Q. MOTION - DECLARATION OF ROAD TRAFFIC ACCIDENTS IN KENYA AS A NATIONAL DISASTER
(Sen. Veronica Maina, MP)

AWARE THAT, Article 43 guarantees the right to the highest attainable standard of health, including emergency medical treatment and Article 21(1) of the Constitution obligates the State and all State organs to observe, respect, protect, promote and fulfil the rights and fundamental freedoms contained in the Bill of Rights;

NOTING THAT, Article 238 of the Constitution provides that national security includes the protection of the people of Kenya and their property against internal and external threats, which encompasses safety on national transport networks;

COGNIZANT THAT, road traffic injuries are among the leading causes of death in Kenya and constitute the leading cause of mortality among adolescents and adults in their most economically productive years, surpassing many communicable and non-communicable diseases resulting in significant loss of human capital and productivity;

NOTING THAT, in 2025 more than 4,400 Kenyans lost their lives with over 17,000 injuries from road crashes, a 3% increase over the previous year, while nearly 400 people were killed in road traffic accidents in January 2026 alone, representing an 11% increase

compared to the same period in the previous year, illustrating a continuing trend of preventable loss of life;

CONCERNED THAT, beyond loss of life, road traffic accidents result in long-term disability, psychological trauma, family disruption and significant economic loss, with estimates suggesting losses amounting to billions shillings annually to the national economy, while placing severe strain on health facilities and emergency services;

FURTHER CONCERNED THAT, despite the existence of the National Road Safety Action Plan (2024–2028) and other statutory measures, road carnage persists due to preliminary causes including over-speeding, impaired and distracted driving, non-compliance with traffic laws, inadequate driver training, unsafe road infrastructure, unroadworthy and overloaded vehicles, as well as systemic challenges arising from inadequate investment in road safety infrastructure, weak coordination among transport, enforcement, health and county authorities, and limited emergency medical response capacity;

NOW THEREFORE, THE SENATE resolves that:

i.) Road traffic accidents in Kenya be declared a National Disaster, requiring urgent, coordinated and sustained multi-sectoral intervention across prevention, emergency response, rehabilitation and long-term systemic reform;

ii.) The Ministry of Roads and Transport and the Ministry of Health in conjunction with the National Transport and Safety Authority, the National Police Service and the Council of Governors, urgently strengthen the implementation of the National Road Safety Action Plan (2024–2028), including enhanced enforcement of traffic laws, safer road design, public education, data-driven interventions and improved emergency response capacity;

iii.) The Ministry of Health in collaboration with the County Governments to set aside adequate resources to support road safety interventions, emergency medical services, trauma care systems and post-crash rehabilitation services; and

iv.) The National Treasury in collaboration with the Ministry of Roads and Transport establishes a Road Safety Disaster Response Fund to support road safety interventions, victims and families affected by the road accidents.

R. MOTION – DELINKING JUNIOR SECONDARY SCHOOLS FROM PRIMARY SCHOOLS

(Sen. Mwenda Gataya Mo Fire, MP)

THAT, AWARE that, the Ministry of Education in Kenya, introduced Junior Secondary Schools (JSS) as part of the Competency-Based Curriculum (CBC) implementation marking a major milestone for the country's education system, and a key opportunity to improve the quality of education available to students;

APPRECIATING THAT, the Junior Secondary Schools program play a vital role in shaping the academic trajectory of learners by providing students with a strong foundation in core subjects, helping them develop essential skills and offering them opportunities to participate in extracurricular activities promoting greater social inclusion;

CONCERNED THAT, the integration of Junior Secondary Schools within primary school setups has posed major challenges for Junior Secondary teachers, including inadequate training on the new competency-based curriculum, limited opportunities for career advancement, conflict in leadership, decision-making and resource allocation leading to strained relationships with head teachers;

FURTHER CONCERNED THAT, Junior Secondary Schools (JSS) face critical shortages in essential infrastructure such as laboratories, libraries, ICT hubs, and science equipment necessary for the implementation of the JSS curriculum, coupled with inadequate access to approved learning materials and teaching resources, resulting in inconsistencies in curriculum delivery hindering effective teaching, learning, and overall student development;

NOW THEREFORE, the Senate resolves that the Ministry of Education, the Teachers Service Commission and the Kenya Institute of Curriculum Development should: -

i) Provide for an independent administrative and operational framework for Junior Secondary Schools to enhance governance, streamline management, and create a more focused learning environment for the learners;

ii) Allocate adequate funds for the construction and equipping of Junior Secondary Schools with essential facilities such as science labs, libraries and ICT rooms, and provide adequate learning materials relevant with the curriculum;

iii) Offer professional development programs for Junior Secondary School teachers to help them specialize in specific subjects to effectively implement the JSS curriculum;

iv) Develop a clear career progression framework for Junior Secondary School teachers, including opportunities for promotions and additional responsibility allowances;

v) Formulate clear policies and guidelines outlining the structure, curriculum, and management of Junior Secondary Schools; and

vi) Ensure an optimal teacher-student ratio to facilitate personalized student attention and effective learning.

