ordinary Session in Accra, Ghana, on July 18-19, 2024 to underscore Africa's commitment to an Africa-centric, development-focused approach to AI, promoting ethical, responsible, and equitable practices;

COGNIZANT THAT the Continental AI Strategy calls for unified national approaches among AU Member States to navigate the opportunities of AI-driven change, aiming to strengthen regional and global cooperation and position Africa as a leader in inclusive and responsible AI development;

APPRECIATING THAT the Ministry of Information, Communications and the Digital Economy recently formulated and launched the Kenya National Artificial Intelligence (AI) Strategy 2025-2030;

RECOGNIZING the need to align Kenya's development with global standards in AI adoption while also safeguarding national values, inclusivity, and employment;

CONCERNED THAT the absence of a comprehensive framework may hinder innovation among local start-ups and youth-led tech enterprises and slow down Kenya's ability to harness AI for inclusive growth;

...../*Motions*

NOW THEREFORE, the Senate resolves that the Ministry of Information, Communication and Digital Economy develops a Policy to promote Artificial Intelligence and emerging technologies with particular emphasis on:

- i) promoting research and development of locally relevant AI solutions;
- ii) facilitating ethical guidelines to ensure responsible and beneficial application of AI;
- iii) creating innovation-friendly ‘Sandboxes’ for supervised testing of AI and emerging technologies;

(Sen. Mwenda Gataya, MP)

THAT, AWARE that, the Ministry of Education in Kenya, introduced Junior Secondary Schools (JSS) as part of the Competency-Based Curriculum (CBC) implementation marking a major milestone for the country’s education system, and a key opportunity to improve the quality of education available to students;

APPRECIATING THAT, the Junior Secondary Schools program play a vital role in shaping the academic trajectory of learners by providing students with a strong foundation in core subjects, helping them develop essential skills and offering them opportunities to participate in extracurricular activities promoting greater social inclusion;

CONCERNED THAT, the integration of Junior Secondary Schools within primary school setups has posed major challenges for Junior Secondary teachers, including inadequate training on the new competency-based curriculum, limited opportunities for career advancement, conflict in leadership, decision-making and resource allocation leading to strained relationships with head teachers;

FURTHER CONCERNED THAT Junior Secondary Schools (JSS) face critical shortages in essential infrastructure such as laboratories, libraries, ICT hubs, and science equipment necessary for the implementation of the JSS curriculum, coupled with inadequate access to approved learning materials and teaching resources, resulting in inconsistencies in curriculum delivery hindering effective teaching, learning, and overall student development;

NOW THEREFORE, the Senate resolves that the Ministry of Education, the Teachers Service Commission and the Kenya Institute of Curriculum Development should: -

- i) Provide for an independent administrative and operational framework for Junior Secondary Schools to enhance governance, streamline management, and create a more focused learning environment for the learners;
- ii) Allocate adequate funds for the construction and equipping of Junior Secondary Schools with essential facilities such as science labs, libraries and ICT rooms, and provide adequate learning materials relevant with the curriculum;
- iii) Offer professional development programs for Junior Secondary School teachers to help them specialize in specific subjects to effectively implement the JSS curriculum;
- iv) Develop a clear career progression framework for Junior Secondary School teachers, including opportunities for promotions and additional responsibility allowances;