(Sen. Catherine Mumma, MP)

THAT, AWARE THAT Article 53(1)(b) of the Constitution guarantees every child the right to free and compulsory basic education while Articles 27, 43, 54 and 56 of the Constitution, the Persons with Disabilities Act, The Children Act and the United Nations Convention on the Rights of Persons with Disabilities (CRPD), require the State to promote equality, dignity and access to inclusive education for persons with disabilities and other vulnerable groups through appropriate legislative, policy, administrative and budgetary measures;

RECOGNIZING THAT national laws and policies, including the Basic Education Act, the Persons with Disabilities Act, the Children Act and the Competency-Based Curriculum Framework, provide for inclusive and equitable education through reasonable accommodation and appropriate support for learners with disabilities and special educational needs, including neurodevelopmental and learning disabilities, and that the Constitution assigns Early Childhood Development Education and childcare facilities to county governments while the national government oversees education policy, curriculum, standards and teacher management, thereby requiring effective intergovernmental coordination to promote disability-inclusive education;

CONCERNED THAT despite existing legal and policy frameworks, many learners with disabilities continue to face barriers in accessing quality education due to gaps in identification, assessment, specialized personnel, assistive technologies, infrastructure and support services as highlighted by the Auditor-General's Performance Audit on education for learners with special needs (2025) which revealed deficiencies in resources and institutional capacity, leaving many learners, including those with neurodevelopmental conditions and learning disabilities, inadequately supported despite significant public investment in education;

RECOGNIZING THAT disability-inclusive education requires sustainable financing, accountability, reliable data, evidence-based planning, intergovernmental collaboration and meaningful participation of persons with disabilities in education processes;

NOW THEREFORE, THE SENATE RESOLVES THAT-

1. The Ministry of Education, in collaboration with National Treasury and County Governments, shall within six (6) months develop and submit to Parliament a costed National Disability-Inclusive Education Implementation and Financing Framework outlining learner needs, accessibility gaps, support services, implementation timelines, accountability mechanisms and sustainable financing arrangements;

2. The Ministry of Education reviews and harmonizes existing laws, policies on disability-inclusive education to align with the Constitution, the Competency-Based Curriculum and international obligations, ensuring adequate support for learners with all forms of disabilities;

3. The Ministry of Education establishes standardized disability data collection and reporting systems and maintain a comprehensive database of learners requiring disability-inclusive educational support to inform planning, budgeting, monitoring and resource allocation; and

4. The Ministry of Education implements the recommendations of the Auditor-General's Performance Audit on education for learners with special needs (2025) and the gives an implementation status to the Senate of the provisions of Section 20 of the Persons with Disabilities Act within ninety days following approval of this Motion.

IKIKIRI KWAMBA, kuanzishwa kwa kumbukumbu ya kitaifa ni hatua muhimu ya kuheshimu na kuenzi waliopoteza maisha, na pia ni chombo cha kuendeleza uponyaji wa pamoja wa kijamii na kuimarisha uwajibikaji wa Taifa kwa raia wake;

N. MOTION - IMPROVING ACCESS TO CLEAN WATER AND SANITATION SERVICES IN INFORMAL SETTLEMENTS IN NAIROBI CITY COUNTY AND OTHER COUNTIES

(Sen. Catherine Mumma, MP)

THAT, AWARE THAT Article 43(1)(d) of the Constitution guarantees every person the right to clean and safe water in adequate quantities and to reasonable standards of sanitation;

COGNIZANT THAT under the Fourth Schedule to the Constitution, county governments are responsible for county water and sanitation services, while the National Government is responsible for water resources management, policy and regulation, and that the Water Act, 2016 and the National Water Policy provide the framework for universal, equitable and sustainable access to water and sanitation services, thereby requiring effective intergovernmental coordination to ensure equitable access to such services;

CONCERNED THAT despite the existing constitutional, legal and policy framework, many residents of informal settlements in Nairobi City County continue to experience inadequate, unreliable, unsafe and unaffordable access to water and sanitation services due to inadequate infrastructure, weak implementation and insufficient investment in water supply and sanitation infrastructure and service delivery;

APPRECIATING THAT expanding water and sanitation infrastructure, strengthening public-private-community partnerships and promoting community participation can significantly improve access to affordable, safe and sustainable water and sanitation services within informal settlements;

NOW THEREFORE, THE SENATE resolves that the Nairobi City County Government, through the Nairobi City Water and Sewerage Company, in collaboration with the Ministry of Water, Sanitation and Irrigation, the Athi Water Works Development Agency, the Water Resources Authority and other relevant agencies —

i. Develops and implements a County Water and Sanitation Improvement Plan with clear targets, timelines and financing for expanding water and sewerage services to informal settlements;

ii. Strengthens water supply infrastructure, sewerage networks and sanitation facilities, while promoting appropriate low-cost and innovative service delivery models;

iii. Establishes transparent regulatory and consumer protection measures to curb illegal water connections, exploitation through informal water vending, inflated tariffs and unsafe water supply practices; and

iv. Deploys, in collaboration with the Water Resources Authority, adequate financial, technical and institutional resources to restore and protect urban rivers and water catchment areas within Nairobi City County through strengthened enforcement against pollution, rehabilitation of riparian ecosystems and sustained investment in water resource protection, so as to ensure a reliable and sustainable supply of clean and safe water to residents of Nairobi City County.

O. MOTION - ESTABLISHMENT OF A NATIONAL FRAMEWORK FOR THE DIAGNOSIS, TREATMENT AND MANAGEMENT OF ENDOMETRIOSIS IN KENYA

(Sen. Karen Nyamu, MP)

THAT, AWARE THAT Article 43(1)(a) of the Constitution guarantees every person the right to the highest attainable standard of health, including the right to healthcare services;

FURTHER AWARE THAT the Kenya Health Policy (2014–2030) and the National Reproductive Health Policy (2022–2032) provide a framework for the provision of equitable, quality and accessible reproductive health services, including addressing conditions that affect the health and wellbeing of women and girls;

COGNIZANT THAT endometriosis is a chronic gynaecological condition that can cause severe pain, infertility and other complications, with significant effects on the physical, psychological, social and economic wellbeing of women and girls;

NOTING THAT while the Ministry of Health has previously undertaken measures to strengthen endometriosis care, including establishing specialized centers, training laparoscopic surgeons, providing laparoscopic equipment and conducting public

awareness initiatives, there remains a gap in the collection of reliable national data on the prevalence and burden of endometriosis, as well as in coordinated planning and delivery of comprehensive care;

CONCERNED THAT women and girls continue to face delayed diagnosis and treatment due to limited awareness, misdiagnosis, inadequate specialist capacity and unequal access to appropriate services, with specialist care concentrated in a few facilities and existing health financing arrangements requiring review to ensure equitable and affordable access to diagnosis, treatment, pain management, fertility care, psychosocial support and long-term follow-up;

NOW THEREFORE, THE SENATE RESOLVES THAT, the National Government, through the Ministry of Health, in collaboration with County Governments –

1. Develops and implements a National Endometriosis Management Framework providing for awareness, early recognition, diagnosis, referral, treatment, pain management, fertility care, psychosocial support and long-term follow-up;

2. Strengthens endometriosis services at national and county levels by establishing referral pathways, training healthcare workers, expanding specialist capacity and equipping designated referral facilities to provide comprehensive endometriosis care;

3. Establishes a national endometriosis data and research mechanism, through the Kenya Health Information System and in collaboration with the Kenya Medical Research Institute, to collect, analyze and report data on the prevalence, diagnosis, treatment and outcomes of endometriosis; and

4. Reviews and strengthens the adequacy of financing for endometriosis care under the Social Health Authority, to ensure affordable access to medically necessary diagnosis, treatment, surgery, fertility care, pain management and long-term care.

P. <u>MOTION - STRENGTHENING SOCIAL PROTECTION AND SUPPORT FOR CAREGIVERS AND PARENTS OF PERSONS WITH DISABILITIES</u>
(Sen. Joyce Korir, MP)

AWARE THAT Article 54 of the Constitution guarantees the rights of Persons with Disabilities (PWDs), including the right to be treated with dignity and respect, to access educational institutions and facilities and to receive reasonable accommodation in all spheres of society;

FURTHER AWARE THAT the care and support of persons with severe disabilities, particularly children, falls heavily on their parents and caregivers, who often face extreme emotional, physical, and financial strain;

CONCERNED THAT the Support Needs Assessment Report for Persons with Disabilities by the Ministry of Labour and Social Protection highlighted that 98% of the primary care givers require financial support in order to perform their duties;

RECOGNIZING THAT the existing social protection mechanisms, such as the Inua Jamii Cash Transfer for Persons with Severe Disabilities (PWSD-CT), primarily target the individual with the disability and do not adequately account for the economic loss, mental health toll, and care burden borne directly by the caregivers;

APPRECIATING THAT Section 4(p) of the Persons with Disabilities Act, 2025 obligates the National Government to develop programmes for caregivers of persons with disabilities on specialized training, counselling and economic development;

NOTING WITH CONCERN the inadequate access to specialized affordable healthcare, therapy services, assistive devices, and inclusive educational facilities in rural and informal urban settlements, which compounds the burden on caregivers;

NOW THEREFORE, the Senate urges –

1. the National Government, through the Ministry of Labour and Social Protection and the Ministry of Health, to;

    a) formulate a policy framework to implement Section 4(p) of the Persons with Disabilities Act, 2025 to economically uplift full-time parents and caregivers of persons with severe disabilities for the care burden borne directly and to mitigate their economic loss for engaging in viable economic activities;

    b) review and scale up the Inua Jamii Program to ensure universal coverage for households caring for children and adults with severe disabilities, eliminating the current administrative bottlenecks and delays; and

2. the County Governments to establish counseling, mental health services, and respite care centers within Level 4 and Level 5 public hospitals to support caregivers well-being.
